Anywhere Real Estate Inc. (“Anywhere”) is publishing this statement pursuant to the requirements of the United Kingdom Finance Act 2016, Schedule 19, for Anywhere’s financial and tax year ending December 31, 2025. This statement is applicable to Anywhere’s tax strategy in the United Kingdom in which it operates through the following wholly-owned UK subsidiaries: (i) Cartus Holdings Limited; (ii) Cartus Services II Limited; (iii) Cartus Limited; (iv) Cartus Business Answers No. 2 Plc; (v) Cartus UK Plc; and (vi) Cartus Financing Ltd. ### **Governance & Management of Tax Risks**

Anywhere’s Global VP of Tax is responsible for establishing procedures and guidelines for tax positions as well as Anywhere’s overall tax policy/strategy. To the extent the Anywhere tax department may not possess the relevant tax expertise or experience in-house, the Anywhere tax department engages independent tax, legal, and accounting firms to provide tax advice and/or render a second opinion.

Anywhere exercises reasonable care and due diligence in reviewing legislative developments including quarterly review of UK tax law changes to ensure that Anywhere is complying with all of UK legislative disclosure and requirements.

We focus on ensuring that all tax filings are complete and filed timely in accordance with applicable tax laws and regulations. Furthermore, to avoid uncertainty and unexpected results in our tax positions, where appropriate, we perform an internal evaluation of such positions. Anywhere’s Tax department performs a review of all tax returns to ensure that they have been prepared in line with applicable law and tax authority guidance.

### **Level of risk the group is prepared to accept**

Anywhere’s tax risk tolerance is low. Where tax law is unclear, written confirmation from third-party advisers is sought to ensure that any position taken is consistent with the wording and spirit of the tax law.

### **Attitude to Tax Planning**

The Anywhere tax department supports the finance and business teams to meet the commercial needs of Anywhere. We do not engage in tax planning that is not consistent with Anywhere’s global business operations. In so doing, Anywhere adheres to the UK domestic legislation, UK Double Tax Treaties and relevant OECD guidance for international tax matters.

### **Relationship with HMRC**

Anywhere is committed to maintaining an open and transparent relationship with HMRC (UK Tax Authorities). Anywhere has consistently filed its tax returns on a timely basis. Moreover, Anywhere is committed to being prepared to respond timely and comprehensively to any inquiries or requests for information from HMRC and to engage in open discussions with HMRC, as requested.
