Insulet Appoints Mike Panos as Chief Commercial Officer

2026-03-30

ACTON, Mass.--(BUSINESS WIRE)-- Insulet Corporation (NASDAQ: PODO) ("Insulet" or the "Company"), the global leader in **tubeless insulin pump technology** with its Omnipod® brand of products, today announced the appointment of Mike Panos as Executive Vice President, Chief Commercial Officer, effective immediately. In this role, Mr. Panos will lead Insulet's global commercial organization, reporting to President and Chief Executive Officer Ashley McEvoy. He will also be a member of the Executive Leadership Team.

"We have a significant growth opportunity in front of us, driven by strong clinical outcomes, customer-centric innovation, and expanding global adoption of automated insulin delivery as the standard of care in both type 1 and type 2 diabetes," said Ashley McEvoy, Insulet President and Chief Executive Officer. "We are implementing thoughtful strategies to strengthen our capabilities and structure to capture this opportunity and are thrilled to welcome Mike to Insulet. His expertise in building high-performing sales organizations and driving execution excellence will help elevate our commercial capabilities as we accelerate our growth."

Mr. Panos brings 30 years of commercial leadership experience in the medical technology sector, most recently serving as Leader, Sales Excellence at Stryker Corporation. Over his three-decade career at Stryker, he held multiple senior leadership roles, including President of the Trauma and Extremities Division and President of North America and Global R&D. He has a proven track record of building and scaling world-class sales organizations, driving market expansion, and delivering sustained double-digit growth across highly competitive categories. He is widely recognized for developing top talent, instilling rigorous commercial discipline, and leading large, global teams to deliver both top-line growth and operational performance. A Boston College graduate and long-time Boston-area resident, Mr. Panos brings deep ties to the region and local leadership experience to Insulet's Massachusetts-based

team.

At Insulet, Mr. Panos will lead the Company's global commercial organization, with responsibility for driving commercial strategy and execution across geographies, expanding market access, and strengthening capabilities to support continued growth and reach, including expanding into new patient populations and care settings.

"I am honored to join Insulet at such a pivotal time in its journey," said Mr. Panos. "Insulet has built a strong foundation, with differentiated technology, compelling clinical outcomes, and a powerful brand. With significant opportunity to expand globally and reach more people with diabetes – including those not yet benefiting from automated insulin delivery technology – I look forward to partnering with the team to further strengthen commercial execution, support providers and patients, and help realize the full potential of the Omnipod platform."

About Insulet Corporation:

Insulet Corporation (NASDAQ: PDDD), headquartered in Massachusetts, is an innovative medical device company dedicated to simplifying life for people with diabetes and other conditions through its Omnipod product platform. The Omnipod Insulin Management System provides a unique alternative to traditional insulin delivery methods. With its simple, wearable design, the tubeless disposable Pod provides up to three days of non-stop insulin delivery, without the need to see or handle a needle. Insulet's flagship innovation, the Omnipod 5 Automated Insulin Delivery System, integrates with a continuous glucose monitor to manage blood sugar with no multiple daily injections, zero fingersticks, and can be controlled by a compatible personal smartphone in the U.S. or by the Omnipod 5 Controller. Insulet also leverages the unique design of its Pod by tailoring its Omnipod technology platform for the delivery of non-insulin subcutaneous drugs across other therapeutic areas.
