IQVIA Named to FORTUNE’s 2022 List of “World’s Most Admired Companies,”
Ranked #1 in Health Care: Pharmacy and Other Services

RESEARCH TRIANGLE PARK, N.C., February 2, 2022 — IQVIA Holdings Inc. (“IQVIA”) (NYSE: IQV) has been named to FORTUNE magazine’s “World’s Most Admired Companies” list for the fifth consecutive year. This year, IQVIA secured the first place ranking in FORTUNE’s Healthcare: Pharmacy and Other Services category with high marks regarding efficient use of corporate assets, management quality, effectiveness in conducting business globally, and long-term investment value.

“It is an honor to be named to FORTUNE’s list of the World’s Most Admired Companies for the fifth year in a row. This first place distinction reinforces and recognizes the innovation and drive of our nearly 80,000 employees globally. Their work is critical to the advancement of innovative medical treatments that improve healthcare outcomes for patients and populations around the world,” said IQVIA Chairman and CEO Ari Bousbib.

FORTUNE’s World’s Most Admired Companies list is the definitive report card on corporate reputation. Since 1997, FORTUNE has identified, selected, and ranked the World’s Most Admired Companies, identifying the business practices that make these companies highly regarded among their peers.

Most Admired Company Survey Methodology
FORTUNE collaborated with Korn Ferry on this survey of corporate reputation. They began with a universe of about 1,500 organizations comprising the 1,000 largest U.S. companies ranked by revenue, along with non-U.S. companies from FORTUNE’s Global 500 database that have revenues of $10 billion or more. The list was then winnowed to the highest-revenue companies within each industry, a total of 680 across 30 countries, and the top-rated companies were picked from that pool.

To determine the best-regarded companies spanning 52 industries, Korn Ferry asked executives, directors and analysts to rate enterprises within their own industry on nine criteria, from investment value and quality of management and products to social responsibility and ability to attract talent. A company must score in the top half of its industry peer group to be listed.
