

Factsheet

discoverIE

Discover Innovative Electronics

discoverIE Group plc is an international specialist electronics engineering group that designs and manufactures application-specific electronic components and solutions for industrial OEMs. We expand globally through both organic growth and acquisitions and have so far built up a group of over 30 businesses, acquiring 10 since 2023 alone. By creating innovative electronics and focusing on five UN SDG-aligned markets chosen for their structural growth characteristics, we will continue to develop and to help improve the world and people's lives. discoverIE Group plc (DSCV) is listed on the London Stock Exchange and is a constituent of the FTSE250.
