WINTER HAVEN, FL – July 24, 2025 – SouthState Corporation ("SouthState" or the "Company") (NYSE: SSB) today released its unaudited results of operations and other financial information for the three-month and six-month periods ended June 30, 2025.

"Growth accelerated in the second quarter", said John C. Corbett, SouthState's Chief Executive Officer. "Revenue grew 22% annualized and loan originations grew 57% quarter over quarter. Most importantly, we completed the successful conversion of the IBTX franchise and our teams in Texas and Colorado are excited about the future. The strategic moves we've made are generating strong returns that enabled us to increase our dividend by 11% and to fund organic growth."

Highlights of the second quarter of 2025 include:

Returns

- Reported Diluted Earnings per Share ("EPS") of \$2.11; Adjusted Diluted EPS (Non-GAAP) of \$2.30
- Net Income of \$215.2 million; Adjusted Net Income (Non-GAAP) of \$233.8 million

Non-GAAP Measures

Statements included in this press release include non-GAAP measures and should be read along with the accompanying tables that provide a reconciliation of non-GAAP measures to GAAP measures. Although other companies may use calculation methods that differ from those used by SouthState for non-GAAP measures, management believes that these non-GAAP measures provide additional useful information, which allows readers to evaluate the ongoing performance of the Company. Non-GAAP measures should not be considered as an alternative to any measure of performance or financial condition as promulgated under GAAP, and investors should consider the Company's performance and financial condition as reported under GAAP and all other relevant information when assessing the performance or financial condition of the Company. Non-GAAP measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the Company's results or financial condition as reported under GAAP.

Certain prior period information has been reclassified to conform to the current period presentation, and these reclassifications have no impact on net income or equity as previously reported.

Footnotes to tables:

- (1) Includes Ioan accretion (interest) income related to the discount on acquired Ioans of \$63.5 million, \$61.8 million, \$2.9 million, \$2.9 million, and \$4.4 million during the quarters ended June 30, 2025, March 31, 2025, December 31, 2024, September 30, 2024, and June 30, 2024, respectively, and \$125.3 million and \$8.7 million during the six months ended June 30, 2025 and 2024, respectively.
- Adjusted earnings, adjusted return on average assets, adjusted EPS, and adjusted return on average equity are non-GAAP measures and exclude the gains or losses on sales of securities, gain on sale leaseback, net of transaction costs, PCL on non-PCD loans and unfunded commitments, deferred tax asset remeasurement, merger, branch consolidation, severance related and other expense, and FDIC special assessments. Management believes that non-GAAP adjusted measures provide additional useful information that allows readers to evaluate the ongoing performance of the Company. Non-GAAP measures should not be considered as an alternative to any measure of performance or financial condition as promulgated under GAAP, and investors should consider the Company's performance and financial condition as reported under GAAP and all other relevant information when assessing the performance or financial condition of the Company. Non-GAAP measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the Company's results or financial condition as reported under GAAP. Adjusted earnings and the related adjusted return measures (non-GAAP) exclude the following from net income (GAAP) on an after-tax basis: (a) pre-tax merger, branch consolidation, severance related and other expense of \$24.4 million, \$68.0 million, \$6.5 million, \$3.3 million, and \$5.8 million for the quarters ended June 30, 2025, March 31, 2025, December 31, 2024, September 30, 2024, and June 30, 2024, respectively, and \$92.4 million and \$10.3 million for the six months ended June 30, 2025 and 2024, respectively; (b) pre-tax net securities losses of \$(228,811) and \$(50,000) for the quarters ended March 31, 2025 and December 31, 2024, respectively, and \$(228,811) for the six months ended June 30, 2025; (c) pre-tax gain on sale leaseback, net of transaction costs of \$229,279 for the guarter ended March 31, 2025 and for the six months ended June 30, 2025; (d) pre-tax FDIC special assessment of \$(621,000) and \$619,000 for the quarters ended December 31, 2024, and June 30, 2024, respectively, and \$4.5 million for the six months ended June 30, 2024; and (e) deferred tax asset remeasurement of \$5.6 million for the quarter ended March 31, 2025 and for the six months ended June 30, 2025.
- (3) The tangible measures are non-GAAP measures and exclude the effect of period end or average balance of intangible assets. The tangible returns on equity and common equity measures also add back the after-tax amortization of intangibles to GAAP basis net income. Management believes that these non-GAAP tangible measures provide additional useful information, particularly since these measures are widely used by industry analysts for companies with prior merger and acquisition activities. Non-GAAP measures should not be considered as an alternative to any measure of performance or financial condition as promulgated under GAAP, and investors should consider the Company's performance and financial condition as reported under GAAP and all other relevant information when assessing the performance or financial condition of the Company. Non-GAAP measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the Company's results or financial condition as reported under GAAP. The sections titled "Reconciliation of GAAP to Non-GAAP" provide tables that reconcile GAAP measures to non-GAAP.
- (4) Adjusted efficiency ratio is calculated by taking the noninterest expense excluding transaction costs on sale leaseback, merger, branch consolidation, severance related and other expenses and amortization of intangible assets, divided by net interest income and noninterest income excluding gains (losses) on sales of securities, net and gain on sale leaseback, net of transaction costs. The pre-tax amortization expenses of intangible assets were \$24.0 million, \$23.8 million, \$5.3 million, \$5.3 million, and \$5.7 million for the quarters ended June 30, 2025, March 31, 2025, December 31, 2024, September 30, 2024, and June 30, 2024, respectively and \$47.9 million and \$11.7 million for the six months ended June 30, 2025 and 2024, respectively.
- (5) The dividend payout ratio is calculated by dividing total dividends paid during the period by the total net income for the same period.
- (6) June 30, 2025 ratios are estimated and may be subject to change pending the final filling of the FR Y-9C; all other periods are presented as filed.
- (7) Loan data excludes loans held for sale.
- (8) Includes pre-tax cyber incident (net reimbursement)/costs of \$(3.6) million, \$111,000, \$329,000, \$56,000, and \$3.5 million for the quarters ended June 30, 2025, March 31, 2025, December 31, 2024, September 30, 2024, and June 30, 2024, respectively, and \$(3.5) million, and \$7.9 million for the six months ended June 30, 2025 and 2024, respectively.

Cautionary Statement Regarding Forward Looking Statements

Statements included in this communication, which are not historical in nature are intended to be, and are hereby identified as, forward-looking statements for purposes of the safe harbor provided by Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements are based on, among other things, management's beliefs, assumptions, current expectations, estimates and projections about the financial services industry, the economy and SouthState. Words and phrases such as "may," "approximately," "continue," "should," "expects," "projects," "anticipates," "is likely," "look ahead," "look forward," "believes," "will," "intends," "estimates," "strategy," "plan," "could," "potential," "possible" and variations of such words and similar expressions are intended to identify such forward-looking statements.

SouthState cautions readers that forward looking statements are subject to certain risks, uncertainties and assumptions that are difficult to predict with regard to, among other things, timing, extent, likelihood and degree of occurrence, which could cause actual results to differ materially from anticipated results. Such risks, uncertainties and assumptions, include, among others, the following: (1) economic volatility risk, including as a result of monetary, fiscal, and trade law policies, such as tariffs, and inflation, potentially resulting in higher rates, deterioration in the credit markets, greater than expected noninterest expenses, excessive loan losses, or on the other hand lower rates, which also may have other negative consequences, which risks could be exacerbated by potential negative economic developments resulting from federal spending cuts and/or one or more federal budget-related impasses or actions; (2) risks related to the ability of the Company to pursue its strategic plans which depend upon certain growth goals in our lines of business: (3) risks related to the merger and integration of SouthState and Independent including, among others, (i) the risk that the cost savings and any revenue synergies from the merger may not be fully realized or may take longer than anticipated to be realized, (ii) the risk that the integration of Independent's operations into SouthState's operations will be materially delayed or will be more costly or difficult than expected or that the parties are otherwise unable to successfully integrate Independent's businesses into SouthState's businesses, (iii) the amount of the costs, fees, expenses and charges related to the merger, and (iv) reputational risk and the reaction of each company's customers, suppliers, employees or other business partners to the merger; (4) risks relating to the ability to retain our culture and attract and retain qualified people as we grow and are located in new markets, and being able to offer competitive salaries and benefits, including flexibility of working remotely or in the office; (5) deposit attrition, client loss or revenue loss following completed mergers or acquisitions that may be greater than anticipated; (6) credit risks associated with an obligor's failure to meet the terms of any contract with the Bank or otherwise fail to perform as agreed under the terms of any loan-related document; (7) interest rate risk primarily resulting from our inability to effectively manage the risk, and their impact on the Bank's earnings, including from the correspondent and mortgage divisions, housing demand, the market value of the Bank's loan and securities portfolios, and the market value of SouthState's equity; (8) a decrease in our net interest income due to the interest rate environment; (9) liquidity risk affecting the Bank's ability to meet its obligations when they come due; (10) unexpected outflows of uninsured deposits may require us to sell investment securities at a loss; (11) potential deterioration in real estate values; (12) the loss of value of our investment portfolio could negatively impact market perceptions of us and could lead to deposit withdrawals; (13) price risk focusing on changes in market factors that may affect the value of traded instruments in "mark-to-market" portfolios; (14) transaction risk arising from problems with service or product delivery; (15) the impact of increasing digitization of the banking industry and movement of customers to on-line platforms, and the possible impact on the Bank's results of operations, customer base, expenses, suppliers and operations; (16) controls and procedures risk, including the potential failure or circumvention of our controls and procedures or failure to comply with regulations related to controls and procedures; (17) volatility in the financial services industry (including failures or rumors of failures of other depository institutions), along with actions taken by governmental agencies to address such turmoil, could affect the ability of depository institutions, including us, to attract and retain depositors and to borrow or raise capital; (18) the impact of competition with other financial institutions, including deposit and loan pricing pressures and the resulting impact, including as a result of compression to net interest margin; (19) compliance risk involving risk to earnings or capital resulting from violations of or nonconformance with laws, rules, regulations, prescribed practices, or ethical standards, and contractual obligations regarding data privacy and cybersecurity; (20) regulatory change risk resulting from new laws, rules, regulations, accounting principles, proscribed practices or ethical standards, including, without limitation, the possibility that regulatory agencies may require higher levels of capital above the current regulatory-mandated minimums and including the impact of special FDIC assessments, the Consumer Financial Protection Bureau regulations or other guidance, and the possibility of changes in accounting standards, policies, principles and practices; (21) risks related to the legal, regulatory, and supervisory environment, including changes in financial services legislation, regulation, policies, or government officials or other personnel; (22) strategic risk resulting from adverse business decisions or improper implementation of business decisions; (23) reputation risk that adversely affects earnings or capital arising from negative public opinion including the effects of social media on market perceptions of us and banks generally; (24) cybersecurity risk related to the dependence of SouthState on internal computer systems and the technology of outside service providers, as well as the potential impacts of internal or external security breaches, which may subject the Company to potential business disruptions or financial losses resulting from deliberate attacks or unintentional events; (25) reputational and operational risks associated with environment, social and governance (ESG) matters, including the impact of changes in federal and state laws, regulations and guidance relating to climate change; (26) excessive loan losses; (27) reputational risk and possible higher than estimated reduced revenue from previously announced or proposed regulatory changes in the Bank's consumer programs and products; (28) operational, technological, cultural, regulatory, legal, credit and other risks associated with the exploration, consummation and integration of potential future acquisitions, whether involving stock or cash consideration; (29) catastrophic events such as hurricanes, tornados, earthquakes, floods or other natural or human disasters, including public health crises and infectious disease outbreaks, as well as any government actions in response to such events, and the related disruption to local, regional and global economic activity and financial markets, and the impact that any of the foregoing may have on SouthState and its customers and other constituencies; (30) geopolitical risk from terrorist activities and armed conflicts that may result in economic and supply disruptions, and loss of market and consumer confidence; (31) the risks of fluctuations in market prices for SouthState common stock that may or may not reflect economic condition or performance of SouthState; (32) the payment of dividends on SouthState common stock, which is subject to legal and regulatory limitations as well as the discretion of the board of directors of SouthState, SouthState's performance and other factors; (33) ownership dilution risk associated with potential acquisitions in which SouthState's stock may be issued as consideration for an acquired company; and (34) other factors that may affect future results of SouthState, as disclosed in SouthState's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K, filed by SouthState with the U.S. Securities and Exchange Commission ("SEC") and available on the SEC's website at http://www.sec.gov, any of which could cause actual results to differ materially from future results expressed, implied or otherwise anticipated by such forward-looking statements.
