SVB Financial Group

GlobalSCAPE Acquires Availl, Inc., a leading provider of Wide-Area File Systems (WAFS)

Monday, September 25, 2006

SAN ANTONIO, TEXAS - September 25, 2006 - GlobalSCAPE, Inc., (GSCP), a leading provider of secure file transport products, today announced that it has acquired 100% of the stock of privately held Availl, Inc. (www.availl.com), a leading provider of Wide-Area File System (WAFS), collaboration and continuous data protection (CDP) products. This transaction expands GlobalSCAPE's technology base into data replication, acceleration of file transfer, sharing/collaboration and continuous data backup and recovery. The combined GlobalSCAPE/Availl will be uniquely positioned to provide comprehensive, secure transfer, sharing, and replication of files that need to be transmitted inside the firewall to distributed offices or outside the firewall to business and trading partners.

GlobalSCAPE is purchasing Availl for a total initial consideration of $9,650,000, which is comprised of $7,650,000 in cash and $2,000,000 in GlobalSCAPE stock. The former Availl stockholders are also entitled to up to an additional $100,000 in cash depending upon the achievement of certain revenue targets for Availl for the third and fourth quarters of 2006.

"We are excited about the synergies created between these two companies," stated Randy Poole, President and CEO of GlobalSCAPE. "Besides state-of-the-art technology, Availl has very talented people; we welcome them to our team and look forward to working with them. Availl is profitable and growing rapidly. We expect this deal to be accretive for GlobalSCAPE immediately."

SVB Silicon Valley Bank has provided a $5,000,000 senior acquisition debt facility, together with a $750,000 revolving line of credit, to assist GlobalSCAPE in the acquisition of Availl, Inc. "GlobalSCAPE has spent a decade helping companies develop efficient and secure file management systems at the enterprise level," said Doug Mangum, Managing Director with SVB Silicon Valley Bank. "We're excited to be working with an acknowledged leader in this space and are glad to be supporting the company in this strategic acquisition."

About GlobalSCAPE
GlobalSCAPE provides secure file management software that enables companies to safely send data over the Internet. GlobalSCAPE's products guarantee the privacy of critical information such as the transfer of financial data, medical records, customer files, intellectual property, and other sensitive documents. GlobalSCAPE's file management software ensures compliance with government regulations on protecting information and allows enterprises to reduce IT costs, increase efficiency, track and audit transactions, and automate processes. GlobalSCAPE's products are used by leading technology, banking, healthcare, and public sector organizations and can be customized to fit various customer needs, creating a variety of solutions. In addition, GlobalSCAPE provides content management and website development tools. Founded in 1996, GlobalSCAPE is the developer of CuteFTP, the most popular file transfer protocol application on the market. GlobalSCAPE is headquartered in San Antonio, TX.
