Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► **On January 13, 2023 (the "effective date"), Farmers Bankshares, Inc ("Farmers") was merged with and into TowneBank (NASDAQ :TOWN), with TowneBank as the surviving entity, pursuant to the terms and conditions of the Agreement and Plan of Reorganization (the "Merger Agreement"), dated August 18, 2022.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► **Pursuant to the Merger Agreement, each share of Farmers was converted into the right to receive 0.6050 shares of TowneBank common stock. Cash was received in lieu of fractional shares at a rate of \$30.71 per share of TowneBank stock. The transaction qualifies as a "reorganization" within the meaning of 368 (a)(1) of the IRC. Under section 358 (a), the shareholder's aggregate tax basis in the TowneBank common stock received pursuant to the transaction (including and fractional TowneBank common stock shares deemed received and exchanged for cash) will equal the aggregate tax basis in the original Farmers common stock surrendered in the transaction.**

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► **Refer to the description of the basis calculation in Part II, Box 15 above. The January 13, 2023 closing price of a single share of TOWN common stock on the NASDAQ stock exchange was \$31.42.**

Part II Organizational Action (continued)**17** List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ►

IRC 368(a)(1) See Agreement and Plan of Reorganization, Article I - 1.6 Tax treatment

IRC 354 Exchanges of stock in reorganizations

IRC 356 Receipt of boot in reorganization exchanges and distributions

IRC 358 Stock basis from a tax-free exchange

IRC 1001 Gains or losses on property realized on its sale or disposition.

18 Can any resulting loss be recognized? ► For United States federal income tax purposes a former Farmers shareholder generally will not recognize any gain or loss with respect to the exchange of Farmers common stock shares for shares of TowneBank common stock in the transaction, but will however, have to recognize a gain or loss in connection with any cash received in lieu of fractional share interest in TowneBank common stock equal to the difference between the amount of cash received in lieu of a fractional share and the portion of the Farmers shareholder's adjusted tax basis of the Farmers shares surrendered that is allocable to the fractional share of TowneBank stock. Each gain or loss generally will be long-term capital gain or loss if the holding period in the Farmers shares is more than twelve months as of the closing date of the merger.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ► The reportable tax year is the calendar year ending December 31, 2023.

Any information disclosed in this information return should not be considered, used or relied upon as tax advice or the tax treatment of the transaction, and each shareholder of TowneBank common stock should consult their tax advisor as to the resulting tax consequences of the transaction.
