# Paycom Wins BIG: GONE Feature Automates Time-Off Management

2025-01-15

OKLAHOMA CITY--(BUSINESS WIRE)-- **Paycom Software, Inc. (NYSE: PAYC)** ("Paycom"), a leading provider of comprehensive, cloud-based human capital management software, received a BIG Innovation Award for its Time-Off Requests tool featuring GONE® from Business Intelligence Group.

Paycom's GONE allows businesses to automate time-off decisions to best fit their needs using customizable decision criteria for time-off request approval and denial to ensure business continuity. This innovative feature simplifies the review process, decreases managerial decision fatigue and supports accurate and fair accounting and application of accruals. GONE has a projected return on investment of up to 821% over three years, according to a **2024 Forrester Consulting New Technology Projected Total Economic Impact™ study** commissioned by Paycom.\*

"By automating time-off management, businesses drive greater efficiency and productivity for their employees by eliminating scheduling errors, reducing staffing shortages and adding accountability to a process that has gone largely undermanaged," said Chad Richison, Paycom founder and CEO.

The 2025 BIG Innovation Awards celebrate organizations and individuals pushing boundaries and advancing their industries. Winners are evaluated by a panel of seasoned business leaders and executives who consider creativity, measurable results and overall impact in their selections.

One judge believed GONE could be largely impactful in terms of process automation and financial impact. Another praised Paycom's unique single database, which allows seamless connection between GONE and other Paycom tools designed for optimal workforce management.

“Humanity relies on innovation to improve our lives and the planet,” said Russ Fordyce, CEO of Business Intelligence Group. “We’re thrilled to spotlight Paycom as a shining example of innovation making a profound impact globally.”
