Notes to Editors:

About discoverIE Group plc

discoverIE Group plc is an international group that acquires and develops differentiated specialist electronics businesses in structurally growing markets.

The Group operates through two divisions, Magnetics & Controls and Sensing & Connectivity. Its businesses work closely with original equipment manufacturers (OEMs) at the design stage to develop specialised components that become embedded in customers' applications. These products are typically supplied throughout the life of the application, supporting long-term customer relationships and high levels of recurring revenue.

Over the past 15 years, discoverIE has built its portfolio through a combination of organic growth and disciplined acquisitions. The Group aims to deliver organic sales growth well ahead of GDP through the cycle, while improving margins and reinvesting strong cash flow to support further growth.

The Group employs c.4,700 people across 21 countries with its principal operating units located in Mainland Europe, the UK, China, Sri Lanka, India and North America.

discoverIE is listed on the Main Market of the London Stock Exchange and is a member of the FTSE 250, classified within the Electrical Components and Equipment subsector.
