Securities Registered Pursuant to Section 12(g) of the Act: **None**.

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes  No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes  No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (\$232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act:

Large accelerated filer	<input checked="" type="checkbox"/>	Accelerated filer	<input type="checkbox"/>
Smaller reporting company	<input type="checkbox"/>	Emerging growth company	<input type="checkbox"/>

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant has filed a report on and attestation to its management's assessment of the effectiveness of its internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act (15 U.S.C. 7262(b)) by the registered public accounting firm that prepared or issued its audit report.

If securities are registered pursuant to Section 12(b) of the Act, indicate by check mark whether the financial statements of the registrant included in the filing reflect the correction of an error to previously issued financial statements.

Indicate by check mark whether any of those error corrections are restatements that required a recovery analysis of incentive-based compensation received by any of the registrant's executive officers during the relevant recovery period pursuant to §240.10D-1(b).

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes  No

The aggregate market value of common stock held by non-affiliates of Booking Holdings Inc. at June 30, 2025 was approximately \$187.4 billion based upon the closing price reported for such date on the NASDAQ Global Select Market. For purposes of this disclosure, shares of common stock held by executive officers and directors of Booking Holdings Inc. on June 30, 2025 have been excluded because such persons may be deemed to be affiliates of Booking Holdings Inc. This determination of affiliate status is not necessarily a conclusive determination for other purposes.

The number of outstanding shares of Booking Holdings Inc.'s common stock was 31,673,346 at February 10, 2026.

### **Special Note Regarding Forward-Looking Statements**

*This Annual Report on Form 10-K, including "Management's Discussion and Analysis of Financial Condition and Results of Operation" in Part II, Item 7, and the documents incorporated by reference contain forward-looking statements. These statements reflect our views regarding current expectations and projections about future events and conditions and are based on currently available information. They are not guarantees of future performance and are subject to risks, uncertainties, and assumptions that are difficult to predict, including the Risk Factors identified in Part I, Item 1A of this Annual Report. Our actual results could differ materially from those expressed or implied in any such statements. Expressions of future goals and expectations and similar expressions, including "may," "will," "should," "could," "aims," "seeks," "expects," "plans," "anticipates," "intends," "believes," "estimates," "predicts," "potential," "targets," and "continue," reflecting something other than historical fact are intended to identify forward-looking statements. Unless required by law, we undertake no obligation to update publicly any forward-looking statements, whether as a result of new information, future events, or otherwise. However, readers should carefully review the reports and documents we file or furnish from time to time with the Securities and Exchange Commission (the "SEC" or the "Commission").*

## **PART I**

### **Item 1. Business**

Our mission is to make it easier for everyone to experience the world. We aim to provide consumers with a best-in-class experience with tailored planning, payment, language, and other options seamlessly connecting them with our travel service provider partners. We offer these services through five primary consumer-facing brands: Booking.com, Priceline, Agoda, KAYAK, and OpenTable:

	Accommodations	Ground Transportation	Flights	Activities	Restaurants	Meta Search
Booking.com	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Priceline	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
Agoda	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
KAYAK						<input checked="" type="checkbox"/>
OpenTable					<input checked="" type="checkbox"/>	

We are proud of the meaningful progress we are making on our strategic initiatives as we continue to create more value for our consumers and partners, including:

- achieving record annual room nights in 2025;
- integrating new generative artificial intelligence ("Gen AI") features to enhance the consumer and partner experience and drive efficiencies in our operations;
- continued advancement towards our Connected Trip vision to make planning, booking, and traveling simpler, more personalized, and seamless;
- expanding Booking.com's Genius loyalty program across verticals and continuing to improve loyalty programs across our brands to provide a more personalized experience for consumers and incremental value to partners;
- partnering with leading Gen AI organizations;
- continuing to increase brand awareness and localization in key geographies such as Asia and the U.S.;
- increasing adoption of our payments platform and capabilities;
- growing our alternative accommodations offering;
- executing on our Transformation Program (as defined below) to drive efficiency and help create capacity for reinvestments in our strategic priorities for long-term value creation; and
- broadening our supply and increasing flight and attraction ticket growth at Booking.com and Agoda.

Our common stock is listed on the NASDAQ Global Select Market under the symbol "BKNG." We refer to our company and our subsidiaries and brands collectively as "Booking Holdings," the "Company," "we," "our," or "us."

## Our Business Model

We derive substantially all of our revenues from providing online travel reservation services, which facilitate online travel purchases by travelers from travel service providers (which we generally refer to as "consumers" and "partners," respectively). We also earn revenues from payment facilitation, advertising, restaurant reservation and management services, travel-related insurance offerings, and other services.

For the year ended December 31, 2025, we had revenues of \$26.9 billion, which we classify as "merchant" revenues, "agency" revenues, and "advertising and other" revenues.

- Merchant revenues are derived from transactions where we facilitate payments from travelers for the services provided, generally at the time of booking. Merchant revenues include travel reservation commissions and transaction net revenues, which is the amount charged to travelers, including the contra-revenue impact of merchandising, less the amount owed to travel service providers; revenues from facilitation of payments such as credit card processing rebates and customer processing fees; and ancillary fees, including travel-related insurance revenues. The majority of our merchant revenue is from Booking.com's accommodation reservations.
- Agency revenues are derived from travel-related transactions where we do not facilitate payments from travelers for the services provided, and consist almost entirely of travel reservation commissions from Booking.com's accommodation reservations.
- Advertising and other revenues are derived primarily from (a) revenues earned by KAYAK for sending referrals to partners and for advertising placements, (b) revenues earned by OpenTable for its restaurant reservation services and subscription fees for restaurant management services, and (c) revenues earned by our other brands for advertising placements on their platforms.

## Our Strategy

We aim to:

- make it easy for people to plan, find, book, pay for, and experience travel;
- provide consumers with comprehensive choices and value, including expanding the range of travel-related products and services available on our platforms;
- create innovative and valuable Gen AI-powered consumer and partner offerings;
- offer platforms, tools, and insights to our partners to drive mutual growth; and
- operate our business sustainably and support more sustainable travel choices by our consumers and partners.

We believe that global travel bookings will generally continue to grow while shifting from traditional offline methods to online channels. We expect to benefit from this growth in travel and the continued shift to online channels as we work to expand our service offerings and increase our presence in key geographies. In particular, we seek to (a) leverage best-in-class technology to provide consumers with a great experience, (b) partner with travel service providers and restaurants to our mutual benefit, (c) operate multiple brands that collaborate with each other, and (d) invest in profitable and sustainable growth.

**Deliver value and an excellent experience to our consumers and partners.** We endeavor to provide consumers with: (a) personalized and easy-to-use online travel services; (b) a comprehensive selection of travel and payment options; (c) informative and useful content; (d) excellent customer service; and (e) value through competitive prices and loyalty programs.

We are executing against our long-term strategy to create an ideal AI-powered traveler experience, offering our customers relevant options and suggestions at the times and in the language they want them, making trips booked with us seamless, easy, and valuable. We refer to this as the "Connected Trip." The goal of our Connected Trip vision is to offer a differentiated and personalized travel planning, booking, payment, and in-trip experience for each trip, enhanced by a robust loyalty program that provides value to travelers and partners across all trips. In the near term, we are focused on providing consumers the ability to build a complete travel itinerary from AI-powered inspiration and planning to in-trip suggestions for attraction options. We continue to grow our Connected Trip verticals in 2025, including 37% year-over-year flight ticket growth, and about 80% attraction ticket growth off a small base. We believe that the growth of our payments capabilities removes friction across the travel experience and delivers additional value for consumers and partners. We offer consumer-facing Gen AI capabilities across our brands, including trip planners, AI assistants to answer consumer queries, and a price comparison tool. Gen AI has also improved customer service resolution times and customer satisfaction.

We also aim to establish mutually beneficial relationships with our partners. We believe they benefit from participating in our services by increasing their distribution channels, demand, profile and reputation, and inventory utilization in an efficient and cost-effective manner. We offer Gen AI powered tools like Smart Messenger and Auto-Reply to enable partners to engage with guests more efficiently. Partners also benefit from our trusted brands and marketing efforts, expertise in offering an excellent consumer experience, and ability to offer their inventory in markets and to consumers that they may otherwise be unable or unlikely to reach, for instance due to language or payments services we can offer on their behalf.

**Operate multiple brands.** Our brands allow us to offer numerous services, appeal to different consumers, pursue distinct marketing and business strategies, encourage experimentation and innovation, and focus on specific markets or geographies. We continue to optimize collaboration among our brands to provide consumers with comprehensive and value-oriented services, share resources and technological innovations, and co-develop new services. We invest to support growth by our brands, whether through increased marketing, geographic expansion, technological innovation, or increased access to travel service offerings.

**Invest in profitable and sustainable growth.** We seek to operate our business to drive long-term profitability and growth. We have made significant investments in people, technology, marketing, and our travel offerings, particularly towards our strategic initiatives such as the Connected Trip, payments, and in key regions such as Asia and the U.S. In 2025, we continued our investments in Gen AI to accelerate internal productivity and improve the consumer and partner experience. Through our Transformation Program (as defined below) we are driving efficiencies to create capacity to invest in long-term growth. We also regularly evaluate and may pursue potential strategic acquisitions, partnerships, joint ventures, or investments.

## Service Offerings

**Booking.com.** Booking.com is the world's leading brand for booking online accommodation reservations, based on room nights booked, with operations worldwide and headquarters in the Netherlands. At December 31, 2025, Booking.com offered accommodation reservation services for approximately 4.4 million properties in over 220 countries and territories and in over 40 languages, consisting of approximately 500,000 hotels, motels, and resorts and approximately 3.9 million homes, apartments, and other unique places to stay.

In 2025, Booking.com offered flights in over 55 markets. It also offered in-destination tours and activities, rental car reservation services, and ground transportation services across thousands of locations worldwide.

**Priceline.** Priceline is a leader in discount travel reservations, primarily in North America, with headquarters in Norwalk, Connecticut. Priceline offers online accommodation, flight, and rental car reservation services, as well as vacation packages, cruises, activity, and affiliate programs.

**Agoda.** Agoda is a leading online accommodation reservation service catering primarily to consumers in the Asia-Pacific region, with headquarters in Singapore. Agoda also offers flight, ground transportation, and attractions.

**KAYAK.** KAYAK, headquartered in Norwalk, Connecticut, provides online meta-search services that allow consumers to easily search and compare travel itineraries and prices from hundreds of online travel platforms at once. KAYAK offers its services in over 60 countries and territories.

**OpenTable.** OpenTable is a leading brand for booking online restaurant reservations. Headquartered in San Francisco, California, OpenTable provides online restaurant reservation services to consumers and reservation management services to restaurants, primarily in the United States.

## Marketing and Brand Awareness

We have established widely used and recognized e-commerce brands through marketing campaigns and strategic use of performance marketing spend. We invest in marketing and other brand building to preserve and enhance consumer awareness of our brands.

## Competition

We compete globally with both online and traditional travel and restaurant reservation and related services. The markets for the services we offer are intensely competitive and constantly evolving. Competing offerings can be launched at a relatively low cost, with the pace of innovation increasing and the cost to do so decreasing as a result of Gen AI. Our current and potential competitors include the largest global technology companies, which have significantly more consumers, consumer data, and resources than we do, and may be able to leverage other aspects of their businesses to compete more effectively with us.

We currently or may in the future compete with companies including:

- online travel, restaurant reservation, and meta-search services;
- large online search, social media, and marketplace companies;
- travel service providers (such as hotels, airlines, and rental car companies);
- companies offering Gen AI-powered assistants and agents, or other AI-powered offerings;
- traditional travel agencies, travel management companies, wholesalers, and tour operators;
- financial services and credit card companies; and
- companies offering software solutions and technology services to travel service providers.

For more information regarding current and potential competitors and the competitive nature of the markets in which we operate, see Part I, Item 1A, Risk Factors - *"Intense competition could reduce our market share and harm our financial performance."*

## **Government Regulation**

Our business operates globally and is subject to a wide range and sometimes conflicting set of evolving laws and regulations across multiple jurisdictions including those relating to payments, the digital marketplace, data protection and privacy, competition, consumer protection, and the travel industry (e.g., the EU's Travel Package Directive). We expend significant cost and effort to maintain compliance programs, systems, and controls in response to these requirements and to meet expectations of stakeholders. As we evolve our offerings or as governments implement new or evolving views of laws and regulations, the scope and complexity of compliance will increase. For example, following the European Commission's designation of us as a gatekeeper under the Digital Markets Act ("DMA") and Booking.com as a "Very Large Online Platform" under the Digital Services Act ("DSA"), we became subject to new requirements and scrutiny. Similarly, as we expand our payment offerings, any failure by us to comply with changes in European payment services regulation, including Payments Services Directive 3 and the proposed Payment Services Regulation, could limit our ability to offer certain payment features in the European Union. Violations of laws or regulations could result in fines, penalties, and criminal sanctions against us, our officers or employees, and prohibitions or interruptions on how or where we conduct our business.

For further discussion, see Part I, Item 1A, Risk Factors - *"Information Security, Cybersecurity, and Data Privacy Risks"* and *"Legal, Regulatory, Compliance, and Reputational Risks."*

## **Technology**

Our business is supported by multiple systems and platforms designed with an emphasis on scalability, performance, redundancy, and security. We are continually modernizing our technology by building new applications with modern development tools and application programming interfaces, and we increasingly rely upon public cloud infrastructure. Our applications utilize digital certificates and other security technologies to help us conduct secure communications and transactions, as appropriate. The systems infrastructure and web and database servers of our operations are hosted in data centers in Europe, Asia, and North America, and each provides services and support typical of hosted data centers. See Part I, Item 1A, Risk Factors - *"Information Security, Cybersecurity, and Data Privacy Risks."*

## **Intellectual Property**

We rely on intellectual property such as trademarks, copyrights, patents, and trade secrets to support our business as well as domain names or other intangible rights or property secured through purchase, licensing, or other agreements with employees, travel service providers, vendors, and other parties. We have filed applications for protection of certain aspects of our intellectual property in the United States and other jurisdictions, and we hold patents in several jurisdictions. See Part I, Item 1A, Risk Factors - *"We face risks related to our intellectual property."*

## **Seasonality and Other Timing Factors**

In 2025, our gross bookings were generally similar in each quarter of the year, with a slightly above-average amount booked in the third quarter and a slightly below-average amount booked in the fourth quarter. We generally recognize our marketing expenses as they are incurred, which is typically in the quarter when the gross bookings for the associated reservations are recognized. However, we would generally recognize revenue from these bookings when the travel begins (at "check-in"), and accommodation check-ins in Europe and North America are generally highest in the third quarter during those regions' peak summer travel season and lowest in the first quarter. As a result of this timing difference between when we record marketing expenses and when we recognize associated revenues, we typically experience our highest level of profitability in the third quarter and our lowest level of profitability in the first quarter. In addition to the typical seasonality effects, our quarterly results and quarterly year-over-year growth rates can be impacted by:

- length of the booking window (the average time between the booking of a travel reservation and when the travel begins), which impacts the relationship between our gross bookings (recognized at the time of booking) and our revenues (recognized at the time of check-in). In 2025, the booking window was generally longer than in 2024 as an increased percentage of bookings were made for travel that was to occur further out from the time of booking;
- the level of acceleration or deceleration in the gross bookings growth rate. For example, our operating margins are typically negatively impacted in the near term from gross bookings and related variable marketing expense growth acceleration, as revenue growth is typically less impacted by accelerating gross bookings growth in the near term. Any such acceleration would positively impact revenue growth in subsequent periods as a portion of the revenue recognized from such gross bookings will occur in future quarters. Conversely, in periods where our gross bookings growth rate substantially decelerates, our operating margins typically benefit; and
- the date on which certain holidays (e.g., Easter or Ramadan) fall.

## Human Capital Resources

Our employees are fundamental to delivering on our mission to make it easier for everyone to experience the world. Our goal is to attract, develop, and retain highly-skilled talent and to foster opportunities for colleagues to grow and develop their careers. We seek to attract the best and most innovative talent from a wide range of sources to achieve our long-term strategic goals. By cultivating a diverse leadership and workforce that reflects the broad spectrum of people we work with throughout the world, we gain valuable insights from a wide range of backgrounds and experiences that help us understand the needs of our global consumers and partners. We are committed to engaging with our employees across our Company and maintaining a productive workforce that is proud to work for Booking Holdings.

Our Board of Directors and the Talent and Compensation Committee have oversight of our human capital management. As a result of our operating structure with multiple distinct brands, our approach to human capital management can vary by brand.

### Workforce

As of December 31, 2025, we employed approximately 24,300 employees, of which approximately 2,900 were based in the United States and approximately 21,400 outside the United States. Approximately 97% of our employees are full-time employees. We also retain independent contractors to support certain functions.

**Employees by Geography (as of December 31, 2025)**

We operate in over 220 countries and territories and in over 40 languages globally, and believe that a diverse workforce operating in an inclusive environment has been a part of our success and will help us achieve our long-term strategic goals. Given the broad geographical nature of our business and workforce, we are committed to creating workplaces that embrace the cultures and practices of our employees and we prohibit unlawful discrimination of any type.

### Attraction, Development, and Retention

It is critical that we attract and retain the top talent in our industry. We believe that we offer a rich culture where employees feel empowered to do their best work with opportunities to grow as well as competitive compensation and benefits. We are focused on our employees' engagement and mental well-being, career satisfaction, and development. We offer tailored learning opportunities to enable employees to upskill while at work and drive career conversations between employees and their managers, as well as succession planning.

We measure organizational culture and engagement and regularly connect with our employees through engagement and quick pulse surveys to request feedback, and the results of these efforts are shared with senior management. We view our engagement surveys as an important tool for management to solicit and respond to employee feedback.

### Employee Relations

We consider our relations with our employees to be good, and we work collaboratively with relevant works councils, employee representatives, and other labor organizations.

## Company Websites

We maintain websites with the addresses [www.bookingholdings.com](http://www.bookingholdings.com), [www.booking.com](http://www.booking.com), [www.priceline.com](http://www.priceline.com), [www.agoda.com](http://www.agoda.com), [www.kayak.com](http://www.kayak.com), and [www.opentable.com](http://www.opentable.com), among others. We are not including the information contained on our websites as a part of, or incorporating it by reference into, this Annual Report on Form 10-K. We make available free of charge through the [www.bookingholdings.com](http://www.bookingholdings.com) website our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, and amendments to these reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as soon as reasonably practicable after we electronically file or furnish such material with the SEC. These reports and other information are also available, free of charge, at [www.sec.gov](http://www.sec.gov). In addition, the Company's Code of Conduct is available through the [www.bookingholdings.com](http://www.bookingholdings.com) website and any amendments to or waivers of the Code of Conduct will be disclosed on that website.

We intend to use the Investor Relations page of our website ([ir.bookingholdings.com](http://ir.bookingholdings.com)) to disclose material information for purposes of the SEC's Regulation Fair Disclosure. We encourage our investors to monitor this website in addition to our other public announcements and SEC filings as information posted on that page could be deemed to be material information.

## **Item 1A. Risk Factors**

***Our business and financial results are subject to risks and uncertainties, which could adversely affect our business, results of operations, financial condition, and cash flows.***

The risk factors section should be carefully considered in full, in addition to other information appearing in this Form 10-K, including Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations and our consolidated financial statements and related notes.

### **Industry and Business Risks**

*Declines or disruptions in the travel industry could adversely affect our business and financial performance.*

Our financial results depend upon sales of travel services, which can fluctuate based on consumer discretionary spending levels. Demand for and sales of travel services often decline during periods of perceived or actual adverse economic conditions and times of political or economic uncertainty. Economic and political uncertainty can negatively impact transaction growth rates, cancellation rates, and accommodation average daily rates ("ADRs"). If there are lower ADRs, it generally has a negative effect on our revenues and results of operations.

Macroeconomic uncertainties and geopolitical tensions have caused, and in the future may cause, significant volatility in foreign currency exchange rates, stock markets, and oil prices, which can impact consumer travel behavior. The uncertainty of these factors makes it difficult to forecast industry and consumer trends, which could adversely affect our ability to effectively manage our business and our results of operations.

Other events beyond our control such as pandemics, terrorist attacks, natural disasters, trade disputes, sanctions, wars and regional hostilities, political unrest, travel-related accidents, or overtourism may result in declines in demand or travel restrictions, which could negatively impact our business. These events and their impacts are largely unpredictable and can abruptly affect consumer travel behavior and relationships with travel service providers and partners, which could adversely affect our business and results of operations.

*Intense competition could reduce our market share and harm our financial performance.*

We operate in highly competitive and rapidly evolving global markets for travel and restaurant reservation services. Barriers to entry are low, and we compete with online travel companies ("OTCs"), travel service providers offering direct booking (such as airlines, hotels, and rental car companies), traditional travel agencies and operators, companies offering travel-related software, payments, or technology solutions, financial services and credit card companies, and global technology companies with significantly greater scale, data, and financial resources. For example, Google links travel search to its dominant search engine and has integrated travel products into Google Maps and its Gemini generative AI ("Gen AI") offering. Other large technology platforms and AI-native competitors are developing Gen AI-powered assistants and agents that can search, compare, recommend, and facilitate travel and dining reservations directly within their search engines, operating systems, messaging platforms, or "super-apps." These offerings may reduce consumers choosing to visit dedicated online travel platforms, reducing direct traffic, bookings, and customer relationships. Gen AI also lowers barriers to entry and enables competitors to potentially replicate or improve core functionality, personalize recommendations and pricing, and acquire customers more efficiently through non-travel consumer interactions. AI agents may further evolve into full-service booking platforms, increasing competitive pressure and disintermediating OTCs. If our Gen AI investments are not successful or we are unable to successfully adapt to such changes, our ability to compete, and our business and results of operations, could be adversely affected.

For many consumers, the price of a travel service is the primary factor determining whether to book a reservation. Some competitors may operate at minimal or negative margins to gain market share. Travel service providers may offer lower prices through direct or AI-enabled channels, OTC and other competitors may more effectively invest in online marketing channels, and in certain markets we may need to provide discounts or other incentives in order to be competitive, any of which may make it difficult for us to maintain or grow our competitive position or profit margins, and may also result in lower revenues as a percentage of gross bookings. Consolidation among travel service providers or AI-enabled alternative travel offerings could result in lower OTC commission rates, increased discounting, and greater incentives for consumers to join closed-user groups. If we are unable to effectively offer competitive prices, our revenues, competitive position, business, and results of operations could be materially adversely affected.

*We face risks related to the growth rate and the global expansion of our business.*

We derive a substantial portion of our gross bookings from countries outside the United States. The growth rate of our operations outside the United States have generally declined over time as the absolute level of our gross bookings increased and online travel growth rates declined, and they may also be impacted by factors such as economic conditions, changes in foreign currency exchange rates, declines in ADRs, increases in cancellations, adverse changes in travel market conditions, and competition. Any decline in the growth rates of our businesses could negatively impact our revenue and earnings growth rates.

Many markets may have strong local competitors with an established brand and travel service provider or restaurant relationships making expansion in that market difficult or costly. Certain markets in which we operate have unique localized preferences or lower operating margins, or from time to time have experienced declining or no growth. Some of our current and potential competitors may have greater resources or stronger competitive positions in certain regions than we do, or may be domiciled in different countries and subject to political, legal, and regulatory regimes that enable them to compete more effectively than us. Growing our business in such markets could require significant investment, which could have a negative impact on our profit margins. In some markets such as China, local requirements may restrict participation by foreign businesses, making entry into and expansion in those markets costly, difficult, or impossible. If we are unsuccessful in expanding in new and existing markets and managing that expansion, our business and results of operations could be adversely affected.

We believe that the breadth, variety, and quality of accommodations on our platforms helps drive our growth. The market for accommodations covers a wide range of property types including alternative accommodations and companies like Airbnb and Vrbo (owned by Expedia) compete directly with our accommodations businesses. The growth rate of accommodations on our platforms may vary in part due to removing accommodations from time to time. Many newer accommodations may have fewer rooms or higher credit risk and may appeal to a smaller subset of customers (e.g., hostels and bed and breakfasts). If occupancy rates increase, accommodation providers often limit their offerings to OTCs. Also, certain jurisdictions have instituted regulations intended to address overtourism, including by restricting accommodation offerings near popular tourist destinations, which may result in constraints on the number of listings or available accommodation room nights or decreased demand, which could negatively impact our growth rate and results of operations.

*We are dependent on travel service providers, restaurants, search platforms, and other third parties.*

We rely on third parties to make their services available to consumers for reservation through us. Our travel service providers are generally not required to make available any specific quantity of reservations, or to make reservations available in any geographic area, for any particular route, or at any particular price. Our restaurants are generally not required to provide all of their available tables and reservations to consumers through us. Our arrangements with OTCs and travel service providers to provide information in connection with KAYAK's meta-search services are non-exclusive and terminable with little notice. A significant reduction on the part of any of our major travel service providers or restaurants for a sustained period of time or their withdrawal from our services, including due to a provider's bankruptcy or closure, could have an adverse effect on our business, advertising revenue, competitive position, and results of operations. Further, as industry consolidation, including among travel service providers, increases, the potential adverse effect of reduced usage or withdrawal from our services by a significant travel service provider also increases.

A significant portion of consumer traffic to our services is derived from third-party platforms, including Google and other search engines, mobile operating systems, app marketplaces, mapping services, and other digital distribution channels. These platforms increasingly incorporate Gen AI features, such as AI-generated answers, assistants, and recommendations, that may satisfy user intent without directing users to our services or may favor the platform's own or affiliated offerings.

Changes in algorithms, ranking methodologies, user interfaces, access terms, pricing, or the placement of AI-generated content by these platforms could reduce the visibility of our services, increase customer acquisition costs, or decrease traffic and bookings. In addition, platform providers may restrict data access, limit interoperability, or impose commercial terms that disadvantage us relative to competing or native AI-enabled services.

If we are unable to maintain favorable placement, access, or economics across traditional digital search as well as evolving AI-mediated distribution channels, our distribution of travel and restaurant reservations through such third-party distribution channels is likely to decline and our business, competitive position, and results of operations could be adversely affected.

We offer a range of insurance products related to our travel offerings, primarily through third-party insurance providers. Our business and reputation may be adversely affected if such providers no longer make such offerings available to us on economically reasonable terms or at all.

*We may not be able to keep up with rapid technological or other market changes.*

We compete in markets characterized by rapidly changing technology, evolving industry standards, consolidation, frequent product developments, and changing consumer preferences. These characteristics are heightened by the progress of technology adoption, including the continuing adoption of online commerce, growth of mobile transactions and payment, and the development of Gen AI capabilities. We may not be able to keep up with these rapid changes.

Our long-term strategy to commercialize the Connected Trip will require increased investments that could have an adverse impact on our results of operations until we achieve the expected return on these investments. The development of the Connected Trip is subject to uncertainties, including further development of the verticals and technological capabilities (including integrating Gen AI) necessary for the Connected Trip experience, the ability to collect, store, and use customer data in a compliant and integrated fashion, and the attraction and retention of employees dedicated to this effort. It may take longer than we expect to realize the Connected Trip vision or it may not achieve the expected return on investment. Our ability to offer a variety of appropriate payment solutions is an important part of our Connected Trip vision. These efforts may also be unsuccessful in improving the travel experience or retaining and attracting new customers. Further, regulatory restrictions may impact the ongoing commercialization of the Connected Trip or increase our costs of compliance. With any technical innovation such as the Connected Trip effort, there could be vulnerabilities and other technical failures, which could result in lost business, harm to our brand or reputation, consumer complaints, or other adverse consequences, any of which could adversely affect our business and results of operations.

We may not be able to keep pace with the competitive pressure to innovate. Other companies, including emerging start-ups and large technology companies utilizing proprietary Gen AI or similar capabilities, may innovate or develop new services and technologies faster than we can or may foresee consumer need for new services or technologies before we do. Gen AI and other new technologies could influence how consumers search for and book travel, diminish the relevance or competitiveness of our existing technology and service offerings, or require us to modify or adapt our services or infrastructure, any of which could adversely affect our results of operations and financial condition.

Consumers increasingly use mobile devices and apps to make online travel bookings, and may in the future use Gen AI-enabled devices to make bookings. The revenues earned on a mobile transaction may be less than a desktop transaction due to different purchasing patterns. To the extent mobile devices or platforms enable users to block advertising content, our advertising revenue and ability to market our brands may also be negatively affected. If we are unable to attract consumers to our mobile platforms, or app store providers like Google and Apple use their app distribution, mobile operating, or payment platforms to favor competing services, our business, competitive position, future growth, and results of operations could be adversely affected.

*We face risks related to the growth of our alternative accommodations business.*

As we continue to grow our alternative accommodations business, we face increasing risks relating to claims of liability, regulatory developments, and continued growth and profitability. Alternative accommodations typically consist of single units or a small collection of independent units, and may result in additional costs for us, which can result in more limited booking opportunities and lower profit margins than hotels, motels, and resorts. Further, alternative accommodations may be unavailable during peak periods due to seasonality or owner use. To the extent alternative accommodations represent an increasing percentage of the properties we add to our platforms, we expect that our room-night growth rate and property growth rate will continue to diverge over time, and the number of reservations per property will likely continue to decrease. Additionally, if we don't offer features preferred by alternative accommodation property owners or our competitors have better features, our alternative accommodations business could be negatively impacted.

Alternative accommodations are subject to increased risk of claims of liability based on injury, death, discrimination, or criminal activities. We have no control over the actions of our consumers, property owners, or other third parties during a stay, and cannot guarantee the safety of such individuals. We do not systematically verify the safety, quality, and legal compliance of all of our alternative accommodations and rely on property owners to disclose information relating to their listings, which may be inaccurate or incomplete. Booking.com facilitates the provision of partner liability insurance underwritten by third-party insurance providers to protect certain alternative accommodation partners against liability claims, lawsuits for bodily injury, or property damage that occurs during a stay. If applicable, this insurance provides coverage up to \$1.0 million equivalent per occurrence (subject to limitations and exclusions). We retain certain financial risks and could be required to pay amounts in excess of the policy limit. Any resulting complaints or claims could result in negative publicity and increased costs, which could adversely affect our reputation, business, and results of operations.

Alternative accommodation rules and regulations are complex, evolving, can be inconsistent among individual localities, and could limit or negatively affect property owners' and managers' ability to rent properties. For example, in conjunction with the

Digital Services Act ("DSA"), the European Commission (the "EC") imposes obligations around short-term rental property owner registration, property verification, and enforcement of local registration schemes. Some jurisdictions have adopted or are considering restrictions (e.g., license requirements) on the ability to offer alternative accommodations. We have been and are subject to inquiries related to compliance with such requirements that have resulted in fines and could result in additional fines, adversely affect our reputation, or require operational modifications. This dynamic regulatory environment requires us to expend significant time and resources and could negatively impact our alternative accommodations business.

*We face risks relating to our marketing efforts.*

We invest considerable resources in the establishment and maintenance of our brands, marketing and other brand building efforts to preserve and enhance consumer awareness of our brands, and to attract and retain consumers. Performance marketing costs to grow traffic to our platforms are variable because they are dependent on others' marketing spend in the same channels. If we are unable to maintain or enhance consumer awareness and acceptance of our brands or if such efforts are not cost-effective, our business, competitive position, and results of operations could be materially adversely affected.

Our marketing efficiency, expressed as marketing expense as a percentage of gross bookings, and performance marketing return on investment ("ROIs") are impacted by a number of factors that are subject to variability and are in some cases outside of our control, including ADRs, costs per click, cancellation rates, foreign currency exchange rates, our ability to convert traffic to booking consumers, and the timing and effectiveness of our brand marketing campaigns. Marketing efficiency can also be impacted by the extent to which consumers come directly to our platforms for bookings and the economics of distribution channels. If our marketing efforts are less effective at generating new bookings, our marketing efficiency could decrease and our margins, revenues, and earnings growth could be adversely affected. For example, competition for desired placement in search results including among AI-generated or AI-impacted (i.e., by bot or agent activity) results could increase our costs-per-click and negatively impact our marketing efficiency. At times we may pursue a strategy of increasing marketing ROIs, which could negatively affect our gross bookings and revenue growth rates. Pursuing a strategy of improving performance marketing ROIs along with factors such as competitors' actions in the bidding environment, the amount of marketing invested by these channels to generate demand, and overall marketing platform traffic growth trends, may also impact our gross bookings and revenue growth rates. Negative trends in our marketing efficiency, performance marketing ROIs, or consumer shopping activity could negatively impact our business, competitive position, and results of operations.

*The development and use of Gen AI may result in reputational harm or legal liability and may adversely affect our business, financial condition, and results of operations.*

We use Gen AI in our business, including for internal productivity purposes and in consumer- and partner-facing initiatives such as AI travel assistants, price comparison tools, and as part of enhancing the development of our Connected Trip vision. Our utilization of Gen AI may increase risks related to harmful content, inaccuracies, bias or discrimination, intellectual property infringement or misappropriation, data privacy, cybersecurity, or other issues. There is a risk that employees, partners, and consumers are overreliant on AI without sufficient human review of outputs. In some instances, we may make use of third-party foundational models that have been pre-trained on data which may be insufficient, erroneous, stale, contain biased information, or infringe intellectual property rights. In addition, some users may also engage in fraudulent or abusive activities through our AI services, such as unauthorized account access, payment fraud, or launching cyberattacks. Our implementation of AI systems could result in legal liability, regulatory action, brand, reputational, or competitive harm, or subject us to new regulatory frameworks (such as the European Union's ("EU") Artificial Intelligence Act). Such risks are heightened if we or third-party developers or vendors lack sufficient responsible AI development or governance practices. If we enable or offer Gen AI solutions that do not comply with regulatory requirements, have unintended consequences, are contrary to responsible AI policies and practices, or are otherwise controversial because of their impact on human rights, privacy, employment, or other social, economic, or political issues, our reputation, competitive position, business, financial condition, and results of operations may be adversely affected.

*We rely on the performance of highly skilled employees and, if we are unable to retain or motivate key employees or hire, retain, and motivate well-qualified employees, our business would be harmed.*

Our performance relies on the talents and efforts of highly skilled individuals. Our future success depends on our continued ability to attract and retain a highly skilled workforce. Our ability to attract and retain talent could be negatively impacted by factors such as reorganizations and our hybrid work policies.

Competition for well-qualified employees, especially software engineers, professionals supporting our Gen AI initiatives, and other technology professionals, is intense and costly. Our customer service resources (including outsource arrangements) may be unable to provide adequate customer service support. Additionally, our Gen AI initiatives could alter our infrastructure and workforce. Our success has led to increased efforts by our competitors and others to hire our employees. These difficulties may be amplified by increased ability to work remotely, evolving restrictions on immigration or availability of visas or work permits for skilled technology workers, requirements of applicable collective bargaining agreements, and laws in certain jurisdictions that make recruiting senior talent more difficult, such as the reductions in the partial tax exemption that benefits certain non-Dutch citizens working in the Netherlands. These factors combined with inflationary pressure on compensation has caused our personnel expenses to attract and retain key talent to increase, which may adversely affect our results of operations. If we do not

succeed in attracting, and retaining well-qualified employees, our business, ability to grow and innovate, competitive position, reputation, and results of operations would be adversely affected.

*Impairments of goodwill, long-term investments, and long-lived assets, increases in provisions for expected credit losses on receivables from and cash advances made to our travel service provider and restaurant partners, and increases in cash outlays to refund consumers for prepaid reservations could have a negative impact on our results of operations.*

During fiscal year 2025, as a result of our annual goodwill impairment test, we recognized goodwill and intangible assets impairment charges. See Note 11 to our Consolidated Financial Statements. The estimation of fair value reflects numerous assumptions that are subject to risks and uncertainties, including key assumptions regarding expected growth rates and operating margin, discount rates, and market comparables. It requires significant judgments and estimates and actual results could be materially different than the judgments and estimates used to estimate fair value. Future events and changing market conditions may lead us to re-evaluate our current assumptions and may result in a need to recognize an additional goodwill or long-lived asset impairment charge that could have a material adverse effect on our results of operations.

Any significant increase in our provision for expected credit losses, or cash outlays to refund consumers for prepaid reservations, could have a corresponding adverse effect on our results of operations and related cash flows. In some instances, where we had agreed to provide free cancellations to consumers for non-refundable reservations, we did not estimate a recovery of prepayments already made to travel service providers. We may also offer cancellable room rates on behalf of a partner to provide flexibility to our consumers even if the partner has not provided a cancellable room rate, which could have a negative impact on our revenues if we are unable to facilitate booking from another consumer.

*We face risks related to our operational and technological infrastructures.*

Our financial results depend on the successful execution of our operating plans. We previously announced certain organizational changes, including the modernization of processes and systems, a reduction in workforce, procurement optimization, and initiatives to achieve real estate savings (the "Transformation Program"). There are no assurances that we will achieve the estimated cost savings goals, realize the expected benefits from the Transformation Program, or manage the Transformation Program effectively. Charges related to the Transformation Program could reduce our profitability in the periods such charges are incurred. Our inability to generate anticipated cost savings, successfully implement our strategies, or efficiently manage our operating plans for the Transformation Program could negatively affect our business and results of operations.

Historically, our brands operated on a largely independent basis and many of them focused on particular services or geographies. We continue to optimize collaboration among our brands. As we manage this shift, in addition to managing changes in our workforce we may find it difficult to maintain the beneficial aspects of our corporate culture at our brands and throughout the organization. Any future expansion or shift increases the complexity of our business and places additional strain on our management, operations, technical performance, financial resources, and administrative, legal, tax, internal controls, and financial reporting functions. Our employees and outsourced resources, systems, procedures, and controls may not be adequate to support and effectively manage such changes and increased complexity, or could result in disruption of our service or customer support, especially as we have employees and outsourced resources around the world and we increase the number and variety of our products and payment systems.

We are committed to the enhancement of our operational systems and we face risks deploying information technology, payment processing, enterprise resource planning, and other systems as such initiatives are resource-intensive, may cause operational disruption and could affect our results of operations. Inability to successfully implement or adapt these technologies in a timely manner could adversely affect our business or results of operations.

*Investments in new business strategies and acquisitions could disrupt our ongoing business and present risks not originally contemplated.*

We have invested and in the future may invest in new business strategies and acquisitions of complementary businesses. Such endeavors may not be successful and may involve significant risks and uncertainties including diversion of management's attention, greater than expected liabilities and expenses, increased regulatory scrutiny, failing to obtain required regulatory approvals on a timely basis or at all, the imposition of conditions that could delay or prevent us from completing a transaction or limit our ability to realize the anticipated benefits of a transaction, inadequate return on capital, legal and compliance obligations that previously did not apply to us, integration risks, and unidentified issues not discovered in our evaluations. We may issue shares of our common stock in these transactions, which could result in dilution to our stockholders. Entering new businesses involves risks and costs that could have an adverse effect on our business, reputation, results of operations, profit margins, cash flows or financial condition, as well as on our ability to achieve the expected benefits of any such investments or acquisitions. In addition, we may decide to make minority investments, including through joint ventures, in which we have limited or no management or operational control. The controlling person in such a case may have interests that are inconsistent with ours, and decisions of the company or venture in which we invested may result in harm to our reputation or business or adversely affect the value of our investment.

*We may not be able to successfully integrate acquired businesses or manage the operation of our internal businesses.*

The integration of acquired businesses requires significant time and resources, and we may not manage these processes successfully. In addition to acquired businesses, we may integrate or manage differently certain of our internal businesses, integrate certain functions across our businesses, and restructure or cease operating certain assets or businesses, and we may do so in the future, including through divestitures. These actions are complex, costly, and create a variety of risks, including:

- disruption or harm to the businesses involved, or to our other businesses, including the need for management to spend time and attention on them;
- difficulty managing different company cultures, systems, processes, and human resource policies and practices, or implementing and maintaining effective internal controls, procedures, and policies;
- challenges retaining key personnel; and
- loss of travel service providers, restaurants, or other partners.

We may not successfully integrate companies or achieve the strategic, financial, or operating objectives of an acquisition or integration, any of which could adversely affect our business, results of operations, or financial condition.

### **Information Security, Cybersecurity, and Data Privacy Risks**

*Our processing, storage, use, and disclosure of personal data exposes us to risks of data breaches and could give rise to liabilities and/or damage our reputation.*

We depend on software and computing infrastructure (including open source software) for the operation of our business. If threat actors are able to circumvent, interrupt, or adversely affect our security measures, including as a result of our own acts or omissions, it could result in a compromise or breach of consumer, partner, or employee data. Data security is essential to maintaining consumer and partner confidence in our services and the uninterrupted availability of our web and mobile platforms is essential for our business. With cyberattacks evolving and increasing in frequency and sophistication, we may not be able to successfully defend against determined adversaries. In addition, our security policies and controls may not keep pace with the innovation of our offerings and technological advances of threat actors. Threat actors may exploit AI-based technologies to breach systems and weaponize AI to target our employees to gain unauthorized access to systems and data. Furthermore, the emergence of quantum technologies may enable threat actors to overcome traditional encryption protocols and launch more sophisticated AI-enabled attacks at scale. We have experienced and responded to cyberattacks, which we believe have not had a material impact on the integrity of our systems or the security of data we maintain.

Vulnerabilities in our consumer and partner systems could and have resulted in unauthorized access to personal and confidential data. These risks are likely to increase as we expand our offerings, integrate our products and services, continue to incorporate AI, and store and process more data. The disclosure of sensitive Company, consumer, or other information through our systems or by our workforce or other parties could lead to information loss, reputational harm, monetary damages, regulatory penalties, or worse competitive positioning. We expend significant resources to protect against security breaches and to maintain or increase our security capabilities. Security breaches could result in damage to our reputation, expose us to risk of litigation and liability, subject us to regulatory penalties and sanctions, or cause consumers to lose confidence in us, any of which could have an adverse effect on our brands, competitive positioning, results of operations, and financial condition. Our efforts to protect information from unauthorized access have and could in the future result in the rejection or delay of legitimate attempts to book reservations through our services, which could result in lost business. Additionally, our consumers' personal data has in the past and could in the future be affected by inadvertent disclosure to, or security breaches at, our partners or other third parties upon which we rely.

We receive and store a large volume of personally identifiable data and payment information. The handling and storage of such data, as well as privacy rights of consumers, are subject to complex and evolving laws and regulations. While we invest significant resources to comply with regulations such as the EU's General Data Protection Regulation ("GDPR"), the California Consumer Privacy Act ("CCPA"), the Personal Information Protection Law in the People's Republic of China, the Digital Personal Data Protection Act in India, and the EU Digital Markets Act ("DMA"), they are complex, subject to uncertain interpretation, and impose significant compliance obligations and costs on us. For example, under the GDPR violations could result in fines of up to 20 million Euros or up to 4% of the annual global revenues of the infringer, whichever is greater. In many cases, these laws apply not only to third-party transactions, but also to transfers of information between us and our subsidiaries, including employee information. These laws and their interpretations continue to develop and may be inconsistent from jurisdiction to jurisdiction. Some of these regulations give consumers a private right of action against companies for certain alleged violations of cybersecurity requirements. Non-compliance with these laws could result in damage to our reputation, significant penalties, or other liability. If laws or regulations are expanded to require changes in our business practices, or interpreted in ways that negatively affect our business, our results of operations, financial condition, or competitive position could be adversely affected.

*Cyberattacks, system vulnerabilities, or inadequate system capacity could lead to sustained service outages, data loss, reduced revenue, increased costs, liability claims, or harm to our competitive position.*

If our systems cannot cope with the level of demand required to service our consumers and partners, we could experience unanticipated disruptions in service, slower response times, decreased customer service and customer satisfaction, and delays in the introduction of new services. While we maintain redundant systems and hosting services, they may not be sufficient to prevent interruptions. Moreover, while we maintain insurance policies to protect against potential losses caused by security breaches, our insurance policies may not be adequate to reimburse us for losses. We are dependent on connectivity and mobile systems throughout the world. Disruptions in connectivity could materially adversely affect our business and results of operations.

We have hardware for operating our services located in hosting facilities around the world. Although we have disaster recovery plans, these systems and operations are vulnerable to damage or interruption and such disaster recovery plans may not be fully effective or cover us in every region. If such events were to occur, we may not be able to recover our back-up systems in a timely manner and it could result in lengthy interruptions or delays in our services. Any system failure that causes an interruption or delay in service could damage our brands, increase customer service costs, or result in lost business for an extended period of time, any of which could adversely affect our business and results of operations. We seek to improve the reliability and redundancy of our systems, however, these steps are expensive, may reduce our margins, and may not be successful in reducing the frequency or duration of unscheduled downtime.

We have experienced targeted and organized malware, phishing, and account takeover attacks, and may in the future experience these and other forms of attack such as ransomware, SQL injection (where a third party attempts to insert malicious input in order to gain control of the system), and attempts to use our websites as a platform to launch a denial-of-service attack on another party. Our existing security measures have not always been, and in the future may not be, successful in preventing attacks. For instance, we have incurred costs related to customer reimbursement and customer service, reputational harm, and lost revenue from fictitious listings and account takeovers. Our existing IT business continuity and disaster recovery practices are less effective against certain types of attacks, which could result in interruption of our services, data exposure, and extortion attempts. Reductions in the availability and response time of our services could cause loss of substantial business volumes and measures we may take to divert suspect traffic could result in the diversion of bona fide customers. These issues are more difficult to manage during any expansion of the number of places where we operate and the variety of services we offer, and as the tools and techniques used in such attacks, such as Gen AI or agentic AI become more advanced. We use advanced technology to identify cybersecurity threats; however, cyberattacks may go undetected for a period of time resulting in harm to our computer systems and the loss of data. This could result in regulatory fines, loss of consumers or partners, and reputational harm, among other costs. Successful attacks could result in significant interruptions to our operations, severe damage to our information technology infrastructure, reputational harm, and prevent consumers from using our services, any of which could have a negative effect on the value of our brands, competitive positioning, business, and results of operations.

We use both internally-developed and third-party systems to operate our services, including transaction processing, order management, and financial and accounting systems. If the number of consumers using our services increases substantially, or if critical third-party systems stop operating as designed, we may need to repair, expand, replace, or upgrade our systems. If we are unable to meet demand in a timely manner, it could have a negative impact on our business. Many of our processes and systems are highly automated and involve multiple inputs, which can mitigate the risk of human error but can also make testing, troubleshooting, and auditing more difficult.

*Our business relies on a global supply chain of third-party services providers and we are exposed to risks because we rely on the resilience, security, and legal compliance of their products and services.*

We rely on third-party computer systems and third-party service providers, including GDSs and computerized central reservation systems of the accommodation, rental car, and airline industries in connection with providing some of our services. Any damage to, breach of, or interruption in these third-party services and systems or deterioration in their performance could prevent us from booking related reservations and have an adverse effect on our business, brands, and results of operations. Third-party business partners, service providers, and consultants may be given access to our computer networks. A cyberattack against one of these third parties that compromises their credentials may result in unauthorized access to our systems and data. Furthermore, our agreements with some third-party service providers do not provide recourse for service interruptions, and such service interruptions could have a negative impact on our business and results of operations.

Any publicized privacy and security problems could negatively affect consumers' or partners' willingness to use our services. Some of our business is conducted with third-party marketing affiliates, which may generate travel reservations through our infrastructure or through other systems. A security breach at any third party that we conduct business with could be perceived by consumers or partners as a security breach of our systems and could subject us to notification requirements and regulatory penalties, damage our reputation, and expose us to risk of loss or litigation, even if we had no direct involvement in the breach. In addition, such third parties may not comply with applicable disclosure requirements, or with parameters within which we permit them to process data, which could expose us to liability.

We depend upon third parties to process payments, including credit cards, or to provide credit card numbers for payment for our merchant transactions. If any such third party were compromised or ceased or suspended operations, our cash flows could be disrupted or we may not be able to generate merchant transactions (and related revenues) for a period of time and this could have a negative effect on our revenues, business, reputation, and results of operations and, in certain cases (such as insolvency of a partner), the loss of the total transaction value.

## **Tax Risks**

*We may have exposure to additional tax liabilities.*

We are subject to various taxes around the world. Although we believe our tax filing positions are reasonable and comply with applicable law, we regularly review them and may change our positions or determine that previous positions should be amended, either of which could result in additional tax liabilities. The final determination of tax audits or disputes may be different from what is reflected in our historical tax provisions and accruals. We have been audited in many taxing jurisdictions. If audits find that additional taxes are due, we may be subject to incremental tax liabilities, possibly including interest and penalties, which could have a material adverse effect on our results of operations, financial condition, and cash flows. An unfavorable outcome or settlement of pending litigation or audit proceedings could encourage the commencement of additional litigation, audit proceedings, or other regulatory inquiries.

Governments have sought to increase tax revenues, which has contributed to an increase in audit activity, more aggressive positions taken by tax authorities, more time and difficulty to resolve audits or disputes, and an increase in new tax legislation. Additional taxes or other assessments may be in excess of our current tax provisions or may require us to modify our business practices in order to reduce our exposure to additional taxes going forward, any of which could have a material adverse effect on our business, results of operations, and financial condition.

The U.S. Tax Cuts and Jobs Act (the "Tax Act") introduced a tax on 50% of global intangible low-taxed income ("GILTI") and a base erosion and anti-abuse tax. The One Big Beautiful Bill Act (the "BBB Act") enacted in July 2025 made changes to certain international, foreign tax credit, and domestic tax provisions in the U.S. effective in 2025 and 2026. In addition, the U.S.'s Inflation Reduction Act includes a 15% corporate minimum tax on book income and a 1% excise tax on stock repurchases. The interpretation and implementation of the Tax Act, the BBB Act, the Inflation Reduction Act, and other tax legislation could have a negative impact on our results of operations and cash flows. Increases in the U.S. corporate income tax rate, increasing the percentage of GILTI subject to tax in the U.S., or other changes to U.S. federal tax laws could have a negative impact on our results of operations and cash flows.

Certain countries or regulatory authorities have introduced or are considering digital services taxes that may apply to us even if we have no physical presence and are generally not subject to income tax in those jurisdictions. These digital services taxes are calculated as a percentage of revenue rather than income or profits. The interpretation and implementation of the various, and at times inconsistent, digital services taxes could adversely impact our results of operations and cash flows, and if they do not apply to our competitors, could harm our business and competitive position.

There have been significant changes made and proposed to international tax laws that increase the complexity, burden, and cost of tax compliance. The Organisation for Economic Co-operation and Development ("OECD") is focused on tax reform to ensure international tax standards keep pace with changes in global business practices, which could result in tax changes. We continue to monitor the impact of the OECD's tax reform initiatives as countries implement legislation and the OECD provides additional guidance. The implementation of these rules could have a negative impact on our results of operations or cash flows.

Changes in U.S. or international taxation of our activities, such as new definitions of permanent establishment, new nexus and profit allocation rules, or the combined effect of tax laws in multiple jurisdictions, may increase our worldwide effective tax rate, increase the complexity and costs associated with tax compliance, and adversely affect our cash flows and results of operations.

We are also subject to other non-income-based taxes, such as value-added taxes ("VAT"), payroll, sales, use, excise, net worth, property, hotel occupancy, and goods and services. We refer generally to taxes on travel transactions (e.g., value-added taxes, sales taxes, excise taxes, hotel occupancy taxes, etc.) as "travel transaction taxes." Changing value-added tax regulation such as the VAT in the digital age proposal in the EU could increase complexity and costs associated with compliance. Additionally, from time to time, we are under audit or investigation by tax authorities or involved in legal proceedings related to these non-income-based taxes or we may revise our tax positions, which may result in additional non-income-based tax liabilities.

A number of jurisdictions have initiated lawsuits or other proceedings against OTCs, including us, related to, among other things, the payment of certain travel transaction taxes that could include historical taxes that are claimed to be owed, interest, penalties, punitive damages, and/or attorney's fees and costs. Additional jurisdictions may assert that we are subject to travel transaction taxes and could seek to collect such taxes, either retroactively, prospectively, or both. We continue to defend against these lawsuits and, where appropriate, intend to continue to assert that we should not be subject to such taxes. Although we believe we do not owe the taxes claimed in these lawsuits, litigation is uncertain, and if there was an adverse outcome in

these lawsuits or similar litigation in other jurisdictions, it could result in liabilities for past and/or future bookings, and it could have an adverse effect on our business, reputation, profit margins, and results of operations. Jurisdictions could also seek to amend their tax statutes in order to collect travel transaction taxes from us on a prospective basis.

*We may not be able to maintain our "Innovation Box Tax" benefit.*

The Netherlands corporate income tax law provides that income generated from qualifying innovative activities is taxed at the rate of 9% ("Innovation Box Tax") rather than the Dutch statutory rate of 25.8%. A portion of Booking.com's earnings historically qualified for Innovation Box Tax treatment. Should this benefit be reduced or eliminated, it could substantially increase our effective tax rate and adversely impact our results of operations and cash flows.

### **Legal, Regulatory, Compliance, and Reputational Risks**

*Our business is subject to various competition, consumer protection, and online commerce laws and regulations around the world, and as the size of our business grows, scrutiny of our business in these areas may intensify.*

We are subject to competition and consumer protection laws and regulations around the world. These laws and regulations evolve, and their interpretation, application, and enforcement can also change, be unpredictable, or be affected by changing political or social pressures. As we expand our business into new areas, including building the Connected Trip vision and integrating Gen AI into our offerings, we may become subject to additional laws and regulations. We have been the subject of investigations or inquiries by national competition authorities ("Competition Authorities") and other governmental authorities regarding competition law matters, consumer protection issues, and other areas. For example, we are involved in investigations related to whether certain of Booking.com's arrangements with accommodation providers are anti-competitive, including with respect to issues like contractual parity, pricing tools or programs offered to partners, or the ranking criteria used in displaying results to consumers. See Note 16 to our Consolidated Financial Statements for information regarding certain legal proceedings in which we are involved. To resolve certain of the proceedings or investigations we have been or are involved in, we have made commitments regarding future business practices or activities including related to our parity arrangements, the information we provide about our search results ranking, and how we display prices, discounts, and popularity and availability statements. Though we have taken steps to comply with such commitments, investigating authorities or third parties may assert that our measures are insufficient and may pursue further action or seek other remedies. We cooperate with regulators but are unable to predict what, if any, effect any investigations or their resolution, including the effect of any commitments we might make, will have on our business, industry practices, or online commerce more generally. An unfavorable outcome in an investigation could encourage additional regulatory inquiries that could become widespread over time, significantly increasing the potential financial and reputational impact on us. To the extent that investigations or inquiries result in additional commitments, changes to our business practices, negative publicity, fines, damages from private litigation, or other remedies, it could have a material adverse effect on our business, financial condition, and results of operations.

Competition and consumer-law-related investigations, legislation, judgments, or issues have in the past resulted in and could in the future result in private litigation. We are currently involved in such litigation and aware of such potential litigation. For example, a Dutch consumer group has filed a claim against Booking.com relating to the historical use of contractual parity provisions, as well as allegations that Booking.com and Agoda employed misleading practices, and we are aware of similar efforts to pursue potential claims in other jurisdictions. See Note 16 to our Consolidated Financial Statements for more information regarding this and other such claims or potential claims. Class action litigation can be time-consuming, costly, and unpredictable, regardless of merit, and there may be evolving jurisprudence and less experience with such matters in certain of the geographies where we are or may be involved in such litigation, making outcomes less certain and harder to forecast. If we were to be found liable, it could result in, among other things, payment of damages, commitments to change certain business practices, or reputational damage, any of which could harm our business, results of operations, brands, or competitive position.

There is significant legislative and public focus on the technology industry, especially as technology companies become larger. In some instances, countries have passed legislation that goes further to restrict business activities than actions taken by Competition Authorities or other regulatory authorities. The EU's Platform to Business Regulation regulates the relationship between online platforms such as Booking.com and European business users of online platforms. The DMA and DSA give EU regulators more instruments to investigate and regulate digital businesses and impose additional rules and requirements on platforms designated as "gatekeepers" under the DMA and online platforms more generally, with separate rules for "Very Large Online Platforms" ("VLOPs") under the DSA. As a result of our designation as a gatekeeper under the DMA and Booking.com's designation as a VLOP under the DSA, we are subject to additional rules and regulations that may not be applicable to our competitors. For example, Booking.com has implemented changes to address the DMA prohibition on parity arrangements in the European Economic Area and the requirements regarding the usage of data across services, which could adversely impact our business. As a gatekeeper, we also established a compliance function to monitor compliance with the DMA. Under the DSA, as a VLOP, Booking.com is required to collect more information from partners, which could disincentivize certain partners from using our services. Booking.com is also subject to additional scrutiny, obligations, and costs, such as payment of an annual supervisory fee, annual risk assessments and independent audits, and maintaining a compliance function. The DMA and DSA each have significant penalties for non-compliance, and could lead to private litigation. Our compliance costs have increased in connection with becoming subject to the DMA and DSA, each of which remains subject to further interpretation and regulatory engagement, and could require additional changes to our products, business practices, and compliance activities. If future

legislation utilizes a "gatekeeper" or VLOP designation to extend its scope, we could be subject to further regulations, restrictions, or compliance or other obligations that are not applicable to our competitors.

The EC designates VLOPs based on a platform's number of EU "monthly active recipients" ("MARs"). The EC requires counting users who display and to whom information was displayed (e.g., partners and consumers), even if a user does not make a transaction on the platform. The assessment of MARs and any other similarly published information by our brands represents an estimate based on the data available to us and limited guidance, and is subject to limitations. Any such estimate is published solely as required by applicable rules or regulations, may be inaccurate, and should not be used for any other purpose.

New laws and regulations could impact our services, require us to change our business practices, and impose additional complexity and costs. As market conditions change as a result of investigations, litigation, legislation, changing public perception of the industry, or political or social pressure, we may decide to modify our business practices beyond what is required, the full effects of which may not be known when making the decision, but which could harm our competitive position and adversely affect our business and results of operations. One area of potential regulatory inquiry, for instance, involves contractual restrictions such as online search term bidding restrictions. If these or other restrictions are held to be illegal or otherwise unenforceable, or if we remove them from our contracts, it could negatively impact our business.

With additional attention on the size of travel or technology companies generally, our size and competitive position may negatively affect our ability to obtain regulatory approval of proposed acquisitions or other opportunities, our ability to expand into complementary businesses, or our latitude in dealing with travel service providers (such as by limiting our ability to provide discounts, rebates, or incentives or to exercise contractual rights), any of which could adversely affect our business, results of operations, or ability to grow and compete.

*Regulatory and legal requirements and uncertainties could subject us to business constraints, increased compliance costs and complexities, or otherwise harm our business.*

Legal requirements of governments and regulatory authorities, many of which are evolving and subject to revised interpretations, impact our ability to provide our services and can result in private litigation. For example, we offer optional rental car-related insurance products to customers protecting them against accidental damage to their rental vehicles, optional room and flight cancellation insurance products, and we intend to offer additional trip-related insurance products in the future, which subjects us to insurance distribution regulations and related increased compliance costs and complexities, any of which could negatively impact our business and results of operations. Increases in the number or complexity of the laws and regulations applicable to us and our businesses could increase our compliance costs and burdens and negatively affect our business and results of operations.

Laws in some countries relating to data localization, registration as a travel agent, and other local requirements could, if applicable to us, adversely affect our ability to conduct business in those countries. For example, in the EU and the United Kingdom, the Package Travel Directive and other local laws governing the sale of travel services (the "Package Directive") require local registration, certain mandatory financial guarantees and disclosure, and other rules regulating the provision of single travel sales, travel packages, and linked travel arrangements, and certain liability for performance of the services. Some parts of our business are already subject to the Package Directive, and as our offerings diversify and expand, we may become subject to additional requirements. Compliance with this directive could be costly and complex and, as a result of its requirements, we could choose to limit offerings that would otherwise be beneficial for the business. Further, the Package Directive is under legislative reform, and changes to its interpretation could be costly or complex, which may adversely affect our business, results of operations, and ability to grow and compete.

The implementation of unfavorable regulations or unfavorable interpretations of existing regulations by judicial or regulatory bodies could require us to incur significant compliance costs, cause the development of the affected markets to become impractical and otherwise have an adverse effect on our business and results of operations.

Compliance with requirements of multiple jurisdictions increases our cost of doing business. Global laws, regulations, and changing social, political and public policies, which sometimes conflict, impact a wide range of subjects, including the digital marketplace regulations, and laws prohibiting corrupt payments to governmental officials or third parties, data privacy requirements, emerging regulations governing the development, marketing, and use of AI, labor relations laws, non-discrimination, human rights or anti-human trafficking laws, tax laws, competition laws, export controls, sanctioned country or sanctioned persons mandates, sustainability, and consumer protection laws. Violations of these laws and regulations have resulted and in the future could result in fines, penalties, and criminal sanctions against us, our officers, or our employees and prohibitions on how or where we conduct business. In certain jurisdictions the basis of assessing damages is changing, which may make it difficult to estimate what such fines and penalties would amount to if successfully asserted against us. Violations could delay or prevent potential acquisitions and could materially damage our reputation, brands, global expansion efforts, ability to attract and retain employees and business partners, business, and operating results. Even if we comply with these laws and regulations, doing business in certain jurisdictions or violations of these laws and regulations by the parties with which we conduct business could harm our reputation and brands, which could adversely affect our results of operations. We could also face difficulties transferring funds from or converting currencies in certain countries. In addition, if these restrictions are not applicable to competitors, it may provide them a competitive advantage.

Additionally, our employees in certain countries are represented by works councils and/or trade unions. We are required to consult with works councils on certain matters (such as our Transformation Program), acquisitions and divestitures, and other matters that could impact our labor force. Consultation may not be completed on terms satisfactory to us and could result in increases in our cost of labor, diversion of management's attention away from operating our business, delays in certain initiatives, and expose us to claims and litigation.

We have made efforts and expect to make further efforts to integrate access to travel services across our various brands. These changes add complexity to legal and tax compliance and our internal controls, and our size and operating history may increase the likelihood that we will be subject to regulatory scrutiny or audits by tax authorities.

*There are various risks associated with the facilitation of payments, including risks related to fraud, compliance with evolving rules and regulations, and reliance on third parties.*

Our results have been and will likely continue to be negatively impacted by consumer purchases made using fraudulent payment cards, claims the consumer did not authorize the purchase, or consumers who have closed bank accounts or have insufficient funds in their bank accounts to satisfy payments. We may be held liable for fraudulent transactions on our platforms, as well as other payment disputes. Accordingly, we calculate and record an allowance for resulting chargebacks. If we are unable to successfully implement and evolve measures to detect and reduce the risk of fraud on our platforms, our business, profit margins, results of operations, and financial condition could be materially adversely affected.

We process the majority of our transactions on a merchant basis where we facilitate payments from travelers through payment cards and other payment methods. While processing transactions on a merchant basis allows us to offer a variety of payment methods and flexible transaction terms, we incur additional payment processing costs (which are typically higher for foreign currency transactions) and other costs related to these transactions, such as costs related to managing and detecting fraudulent payments and transactions. These costs may increase as we expand our payments services to consumers and partners, and our results of operations and profit margins could be materially adversely affected.

As a greater percentage of our transactions involve us processing payments, our global systems and processes must be managed on a larger scale, which adds complexity, administrative burdens and costs, and increases the demands on our systems and controls, which could adversely affect our results of operations. In addition, as our payment processing activities develop or expand into different geographies, we are subject to additional regulations, including financial services and export controls regulations, which would result in increased compliance costs and complexities, including those associated with the implementation of new or advanced internal controls. Compliance with and implementation of the EU's Payment Services Directive 2 and similar or successor legislation such as the EU's Payment Services Directive 3 and Payment Services Regulations may be difficult to adhere to in a timely manner or at all and may result in increased compliance costs, and be administratively burdensome, any of which could negatively impact our business and results of operations.

Regulators (or we) may determine, and in some cases are likely to determine, that certain aspects of our business are subject to laws that govern payments activities, such as money transmission and online payments processing, which could require us to obtain licenses to continue to operate in certain jurisdictions or result in modification or interruption of our business plans, which would materially adversely affect our business and results of operations. We have invested and will need to continue to invest substantial resources to comply with applicable laws and regulations, and failure to maintain compliance with applicable licensing requirements, payment services, customer fund safeguarding, or related regulations could lead to fines, which could be significant, or require us to modify or interrupt our business practices, plans, or operations, any of which could negatively impact our business, results of operations, and profit margins. Certain of our subsidiaries that provide payment services in support of our brands are subject to licensing and regulations that impose notice and approval obligations on investors that seek indirect or direct ownership, in the aggregate, of 10% or more of our outstanding shares. Regulations relating to operational resilience, including the EU's Digital Operations Resilience Act, consumer protection, privacy, and security of our processes also apply to us. Further, our payments systems are susceptible to illegal and improper uses, including money laundering, terrorist financing, fraudulent sales of goods or services, and transactions by or with sanctioned parties.

We are also subject to payment card association rules and obligations under our contracts with the card schemes and our payment card processors, and indirectly to the rules of payment systems in respect of credit (i.e., account to account) transfers. The rules of the card schemes and payment systems are often updated or interpreted in different ways, and we may need to adjust our systems and/or processes to comply with updated obligations. If we fail to comply with such obligations, we may be fined, required to pay additional processing fees, lose our ability to accept certain credit and debit card payments from our customers, or facilitate other types of online payments, any of which would negatively impact our business, operating results, and profit margins. Under card association rules, including the Payment Card Industry Data Security Standard (the "Standard"), if information is compromised, we could be liable to payment card issuers for associated expenses and penalties, and in some cases, we could be restricted in our ability to accept payment cards. Under certain circumstances in our agreements with the card schemes and in relation to the Standard, we are also subject to periodic audits, self-assessments, and other assessments of our compliance with the rules and obligations of the payment card associations and the Standard, which could result in additional expenses and administrative burdens. In addition, if we fail to follow the Standard, even if no consumer information is

compromised, we could incur significant fines or experience a significant increase in payment card transaction costs. Compliance with the Standard may not prevent all security incidents.

We rely on banks, card schemes, and other payment processors to execute certain components of the payments process. For inbound payments, we pay these third parties interchange and other processing and gateway fees to facilitate payments from consumers to travel service providers. If we are unable to maintain our relationships with these third parties on favorable terms, fees are increased, or if we provide security, our profit margin, business, and results of operations could be harmed. Additionally, if these third parties experience service disruptions or if they cease operations, consumers and travel service providers could have difficulty making or receiving payments, which could adversely impact our reputation, business, and results of operations.

In addition, in the event that one of our major travel service providers declares bankruptcy or otherwise ceases or limits operations, we could experience an increase in chargebacks from customers with travel reservations with such travel service provider and we could experience financial loss from certain prepayments made to such travel service provider if we are not able to recover the prepayments.

*We face risks related to our intellectual property.*

We rely on intellectual property such as trademarks, copyrights, patents, and trade secrets to support our business as well as domain names or other intangible rights or property secured through purchase, licensing or other agreements with our employees, travel service providers, partners, and other parties. We have filed applications for protection of certain aspects of our intellectual property, and we currently hold a number of issued patents in several jurisdictions. In the future we may acquire additional intellectual property portfolios, which could require significant cash expenditures. We have licensed and may in the future license certain of our proprietary rights to third parties, and these licensees may take actions that diminish the value of our proprietary rights or harm our reputation. Additionally, we periodically use open source software in connection with our software development, which use could subject us to claims of ownership from other parties of what we believe to be open source software or non-compliance with open source licensing terms, or require us to disclose our proprietary source code. Further, there is uncertainty about the validity and enforceability of intellectual property rights related to our use of Gen AI. Effective intellectual property protection may not be available in every country in which our services are made available, particularly in certain jurisdictions in which theft of intellectual property may be more prevalent. We may be required to expend significant time and resources to prevent infringement or to enforce our intellectual property rights.

We endeavor to defend our intellectual property rights diligently, but intellectual property litigation is expensive and time-consuming and may divert management from business objectives. We may not be able to successfully defend our intellectual property rights or our intellectual property rights may not be sufficient, which could adversely affect our business, brands, and results of operations.

From time to time, in the ordinary course of our business, we may be subject to legal proceedings and claims relating to the intellectual property rights of others. Successful infringement claims against us could result in a significant monetary liability, halt our operations, or necessitate costly business practices changes or the development of non-infringing alternatives. In addition, resolution of claims may require us to obtain licenses to intellectual property rights belonging to third parties, which may be expensive to procure, or require us to cease using those rights altogether. Any of these events could have an adverse effect on our business, results of operations, and financial condition.

*We face risks relating to our environmental and social objectives, including climate-related commitments we have made that require us to invest effort, resources, and management time, and failing to meet those objectives may adversely impact our reputation, employee retention, and willingness of customers and partners to do business with us.*

Environmental and social matters are an area of evolving focus among our stockholders and other stakeholders, including customers, partners, employees, governments, regulators, and non-governmental organizations, and business partners and vendors. We have invested in various initiatives regarding matters such as environmental sustainability, inclusion, and human rights, but such initiatives are costly and may not have the desired effect. For example, we have made climate-related commitments through our Climate Action Plan and continue to evaluate whether we, our partners, and our vendors are able to meet evolving sustainability and other standards, particularly as AI-related energy consumption increases. We may need to invest significant effort and resources relating to required environmental and social disclosures, and inconsistent and uncertain regulations may lead us to revise or discontinue our commitments or how we measure and report data. In addition, regulatory developments regarding sustainability labeling have resulted and could result in further changes to, or the discontinuation of, environmental and social programs or objectives.

If our environmental and social practices and disclosures do not meet evolving investor or other stakeholder expectations or regulatory requirements, then our reputation, ability to attract or retain employees, and our attractiveness as an investment or business partner could be negatively impacted. Similarly, our failure or perceived failure to pursue or fulfill environmental and social related objectives, comply with divergent expectations or requirements across geographies, or satisfy complex and potentially contradictory reporting obligations could expose us to government enforcement actions, private litigation, and actions by stockholders or stakeholders, and adversely impact our business, brands, or reputation.

*Regulations and policies impacting the way corporations use cookies and other online tracking technologies could negatively impact the way we do business.*

There are several privacy-driven initiatives that are changing the collection and use of consumer data in the digital marketing ecosystem. These include: requirements by browsers such as Safari and Google Chrome to require opt-in consent for third-party cookies; restrictions on the use of the identifier for advertisers (such as the Apple "IDFA") by mobile device manufacturers; Apple's iCloud+ Private Relay (which hides a user's IP address from websites that the user accesses in favor of other IP addresses provided by Apple's partners); and the adoption of regulations that govern the use of cookies. For example, in the EU, the ePrivacy Directive regulates the use of cookies and similar technologies, including limitations on the use of data and guidelines for enabling users to accept or reject cookies. Authorities may assert, and in some cases are likely to determine, that our collection, use, or management of customer and other data is inconsistent with laws and regulations, including laws that apply to cookies or similar technology, and there may be significant penalties for non-compliance. In the EU, the ePrivacy Directive is implemented in national laws as a result of which different interpretations and requirements apply on a country by country basis. EU regulators continue to issue guidance concerning the ePrivacy Directive's requirements regarding the use of cookies and similar technologies and may impose specific measures which could impact our use of such technologies. In addition, the ePrivacy Directive and national implementation laws impose additional limitations on the use of data across messaging products and include significant penalties for non-compliance. In the U.S., disclosure requirements and limitations may apply to the use of certain cookies and other online tracking technologies deemed to be sales of personal information under the CCPA or other state laws. If these initiatives or regulations impair our ability to serve customers or if we are less effective than our competitors in addressing these issues, our ability to improve performance on our platforms, business, competitive position, and results of operations could be adversely affected. Further, failure or perceived failure to comply with evolving privacy regulations, guidance, and interpretations could result in significant fines, government enforcement actions, private litigation, and harm to our business, results of operations, or reputation.

## **Financial Risks**

*Our liquidity, credit ratings, and ongoing access to capital could be materially and negatively affected by global financial conditions and events.*

Our continued access to sources of liquidity depends on multiple factors, including global economic and financial market conditions, the availability of sufficient amounts of financing, our ability to meet debt covenant requirements, our operating performance, and our credit ratings. Increased volatility in financial and securities markets will generally make access to capital less certain. Further, if our credit ratings were to be downgraded or if financing sources were to ascribe higher risk to our rating levels, our industry or us, our access to capital and the cost of any financing would be negatively impacted. We currently have \$2 billion available under our revolving credit facility, which contains certain financial covenants that we need to comply with in order to access such liquidity. There can be no assurance that we will be able to meet the covenant requirements at any particular time. The lenders have the right to require repayment of any amounts borrowed under the facility if we are not in compliance.

There is no guarantee that additional debt financing will be available in the future on commercially reasonable terms or at all, in which case we may need to seek other sources of funding. In addition, the terms of future debt agreements could include more restrictive covenants, which could restrict our business operations.

*We are exposed to fluctuations in foreign currency exchange rates.*

Our businesses outside of the U.S. represent a substantial majority of our financial results, but because we report our results in U.S. Dollars, we face exposure to movements in foreign currency exchange rates (principally related to Euros and British Pounds Sterling). When the U.S. Dollar strengthens against other currencies in which we transact, our foreign-currency-denominated net assets, gross bookings, revenues, operating expenses, and net income are lower as expressed in U.S. Dollars. When the U.S. Dollar weakens against other currencies in which we transact, our foreign-currency-denominated net assets, gross bookings, revenues, operating expenses, and net income are higher as expressed in U.S. Dollars. Foreign currency exchange rate fluctuations on transactions denominated in currencies other than the functional currency result in gains and losses that are reflected in our financial results.

Significant fluctuations in foreign currency exchange rates can affect consumer travel behavior. Consumers traveling from a country whose currency has weakened against other currencies may book lower ADR accommodations, choose to shorten or cancel their international travel plans, or choose to travel domestically rather than internationally, any of which could adversely affect our gross bookings, revenues, and results of operations.

*Our stock price is highly volatile.*

The market price of our common stock is highly volatile and subject to fluctuations in response to factors such as:

- financial or operating results that vary from expectations, changes in expectations as to our future financial or operating performance, or changes in our capital structure;

- worldwide political and economic conditions, including the effects of inflation, changes in interest rates, market volatility, or fluctuations in foreign currency exchange rates, particularly between the U.S. Dollar and the Euro;
- occurrence of a significant security breach or business interruption;
- impact of our share repurchase and dividend programs;
- changes in market valuations of other technology, e-commerce, or travel companies, or announcements of significant business or operational changes by us or our competitors;
- announcements of Gen AI developments or related product launches, particularly relating to agentic capabilities;
- initiation of significant litigation or regulatory proceedings against us or adverse developments in pending proceedings;
- lack of success in expanding our business; and
- additions or departures of key personnel.

Sales of a substantial number of shares of our common stock could adversely affect the market price of our common stock by introducing a large number of sellers or short sellers to the market. In addition, fluctuations in our stock price and our price-to-earnings multiple may have made or may make our stock attractive to momentum, hedge, or day-trading investors, which could exacerbate price fluctuations.

The market for technology stocks or the stock market in general has experienced extreme price and volume fluctuations, which has caused, and may cause in the future, a decrease in the market price of our common stock due to a number of factors, many of which are out of our control. To the extent that the public's perception of the prospects of technology, e-commerce, or travel companies is negative, our stock price could decline, regardless of our operating results or financial performance.

In the past, we have been a defendant in securities class action litigation. If our stock price declines or is volatile, it could increase the chances that we become the target of securities class action litigation, which could result in substantial costs and divert management's attention and resources, either of which could adversely affect our business, financial condition, and results of operations.

*We face increased risks if the level of our debt increases.*

We have a substantial amount of outstanding indebtedness and we may incur substantial additional indebtedness in the future. Our indebtedness may have significant consequences, which may be amplified if our cash flow and earnings decrease, and could include:

- requiring the dedication of a portion of our cash flow from operations to service our indebtedness, thereby reducing the amount of cash flow available for other purposes;
- increased vulnerability to downturns in our business, competitive pressures, and adverse changes in general economic and industry conditions, and less flexibility when planning for or reacting to changes in our business and industry; and
- decreased or lost ability to obtain additional financing on terms acceptable to us.

Our ability to make payments of principal and interest on our indebtedness depends upon our future performance, which is subject to many factors beyond our control. Further, we may not have access to equity or debt markets or other sources of financing, or such financing may not be available to us on commercially reasonable terms, to repay or refinance our debt as it comes due. Our ability to make share repurchases and the payment of dividends rely on our access to capital, which depends on cash flow generated by our business and the availability of financing.

*The value of our investments could decline, which could adversely affect our financial condition and results of operations.*

We maintain an investment portfolio, which typically includes marketable debt securities and equity securities of publicly-traded companies, the values of which are subject to market price volatility, and investments in private entities. Credit losses, impairments, and changes in the fair values of our investments could be volatile and they have had, and are likely to continue to have, a significant impact on our quarterly net income (or loss).

Our investments in private entities are inherently risky in that such companies are typically at an early stage of development, may have no or limited revenues, may not be or ever become profitable, may not be able to secure additional funding, or their technologies, services, or products may not be successfully developed or introduced to the market. Further, our ability to liquidate any such investments is typically dependent on a liquidity event as no public market exists for such securities. Valuations of privately-held entities are inherently complex and uncertain due to the lack of a liquid market for such securities. We could lose the full amount of any of our investments, and impairment of our investments could have a material adverse effect on our financial condition and results of operations.

#### **Item 1B. Unresolved Staff Comments**

None.

#### **Item 1C. Cybersecurity**

We are dedicated to managing cybersecurity, privacy, and data protection and security risks. We employ various tools, processes, technologies, and controls to identify and manage such risks.

Cybersecurity risk is generally integrated into our overall risk management processes. The Company's management-level risk committee (which includes representation from senior management in the finance, internal audit, cybersecurity, and legal functions, among others) identifies and assesses key risks facing the organization. This committee is tasked with ensuring risks, including those related to cybersecurity, are managed and aligning strategic objectives with an appropriate level of risk tolerance. The Company's internal audit function, with primary oversight by the Audit Committee, reviews and audits various aspects of the Company's risk management program to evaluate whether cybersecurity risks are appropriately identified and managed.

The Cyber Risk Management Policy establishes the framework for our cybersecurity risk management and governance, and our security teams operationalize the policy across the Company and conduct cyber risk identification, assessment, management, and reporting. Our privacy teams are responsible for managing data protection risks, including tracking certain risks across the business. We leverage the National Institute of Standards and Technology ("NIST") frameworks for cybersecurity and privacy. We annually measure our security and privacy program maturity against the NIST frameworks and engage a third party every other year to assess against these frameworks. The results of these assessments are discussed with the Board of Directors and the Cybersecurity Subcommittee of the Audit Committee.

Our processes for managing cybersecurity risks are embedded across our business. Among other things, we require all employees to complete regular data security and privacy trainings, and conduct phishing tests and specialized training such as secure coding training for our developers. We also undertake various integrated planning and preparedness activities, such as tabletop simulations, vulnerability tests, and red team exercises to evaluate the effectiveness of our security and privacy program and improve our security measures and planning.

Our security teams have established procedures for identifying and managing cybersecurity incidents. We also maintain incident response and recovery plans for critical systems that address our response to a cybersecurity incident, and such plans are tested and evaluated on a periodic basis. Incidents are first triaged for severity, and then assessed and escalated as appropriate by a cross functional working group of security, privacy, and legal personnel (consulting with outside counsel or experts as appropriate).

Our internal audit function performs its own cybersecurity and privacy audits and reviews certain related practices as part of assessing our internal control over financial reporting. From time to time we have taken steps to improve our practices and remedy deficiencies that have been identified. Our enterprise-wide information security program is also independently assessed every other year by a third party as part of our enterprise risk management, and the Cybersecurity Subcommittee reviews the findings.

Third-party service providers upon which we depend, including global distribution systems ("GDSs"), payment service providers, and computerized central travel reservation systems, may access our data and connect to our computer networks. We define confidentiality, security, and privacy requirements through our contracting processes and perform third-party cyber risk assessments to monitor such third parties as needed.

Although we expend significant resources to protect against security breaches, our existing security measures have not been and may not be successful in preventing all attacks. We have experienced cybersecurity incidents and threats. We do not believe these incidents have had a material adverse effect on our Company, including our business, results of operations, or financial condition. However, the threat landscape is continuously evolving and we, along with others operating digital platforms, face persistent and increasingly sophisticated threats. See Part I, Item 1A, Risk Factors - "Information Security, Cybersecurity, and Data Privacy Risks."

#### **Governance**

The Board and Audit Committee are responsible for oversight related to cybersecurity, privacy, and data protection and security. The Cybersecurity Subcommittee of the Audit Committee oversees management's efforts and processes to identify, assess, and manage significant cybersecurity and privacy risks and regulatory developments. Cybersecurity and privacy leaders meet with the Cybersecurity Subcommittee to discuss the steps management has taken to manage relevant risk exposures and their potential impact on the Company's business, operations, and reputation. The Cybersecurity Subcommittee reports periodically on these matters to the Audit Committee and the Board.

The individuals serving in the roles of chief security officer and chief privacy officer have enterprise-wide responsibility for managing cybersecurity, data protection and security, and privacy risks, respectively. These leaders collectively have over 25 years of relevant work experience in public companies and extensive industry expertise.

#### **Item 2. Properties**

We lease office space facilities for our corporate headquarters in Norwalk, Connecticut, United States of America. We lease additional space, including office space and data center facilities in various locations around the world, to support our operations, the largest being the headquarters of our Booking.com business in Amsterdam, Netherlands.

We believe that our existing facilities are adequate to meet our current requirements, and that suitable additional or substitute space will be available as needed to accommodate any further expansion of operations.

#### **Item 3. Legal Proceedings**

A description of any material legal proceedings to which we are a party is included in [Note 16](#) to our Consolidated Financial Statements included in this Annual Report on Form 10-K for the year ended December 31, 2025, and is incorporated into this Item 3 by reference.

#### **Item 4. Mine Safety Disclosures**

Not applicable.

## PART II

### **Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities**

#### **Common Stock**

Our common stock is quoted on the NASDAQ Global Select Market under the symbol "BKNG."

#### **Holders**

At February 10, 2026, there were approximately 99 shareholders of record of Booking Holdings Inc.'s common stock.

#### **Dividend Policy**

On January 25, 2024, our Board of Directors (the "Board") adopted a dividend policy pursuant to which we intend to pay quarterly cash dividends on our common stock. Declaration of dividends pursuant to the policy will be subject to the Board's consideration of, among other things, our financial performance, cash flows, capital needs, and liquidity.

Pursuant to the dividend policy, cash dividends of \$1.2 billion were paid during the year ended December 31, 2025 and in February 2026, the Board declared a cash dividend of \$10.50 per share of common stock, payable on March 31, 2026 to stockholders of record as of the close of business on March 6, 2026.

#### **Performance Measurement Comparison**

The following graph shows the total stockholder return through December 31, 2025 of an investment of \$100 in cash on December 31, 2020 for our common stock and an investment of \$100 in cash on December 31, 2020 for (i) the NASDAQ Composite Index, (ii) the Standard and Poor's 500 Index, and (iii) the Research Data Group ("RDG") Internet Composite Index. The RDG Internet Composite Index is an index of stocks representing the internet industry, including internet software and service companies and e-commerce companies. Historic stock performance is not necessarily indicative of future stock price performance. All values assume reinvestment of the full amount of all dividends and are calculated as of the last day of each month:

#### **COMPARISON OF 5 YEAR CUMULATIVE TOTAL RETURN\***

Among Booking Holdings Inc., the NASDAQ Composite Index,  
the S&P 500 Index and the RDG Internet Composite Index

Measurement Point December 31	Booking Holdings Inc.	NASDAQ Composite Index	S&P 500 Index	RDG Internet Composite
2020	100.00	100.00	100.00	100.00
2021	107.72	122.18	128.71	97.88
2022	90.48	82.43	105.40	59.35
2023	159.26	119.22	133.10	86.60
2024	225.04	154.48	166.40	115.41
2025	244.36	187.14	196.16	138.27

#### Issuer Purchases of Equity Securities

During the year ended December 31, 2025, we repurchased shares of our common stock for an aggregate cost of \$6.4 billion, including \$532 million to repurchase shares of our common stock withheld to satisfy employee withholding tax obligations related to stock-based compensation.

The following table sets forth information relating to repurchases of our equity securities during the three months ended December 31, 2025 (in billions, except share and per share data):

#### ISSUER PURCHASES OF EQUITY SECURITIES

Period	Total Number of Shares (or Units) Purchased	Average Price Paid per Share (or Unit) <sup>(1)</sup>	Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs
October 1, 2025 – October 31, 2025	125,148 <sup>(2)</sup> 987 <sup>(4)</sup>	\$ 5,171 \$ 5,154	125,148 N/A	\$ 23.3 <sup>(2)(3)</sup> N/A
November 1, 2025 – November 30, 2025	187,491 <sup>(2)</sup> 1,205 <sup>(4)</sup>	\$ 4,898 \$ 5,050	187,491 N/A	\$ 22.4 <sup>(2)(3)</sup> N/A
December 1, 2025 – December 31, 2025	103,385 <sup>(2)</sup> 549 <sup>(4)</sup>	\$ 5,216 \$ 5,197	103,385 N/A	\$ 21.8 <sup>(2)(3)</sup> N/A
Total	<u>418,765</u>		<u>416,024</u>	\$ 21.8

(1) These amounts exclude the 1% excise tax mandated by the Inflation Reduction Act on share repurchases.

(2) Pursuant to a stock repurchase program announced on February 23, 2023, whereby we were authorized to repurchase up to \$20 billion of our common stock.

(3) In the first quarter of 2025, the Board authorized a program to repurchase up to \$20 billion of our common stock.

(4) Pursuant to a general authorization, not publicly announced, whereby we are authorized to repurchase shares of our common stock to satisfy employee withholding tax obligations related to stock-based compensation. The table above does not include adjustments during the three months ended December 31, 2025 to previously withheld share amounts that reflect changes to the estimates of employee tax withholding obligations.

#### Item 6. [Reserved]

## Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

*The following discussion should be read in conjunction with Part I, Item 1A "Risk Factors" and our Consolidated Financial Statements and accompanying notes.*

**We evaluate certain operating and financial measures on both an as-reported and constant currency basis. We calculate constant currency based on the predominant transactional currency in each country, converting our current year results in currencies other than U.S. Dollars using the corresponding prior year monthly average exchange rates.**

### Overview

Our mission is to make it easier for everyone to experience the world. We aim to provide consumers with a best-in-class experience with tailored planning, payment, language, and other options, seamlessly connecting them with our travel service provider partners. We offer these services through five primary consumer-facing brands: Booking.com, Priceline, Agoda, KAYAK, and OpenTable. See Notes 1 and 17 to our Consolidated Financial Statements for segment reporting and geographic information.

We derive substantially all of our revenues from enabling consumers to make travel service reservations. We also earn revenues from payment facilitation, advertising, restaurant reservation and management services, travel-related insurance offerings, and other services.

### Trends

Our global room nights in 2025 increased 8% year-over-year driven primarily by healthy travel demand in Europe and Asia. We saw the booking window expand in 2025 compared to 2024, which benefited year-over-year room night growth.

In the fourth quarter of 2025, global room nights increased 9% year-over-year. We saw healthy travel demand across all our major regions in the fourth quarter of 2025.

While the geopolitical and macroeconomic environment can impact global travel demand, we believe our diversified global portfolio of leading travel brands, flexible platforms, and strong financial position helps us to navigate a range of scenarios. We continue to take a long-term view, staying focused on delivering value to our travelers and partners, maintaining disciplined cost management, and making strategic investments as appropriate.

**Full Year Room Nights and Change versus the prior year<sup>(1)</sup>**

(1) Room night growth rates are rounded for presentation purposes.

The cancellation rate in 2025 was lower than the prior year. Because we recognize revenues from bookings when the traveler checks in, our reported revenues are not at risk of being reversed due to cancellations. Increases in cancellation rates can negatively impact our marketing efficiency as a result of incurring performance marketing expenses at the time a booking is made even though that booking could be canceled in the future.

In 2025, our global average daily rates ("ADRs") on a constant currency basis were about in line with the prior year. Our global ADRs were slightly negatively impacted by a higher mix of room nights in Asia, which is a lower ADR region. Excluding the changes in regional mix, our global ADRs on a constant currency basis were up approximately 1% year-over-year, driven primarily by higher ADRs in Europe.

We focus on relentless innovation to grow our business by providing a best-in-class user experience with intuitive, easy-to-use platforms that aim to exceed the expectations of consumers. We are executing against our long-term strategy to create an ideal AI-powered traveler experience, offering our customers relevant options and suggestions at the times and in the language they want them, making trips booked with us seamless, easy, and valuable. We refer to this as the "Connected Trip." The goal of our Connected Trip vision is to offer a differentiated and personalized travel planning, booking, payment, and in-trip experience for each trip, enhanced by a robust loyalty program that provides value to travelers and partners across all trips. We believe these efforts will help improve traveler loyalty, frequency, and mix of direct bookings over time. We believe these improvements will benefit revenue growth and marketing efficiency in the future, however, to the extent our non-accommodation services have lower margins and increase as a percentage of our total business, our operating margins may be negatively affected.

Our mobile apps are an important platform for experiencing the Connected Trip since the app travels with the traveler. The mix of our room nights booked on our mobile apps in 2025 was a mid-fifties percentage, up from a low-fifties percentage in 2024. The significant majority of room nights booked on our mobile apps are direct, and we continue to see favorable repeat direct booking behavior from consumers in our mobile apps, which allow us more opportunities to engage directly with them. The revenues earned on a transaction on a mobile app may be less than a typical desktop transaction as we see different consumer purchasing patterns across devices. For example, accommodation reservations made on a mobile app typically are for shorter lengths of stay and have lower accommodation ADRs.

We continue to expand our merchant service offerings as part of a broader strategy to provide more payment options to travelers and travel service providers, increase the variety of our accommodations, and enable our long-term Connected Trip strategy. These merchant services allow us to facilitate payments from travelers and offer secure, flexible transaction terms, such as varied payment forms, currencies, and timing. The mix of our total gross bookings generated on a merchant basis across the company was 70% in 2025, an increase from 63% in 2024 due to the ongoing shift from agency to merchant bookings at Booking.com. We believe that expanding these types of service offerings will benefit consumers and travel service providers, as well as our gross bookings, room night, and earnings growth rates. However, this results in additional expenses for personnel, payment processing, chargebacks (including those related to fraud), and other expenses related to these transactions, which are recorded in "Personnel" expenses and "Sales and other expenses" in our Consolidated Statements of Operations, as well as associated incremental revenues (e.g., payment card rebates), which are recorded in "Merchant revenues." To the extent more of our business is generated on a merchant basis, we incur a greater level of these merchant-related expenses, which negatively impacts our operating margins despite increases in associated incremental revenues. In 2025, the incremental revenues from facilitating payments were greater than the associated incremental variable expenses.

We have established widely-used and recognized brands through marketing and promotional campaigns. Our total performance and brand marketing expenses, which are substantially variable in nature, were \$8.2 billion in 2025, up 12.5% versus 2024 as a result of the year-over-year growth in travel demand and due to changes in foreign currency exchange rates. Our performance marketing expenses, which represent a substantial majority of our marketing expenses, are primarily related to the use of online search engines (primarily Google), affiliate marketing, meta-search, and social media channels to generate bookings through our platforms. Our brand marketing expenses are primarily related to costs associated with producing and airing digital branding and television advertising.

Marketing efficiency, expressed as marketing expenses as a percentage of gross bookings, and performance marketing returns on investment ("ROIs") are impacted by a number of factors that are in some cases outside of our control. Such factors include ADRs, costs per click, cancellation rates, foreign currency exchange rates, search engine bidding algorithms, channel mix, our ability to convert paid traffic to booking customers, and the timing and effectiveness of our brand marketing and social media marketing campaigns. In 2025, our average ROI was down slightly year-over-year driven by changes in paid traffic mix and increased social media spend. When evaluating our performance marketing spend, we typically consider several factors for each channel, such as the customer experience on the advertising platform, the incremental bookings we receive, and anticipated repeat rates. Marketing efficiency is also impacted by the extent to which consumers book directly with us. The mix of our total room nights booked by consumers coming directly to our platforms was a mid-fifties percentage in 2025, and was higher if we exclude the room nights booked through affiliate programs (i.e., business-to-business). The mix of total room nights booked by consumers coming directly to our platforms increased year-over-year, which benefited our marketing efficiency for 2025. See Part I, Item 1A, Risk Factors - *"We face risks relating to our marketing efforts"* and *"We are dependent on travel service providers, restaurants, search platforms, and other third parties."*

Booking.com had approximately 4.4 million total properties on its website at December 31, 2025, representing an increase from approximately 4.0 million total properties at December 31, 2024. At December 31, 2025, the total properties on Booking.com's website consisted of approximately 3.9 million alternative accommodation properties (including homes, apartments, and other unique places to stay) and approximately 500,000 hotels, motels, and resorts.

The mix of Booking.com's room nights booked for alternative accommodation properties in 2025 was approximately 36%, up versus approximately 35% in 2024. We have observed a longer-term trend of an increasing mix of room nights booked for alternative accommodation properties as consumer demand for these types of properties has grown, and as we have increased the number and variety of these properties on Booking.com. We may experience lower profit margins due to additional costs from offering alternative accommodations, such as increased customer service or certain partner related costs. As our alternative accommodation business grows, these different characteristics may negatively impact our profit margins.

Although we believe that providing an extensive collection of properties, excellent customer service, and an intuitive, easy-to-use platform are important factors influencing a consumer's decision to make a reservation, for many consumers the price of the travel service is the primary factor determining whether to book. Discounting and couponing (i.e., merchandising) occurs across the major regions in which we operate, particularly in Asia. In some cases, our competitors are willing to make little or no profit on a transaction or offer travel services at a loss in order to gain market share. As a result, it is important to offer travel services at a competitive price, whether through discounts, coupons, closed-user group rates or loyalty programs, increased flexibility in cancellation policies, or otherwise. Some of these initiatives, such as discounts, may result in lower ADRs and lower revenues as a percentage of gross bookings as they can reduce the daily room rate and are recognized as contra-revenue.

Over the long term, we intend to continue to invest in marketing and promotion, technology, and personnel, as well as exploring strategic alternatives such as acquisitions, within parameters consistent with efforts to improve long-term operating results. To create room for these investments, we intend to continue to look for ways to optimize our expenses.

In the fourth quarter of 2024, we began the implementation of organizational changes to improve operating expense efficiency, increase organizational agility, free up resources that can be reinvested into further improving our offering to travelers and partners, and better position our business for the long term (the "Transformation Program"). The Transformation Program resulted in approximately \$250 million in savings in 2025. Given the stronger-than-expected early results of the Transformation Program, in the third quarter of 2025, we raised our expectation for the ultimate annual run-rate savings to a range of \$500 to \$550 million from our previous guidance of \$400 to \$450 million, as compared to our 2024 expense base. As of the end of 2025, we have enabled approximately \$550 million in annual run-rate savings and we expect to realize these run-rate savings by the end of 2026. We expect that the restructuring costs and accelerated investments related to the Transformation Program will largely be incurred by the end of 2026 and are estimated to be, in the aggregate, less than one times the expected annual run-rate savings.

Many taxing authorities seek to increase tax revenues and have targeted large multinational technology companies. Many jurisdictions, particularly in the EU, have implemented or are considering the adoption of a digital services tax or similar tax that imposes a tax on revenues earned from digital advertisements or the use of online platforms, even when there is no physical presence in the jurisdiction. Rates for these taxes range from 1.5% to 10% of revenues deemed generated in the jurisdiction. We record the applicable digital services taxes in "Sales and other expenses" in the Consolidated Statements of Operations. The recent One Big Beautiful Bill Act (the "BBB Act") changes certain international, foreign tax credit, and domestic tax provisions in the United States effective in 2025 and 2026. While the BBB Act did not result in a significant impact to our income tax expense or effective tax rate for 2025, we are evaluating the impact of the BBB Act and it could have a negative impact on our results of operations and cash flows as it relates to provisions that are not yet effective. See Part I, Item 1A, Risk Factors - *"We may have exposure to additional tax liabilities."*

Increased regulatory focus on large technology companies could result in increased compliance costs or otherwise adversely affect our business. For example, we are subject to rules and regulations that may not apply to our competitors because the European Commission designated the Company as a "gatekeeper" and Booking.com as a "Very Large Online Platform" under the Digital Markets Act and the Digital Services Act, respectively. See Part I, Item 1A, Risk Factors - *"Our business is subject to various competition, consumer protection, and online commerce laws and regulations around the world, and as the size of our business grows, scrutiny of our business in these areas may intensify"* and Note 16 to our Consolidated Financial Statements.

Our businesses outside of the U.S. represent a substantial majority of our financial results, but because we report our results in U.S. Dollars, we face exposure to movements in foreign currency exchange rates (principally related to Euros and British Pounds Sterling). See Note 17 to our Consolidated Financial Statements for information related to revenues by geographic area. As a result of these movements, the absolute amounts of and percentage changes in our foreign-currency-denominated net assets, gross bookings, revenues, operating expenses, and net income as expressed in U.S. Dollars are affected. Our total revenues increased by approximately 13% in 2025 as compared to 2024, including a benefit of about 3% from changes in foreign currency exchange rates. Since our expenses are generally denominated in foreign currencies on a basis similar to our revenues, our operating margins have not been significantly impacted by currency fluctuations.

We generally enter into derivative instruments to minimize the impact of foreign currency exchange rate fluctuations. In addition, we may designate certain portions of the aggregate principal value of our Euro-denominated debt as a hedge of the foreign currency exposure of the net investment in certain Euro functional currency subsidiaries. Foreign currency transaction gains or losses on the Euro-denominated debt that is not designated as a hedging instrument for accounting purposes are recognized in "Other income (expense), net" in the Consolidated Statements of Operations. Such foreign currency transaction gains or losses are dependent on the amount of net assets of the Euro functional currency subsidiaries, the amount of the Euro-denominated debt that is designated as a hedge, and fluctuations in foreign currency exchange rates. See Notes 6, 12, and 18 to our Consolidated Financial Statements and Part I, Item 1A, Risk Factors - *"We are exposed to fluctuations in foreign currency exchange rates."*

### **Critical Accounting Estimates**

Management's Discussion and Analysis of Financial Condition and Results of Operations is based upon our Consolidated Financial Statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. See Note 2 to our Consolidated Financial Statements for our significant accounting policies. Certain of our accounting estimates are important to our financial position and results of operations and require us to make difficult and subjective judgments, often as a result of the need to make estimates of matters that are inherently uncertain. We use our judgment to determine the appropriate assumptions to be used in the determination of certain estimates and we evaluate our estimates on an ongoing basis. Estimates are based on historical experience, terms of existing contracts, our observance of trends in the travel industry, and on other assumptions that we believe to be reasonable under the circumstances. Our actual results may differ from these estimates under different assumptions or conditions. Matters that involve significant estimates and judgments of management include the valuation of goodwill and other long-lived assets, income taxes, and contingencies.

#### **Valuation of Goodwill and other Long-lived Assets**

We review long-lived assets whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. The assessment of possible impairment is based upon the ability to recover the carrying value of the assets from the estimated undiscounted future net cash flows, before interest and taxes, of the related asset group. In the accounting for business combinations, the excess of the consideration transferred over the net of the amounts allocated to the identifiable assets acquired and liabilities assumed is recognized as goodwill. Goodwill is assigned to reporting units that are expected to benefit from the synergies of the business combination. When the composition of one or more reporting units is changed, goodwill is reassigned to the affected reporting units using a relative fair value approach. A substantial portion of our intangible assets and goodwill as of December 31, 2025 relates to the acquisitions of OpenTable and Getaroom.

We test goodwill for impairment on an annual basis and between annual tests if an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. We test goodwill at a reporting unit level and our annual goodwill impairment tests are performed as of September 30.

The estimation of the recoverable values of asset groups and the fair values of our reporting units reflects numerous assumptions that are subject to various risks and uncertainties, including key assumptions regarding each reporting unit's expected growth rates and operating margin and with respect to matters outside of our control, such as discount rates and market comparables. Actual results could be materially different than the judgments and estimates used. Generally, changes in the assumptions used for comparable company multiples would result in directionally similar changes in the fair value and changes in the assumptions used for discount rates would result in directionally opposite changes in the fair value. Future events and changing market conditions may lead us to re-evaluate the assumptions used to estimate the fair values of our reporting units. Such changes may include travel service providers reducing or withdrawing from our services, generative AI better enabling or offering alternatives for travel service providers to reach consumers, or competitors affecting our ability to market to and reach consumers in a cost-efficient way.

#### *Impairment of Goodwill and Intangible Assets*

As of September 30, 2025, we performed our annual goodwill impairment test. Except for the KAYAK reporting unit, the fair values of our reporting units exceeded their respective carrying values.

For the KAYAK reporting unit's goodwill, we recognized an impairment charge of \$180 million for the three months ended September 30, 2025, resulting in an adjusted carrying value of \$203 million at September 30, 2025. In addition, for the KAYAK asset group's intangible assets (trade names and supply and distribution agreements), we recognized an impairment charge of \$277 million for the three months ended September 30, 2025. The impairments were primarily driven by a reduction in the forecasted cash flows for KAYAK, reflecting its meta-search business being impacted by expected increases in customer acquisition costs.

The estimated fair value of KAYAK was determined using a combination of standard valuation techniques, including an income approach (discounted cash flow) and a market approach (applying comparable company multiples). The income approach estimates fair value utilizing long-term growth rates and discount rates applied to the cash flow projections. An increase or decrease of one percentage point to the earnings before interest, taxes, depreciation and amortization ("EBITDA") growth rates used in the cash flow projections would result in an increase of approximately \$45 million and a decrease of approximately \$40 million, respectively, to the estimated fair value of KAYAK as of September 30, 2025. The discount rate is determined based on the reporting unit's estimated weighted-average cost of capital and adjusted to reflect the risks inherent in its cash flows, which require significant judgments. If the discount rate used in the income approach increases or decreases by 0.5%, the impact to the estimated fair value of KAYAK at September 30, 2025 ranges from a decrease of approximately \$20 million to an increase of approximately \$25 million. The market approach estimates value using prices and other relevant information generated by market transactions involving comparable publicly-traded companies, including the use of the EBITDA multiple. A change in the assumption used for the EBITDA multiple would result in a directionally similar change in the fair value.

At September 30, 2025, the fair values of KAYAK's trade names and supply and distribution agreements were \$103 million and \$76 million, respectively, estimated using an income approach. The key unobservable inputs used for these intangible assets include royalty rates, distributor margins, and supplier attrition rates (in the range of 2% to 5%, as applicable) and the useful lives of the trade names (20 years). Significant changes in any of these inputs in isolation would result in significantly different fair value measurements. Generally, a change in the assumption used for the royalty rate, distributor margin, and expected useful life would result in a directionally similar change in the fair value and a change in the assumption used for the attrition rate would result in a directionally opposite change in the fair value.

See Note 11 to our Consolidated Financial Statements for additional information.

#### **Income Taxes**

We determine our tax expense based on income and statutory tax rates applicable in the jurisdictions in which we operate. Due to the complex and dynamic nature of tax legislation, significant judgment is required in computing our tax expense and determining our tax positions. The U.S. Tax Cuts and Jobs Act (the "Tax Act") enacted in December 2017 made significant changes to U.S. federal tax law, including a one-time deemed repatriation tax imposed on accumulated unremitted international earnings. We do not intend to indefinitely reinvest our international earnings that were subject to U.S. taxation pursuant to the mandatory deemed repatriation or subject to U.S. taxation as global intangible low-taxed income ("GILTI").

We regularly review our deferred tax assets for recoverability considering historical profitability, projected future taxable income, the expected timing of the reversals of temporary differences, and tax planning strategies and record valuation allowances as required.

We are subject to ongoing tax examinations and assessments, and face challenges regarding the amount of taxes due from time to time. Although we believe that our tax filing positions are reasonable and comply with applicable law, we regularly review our tax filing positions, especially in light of tax law or business practice changes, and we may change our positions or determine that previous positions should be amended, either of which could result in changes to our tax liabilities. The final determination of tax audits or tax disputes may be different from what is reflected in our historical income tax provisions and accruals.

The evaluation of tax positions and recognition of income tax benefits require significant judgment and we consult with external tax and legal counsel as appropriate. We consider the technical merits of our tax positions along with the applicable tax statutes, related interpretations and precedents, and our expectation of the outcome of proceedings (or negotiations) with tax authorities. We recognize liabilities when we believe that uncertain positions may not be fully sustained upon audit by the tax authorities, including any related appeals or litigation processes. Liabilities recognized for uncertain tax positions are based on a two-step approach for recognition and measurement. First, we evaluate the tax position for recognition by determining if the weight of available evidence indicates it is more likely than not that the position will be sustained based on its technical merits. Second, we measure the tax benefit as the largest amount that is more than 50% likely of being realized upon ultimate settlement. Interest and penalties attributable to uncertain tax positions, if any, are recognized as a component of income tax expense. The tax benefits ultimately realized by us may be different than what is recorded in the financial statements due to future events such as our settling a matter with tax authorities or our success in sustaining our tax positions.

See Notes 15 and 16 to our Consolidated Financial Statements for additional information.

#### **Contingencies**

Loss contingencies (other than income tax-related contingencies disclosed above) arise from actual or possible claims and assessments and pending or threatened litigation that may be brought against us. Based on our assessment of loss contingencies at each balance sheet date, a loss is recorded in the financial statements if it is probable that an asset has been impaired or a liability has been incurred and the amount of the loss can be reasonably estimated. If the amount of the loss cannot be reasonably estimated, we disclose information about the contingency in the financial statements. We also disclose information in our financial statements about reasonably possible loss contingencies.

The determination of whether a loss is probable and whether the amount of the loss can be reasonably estimated requires significant judgment and evaluation of all the underlying facts and circumstances including judgments about the potential actions of third-party claimants, regulatory authorities, and courts. Claims, assessments, and litigations involve significant uncertainties such as the complexity of the facts, the legal theories involved, the nature of the claims, the judgment of the courts, the applicable methodology for determining potential damages, and, in the case of class actions, whether a class action can be certified and members of the class choose to participate in the litigation.

For a contingency that might result in a gain, substantially all uncertainties about its realization should be resolved before it is recognized in the financial statements. Recoveries of costs and losses incurred in the past and recorded in the financial statements are recognized when the recovery is probable, reasonably estimable, and there is direct linkage to the loss event. Establishing direct linkage requires judgment and evaluation of all the underlying facts and circumstances, including the relationship between the recovery, the loss event, and the costs and losses incurred.

On a quarterly basis, we update our analysis and estimates considering available information, including the impact of negotiations, settlements, rulings, and advice of legal counsel. Changes in our assessment of whether a loss is probable, our estimate of the loss, or our determination of whether the amount of loss can be reasonably estimated could have a material impact on our results of operations and financial position. Changes in our assumptions regarding a particular matter or the effectiveness of our strategies related to legal and other proceedings could also have a material impact on our results of operations and financial position. For all loss contingencies, until a matter is finally resolved, there may be an exposure to loss in excess of the liability accrued for the matter and such amounts could be material. In a similar manner, gain contingencies and recoveries of costs and losses are also assessed on a quarterly basis.

See Note 16 to our Consolidated Financial Statements for additional information regarding certain contingencies.

#### **Recent Accounting Pronouncements**

See Note 2 to our Consolidated Financial Statements, which is incorporated into this Item 7 by reference.

## Results of Operations

Year Ended December 31, 2025 compared to Year Ended December 31, 2024

### Operating and Statistical Metrics

Our financial results are driven by certain operating metrics that encompass the booking and other business activity generated by our travel and travel-related services. Reservations of room nights, rental car days, and airline tickets capture the volume of units booked through our online travel companies' ("OTC") brands by our customers. Gross bookings is an operating and statistical metric that captures the total dollar value, generally inclusive of taxes and fees, of all travel services booked through our OTC brands by our customers, net of cancellations. Our non-OTC brands (KAYAK and OpenTable) have different business metrics from those of our OTC brands, so search queries through KAYAK and restaurant reservations through OpenTable do not contribute to our gross bookings.

Room nights, rental car days, and airline tickets reserved through our services were as follows:

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
Room nights	1,235	1,144	8.0 %
Rental car days	88	83	5.8 %
Airline tickets	68	49	36.6 %

Room nights reserved through our services increased year-over-year in 2025, driven primarily by increased travel demand in Europe and Asia. Rental car days reserved through our services increased year-over-year in 2025 driven primarily by growth in rental car days reserved on Booking.com. Airline tickets reserved through our services increased year-over-year in 2025 driven by the expansion of flight offerings at Booking.com and Agoda.

Gross bookings resulting from reservations of room nights, rental car days, and airline tickets made through our merchant and agency categories were as follows (numbers may not total due to rounding):

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
Merchant gross bookings	\$ 130,025	\$ 104,182	24.8 %
Agency gross bookings	56,082	61,398	(8.7)%
<b>Total gross bookings</b>	<b>\$ 186,107</b>	<b>\$ 165,580</b>	<b>12.4 %</b>

The year-over-year increase in merchant gross bookings in 2025 was due primarily to growth in accommodation reservation services and flight reservation services at Booking.com and Agoda. Merchant gross bookings also increased year-over-year and agency gross bookings decreased year-over-year in 2025 due to the ongoing shift from agency to merchant bookings at Booking.com.

The year-over-year increase in total gross bookings in 2025 was due primarily to the increase in room nights, a positive impact of foreign currency exchange rate fluctuations, and a positive impact from growth in flight gross bookings.

Flight gross bookings increased 29% year-over-year in 2025 due to airline ticket growth, partially offset by lower average airline ticket prices. Rental car gross bookings increased 9% year-over-year in 2025 due to rental car days growth and higher average daily car rental prices.

## Revenues

See Note 2 to our Consolidated Financial Statements for additional information on our revenues, including merchant, agency, and advertising and other revenues. Substantially all of our revenues are generated by providing online travel reservation services, which facilitate online travel purchases by travelers from travel service providers.

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
<i>Merchant revenues</i>	\$ 17,755	\$ 14,142	25.5 %
<i>Agency revenues</i>	7,968	8,524	(6.5)%
<i>Advertising and other revenues</i>	1,194	1,073	11.3 %
<i>Total revenues</i>	\$ 26,917	\$ 23,739	13.4 %
<i>% of Total gross bookings</i>	14.5 %	14.3 %	

The year-over-year increase in merchant revenues in 2025 was due primarily to growth in accommodation reservation services at Booking.com. Merchant revenues also increased year-over-year while agency revenues decreased year-over-year in 2025 due to the ongoing shift from agency to merchant revenues at Booking.com. Advertising and other revenues increased year-over-year in 2025 due to growth at OpenTable and growth in advertising revenues at Booking.com.

Total revenues as a percentage of gross bookings increased year-over-year in 2025 due to an increase in revenues related to facilitating payments, as well as a more positive impact from changes in foreign currency exchange rates on revenue compared to gross bookings, partly offset by an increase in the mix of flight gross bookings, which have lower revenues as a percentage of gross bookings.

## Operating Expenses

See Note 2 to our Consolidated Financial Statements for additional information about the components of our operating expenses and the related accounting policies. The year-over-year growth in our total operating expenses for 2025 was increased in part by changes in foreign currency exchange rates.

### Marketing Expenses

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
<i>Marketing expenses</i>	\$ 8,186	\$ 7,278	12.5 %
<i>% of Total gross bookings</i>	4.4 %	4.4 %	
<i>% of Total revenues</i>	30.4 %	30.7 %	

Our marketing expenses, which are substantially variable in nature, increased year-over-year in 2025 to help drive additional gross bookings and revenues, and were increased by changes in foreign currency exchange rates. Marketing expenses as a percentage of total gross bookings in 2025 were in line with 2024, as the benefit from an increase in the share of room nights booked by consumers coming directly to our platforms was partially offset by lower performance marketing ROIs driven by changes in paid traffic mix and increased spend in social media channels.

### Sales and Other Expenses

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
<i>Sales and other expenses</i>	\$ 3,453	\$ 3,120	10.6 %
<i>% of Total gross bookings</i>	1.9 %	1.9 %	
<i>% of Total revenues</i>	12.8 %	13.1 %	

Sales and other expenses, which are substantially variable in nature, increased year-over-year in 2025 due primarily to an increase in merchant transaction costs of \$381 million related to the ongoing shift from agency to merchant transactions at Booking.com, as well as due to changes in foreign currency exchange rates. Sales and other expenses as a percentage of total revenues decreased year-over-year in 2025 due to efficiencies in third-party customer service costs, as well as lower provisions for expected credit losses, partially offset by the impact of increased merchant transactions, which grew faster than total revenue.

*Personnel*

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
Personnel	\$ 3,403	\$ 3,354	1.5 %
% of Total revenues	12.6 %	14.1 %	

Personnel expenses increased year-over-year in 2025 primarily due to increases in salary expenses and bonus expense accruals, both of which were increased by changes in foreign currency exchange rates. The year-over-year increase in personnel expenses in 2025 was partially offset by a \$176 million reduction in the accrual related to the Netherlands pension fund matter. Employee headcount of approximately 24,300 as of December 31, 2025 was in line with December 31, 2024.

*General and Administrative*

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
General and administrative	\$ 857	\$ 1,036	(17.2)%
% of Total revenues	3.2 %	4.4 %	

General and administrative expenses decreased year-over-year in 2025 due to the impact of the \$337 million accrual in 2024 related to the settlement of certain Italian indirect tax matters, partially offset by \$89 million in expense in 2025 related to certain other indirect tax matters. In addition, the year-over-year decrease in general and administrative expenses in 2025 was impacted by a \$78 million reduction in 2024 in the accrual related to the fine imposed by the Spanish competition authority.

*Information Technology*

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
Information technology	\$ 908	\$ 771	17.8 %
% of Total revenues	3.4 %	3.2 %	

Information technology expenses increased year-over-year in 2025 due primarily to an increase in cloud computing costs, as well as changes in foreign currency exchange rates.

*Depreciation and Amortization*

(In millions)	Year Ended December 31,		Increase (Decrease)
	2025	2024	
Depreciation and amortization	\$ 623	\$ 591	5.4 %
% of Total revenues	2.3 %	2.5 %	

Depreciation and amortization expenses increased year-over-year in 2025 due primarily to increased depreciation of computer equipment, as well as amortization expense related to internally-developed software.

*Impairment*

(In millions)	Year Ended December 31,		
	2025	2024	
Impairment	\$ 457	\$ —	

See Note 11 to our Consolidated Financial Statements for additional information.

*Transformation Costs*

(In millions)	Year Ended December 31,		
	2025	2024	
Transformation costs	\$ 205	\$ 34	

See "Trends" above for additional information on the Transformation Program. For the year ended December 31, 2025, Program related costs primarily consist of employee termination benefits and professional fees. See Note 20 to our Consolidated Financial Statements.

#### Interest Expense and Interest and Dividend Income

(In millions)	Year Ended December 31,		
	2025	2024	Increase (Decrease)
Interest expense	\$ (1,617)	\$ (1,295)	24.9 %
Interest and dividend income	921	1,114	(17.3)%

Interest expense increased year-over-year in 2025 primarily due to the amortization of debt discount related to the convertible senior notes (see Note 12 to our Consolidated Financial Statements) and the issuance of senior notes in November 2024. Interest and dividend income decreased year-over-year in 2025 primarily due to lower interest rates, partially offset by higher money market fund investment balances. In addition, we have certain cash management activities with related interest expense and interest income.

#### Other Income (Expense), Net

(In millions)	Year Ended December 31,		
	2025	2024	
Other income (expense), net	\$ (1,297)	\$ (82)	

See Note 18 to our Consolidated Financial Statements for additional information.

#### Income Taxes

(In millions)	Year Ended December 31,		
	2025	2024	Increase (Decrease)
Income tax expense	\$ 1,428	\$ 1,410	1.3 %
% of Income before income taxes	20.9 %	19.3 %	

Our 2025 effective tax rate differs from the U.S. federal statutory tax rate of 21%, primarily due to the benefit of the Netherlands Innovation Box Tax (as defined below) and U.S. federal tax credits, partially offset by higher international tax rates, certain non-deductible expenses, and U.S. federal tax associated with our international earnings. Our 2024 effective tax rate differs from the U.S. federal statutory tax rate of 21%, primarily due to the benefit of the Netherlands Innovation Box Tax and a reduction to our 2018 federal one-time deemed repatriation liability under the Tax Act, resulting from a 2024 U.S. Tax Court decision in Varian Medical Systems, Inc. vs. Commissioner (the "Varian Decision"), partially offset by higher international tax rates, non-deductible expenses related to the convertible senior notes and certain other non-deductible expenses, unrecognized tax benefits, and U.S. federal tax associated with our international earnings.

Our effective tax rate was higher for the year ended December 31, 2025, compared to the year ended December 31, 2024, primarily due to the reduction to our 2018 federal one-time deemed repatriation liability under the Tax Act, that was recorded during 2024, resulting from the Varian Decision, and higher international tax rates, partially offset by an increase in the benefit of the Netherlands Innovation Box Tax and lower unrecognized tax benefits.

Under Dutch corporate income tax law, income generated from qualifying innovative activities is taxed at a rate of 9% ("Innovation Box Tax") rather than the Dutch statutory rate of 25.8%. A portion of Booking.com's earnings during the years ended December 31, 2025 and 2024 qualified for Innovation Box Tax treatment, which had a significant beneficial impact on our effective tax rates for these periods. For more information, see Part I, Item 1, Risk Factors - "We may not be able to maintain our "Innovation Box Tax" benefit."

#### Results of Operations

##### Year Ended December 31, 2024 compared to Year Ended December 31, 2023

For a comparison of our results of operations for the fiscal years ended December 31, 2024 and 2023, see Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2024, filed with the SEC on February 20, 2025.

## **Liquidity and Capital Resources**

Our primary source of funds for operations is the cash flow that we generate from operations. We have a variety of uses for our cash, including ongoing investments in our business, share repurchases, dividends, repayment of debt, and capital expenditures. Our continued access to sources of liquidity depends on multiple factors. See Part I, Item 1A, Risk Factors - *"Our liquidity, credit ratings, and ongoing access to capital could be materially and negatively affected by global financial conditions and events."* Our financial results and prospects are almost entirely dependent on facilitating the sale of travel-related services. Marketing expenses, sales and other expenses, and personnel expenses are our most significant operating expenses. See our Consolidated Statements of Operations and "Trends" and "Results of Operations" above for additional information.

We believe that our existing cash balances, liquid resources, and access to capital markets will be sufficient to fund our operating activities and other obligations in the short term and into the foreseeable future.

### **Cash, cash equivalents, and investments**

At December 31, 2025, we had \$17.8 billion in cash, cash equivalents, and investments, of which approximately \$12.2 billion is held by our international subsidiaries. Cash, cash equivalents, and long-term investments held by our international subsidiaries are denominated primarily in Euros, U.S. Dollars, and British Pounds Sterling. Our investment policy seeks to preserve capital and maintain sufficient liquidity to meet operational and other needs of the business. See Notes 5 and 6 to our Consolidated Financial Statements.

### **Deferred merchant bookings**

Deferred merchant bookings of \$5.3 billion at December 31, 2025 includes cash payments received from travelers in advance of us completing our performance obligations and are comprised principally of amounts estimated to be payable to travel service providers as well as our estimated future revenues for our commission or margin and fees. The amounts are mostly subject to refunds for cancellations.

### **Debt**

Our revolving credit facility extends a revolving line of credit up to \$2 billion to us. As of December 31, 2025, we are in compliance with the maximum leverage ratio covenant under the facility, which is a condition to our ability to borrow.

Our outstanding senior notes at December 31, 2025 had cumulative interest to maturity (based on coupon interest rates) of \$5.7 billion, with \$662 million payable within the next twelve months.

See Note 12 to our Consolidated Financial Statements for additional information.

### **Share repurchases and dividends**

In the first quarter of 2025, our Board of Directors (the "Board") authorized a program to repurchase up to \$20 billion of our common stock. At December 31, 2025, we had a total remaining authorization of \$21.8 billion related to share repurchase programs authorized by the Board.

In February 2026, the Board declared a cash dividend of \$10.50 per share of common stock, payable on March 31, 2026 to stockholders of record as of the close of business on March 6, 2026.

See Note 13 to our Consolidated Financial Statements for additional information.

### **Commitments, contingencies, and other**

At December 31, 2025, we had, in the aggregate, \$1.1 billion of non-cancellable purchase obligations individually greater than \$10 million, of which \$361 million is payable within the next twelve months. Such purchase obligations relate to agreements to purchase goods and services that are enforceable and legally binding and that specify significant terms, including the quantities to be purchased, price provisions, and the approximate timing of the transaction. At December 31, 2025, we had lease obligations of \$798 million, of which \$143 million is payable within the next twelve months. See Note 10 to our Consolidated Financial Statements for additional information.

At December 31, 2025, we had a remaining transition tax liability of \$257 million as a result of the Tax Act, which is included in "Accrued expenses and other current liabilities" in the Consolidated Balance Sheet. Due to the Varian Decision, a portion of our total transition tax liability may be refunded. In accordance with the Tax Act, generally, future repatriation of our international cash will not be subject to a U.S. federal income tax liability as a dividend, but will be subject to U.S. state income taxes and international withholding taxes, which have been accrued by us.

See Note 16 to our Consolidated Financial Statements for information related to the standby letters of credit and bank guarantees issued on our behalf.

See Note 16 to our Consolidated Financial Statements and Part I, Item IA, Risk Factors - "Our business is subject to various competition, consumer protection, and online commerce laws and regulations around the world, and as the size of our business grows, scrutiny of our business in these areas may intensify" for information related to certain regulatory matters and our other contingent liabilities.

Note 16 to our Consolidated Financial Statements and Part I, Item IA, Risk Factors - "We may have exposure to additional tax liabilities" for information related to certain tax assessments and other tax matters.

See "Trends" above for information on the Transformation Program, including the estimated annual run rate savings and restructuring costs and accelerated investments required for the program.

### **Cash Flow Analysis**

*Year Ended December 31, 2025 compared to Year Ended December 31, 2024*

See our Consolidated Statements of Cash Flows for additional information related to our cash flows.

<b>(In millions)</b>	<b>Year Ended December 31,</b>	
	<b>2025</b>	<b>2024</b>
Net cash provided by operating activities	\$ 9,409	\$ 8,323
Net cash (used in) provided by investing activities	(313)	129
Net cash used in financing activities	(8,915)	(4,204)

Net cash provided by operating activities for the year ended December 31, 2025 resulted from net income of \$5.4 billion, a favorable net impact from adjustments for non-cash and other items of \$3.5 billion, and a favorable net change in working capital and other assets and liabilities of \$535 million. Non-cash and other items were principally associated with the unrealized foreign currency transaction losses related to Euro-denominated debt, depreciation and amortization, stock-based compensation expense, deferred income taxes, impairment, provision for expected credit losses and chargebacks, and adjustments related to the convertible senior notes. For the year ended December 31, 2025, deferred merchant bookings and other current liabilities increased by \$796 million and accounts receivable increased by \$730 million, primarily due to higher business volumes. Merchant revenues increased while agency revenues decreased year-over-year in 2025 due to the ongoing shift from agency to merchant revenues at Booking.com.

Net cash provided by operating activities for the year ended December 31, 2024 resulted from net income of \$5.9 billion, a favorable net impact from adjustments for non-cash and other items of \$2.1 billion, and a favorable net change in working capital and other assets and liabilities of \$367 million. Non-cash and other items were principally associated with the loss related to the convertible senior notes, stock-based compensation expense, depreciation and amortization, unrealized foreign currency transaction gains related to Euro-denominated debt, provision for expected credit losses and chargebacks, and operating lease amortization. For the year ended December 31, 2024, deferred merchant bookings and other current liabilities increased by \$1.4 billion and accounts receivable increased by \$506 million, primarily due to higher business volumes, partially offset by faster accounts receivable collections in 2024.

Net cash used in investing activities for the year ended December 31, 2025 resulted principally from payments for property and equipment. Net cash provided by investing activities for the year ended December 31, 2024 principally resulted from proceeds from the maturity of investments of \$590 million, partially offset by payments for property and equipment of \$429 million.

Net cash used in financing activities for the year ended December 31, 2025 resulted principally from payments for the repurchase of common stock of \$6.4 billion, including share repurchases of our common stock withheld to satisfy employee withholding tax obligations related to stock-based compensation, payments on the maturity and redemption of debt of \$5.0 billion, and dividends of \$1.2 billion, partially offset with proceeds from the issuance of long-term debt of \$3.7 billion. Net cash used in financing activities for the year ended December 31, 2024 principally resulted from payments for the repurchase of common stock of \$6.5 billion, including share repurchases of our common stock withheld to satisfy employee withholding tax obligations related to stock-based compensation, payments on the maturity and conversion of debt of \$1.3 billion, and dividends of \$1.2 billion, partially offset with proceeds from the issuance of long-term debt of \$4.8 billion.

*Year Ended December 31, 2024 compared to Year Ended December 31, 2023*

For a comparison of our cash flow activities for the fiscal years ended December 31, 2024 and 2023, see Cash Flow Analysis in Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2024, filed with the SEC on February 20, 2025.

#### **Item 7A. Quantitative and Qualitative Disclosures About Market Risk**

We have exposure to several types of market risk, including changes in interest rates, foreign currency exchange rates, and equity prices.

We manage our exposure to interest rate risk and foreign currency risk through internally established policies and procedures and, when deemed appropriate, through the use of derivative financial instruments. We use foreign currency exchange derivative contracts to manage short-term foreign currency risk.

The objective of our policies is to mitigate potential income statement, cash flow, and fair value exposures resulting from possible future adverse fluctuations in rates. We evaluate our exposure to market risk by assessing the anticipated near-term and long-term fluctuations in interest rates and foreign currency exchange rates. This evaluation includes the review of leading market indicators, discussions with financial analysts and investment bankers regarding current and future economic conditions, and the review of market projections as to expected future rates. We utilize this information to determine our own investment strategies as well as to determine if the use of derivative financial instruments is appropriate to mitigate any potential future market exposure that we may face. Our policy does not allow speculation in derivative instruments for profit or, except in certain limited situations, execution of derivative instrument contracts for which there are no underlying exposures. We do not use financial instruments for trading purposes and are not a party to any leveraged derivatives. To the extent that changes in interest rates and foreign currency exchange rates affect general economic conditions, we would also be affected by such changes.

See Note 12 to our Consolidated Financial Statements for information about our outstanding senior notes. A hypothetical 100 basis point (1.0%) decrease in interest rates would have resulted in an increase in the estimated fair value of our nonconvertible debt of approximately \$1.1 billion and \$930 million at December 31, 2025 and 2024, respectively.

We face exposure to movements in foreign currency exchange rates as the financial results and the financial condition of our businesses outside of the U.S., which represent a substantial majority of our financial results, are translated from local currencies (principally Euros and British Pounds Sterling) into U.S. Dollars. For example, our total gross bookings increased year-over-year by 12% in 2025, but without the impact of changes in foreign currency exchange rates our total gross bookings increased year-over-year on a constant currency basis by approximately 10%. Our total revenues increased year-over-year by 13% in 2025, including a benefit of about 3% from changes in foreign currency exchange rates. See Notes 6, 12, and 18 to our Consolidated Financial Statements and Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations for additional information about foreign currency transaction gains and losses, changes in foreign currency exchange rates, the impact of such changes on the increase in our revenues and operating margins, our use of foreign currency exchange derivatives, and our designation of certain portions of our Euro-denominated debt as a hedge of the foreign currency exposure of the net investment in certain Euro functional currency subsidiaries. We generally enter into foreign currency exchange derivatives to hedge our exposure to the impact of movements in foreign currency exchange rates on our transactional balances denominated in currencies other than the functional currency. We will continue to evaluate the use of derivative instruments in the future. During the years ended December 31, 2025, 2024, and 2023, we also designated certain portions of the aggregate principal value of our Euro-denominated debt as a hedge of the foreign currency exposure of the net investment in certain Euro functional currency subsidiaries. Foreign currency transaction gains or losses are dependent on the amount of net assets of the Euro functional currency subsidiaries, the amount of the Euro-denominated debt that is designated as a hedge, and fluctuations in foreign currency exchange rates.

See Notes 5 and 6 to our Consolidated Financial Statements for information about our investments in equity securities of publicly-traded companies and private entities. We are exposed to equity price risk as it relates to changes in fair values of these investments. Our investments in private entities are measured at cost less impairment, if any. Such investments are also required to be measured at fair value as of the date of certain observable transactions for the identical or a similar investment of the same issuer. A hypothetical 10% decrease in the fair values at December 31, 2025 and 2024 of our investments in equity securities of publicly-traded companies and private entities would have resulted in a loss, before tax, of approximately \$60 million and \$55 million, respectively, being recognized in net income.

#### **Item 8. Financial Statements and Supplementary Data**

The following Consolidated Financial Statements of the Company and the report of our independent registered public accounting firm are filed as part of this Annual Report on Form 10-K (See Part IV, Item 15, Exhibits and Financial Statement Schedules): Consolidated Balance Sheets at December 31, 2025 and 2024; Consolidated Statements of Operations, Consolidated Statements of Comprehensive Income, Consolidated Statements of Changes in Stockholders' Deficit, and Consolidated Statements of Cash Flows for the years ended December 31, 2025, 2024, and 2023; Notes to our Consolidated Financial Statements; and Report of Independent Registered Public Accounting Firm.

#### **Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure**

None.

#### **Item 9A. Controls and Procedures**

***Disclosure Controls and Procedures.*** Under the supervision and with the participation of management, including our principal executive officer and our principal financial officer, we evaluated our disclosure controls and procedures, as defined under Exchange Act Rule 13a-15(e). Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this Annual Report on Form 10-K.

***Management's Report on Internal Control Over Financial Reporting.*** Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Exchange Act Rule 13a-15(f). Under the supervision and with the participation of management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in the *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

Based on this evaluation, our management concluded that our internal control over financial reporting was effective as of December 31, 2025. Our independent registered public accounting firm also attested to and reported on the effectiveness of internal control over financial reporting.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

***Changes in Internal Controls.*** We continue to monitor ongoing changes to systems and processes to determine the impact on internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)). No change in our internal control over financial reporting occurred during the three months ended December 31, 2025 that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Booking Holdings Inc.

### Opinion on Internal Control over Financial Reporting

We have audited the internal control over financial reporting of Booking Holdings Inc. and subsidiaries (the "Company") as of December 31, 2025, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2025, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated financial statements as of and for the year ended December 31, 2025, of the Company and our report dated February 18, 2026, expressed an unqualified opinion on those financial statements.

### Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying "Management's Report on Internal Control Over Financial Reporting". Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

### Definition and Limitations of Internal Control over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Item 9B. Other Information**

None.

**Item 9C. Disclosure Regarding Foreign Jurisdictions that Prevent Inspections**

None.

**PART III**

**Item 10. Directors, Executive Officers and Corporate Governance**

Information required by Part III, Item 10 will be included in our Proxy Statement relating to our 2026 annual meeting of stockholders to be filed with the Securities and Exchange Commission within 120 days after the end of our fiscal year ended December 31, 2025, and is incorporated herein by reference.

The Company has adopted an insider trading policy which governs transactions in our securities by the Company's directors, officers, employees, contractors, and consultants, as well as by the Company itself. The Company believes that its insider trading policy is reasonably designed to promote compliance with insider trading laws, rules and regulations, and listing standards applicable to the Company. A copy of the Company's insider trading policy is incorporated by reference in this Annual Report on Form 10-K as Exhibit 19.1.

**Item 11. Executive Compensation**

Information required by Part III, Item 11 will be included in our Proxy Statement relating to our 2026 annual meeting of stockholders to be filed with the Securities and Exchange Commission within 120 days after the end of our fiscal year ended December 31, 2025, and is incorporated herein by reference.

**Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters**

Information required by Part III, Item 12 will be included in our Proxy Statement relating to our 2026 annual meeting of stockholders to be filed with the Securities and Exchange Commission within 120 days after the end of our fiscal year ended December 31, 2025, and is incorporated herein by reference.

**Item 13. Certain Relationships and Related Transactions, and Director Independence**

Information required by Part III, Item 13 will be included in our Proxy Statement relating to our 2026 annual meeting of stockholders to be filed with the Securities and Exchange Commission within 120 days after the end of our fiscal year ended December 31, 2025, and is incorporated herein by reference.

**Item 14. Principal Accountant Fees and Services**

Information required by Part III, Item 14 will be included in our Proxy Statement relating to our 2026 annual meeting of stockholders to be filed with the Securities and Exchange Commission within 120 days after the end of our fiscal year ended December 31, 2025, and is incorporated herein by reference.

**PART IV**

**Item 15. Exhibits and Financial Statement Schedules.**

(a) List of Documents Filed as a Part of this Annual Report on Form 10-K:

The following Consolidated Financial Statements of the Company and the report of our independent registered public accounting firm are filed as part of this Annual Report on Form 10-K: Consolidated Balance Sheets at December 31, 2025 and 2024; Consolidated Statements of Operations, Consolidated Statements of Comprehensive Income, Consolidated Statements of Changes in Stockholders' Deficit, and Consolidated Statements of Cash Flows for the years ended December 31, 2025, 2024, and 2023; Notes to our Consolidated Financial Statements; Report of Independent Registered Public Accounting Firm; and Schedule I - Condensed Financial Information of Parent (Booking Holdings Inc.).

Other financial statement schedules have been omitted because they are not applicable, not material or the required information is shown in the Consolidated Financial Statements or the notes thereto.

(b) Exhibits

In reviewing the agreements included as exhibits to this Annual Report on Form 10-K, please remember they are included to provide you with information regarding their terms and are not intended to provide any other factual or disclosure information about the Company or the other parties to the agreements. Some agreements contain representations and warranties by each of the parties to the applicable agreement. These representations and warranties have been made solely for the benefit of the other parties to the applicable agreement and:

- should not be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;
- may have been qualified by disclosures that were made to the other party in connection with the negotiation of the applicable agreement, which disclosures are not necessarily reflected in the agreement;
- may apply standards of materiality in a way that is different from what may be viewed as material to you or other investors; and
- were made only as of the date of the applicable agreement or such other date or dates as may be specified in the agreement and are subject to more recent developments.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. Additional information about the Company may be found elsewhere in this Annual Report on Form 10-K and the Company's other public filings, which are available without charge through the SEC's website at <http://www.sec.gov>.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Booking Holdings Inc.

### Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Booking Holdings Inc. and subsidiaries (the "Company") as of December 31, 2025 and 2024, the related consolidated statements of operations, comprehensive income, changes in stockholders' deficit, and cash flows, for each of the three years in the period ended December 31, 2025, and the related notes and the schedule listed in the Index at Item 15 (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2025, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2025, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 18, 2026, expressed an unqualified opinion on the Company's internal control over financial reporting.

### Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

### Critical Audit Matters

The critical audit matters communicated below are matters arising from the current-period audit of the financial statements that were communicated or required to be communicated to the audit committee and that (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

#### **Revenues - Refer to Notes 2 and 3 to the financial statements**

##### *Critical Audit Matter Description*

Substantially all of the Company's revenues are generated by providing online travel reservation services, which principally allow travelers to book travel reservations with travel service providers through the Company's platforms. Revenues consist of a significant volume of low-dollar transactions utilizing multiple custom systems.

We identified revenues as a critical audit matter as the majority of the processes to calculate and record revenue are highly automated, rely on a number of custom systems, and involve interfacing significant volumes of data across multiple systems. Given the complex information technology (IT) environment, this required the involvement of professionals with expertise in IT to identify, test, and evaluate the revenue data flows, the revenue systems and the automated controls.

##### *How the Critical Audit Matter Was Addressed in the Audit*

Our audit procedures related to the Company's revenue transactions included the following, among others:

- With the assistance of our IT specialists, we:
  - Identified the systems used to calculate and record revenue transactions.
  - Tested the general IT controls over each of these systems, including testing of user access controls, change management controls, and IT operations controls.
  - Performed testing of system interface controls and automated controls within the relevant revenue streams.
- We tested business process controls to reconcile the various systems to the Company's general ledgers.

- We performed detail transaction testing by agreeing the amounts recognized to source documents and testing the mathematical accuracy of the recorded revenue.

**Goodwill and Intangible assets– KAYAK reporting unit and asset group – Refer to Notes 2 and 11 to the financial statements**

**Critical Audit Matter Description**

For the KAYAK reporting unit's goodwill, the Company recognized an impairment charge of \$180 million for the three months ended September 30, 2025, resulting in an adjusted carrying value of \$203 million at September 30, 2025. In addition, for the KAYAK asset group's intangible assets (trade names and supply and distribution agreements), the Company recognized an impairment charge of \$277 million for the three months ended September 30, 2025.

The estimated fair value of the KAYAK reporting unit was determined using a combination of standard valuation techniques, including an income approach (discounted cash flow) and a market approach (applying comparable company multiples). The income approach estimates fair value utilizing a long-term growth rate and discount rate applied to the cash flow projections. The market approach estimates value using prices and other relevant information generated by market transactions involving comparable publicly-traded companies, including the use of the earnings before interest, taxes, depreciation and amortization (EBITDA) multiple.

The fair values of KAYAK's trade names and supply and distribution agreements were estimated using an income approach. The key unobservable inputs used for these intangible assets include a royalty rate, distributor margin, and supplier attrition rate and the useful lives of the trade names.

We identified goodwill and intangible assets for the KAYAK reporting unit and asset group as a critical audit matter given the significant judgments made by management to estimate the fair value of the KAYAK reporting unit and the KAYAK intangible assets. This required a high degree of auditor judgment and an increased extent of effort, including the need to involve our fair value specialists, when performing audit procedures to evaluate the reasonableness of management's estimates and assumptions related to the selection of the discount rates, long-term growth rate, EBITDA multiple, royalty rate (collectively the "valuation assumptions"), and forecasts of future revenues and operating margins, specifically due to the sensitivity of KAYAK's operations due to its meta-search business being impacted by expected increases in customer acquisition costs.

**How the Critical Audit Matter Was Addressed in the Audit**

Our audit procedures related to the forecasts of future revenues and operating margins and the selection of the valuation assumptions for the KAYAK reporting unit and asset group's intangible assets included the following, among others:

- We tested the effectiveness of controls over the KAYAK reporting unit and asset group's intangible assets valuations, including those over the forecasts of future revenues and operating margins and the selection of the valuation assumptions.
- We evaluated management's ability to accurately forecast future revenues and operating margins by comparing actual results in previous years to management's historical forecasts.
- We evaluated the reasonableness of management's forecasts of future revenues and operating margins by comparing management's forecasts with:
  - Historical revenues and operating margins.
  - Internal communications to management and the Board of Directors.
  - Forecasted information in industry reports and certain of the Company's peer companies.
- We considered the impact of industry and market conditions on management's forecasts of future revenues and operating margins.
- With the assistance of our fair value specialists, we evaluated the reasonableness of the valuation assumptions including the discount rate, long-term growth rate, EBITDA multiple and royalty rate, by testing the underlying source information, the mathematical accuracy of the calculations, and, for the discount rate, developing a range of independent estimates and comparing them to those selected by management.
- With respect to the KAYAK reporting unit valuation, we evaluated the reasonableness of management's forecasts of future revenues and operating margins and discount rate utilized in the income approach fair value calculation by comparing the income approach fair value to the market approach fair value.

/s/ DELOITTE & TOUCHE LLP

Stamford, Connecticut  
February 18, 2026

We have served as the Company's auditor since 1997.

**Booking Holdings Inc.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

## **1. BUSINESS DESCRIPTION**

Booking Holdings Inc. ("Booking Holdings" or the "Company") seeks to make it easier for everyone to experience the world by providing consumers, travel service providers, and restaurants with leading travel and restaurant online reservation and related services. The Company offers its services through five primary consumer-facing brands: Booking.com, Priceline, Agoda, KAYAK, and OpenTable, which allow consumers to: book a broad array of accommodations (including hotels, motels, resorts, homes, apartments, bed and breakfasts, hostels, and other alternative and traditional accommodations properties) and a flight to their destinations; make a car rental reservation or arrange for an airport taxi; make a dinner reservation; or book a vacation package, tour, activity, or cruise. Consumers can also use the Company's meta-search services to easily compare travel reservation information, such as flight, hotel, and rental car reservations from hundreds of online travel platforms at once. In addition, the Company offers other services to consumers, travel service providers and restaurants, such as travel-related insurance products and restaurant management services.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### ***Basis of Presentation***

The Company's Consolidated Financial Statements include the accounts of the Company and its wholly-owned subsidiaries, including acquired businesses from the dates of acquisition. All intercompany accounts and transactions have been eliminated in consolidation.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results may differ significantly from those estimates. The estimates underlying the Company's Consolidated Financial Statements relate to, among other things, the valuation of goodwill and other long-lived tangible and intangible assets, the valuation of investments in private entities, income taxes, contingencies, stock-based compensation, the allowance for expected credit losses (also referred to as provision for bad debts or provision for uncollectible accounts), chargeback provisions, and the accrual of obligations for consumer incentive programs.

### ***Fair Value***

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

There are three levels of inputs to valuation techniques used to measure fair value:

- Level 1: Quoted prices in active markets that are accessible by the Company at the measurement date for identical assets and liabilities.
- Level 2: Inputs that are observable, either directly or indirectly. Such prices may be based upon quoted prices for identical or comparable securities in active markets or inputs not quoted on active markets, but corroborated by market data.
- Level 3: Unobservable inputs are used when little or no market data is available.

### ***Cash and Cash Equivalents***

Cash and cash equivalents consists primarily of cash and highly liquid investment grade securities with an original maturity of three months or less. See Note 19 for information related to restricted cash and cash equivalents.

### ***Investments***

#### ***Equity Securities***

Equity securities are reported as "Long-term investments" in the Consolidated Balance Sheets and include equity investments with readily determinable fair values and equity investments without readily determinable fair values. Equity investments with readily determinable fair values are reported at estimated fair value with changes in fair value recognized in "Other income (expense), net" in the Consolidated Statements of Operations. The Company holds investments in equity securities of private entities, over which the Company does not have the ability to exercise significant influence or control. These investments, which do not have readily determinable fair values, are measured at cost less impairment, if any. Such investments are also required to be measured at fair value as of the date of certain observable transactions for the identical or a similar investment of the same issuer.

#### **Debt Securities**

The Company classifies its investments in debt securities as available-for-sale securities and the aggregate unrealized gains and losses, if any, on available-for-sale debt securities, net of tax, are included in "Accumulated other comprehensive loss" in the Consolidated Balance Sheets.

#### **Accounts Receivable from Customers and Allowance for Expected Credit Losses**

Accounts receivable is reported net of expected credit losses. The Company estimates lifetime expected credit losses upon recognition of the financial assets. The Company identifies the relevant risk characteristics of its customers and the related receivables and prepayments, which include the following: size, type (alternative accommodations vs. hotels) or geographic location of the customer, or a combination of these characteristics. Receivables with similar risk characteristics have been grouped into pools. For each pool, the Company considers the historical credit loss experience, current economic conditions, supportable forecasts of future economic conditions, and any recoveries in assessing the lifetime expected credit losses. Other key factors that influence the expected credit loss analysis include customer demographics, payment terms offered in the normal course of business to customers, the nature of competition, and industry-specific factors that could impact the Company's receivables. Additionally, external data and macroeconomic conditions are considered. This is assessed at each balance sheet date based on the Company's specific facts and circumstances.

#### **Property and Equipment, Net**

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets or, when applicable, the lease term related to leasehold improvements, whichever is shorter.

#### **Website Costs and Internal-use Software**

Acquisition costs and certain direct development costs associated with website and internal-use software are capitalized and include external direct costs of services and payroll costs for employees devoting time to the software projects principally related to platform development, including support systems, software coding, designing system interfaces, and installation and testing of the software. These costs are recorded as property and equipment and are generally amortized beginning when the asset is substantially ready for use. Costs incurred for enhancements that are expected to result in additional features or functionalities are capitalized and amortized over the estimated useful life of the enhancements. Costs incurred during the preliminary project stage, as well as maintenance and training costs, are expensed as incurred.

#### **Cloud Computing Arrangements**

The Company utilizes various third-party computer systems and third-party service providers, including global distribution systems and computerized central reservation systems of the accommodation, rental car, and airline industries in connection with providing some of its services. The Company uses both internally-developed systems and third-party systems to operate its services, including transaction processing, order management, and financial and accounting systems. Implementation costs incurred in a hosting arrangement that is a service contract are capitalized and amortized over the term of the hosting arrangement. The capitalized implementation costs are reported as "Prepaid expenses, net" or "Other assets, net" in the Company's Consolidated Balance Sheets, as appropriate. The related amortization expenses are reported in "Information technology" expenses in the Company's Consolidated Statements of Operations.

#### **Leases**

The Company determines if an arrangement is a lease, or contains a lease, when a contract is signed. The Company determines if a lease is an operating or finance lease and records a lease asset and a lease liability upon lease commencement, which is the date when the underlying asset is made available for use by the lessor. The Company has operating leases for office space and data centers. For office space and data centers, the Company has elected to combine the fixed payments to lease the asset and any fixed non-lease payments (such as maintenance or utility charges) when determining its lease payments. The Company's finance leases are mainly for computer equipment.

The Company uses its incremental borrowing rate as its discount rate to determine the present value of its remaining lease payments to calculate its lease assets and lease liabilities because the rate implicit in the lease is not readily determinable. The incremental borrowing rate approximates the rate the Company would pay to borrow in the currency of the lease payments on a collateralized basis for the weighted-average life of the lease. Operating lease assets also include any prepaid lease payments and lease incentives received prior to lease commencement.

The Company recognizes operating lease costs and the amortization of finance lease assets on a straight-line basis over the lease term. The interest component of a finance lease is recognized using the effective interest method over the lease term. Certain of the Company's lease agreements include rent payments which are adjusted periodically based on an index or rate. Any change in payments due to such adjustments are recognized as variable lease expense as they are incurred. Variable lease expense also includes costs for property taxes, insurance, and services provided by the lessor which are charged based on usage or performance (such as maintenance or utility charges).

Most leases have one or more options to renew beyond their initial term. The exercise of renewal options, mainly for office space and data centers, is at the Company's discretion and are included in the determination of the lease term for accounting purposes if they are reasonably certain to be exercised.

#### **Goodwill and Intangible Assets**

The Company accounts for acquired businesses using the acquisition method of accounting. The consideration transferred is allocated to the assets acquired and liabilities assumed based on their respective values at the acquisition date. The excess of the consideration transferred over the net of the amounts allocated to the identifiable assets acquired and liabilities assumed is recognized as goodwill. The Company generally recognizes and measures contract assets and contract liabilities in a business combination at amounts consistent with those recorded by the acquired business.

Goodwill is assigned to reporting units that are expected to benefit from the synergies of the business combination. Goodwill is not subject to amortization and is tested for impairment on an annual basis and between annual tests if an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. The Company tests goodwill at a reporting unit level. The fair value of the reporting unit is compared to its carrying value, including goodwill. Fair values are determined using a combination of standard valuation techniques, including an income approach (discounted cash flows) and market approaches (e.g., earnings before interest, taxes, depreciation, and amortization ("EBITDA") multiples of comparable publicly traded companies) and based on market participant assumptions. A goodwill impairment loss is measured at the amount by which a reporting unit's carrying amount exceeds its fair value, not to exceed the carrying amount of goodwill.

Intangible assets are carried at cost and amortized on a straight-line basis over their estimated useful lives.

#### **Impairment of Long-lived Assets**

The Company reviews long-lived assets, including intangible assets and operating lease assets, whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. The assessment of possible impairment is based upon the Company's ability to recover the carrying value of the assets from the estimated undiscounted future net cash flows, before interest and taxes, of the related asset group. The amount of impairment loss, if any, is measured as the excess of the carrying value of the asset over the present value of estimated future cash flows, using a discount rate commensurate with the risks involved and based on assumptions representative of market participants.

#### **Foreign Currency Translation**

The functional currency of the Company's subsidiaries is generally the respective local currency. For operations outside of the U.S., assets and liabilities are translated into U.S. Dollars at the rate of exchange existing at the balance sheet date. Income statement amounts are translated at monthly average exchange rates applicable for the period. Translation gains and losses are included as a component of "Accumulated other comprehensive loss" in the Company's Consolidated Balance Sheets. Foreign currency transaction gains and losses are included in "Other income (expense), net" in the Company's Consolidated Statements of Operations.

#### **Derivatives**

As a result of the Company's operations outside of the U.S., it is exposed to various market risks that may affect its consolidated results of operations, cash flows, and financial position. These market risks include, but are not limited to, fluctuations in foreign currency exchange rates. For the Company's operations outside of the U.S., the primary foreign currency exposures are in Euros and British Pounds Sterling, the currencies in which the Company conducts a significant portion of its business activities. As a result, the Company faces exposure to adverse movements in foreign currency exchange rates as the financial results of its operations outside of the U.S. are translated from local currencies into U.S. Dollars upon consolidation. Additionally, foreign currency exchange rate fluctuations on transactions denominated in currencies other than the functional currency of an entity result in gains and losses that are reflected in net income.

The Company may enter into derivative instruments to hedge certain net exposures of nonfunctional currency denominated assets and liabilities, even though it does not elect to apply hedge accounting or hedge accounting does not apply. These contracts are generally short-term in duration. Certain of the Company's derivative instruments have master netting arrangements, which reduce credit risk by permitting net settlement of transactions with the same counterparty. The Company is exposed to the risk that counterparties to derivative instruments may fail to meet their contractual obligations. The Company regularly reviews its credit exposure and assesses the creditworthiness of its counterparties. The Company reports the fair value of its derivative assets and liabilities on a gross basis in the Consolidated Balance Sheets in "Other current assets" and "Accrued expenses and other current liabilities," respectively. Unless designated as hedges for accounting purposes, gains and losses resulting from changes in the fair value of derivative instruments are recognized in "Other income (expense), net" in the Consolidated Statements of Operations in the period that the changes occur and are classified within "Net cash provided by operating activities" or "Net cash used in financing activities," as appropriate, in the Consolidated Statements of Cash Flows. See Note 6 for additional information related to these derivative instruments.

Contractual terms of debt arrangements, including embedded features such as conversion options, are evaluated and reassessed at each balance sheet date to determine whether they must be accounted for separately from the debt contract as derivative instruments under Accounting Standards Codification ("ASC") 815, *Derivatives and Hedging*. Embedded derivatives are measured at fair value, with changes in fair value recognized in the Consolidated Statements of Operations.

#### ***Non-derivative Instrument Designated as Net Investment Hedge***

The foreign currency transaction gains or losses on the Company's Euro-denominated debt are measured based upon changes in spot rates. The foreign currency transaction gains or losses on the Euro-denominated debt that is designated as a hedging instrument for accounting purposes are recorded in "Accumulated other comprehensive loss" in the Consolidated Balance Sheets. The foreign currency transaction gains or losses on the Euro-denominated debt that is not designated as a hedging instrument are recognized in "Other income (expense), net" in the Consolidated Statements of Operations. See Notes 12 and 14 for additional information related to the net investment hedge.

#### ***Revenue Recognition***

##### *Online travel reservation services*

Substantially all of the Company's revenues are generated by providing online travel reservation services, which principally allows travelers to book travel reservations with travel service providers through the Company's platforms. While the Company generally refers to a consumer that books travel reservation services on the Company's platforms as its customer, for accounting purposes, the Company's customers are the travel service providers and, in certain merchant transactions, the travelers. The Company's contracts with travel service providers give them the ability to market their reservation availability without transferring to the Company the responsibility to deliver the travel services. Therefore, the Company's revenues are presented on a net basis in the Consolidated Statements of Operations. These contracts include payment terms and establish the consideration to which the Company is entitled, which includes either a commission or a margin on the travel transaction. Revenue is measured based on the expected consideration specified in the contract with the travel service provider, considering the effects of factors such as discounts and other sales incentives. Estimates for sales incentives are based on historical experience, current trends, and forecasts, as applicable. Local occupancy taxes, general excise taxes, value-added taxes, sales taxes, and other similar taxes ("travel transaction taxes"), if any, collected from travelers are reported on a net basis in revenues in the Consolidated Statements of Operations.

Revenues for online travel reservation services are recognized at a point in time when the Company has completed its post-booking services and the travelers begin using the arranged travel services. These revenues are classified into two categories:

- Merchant revenues are derived from travel-related transactions where the Company facilitates payments from travelers for the services provided, generally at the time of booking. These include transactions where travelers book accommodation, rental car, airline reservations, and other travel related services. Merchant revenues include travel reservation commissions and transaction net revenues (i.e., the amount charged to travelers, including the contra-revenue impact of merchandising, less the amount owed to travel service providers) in connection with the Company's merchant reservation services; revenues from facilitating payments, such as credit card processing rebates and customer processing fees; and ancillary fees, including travel-related insurance revenues.
- Agency revenues are derived from the Company's commissions on travel-related transactions where the Company does not facilitate payments from travelers for the services provided.

##### *Advertising and Other Revenues*

Advertising and other revenues are derived primarily from revenues earned by KAYAK and OpenTable. KAYAK recognizes revenue primarily by sending referrals to online travel companies ("OTCs") and travel service providers and from advertising placements on its platforms. Revenue related to referrals is recognized when a consumer clicks on a referral placement or upon completion of the travel. Revenue for advertising placements is recognized based upon when a consumer clicks on an advertisement or when KAYAK displays an advertisement. OpenTable recognizes revenues for restaurant reservation services (fees paid by restaurants when diners are seated through its online reservation service) and subscription fees for restaurant management services on a straight-line basis over the contractual period in accordance with how the service is provided. In addition, the Company's other brands generate revenues from advertising placements on their platforms.

##### *Consumer Incentive Programs*

The Company provides various consumer incentive programs such as referral bonuses, rebates, credits, and discounts. In addition, the Company offers loyalty programs where participating consumers may be awarded loyalty points on current transactions that can be redeemed in the future. The estimated value of the incentives granted and the loyalty points expected to be redeemed is generally recognized as a reduction of revenue at the time they are granted.

#### **Deferred Merchant Bookings**

Cash payments received from travelers in advance of the Company completing its performance obligations are included in "Deferred merchant bookings" in the Company's Consolidated Balance Sheets and are comprised principally of amounts estimated to be payable to travel service providers as well as the Company's estimated future revenues for its commission or margin and fees. The amounts are mostly subject to refunds for cancellations. The Company expects to complete its performance obligations generally within one year from the reservation date. The increase in the Deferred Merchant Booking balance during the year ended December 31, 2025 was principally due to the increase in business volumes.

#### **Marketing Expenses**

The Company's advertising expenses are reported in "Marketing expenses" in the Consolidated Statements of Operations. Marketing expenses consist of performance marketing expenses and brand marketing expenses. Performance marketing expenses are incurred primarily to drive customer traffic and generate bookings, consisting primarily of the costs of: (1) search engine keyword purchases; (2) affiliate programs; (3) referrals from meta-search websites; and (4) other performance-based marketing, including social media marketing. Brand marketing expenses are expenses incurred to build brand awareness over a specified time period, consisting primarily of television advertising and online video and display advertising (including the airing of the Company's television advertising online and social media channels), as well as other marketing expenses such as public relations and sponsorships. Performance and brand marketing expenses are generally recognized as incurred with the exception of advertising production costs, which are deferred and expensed the first time the advertisement is displayed or broadcast.

#### **Sales and Other Expenses**

Sales and other expenses are generally variable in nature and consist primarily of: (1) credit card and other payment processing fees associated with merchant transactions; (2) fees paid to third parties that provide call center and other customer services; (3) digital services taxes and other similar taxes (4) chargeback provisions and fraud prevention expenses associated with merchant transactions; (5) provisions for expected credit losses, mostly related to accommodation commission receivables; and (6) customer relations costs.

#### **Personnel Expenses**

Personnel expenses consist of compensation to the Company's personnel, including salaries, bonuses, and stock-based compensation, payroll taxes, and employee health and other benefits.

#### **Stock-Based Compensation**

Stock-based compensation expense related to performance share units, restricted stock units and stock options is recognized based on fair value on a straight-line basis over the respective requisite service periods and forfeitures are accounted for when they occur. The fair value on the grant date of performance share units and restricted stock units is determined based on the number of units granted and the quoted price of the Company's common stock. For performance share units with market conditions, the effect of the market condition is also considered in the determination of fair value on the grant date using Monte Carlo simulations. The fair value of employee stock options is determined using the Black-Scholes model.

The Company records stock-based compensation expense for performance-based awards using its estimate of the probable outcome at the end of the performance period (i.e., the estimated performance against the performance targets or performance goals, as applicable). The Company periodically adjusts the cumulative stock-based compensation expense recorded when the probable outcome for these performance-based awards is updated based upon changes in actual and forecasted operating results or expected achievement of performance goals, as applicable.

The benefits of tax deductions in excess of recognized compensation costs are recognized in the Consolidated Statements of Operations as a discrete item when an option exercise or a vesting and release of shares occurs. Excess tax benefits are presented as operating cash flows and cash payments for employee statutory tax withholding related to vested stock awards are presented as financing cash flows in the Consolidated Statements of Cash Flows.

#### **General and Administrative Expenses**

General and administrative expenses consist primarily of fees for certain outside professionals, occupancy and office expenses, certain travel transaction taxes, and personnel-related expenses such as travel, relocation, recruiting, and training expenses.

#### **Information Technology Expenses**

Information technology expenses consist primarily of: (1) software license and system maintenance fees; (2) cloud computing costs and outsourced data center costs; (3) payments to contractors; and (4) data communications and other expenses associated with operating the Company's services.

### **Restructuring and Other Exit Costs**

The Company records employee severance and other termination costs that meet the requirements for recognition in accordance with the relevant guidance of ASC 420, *Exit or Disposal Cost Obligations*, or ASC 712, *Compensation - Nonretirement Postemployment Benefits*, as applicable. For involuntary termination benefits that are not provided under the terms of an ongoing benefit arrangement, the liability for the current fair value of expected future costs associated with a management-approved restructuring plan is recognized in the period in which the plan is communicated to the employees and the plan is not expected to change significantly. For ongoing benefit arrangements, inclusive of statutory requirements, employee termination costs are accrued when the existing situation or set of circumstances indicates that an obligation has been incurred, it is probable the benefits will be paid, and the amount can be reasonably estimated. Termination benefits associated with voluntary leaver schemes are recorded when the employee irrevocably accepts the offer and the amount can be reasonably estimated.

### **Income Taxes**

The Company accounts for income taxes under the asset and liability method. The Company records the estimated future tax effects of temporary differences between the tax bases of assets and liabilities and amounts reported in the Consolidated Balance Sheets, as well as operating loss and tax credit carryforwards. Deferred taxes are classified as non-current in the Consolidated Balance Sheets.

The Company records deferred tax assets to the extent it believes these assets will more likely than not be realized. The Company regularly reviews its deferred tax assets for recoverability considering historical profitability, projected future taxable income, the expected timing of the reversals of existing temporary differences, the carryforward periods available for tax reporting purposes, and tax planning strategies. A valuation allowance is provided when it is more likely than not that some portion or all of a deferred tax asset will not be realized. The ultimate realization of deferred tax assets depends on the generation of future taxable income during the period in which related temporary differences become deductible. In determining the future tax consequences of events that have been recognized in the financial statements or tax returns, significant judgments, estimates, and interpretation of statutes are required.

Deferred taxes are measured using the enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred taxes of a change in tax rates is recognized in income in the period that includes the enactment date of such change.

The Company recognizes liabilities when it believes that uncertain positions may not be fully sustained upon audit by the tax authorities. Liabilities recognized for uncertain tax positions are based on a two-step approach for recognition and measurement. First, the Company evaluates the tax position for recognition by determining if the weight of available evidence indicates it is more likely than not that the position will be sustained on audit based on its technical merits. Second, the Company measures the tax benefit as the largest amount that is more than 50% likely of being realized upon ultimate settlement. Interest and penalties attributable to uncertain tax positions, if any, are recognized as a component of income tax expense.

The Company accounts for taxes on global intangible low-taxed income ("GILTI") introduced by the U.S. Tax Cuts and Jobs Act (the "Tax Act") as period costs. See Note 15 for further details related to income taxes.

### **Contingencies**

Loss contingencies (other than income tax-related contingencies) arise from actual or possible claims and assessments and pending or threatened litigation that may be brought against the Company by individuals, governments or other entities. Based on the Company's assessment of loss contingencies at each balance sheet date, a loss is recorded in the financial statements if it is probable that an asset has been impaired or a liability has been incurred and the amount of the loss can be reasonably estimated.

For a contingency that might result in a gain, substantially all uncertainties about its realization should be resolved before it is recognized in the financial statements. Recoveries of costs and losses incurred in the past and recorded in the financial statements are recognized when the recovery is probable, reasonably estimable, and there is direct linkage to the loss event.

### **Reclassification**

Certain amounts from prior periods have been reclassified to conform to the current period presentation.

### **Recent Accounting Pronouncements Adopted**

#### *Improvements to Income Tax Disclosures*

In fiscal 2025, the Company adopted the accounting standards update ("ASU") that requires additional disclosures on income taxes. See Note 15.

## Other Recent Accounting Pronouncements

### *Scope Improvements for Interim Reporting*

In December 2025, the Financial Accounting Standards Board ("FASB") issued an ASU mainly to improve the navigability of and provide additional guidance and clarifications on the required disclosures for interim reporting. The update is effective for interim financial statements beginning with interim periods in fiscal year 2028. The Company is currently evaluating the impact of the update to the Consolidated Financial Statements.

### *Targeted Improvements to the Accounting for Internal-Use Software*

In September 2025, the FASB issued an ASU to modernize the accounting for software costs accounted for under ASC 350-40, *Intangibles - Goodwill and Other - Internal-Use Software*. The update is effective for annual and interim financial statements beginning with the fiscal year 2028. The Company is currently evaluating the impact of the update to the Consolidated Financial Statements.

### *Measurement of Credit Losses for Accounts Receivable and Contract Assets*

In July 2025, the FASB issued an ASU to simplify the application of the current expected credit loss model for current accounts receivable and current contract assets under ASC 606, *Revenue from Contracts with Customers*. The update provides a practical expedient when estimating expected credit losses that assumes that current conditions as of the balance sheet date do not change for the remaining life of the asset. The update is effective for annual and interim financial statements beginning with the fiscal year 2026. The Company is currently evaluating the impact of the update to the Consolidated Financial Statements, including the election of the practical expedient.

### *Expense Disaggregation Disclosures*

In November 2024, the FASB issued an ASU that requires the Company to disclose additional information about certain expense categories in the notes to financial statements at interim and annual reporting periods. The update is effective for annual financial statements beginning with the fiscal year 2027 and interim financial statements in the fiscal year 2028 onwards. The Company is currently evaluating the impact of the update to the Consolidated Financial Statements.

## 3. REVENUES

### Revenues by Type of Service

Approximately 89% of the Company's revenues for the years ended December 31, 2025, 2024, and 2023, respectively, relate to online accommodation reservation services. Revenues from all other sources of online travel reservation services and advertising and other revenues each individually represent less than 10% of the Company's total revenues for each year. The majority of the Company's merchant revenues and substantially all of its agency revenues are from Booking.com's accommodation reservations.

### Consumer Incentive Programs

At December 31, 2025 and 2024, liabilities of \$78 million and \$150 million, respectively, were included in "Accrued expenses and other current liabilities" in the Consolidated Balance Sheets for incentives granted to consumers.

## 4. STOCK-BASED COMPENSATION

At December 31, 2025, there were approximately 715,000 shares of common stock available for future grants under the 1999 Omnibus Plan, as amended and restated effective June 3, 2021, which is the primary stock compensation plan from which broad-based employee, non-employee director, and consultant equity awards may be made.

Stock-based compensation issued under the plans generally consists of restricted stock units, performance share units, and stock options. Performance share units and restricted stock units are payable in shares of the Company's common stock upon vesting. The Company issues shares of its common stock upon the exercise of stock options. The tax benefit related to stock-based compensation was \$61 million, \$58 million, and \$52 million for the years ended December 31, 2025, 2024, and 2023, respectively.

### Restricted Stock Units and Performance Share Units

The Company makes broad-based grants of restricted stock units that generally vest during a period of one- to three-years, subject to certain exceptions for terminations other than for "cause," for "good reason," or on account of death or disability. The Company grants performance share units to executives and certain other employees, which generally vest at the end of a three-year period (with the exception of certain shorter-term performance share units), subject to certain exceptions for terminations other than for "cause," for "good reason," or on account of death or disability. The number of shares that ultimately vest depends on achieving certain performance metrics, performance goals, stock price increase and/or relative total shareholder return, as applicable, by the end of the performance period, assuming there is no accelerated vesting for, among other things, a termination of employment under certain circumstances.

Restricted stock units and performance share units granted by the Company during the years ended December 31, 2025, 2024, and 2023 had an aggregate grant-date fair value of \$614 million, \$635 million, and \$586 million, respectively. Restricted stock units and performance share units that vested during the years ended December 31, 2025, 2024, and 2023 had an aggregate fair value at vesting of \$1.2 billion, \$778 million, and \$459 million, respectively. At December 31, 2025, there was \$703 million of estimated total future stock-based compensation expense related to unvested restricted stock units and performance share units to be recognized over a weighted-average period of 1.8 years.

The following table summarizes the activity in restricted stock units and performance share units for employees and non-employee directors during the year ended December 31, 2025:

	Restricted Stock Units		Performance Share Units	
	Shares	Weighted-average Grant-date Fair Value	Shares	Weighted-average Grant-date Fair Value
<b>Unvested at December 31, 2024</b>	278,723	\$2,994	200,154	\$2,779
Granted	103,419	\$4,958	20,113	\$5,054
Vested	(148,431)	\$2,807	(86,213)	\$2,535
Performance shares adjustment <sup>(1)</sup>			24,256	\$4,396
Forfeited	(19,682)	\$3,824	(4,221)	\$2,958
<b>Unvested at December 31, 2025</b>	<b>214,029</b>	<b>\$3,996</b>	<b>154,089</b>	<b>\$3,462</b>

(1) Probable outcome for performance-based awards is updated based upon changes in actual and forecasted operating results or expected achievement of performance goals, as applicable, and the impact of modifications, if any.

#### Stock Options

At December 31, 2025 and 2024, the Company had 5,158 and 15,689 employee stock options outstanding and exercisable, with a weighted-average exercise price of \$1,411 per share. The aggregate intrinsic value of employee stock options exercised during the years ended December 31, 2025, 2024, and 2023 was \$38 million, \$24 million, and \$124 million, respectively. No stock options were granted to the executive officers of the Company.

#### 5. INVESTMENTS

The following table summarizes the Company's investments by major security type:

(In millions)	Cost	Gross Unrealized Gains / Upward Adjustments	Gross Unrealized Losses / Downward Adjustments	Carrying Value
<b>December 31, 2025</b>				
Equity securities with readily determinable fair values	\$ 715	\$ 11	\$ (298)	\$ 428
Equity securities of private entities	111	270	(227)	154
<b>Total long-term investments</b>	<b>\$ 826</b>	<b>\$ 281</b>	<b>\$ (525)</b>	<b>\$ 582</b>
<b>December 31, 2024</b>				
Equity securities with readily determinable fair values	\$ 715	\$ —	\$ (324)	\$ 391
Equity securities of private entities	111	259	(225)	145
<b>Total long-term investments</b>	<b>\$ 826</b>	<b>\$ 259</b>	<b>\$ (549)</b>	<b>\$ 536</b>

Equity securities with readily determinable fair values include the Company's investments in Grab Holdings Limited ("Grab") and DiDi Global Inc. ("DiDi"), with fair values of \$211 million and \$207 million, respectively, at December 31, 2025 and \$200 million and \$179 million, respectively, at December 31, 2024. During the year ended December 31, 2023, the Company sold its entire investment in Meituan for \$1.7 billion, resulting in a loss of \$149 million included in "Other income (expense), net" in the Consolidated Statement of Operations for the year ended December 31, 2023. The cost basis of the Company's investment in Meituan was \$450 million. Equity securities with readily determinable fair values are included in "Long-term investments" in the Consolidated Balance Sheets.

The Company's investments in equity securities of private entities at December 31, 2025 and 2024, includes its investment in Yanolja Co., Ltd. ("Yanolja"). During the year ended December 31, 2023, the Company evaluated its investment in Yanolja for impairment and recognized an impairment charge of \$24 million (see Note 6). At December 31, 2025 and 2024, the investment had an adjusted carrying value of \$98 million.

## 6. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are categorized below based on the level of inputs to the valuation techniques used to measure fair value (see Note 2):

(In millions)	Level 1	Level 2	Level 3	Total
<b>December 31, 2025</b>				
<b>Recurring fair value measurements</b>				
<b>ASSETS:</b>				
Money market fund investments and certificates of deposit	\$ 15,316	\$ —	\$ —	\$ 15,316
Equity securities	428	—	—	428
Foreign currency exchange derivatives	—	47	—	47
<b>LIABILITIES:</b>				
Foreign currency exchange derivatives	\$ —	\$ 40	\$ —	\$ 40
<b>Nonrecurring fair value measurements</b>				
Investments in equity securities of private entities	\$ —	\$ 30	\$ 13	\$ 43
Long-lived assets <sup>(1)</sup>	—	—	179	179
Goodwill <sup>(1)</sup>	—	—	203	203
<b>December 31, 2024</b>				
<b>Recurring fair value measurements</b>				
<b>ASSETS:</b>				
Money market fund investments and certificates of deposit	\$ 14,926	\$ —	\$ —	\$ 14,926
Equity securities	391	—	—	391
Foreign currency exchange derivatives	—	70	—	70
<b>LIABILITIES:</b>				
Foreign currency exchange derivatives	\$ —	\$ 93	\$ —	\$ 93
Embedded derivative liability	—	1,300	—	1,300

(1) Fair value measurement as of September 30, 2025. See Note 11 for additional information.

### Investments

See Note 5 for additional information related to the Company's investments.

The Company's investments in privately-held entities are measured using Level 2 and 3 inputs, as appropriate. Fair values of these securities are estimated using a variety of valuation methodologies, including both the market and income approaches. The Company uses valuation techniques appropriate for the type of investment and the information available about the investee as of the valuation date to determine fair value. The determination of the fair values of investments, where the Company is a minority shareholder and has access to limited information from the investee, reflects numerous assumptions that are subject to various risks and uncertainties, including key assumptions regarding the investee's expected growth rates and operating margin, as well as other key assumptions with respect to matters outside of the Company's control, such as discount rates and market comparables.

### Derivatives

In the normal course of business, the Company is exposed to the impact of foreign currency fluctuations. The Company mitigates these risks by following established risk management policies and procedures, including the use of derivatives. The Company enters into foreign currency exchange contracts to hedge its exposure to the impact of movements in foreign currency exchange rates on its transactional balances denominated in currencies other than the functional currency. The Company does not use derivatives for trading or speculative purposes.

The Company's derivative instruments are valued using pricing models. Pricing models take into account the contract terms as well as multiple inputs where applicable, such as interest rate yield curves, option volatility, and foreign currency exchange rates. The valuation of derivatives is considered "Level 2" fair value measurement. The Company's derivative instruments are typically short-term in nature. The Company reports the fair values of its derivative assets and liabilities on a gross basis in the Consolidated Balance Sheets in "Other current assets" and "Accrued expenses and other current liabilities," respectively.

See Note 12 for information on the embedded derivative liability related to the convertible senior notes that matured in May 2025.

As of December 31, 2025 and 2024, the Company did not designate any derivatives as hedges for accounting purposes. Gains and losses resulting from changes in the fair values of derivative instruments are recognized in "Other income (expense), net" in the Consolidated Statements of Operations in the period that the changes occur and cash flow impacts, if any, are classified within "Net cash provided by operating activities" or "Net cash used in financing activities," as appropriate, in the Consolidated Statements of Cash Flows.

For the Company's foreign currency exchange derivatives outstanding as of December 31, 2025 and 2024, the notional amounts of the foreign currency purchases were \$8.9 billion and \$8.2 billion, respectively, and the notional amounts of the foreign currency sales were \$6.0 billion and \$5.5 billion, respectively. The notional amount of a foreign currency exchange derivative contract is the contracted amount of foreign currency to be exchanged and is not recorded in the balance sheet.

The effect of foreign currency exchange derivatives recorded in "Other income (expense), net" in the Consolidated Statements of Operations is as follows:

(In millions)	Year Ended December 31,		
	2025	2024	2023
Losses on foreign currency exchange derivatives	\$ (35)	\$ (156)	\$ (106)

#### Other Financial Assets and Liabilities

At December 31, 2025 and 2024, the Company's cash consisted of bank deposits. Cash equivalents principally include money market fund investments and certificates of deposit and their carrying value generally approximates the fair value as they are readily convertible to known amounts of cash. Other financial assets and liabilities, including restricted cash, accounts payable, accrued expenses, and deferred merchant bookings, are carried at cost which approximates their fair values because of the short-term nature of these items. Accounts receivable and other financial assets measured at amortized cost are carried at cost less an allowance for expected credit losses to present the net amount expected to be collected (see Note 7). See Note 12 for the estimated fair value of the Company's outstanding senior notes, including the estimated fair value of the Company's convertible senior notes.

#### 7. ACCOUNTS RECEIVABLE AND OTHER FINANCIAL ASSETS

Accounts receivable in the Consolidated Balance Sheets at December 31, 2025 and 2024 includes receivables from customers of \$2.1 billion and \$2.0 billion, respectively, and receivables from payment processors and networks of \$1.4 billion and \$1.2 billion, respectively. The remaining balance principally relates to receivables from marketing affiliates. The Company's receivables are short-term in nature. The amounts mentioned above are stated on a gross basis, before deducting the allowance for expected credit losses. In addition, the Company had prepayments to certain accommodation travel service provider customers of \$77 million and \$49 million primarily included in "Prepaid expenses, net" in the Consolidated Balance Sheets at December 31, 2025 and 2024, respectively.

Significant judgments and assumptions are required to estimate the allowance for expected credit losses and such assumptions may change in future periods, particularly the assumptions related to the business prospects and financial condition of customers and marketing affiliates, including macroeconomic conditions, inflationary pressures, potential recession, and the Company's ability to collect the receivable or recover prepayments.

The following table summarizes the activity of the allowance for expected credit losses on receivables:

(In millions)	Year Ended December 31,		
	2025	2024	2023
<b>Balance, beginning of year</b>	\$ 146	\$ 137	\$ 117
Provision charged to earnings	195	222	169
Write-offs and other adjustments	(204)	(213)	(149)
<b>Balance, end of year</b>	\$ 137	\$ 146	\$ 137

#### 8. NET INCOME PER SHARE

The Company computes basic net income per share by dividing net income applicable to common stockholders by the weighted-average number of common shares outstanding during the period. Diluted net income per share is based upon the weighted-average number of common and common equivalent shares outstanding during the period. Only dilutive common equivalent shares that decrease the net income per share are included in the computation of diluted net income per share.

Common equivalent shares related to stock options, restricted stock units, and performance share units are calculated using the treasury stock method. Performance share units are included in the weighted-average common equivalent shares based on the number of shares that would be issued if the end of the reporting period were the end of the performance period, if the result would be dilutive. See Note 12 for information on the convertible senior notes that matured in May 2025. For periods prior to the date of the Company's irrevocable election to settle the conversion premium in cash, the Company used the if-converted method to calculate the dilutive effect of the convertible senior notes.

A reconciliation of the weighted-average number of shares outstanding used in calculating diluted net income per share is as follows:

(In thousands)	Year Ended December 31,		
	2025	2024	2023
<b>Weighted-average number of basic common shares outstanding</b>	32,452	33,622	36,140
Weighted-average dilutive stock options, restricted stock units, and performance share units	187	242	228
Assumed conversion of convertible senior notes	—	200	162
<b>Weighted-average number of diluted common and common equivalent shares outstanding</b>	<b>32,639</b>	<b>34,064</b>	<b>36,530</b>

## 9. PROPERTY AND EQUIPMENT, NET

Property and equipment, net consist of the following:

(In millions)	December 31,		Estimated Useful Lives (years)
	2025	2024	
Capitalized software	\$ 1,437	\$ 1,249	1 to 7 years
Computer equipment	751	694	2 to 5 years
Leasehold improvements	202	216	Up to 15 years
Office equipment, furniture, and fixtures	60	65	2 to 10 years
<b>Total</b>	<b>2,450</b>	<b>2,224</b>	
Less: Accumulated depreciation	(1,643)	(1,392)	
<b>Property and equipment, net</b>	<b>\$ 807</b>	<b>\$ 832</b>	

Depreciation expense was \$419 million, \$370 million, and \$282 million for the years ended December 31, 2025, 2024, and 2023, respectively. Additions to capitalized software during the years ended December 31, 2025, 2024, and 2023 were \$171 million, \$212 million, and \$229 million, respectively.

## 10. LEASES

The Company has operating and finance leases for office space, data centers, and computer equipment.

The Company recognized the following related to its leases in the Consolidated Balance Sheets:

(In millions)	Classification in Consolidated Balance Sheets	December 31,	
		2025	2024
<b>Operating lease assets</b>	Operating lease assets	\$ 632	\$ 559
<b>Operating lease liabilities:</b>			
Current operating lease liabilities	Accrued expenses and other current liabilities	\$ 115	\$ 122
Non-current operating lease liabilities	Operating lease liabilities	557	483
<b>Total operating lease liabilities</b>		<b>\$ 672</b>	<b>\$ 605</b>
<b>Finance lease assets</b>	Property and equipment, net	\$ 7	\$ 35
<b>Finance lease liabilities:</b>			
Current finance lease liabilities	Accrued expenses and other current liabilities	\$ 6	\$ 26
Non-current finance lease liabilities	Other long-term liabilities	—	7
<b>Total finance lease liabilities</b>		<b>\$ 6</b>	<b>\$ 33</b>

The weighted-average lease term and discount rate for leases are as follows:

	December 31,	
	2025	2024
<b>Weighted-average remaining lease term:</b>		
Operating leases	8.6 years	9.2 years
Finance leases	0.8 years	1.2 years
<b>Weighted-average discount rate:</b>		
Operating leases	3.8 %	3.9 %
Finance leases	3.5 %	3.5 %

The Company recognized the following costs related to its leases in the Consolidated Statements of Operations:

(In millions)	Classification in Consolidated Statements of Operations	Year Ended December 31,		
		2025	2024	2023
Operating lease cost	General and administrative and Information technology	\$ 172	\$ 174	\$ 180
Variable lease cost	General and administrative and Information technology	78	78	82
Finance lease cost	Depreciation and amortization	26	37	28
Other		(2)	4	(4)
<b>Total lease cost</b>		<b>\$ 274</b>	<b>\$ 293</b>	<b>\$ 286</b>

Supplemental cash flow information related to leases is as follows:

(In millions)	Year Ended December 31,		
	2025	2024	2023
Cash paid for amounts included in the measurement of lease liabilities:			
Operating cash flows from operating leases	\$ 174	\$ 184	\$ 172
Financing cash flows from finance leases	25	36	31
Operating lease assets obtained in exchange for new operating lease liabilities	167	75	200

During the year ended December 31, 2023, \$44 million of finance lease assets were obtained in exchange for new finance lease liabilities.

"Operating lease amortization" presented in the operating activities section of the Consolidated Statements of Cash Flows reflects the portion of the operating lease cost from the amortization of the operating lease assets.

As of December 31, 2025, the future lease payments for operating leases are as follows:

(In millions)			
2026		\$	137
2027			123
2028			97
2029			70
2030			60
Thereafter			305
Total future lease payments			792
Less: Imputed interest			(120)
<b>Total operating lease liabilities</b>		<b>\$</b>	<b>672</b>

## 11. GOODWILL AND INTANGIBLE ASSETS

A substantial portion of the Company's intangible assets and goodwill as of December 31, 2025 relates to the acquisitions of OpenTable and Getaroom.

### Goodwill

The changes in the balance of goodwill consist of the following:

(In millions)	Year Ended December 31,	
	2025	2024
<b>Balance, beginning of year</b>	\$ 2,799	\$ 2,826
Impairment	(180)	—
Foreign currency translation adjustments	50	(27)
<b>Balance, end of year <sup>(1)</sup></b>	<b>\$ 2,669</b>	<b>\$ 2,799</b>

(1) The balance of goodwill as of December 31, 2025 and 2024 is stated net of cumulative impairment charges of \$2.2 billion and \$2.0 billion, respectively.

## Intangible Assets

The Company's intangible assets consist of the following:

(In millions)	December 31, 2025			December 31, 2024			Amortization Period
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	
Trade names	\$ 1,294	\$ (711)	\$ 583	\$ 1,802	\$ (1,000)	\$ 802	3 - 20 years
Supply and distribution agreements	960	(626)	334	1,377	(830)	547	3 - 20 years
Other intangible assets	327	(326)	1	326	(293)	33	Up to 20 years
<b>Total intangible assets</b>	<b>\$ 2,581</b>	<b>\$ (1,663)</b>	<b>\$ 918</b>	<b>\$ 3,505</b>	<b>\$ (2,123)</b>	<b>\$ 1,382</b>	

Amortization expense for intangible assets was \$204 million, \$221 million, and \$222 million for the years ended December 31, 2025, 2024, and 2023, respectively.

The estimated future annual amortization expense for the Company's intangible assets at December 31, 2025 is as follows:

(In millions)	\$	141
2026	\$ 141	141
2027	131	131
2028	130	130
2029	121	121
2030	102	102
Thereafter	293	293

## Impairment of Goodwill and Intangible Assets

As of September 30, 2025, the Company performed its annual goodwill impairment test. Except for the KAYAK reporting unit, the fair values of the Company's reporting units exceeded their respective carrying values.

For the KAYAK reporting unit's goodwill, the Company recognized an impairment charge of \$180 million for the three months ended September 30, 2025, which is not tax-deductible, resulting in an adjusted carrying value of \$203 million at September 30, 2025. In addition, for the KAYAK asset group's intangible assets (trade names and supply and distribution agreements), the Company recognized an impairment charge of \$277 million for the three months ended September 30, 2025. The impairments were primarily driven by a reduction in the forecasted cash flows for KAYAK, reflecting its meta-search business being impacted by expected increases in customer acquisition costs. These impairment charges are recorded in "Impairment" in the Consolidated Statement of Operations.

The estimated fair value of KAYAK was determined using a combination of standard valuation techniques, including an income approach (discounted cash flow) and a market approach (applying comparable company multiples). The income approach estimates fair value utilizing long-term growth rates and discount rates applied to the cash flow projections. The discount rate is determined based on the reporting unit's estimated weighted-average cost of capital and adjusted to reflect the risks inherent in its cash flows, which require significant judgments. Changes in the assumptions used for discount rates would result in directionally opposite changes in the fair value. The market approach estimates value using prices and other relevant information generated by market transactions involving comparable publicly-traded companies, including the use of the EBITDA multiple. A change in the assumption used for the EBITDA multiple would result in a directionally similar change in the fair value.

At September 30, 2025, the fair values of KAYAK's trade names and supply and distribution agreements were \$103 million and \$76 million, respectively, estimated using an income approach. The key unobservable inputs used for these intangible assets include royalty rates, distributor margins, and supplier attrition rates (in the range of 2% to 5%, as applicable) and the useful lives of the trade names (20 years). Significant changes in any of these inputs in isolation would result in significantly different fair value measurements. Generally, a change in the assumption used for the royalty rate, distributor margin, and expected useful life would result in a directionally similar change in the fair value and a change in the assumption used for the attrition rate would result in a directionally opposite change in the fair value.

The estimation of fair value reflects numerous assumptions that are subject to various risks and uncertainties, including key assumptions regarding expected growth rates and operating margin, as well as other key assumptions with respect to matters outside of the Company's control, such as discount rates and market comparables. It requires significant judgments and estimates and actual results could be materially different than the judgments and estimates used to estimate fair value. Future events and changing market conditions may lead the Company to re-evaluate its current assumptions and may result in a need to recognize an additional goodwill and/or long-lived asset impairment charge that could have a material adverse effect on the Company's results of operations.

## 12. DEBT

### Revolving Credit Facility

In May 2023, the Company entered into a five-year unsecured revolving credit facility with a group of lenders. The revolving credit facility extends a revolving line of credit of up to \$2 billion to the Company and provides for the issuance of up to \$80 million of letters of credit, as well as up to \$100 million of borrowings on same-day notice, referred to as swingline loans. Other than the swingline loans, which are available only in U.S. Dollars, the revolving loans and the letters of credit are available in U.S. Dollars, Euros, Pounds Sterling, and any other currency agreed to by the administrative agent and each of the lenders. The revolving credit facility contains a maximum leverage ratio covenant, compliance with which is a condition to the Company's ability to borrow. In May 2024, the Company extended the maturity date of the revolving credit facility from May 2028 to May 2029 pursuant to an extension request under the credit agreement.

Borrowings under the revolving credit facility will bear interest at a rate determined by reference to benchmark rates plus an applicable spread (ranging from 0% to 1.375%) based on the better of the Company's leverage or credit rating at the time of the borrowing. Undrawn balances available under the revolving credit facility are subject to commitment fees at the applicable rate determined by reference to the Company's leverage or credit rating. At December 31, 2025 and 2024, there were no borrowings outstanding and \$19 million and \$26 million, respectively, of letters of credit issued under the revolving credit facility.

### Outstanding Debt

Outstanding debt consists of the following:

(In millions)	December 31, 2025			December 31, 2024		
	Outstanding Principal Amount	Carrying Value <sup>(1)</sup>		Outstanding Principal Amount	Carrying Value <sup>(1)</sup>	
3.65% Senior Notes due March 2025 <sup>(2)</sup>	\$ —	\$ —		\$ 500	\$ 500	
0.1% (€950 Million) Senior Notes due March 2025 <sup>(2)</sup>	—	—		984	984	
0.75% Convertible Senior Notes due May 2025 <sup>(2)</sup>	—	—		784	261	
4.625% Senior Notes due April 2030	—	—		1,500	1,494	
3.6% Senior Notes due June 2026 <sup>(3)</sup>	1,000	1,000		1,000	999	
4.0% (€750 Million) Senior Notes due November 2026 <sup>(3)</sup>	881	880		777	775	
1.8% (€1 Billion) Senior Notes due March 2027	1,174	1,173		1,035	1,034	
3.55% Senior Notes due March 2028	500	499		500	499	
0.5% (€750 Million) Senior Notes due March 2028	881	879		777	774	
3.625% (€500 Million) Senior Notes due November 2028	587	585		518	516	
3.5% (€500 Million) Senior Notes due March 2029	587	585		518	516	
4.25% (€750 Million) Senior Notes due May 2029	881	877		777	772	
3.0% (€750 Million) Senior Notes due November 2030	881	876		—	—	
3.125% (€500 Million) Senior Notes due May 2031	587	582		—	—	
4.5% (€1 Billion) Senior Notes due November 2031	1,174	1,169		1,035	1,030	
3.625% (€650 Million) Senior Notes due March 2032	764	760		673	669	
3.25% (€600 Million) Senior Notes due November 2032	705	698		621	614	
4.125% (€1.25 Billion) Senior Notes due May 2033	1,468	1,456		1,294	1,282	
4.75% (€1 Billion) Senior Notes due November 2034	1,174	1,167		1,035	1,028	
3.625% (€750 Million) Senior Notes due November 2035	881	867		—	—	
3.75% (€850 Million) Senior Notes due March 2036	998	984		880	866	
3.75% (€500 Million) Senior Notes due November 2037	587	584		518	514	
4.125% (€750 Million) Senior Notes due May 2038	881	870		—	—	
4.0% (€750 Million) Senior Notes due March 2044	881	865		777	762	
3.875% (€700 Million) Senior Notes due March 2045	823	805		725	709	
4.5% (€500 Million) Senior Notes due May 2046	587	575		—	—	
<b>Total outstanding debt</b>	<b>\$ 18,882</b>	<b>\$ 18,736</b>		<b>\$ 17,228</b>	<b>\$ 16,598</b>	
Short-term debt	\$ 1,881	\$ 1,880		\$ 2,268	\$ 1,745	
Long-term debt	\$ 17,001	\$ 16,856		\$ 14,960	\$ 14,853	

(1) The carrying values differ from the outstanding principal amounts due to unamortized debt discounts and debt issuance costs of \$146 million and \$630 million as of December 31, 2025 and 2024, respectively.

(2) Included in "Short-term debt" in the Consolidated Balance Sheet as of December 31, 2024.

(3) Included in "Short-term debt" in the Consolidated Balance Sheet as of December 31, 2025.

### **Fair Value of Debt**

At December 31, 2025 and 2024, the fair value of outstanding debt was approximately \$18.9 billion and \$18.8 billion, respectively, and was considered a "Level 2" fair value measurement (see Note 2). Fair value was estimated based upon actual trades at the end of the reporting period or the most recent trade available as well as the Company's stock price at the end of the reporting period, as applicable. The fair value of the Company's debt in excess of the outstanding principal amount at December 31, 2025 is primarily due to interest rate fluctuations. The fair value of the Company's debt in excess of the outstanding principal amount at December 31, 2024 primarily relates to the conversion premium, which is the conversion value in excess of the principal amount, on the convertible senior notes that matured in May 2025.

### **Convertible Senior Notes**

In April 2020, the Company issued \$863 million aggregate principal amount of convertible senior notes due in May 2025 with an interest rate of 0.75% (the "May 2025 Notes"). The May 2025 Notes were convertible, subject to certain conditions, into the Company's common stock at a contractually determined conversion price. The May 2025 Notes were convertible, at the option of the holder, prior to November 1, 2024, upon the occurrence of specific events, including but not limited to a change in control, or if the closing sales price of the Company's common stock for at least 20 trading days in the period of 30 consecutive trading days ending on the last trading day of the immediately preceding calendar quarter was more than 130% of the conversion price in effect for the notes on the last trading day of the immediately preceding quarter. In the event that all or substantially all of the Company's common stock was acquired on or prior to the maturity of the May 2025 Notes in a transaction in which the consideration paid to holders of the Company's common stock consists of all or substantially all cash, the Company would have been required to make additional payments in the form of shares of common stock to the holders of the May 2025 Notes in an aggregate value ranging from \$0 to \$235 million depending upon the date of the transaction and the then current stock price of the Company. Starting on November 1, 2024, note holders had the right to convert all or any portion of the May 2025 Notes, regardless of the Company's stock price. The May 2025 Notes were not redeemable by the Company prior to maturity. The holders could have required the Company to repurchase the May 2025 Notes for cash in certain circumstances. Interest on the May 2025 Notes was payable on May 1 and November 1 of each year. Prior to November 2024, if the note holders exercised their option to convert, the Company delivered cash to repay the principal amount of the May 2025 Notes and had the option to deliver shares of the Company's common stock or cash, to satisfy the conversion premium. As of November 1, 2024, note holders were entitled to repayment of the principal amount of the May 2025 Notes in cash, and if they exercised their option to convert, the note holders were entitled to cash payment for the conversion premium, settled at maturity. Based on the closing sales prices of the Company's common stock for the prescribed measurement periods, the May 2025 Notes were convertible at the option of the holder starting the second calendar quarter of 2023 until November 1, 2024, when they became convertible regardless of the Company's stock price. The May 2025 Notes were classified as "Short-term debt" in the Consolidated Balance Sheet as of December 31, 2024. At December 31, 2024, the estimated fair value of the May 2025 Notes was \$2.1 billion and was considered a "Level 2" fair value measurement (see Note 2). For the year ended December 31, 2023, the weighted-average effective interest rate related to the May 2025 Notes was 1.2%.

Upon issuance and subsequent balance sheet-date reassessments through September 30, 2024, the conversion option of the May 2025 Notes qualified for the equity scope exception under ASC 815, *Derivatives and Hedging*, because the Company had the option to deliver either cash or shares of the Company's common stock to satisfy the conversion premium. Under such exception, the conversion option was not required to be accounted for as a separate instrument. On November 1, 2024, the Company irrevocably elected to settle the conversion premium in cash. Upon that election, the conversion option no longer qualified for the exception and was deemed to be an embedded derivative which required bifurcation from the debt contract. Upon bifurcation of the conversion option, the Company recorded an embedded derivative liability at fair value of \$1.2 billion, a debt discount reducing the carrying value of the May 2025 Notes to zero, and a loss of \$428 million. The debt discount was amortized over the remaining term of the May 2025 Notes using the straight-line method. The fair value of the embedded derivative liability (considered a "Level 2" fair value measurement; see Note 2), was \$1.3 billion at December 31, 2024 and is included in "Accrued expenses and other current liabilities" in the Consolidated Balance Sheet. The unamortized debt discount and debt issuance costs was \$523 million at December 31, 2024.

The Company recognized the following activity related to the conversion option of the May 2025 Notes in the Consolidated Statements of Operations:

(In millions)	Classification in Consolidated Statements of Operations	Year Ended December 31,	
		2025	2024
Change in fair value of the conversion option <sup>(1)</sup>	Other income (expense), net	\$ 163	\$ (535)
Amortization of debt discount	Interest expense	(523)	(261)
<b>Total charges</b>		<b>\$ (360)</b>	<b>\$ (796)</b>

(1) Includes loss on bifurcation for the year ended December 31, 2024.

In May 2025, upon the maturity of the May 2025 Notes, the Company paid \$1.9 billion in cash in the aggregate to repay the principal amount and settle the conversion premium of \$1.1 billion. In addition, the Company paid the applicable accrued and unpaid interest relating to May 2025 Notes. During the year ended December 31, 2024, the Company paid \$198 million in aggregate upon the conversion of the May 2025 Notes at the holders' option, to repay the principal amount of \$78 million due upon conversion and an additional \$120 million conversion premium.

#### **Nonconvertible Senior Notes**

The following table summarizes the information related to nonconvertible senior notes outstanding at December 31, 2025:

<b>Nonconvertible Senior Notes</b>	<b>Date of Issuance</b>	<b>Effective Interest Rate <sup>(1)</sup></b>	<b>Timing of Interest Payments</b>
3.6% Senior Notes due June 2026	May 2016	3.70%	Semi-annually in June and December
4.0% Senior Notes due November 2026	November 2022	4.08%	Annually in November
1.8% Senior Notes due March 2027	March 2015	1.86%	Annually in March
3.55% Senior Notes due March 2028	August 2017	3.63%	Semi-annually in March and September
0.5% Senior Notes due March 2028	March 2021	0.63%	Annually in March
3.625% Senior Notes due November 2028	May 2023	3.74%	Annually in November
3.5% Senior Notes due March 2029	March 2024	3.61%	Annually in March
4.25% Senior Notes due May 2029	November 2022	4.35%	Annually in May
3.0% Senior Notes due November 2030	November 2025	3.13%	Annually in November
3.125% Senior Notes due May 2031	May 2025	3.32%	Annually in May
4.5% Senior Notes due November 2031	November 2022	4.57%	Annually in November
3.625% Senior Notes due March 2032	March 2024	3.71%	Annually in March
3.25% Senior Notes due November 2032	November 2024	3.41%	Annually in November
4.125% Senior Notes due May 2033	May 2023	4.26%	Annually in May
4.75% Senior Notes due November 2034	November 2022	4.81%	Annually in November
3.625% Senior Notes due November 2035	November 2025	3.82%	Annually in November
3.75% Senior Notes due March 2036	March 2024	3.92%	Annually in March
3.75% Senior Notes due November 2037	November 2024	3.81%	Annually in November
4.125% Senior Notes due May 2038	May 2025	4.25%	Annually in May
4.0% Senior Notes due March 2044	March 2024	4.15%	Annually in March
3.875% Senior Notes due March 2045	November 2024	4.03%	Annually in March
4.5% Senior Notes due May 2046	May 2025	4.66%	Annually in May

(1) Represents the coupon interest rate adjusted for deferred debt issuance costs, premiums or discounts existing at the origination of the debt.

In 2025, 2024, and 2023, the Company issued senior notes with varying maturities for aggregate cash proceeds of \$3.7 billion, \$4.8 billion, and \$1.9 billion, respectively. The proceeds from the issuance of these senior notes were used for general corporate purposes, including to repurchase shares of the Company's common stock and to redeem or repay outstanding indebtedness.

In 2025, the Company paid \$1.5 billion on settlement of the exercise of the make-whole option to redeem the 4.625% Senior Notes due April 2030 and recognized a loss of \$25 million on the early extinguishment of these notes, which is included in "Other income (expense), net" in the Consolidated Statement of Operations for the year ended December 31, 2025. Also, in 2025, 2024, and 2023, the Company paid \$1.5 billion, \$1.1 billion, and \$500 million on the maturity of the senior notes due March 2025, September 2024, and March 2023, respectively. In addition, the Company paid the applicable accrued and unpaid interest relating to these senior notes.

Interest expense related to nonconvertible senior notes consists primarily of coupon interest expense of \$630 million, \$527 million, and \$409 million for the years ended December 31, 2025, 2024, and 2023, respectively. Debt discount and debt issuance costs for these notes are amortized using the effective interest rate method over the period from the origination date through the stated maturity date.

Each of the Company's senior notes are unsecured and rank equally in right of payment with all of the Company's other senior unsecured notes.

The Company designates certain portions of the aggregate principal value of the Euro-denominated debt as a hedge of the foreign currency exposure of the net investment in certain Euro functional currency subsidiaries. For the years ended December 31, 2025 and 2024, the carrying value of the portion of Euro-denominated debt, designated as a net investment hedge, ranged from \$1.8 billion to \$4.8 billion and from \$2.3 billion to \$5.3 billion, respectively. The foreign currency transaction gains or losses on the Euro-denominated debt that is designated as a hedging instrument for accounting purposes are recorded in "Accumulated other comprehensive loss" in the Consolidated Balance Sheets. The foreign currency transaction gains or losses on the Euro-denominated debt that is not designated as a hedging instrument are recognized in "Other income (expense), net" in the Consolidated Statements of Operations.

### 13. COMMON STOCK, TREASURY STOCK, AND DIVIDENDS

In the first quarter of 2025, the Company's Board of Directors (the "Board") authorized a program to repurchase up to \$20 billion of the Company's common stock. At December 31, 2025, the Company had a total remaining authorization of \$21.8 billion related to share repurchase programs authorized by the Board. Additionally, the Board has given the Company the general authorization to repurchase shares of its common stock withheld to satisfy employee withholding tax obligations related to stock-based compensation.

The following table summarizes the Company's stock repurchase activities:

(In millions, except for shares, which are reflected in thousands)	Year Ended December 31,					
	2025		2024		2023	
	Shares	Amount	Shares	Amount	Shares	Amount
Authorized stock repurchase programs	1,191	\$ 5,906	1,581	\$ 6,104	3,660	\$ 10,249
General authorization for shares withheld on stock award vesting	107	532	98	347	72	194
<b>Total</b>	<b>1,298</b>	<b>\$ 6,438</b>	<b>1,679</b>	<b>\$ 6,451</b>	<b>3,732</b>	<b>\$ 10,443</b>

Stock repurchases of \$20 million in December 2025 were settled in January 2026. Stock repurchases of \$20 million in December 2024 were settled in January 2025. For the years ended December 31, 2025, 2024, and 2023, the Company remitted employee withholding taxes of \$530 million, \$345 million, and \$194 million, respectively, to the tax authorities, which may differ from the aggregate cost of the shares withheld for taxes for each year due to the timing in remitting the taxes. The cash remitted to the tax authorities is included in financing activities in the Consolidated Statements of Cash Flows.

Excise tax obligations that result from the Company's share repurchases are accounted for as a cost of the treasury stock transaction. As of December 31, 2025 and 2024, the Company recorded estimated liabilities of \$52 million and \$56 million, respectively, related to excise taxes on share repurchases, which are included in "Accrued expenses and other current liabilities" in the Consolidated Balance Sheets. During the years ended December 31, 2025 and 2024, the Company remitted excise taxes of \$56 million and \$96 million, respectively, to the tax authorities, which is included in financing activities in the Consolidated Statements of Cash Flows.

During 2024, the Board adopted a dividend policy pursuant to which the Company pays quarterly cash dividends on its common stock. Declaration of dividends will be subject to the Board's consideration of, among other things, the Company's financial performance, cash flows, capital needs, and liquidity. During the year ended December 31, 2025, the Board declared quarterly cash dividends of \$9.60 per share of common stock and the Company paid \$1.2 billion in total cash dividends. During the year ended December 31, 2024, the Board declared quarterly cash dividends of \$8.75 per share of common stock and the Company paid \$1.2 billion in total cash dividends. In February 2026, the Board declared a cash dividend of \$10.50 per share of common stock, payable on March 31, 2026 to stockholders of record as of the close of business on March 6, 2026.

In January 2026, the Board approved a 25-to-1 stock split of the Company's authorized shares of common stock (the "Stock Split"), which will be effected April 2, 2026. The Company's Consolidated Financial Statements, including all share and per share data, do not reflect the impact of the Stock Split.

#### 14. CHANGES IN ACCUMULATED OTHER COMPREHENSIVE LOSS BY COMPONENT

The table below presents the changes in the balances of accumulated other comprehensive loss ("AOCI") by component:

(In millions)	Foreign currency translation adjustments									
	Foreign currency translation		Net investment hedges <sup>(1)</sup>			Other, net of tax		Total AOCI, net of tax		
	Before tax	Tax <sup>(2)</sup>	Before tax	Tax	Total, net of tax	Before tax	Tax	Total, net of tax	Before tax	Total AOCI, net of tax
<b>Balance, December 31, 2022</b>	\$ (579)	\$ 93	\$ 310	\$ (81)	\$ (257)	\$ (10)	\$ (267)			
Other comprehensive income (loss) ("OCI") for the period	42	1	(139)	33	(63)	7	(56)			
<b>Balance, December 31, 2023</b>	\$ (537)	\$ 94	\$ 171	\$ (48)	\$ (320)	\$ (3)	\$ (323)			
OCI for the period	(232)	36	185	(44)	(55)	3	(52)			
<b>Balance, December 31, 2024</b>	\$ (769)	\$ 130	\$ 356	\$ (92)	\$ (375)	—	\$ (375)			
OCI for the period	426	(80)	(341)	80	85	—	85			
<b>Balance, December 31, 2025</b>	<u>\$ (343)</u>	<u>\$ 50</u>	<u>\$ 15</u>	<u>\$ (12)</u>	<u>\$ (290)</u>	<u>\$ —</u>	<u>\$ (290)</u>			

(1) Includes foreign currency transaction gains (losses) and related tax benefits (expenses) associated with the Company's Euro-denominated debt that is designated as a hedge of the foreign currency exposure of the net investment in certain Euro functional currency subsidiaries and previously settled derivatives that were designated as net investment hedges (see Notes 2 and 12).

(2) The tax benefits relate to foreign currency translation adjustments to the Company's one-time deemed repatriation tax liability recorded at December 31, 2017 and foreign earnings for periods after December 31, 2017 that are subject to U.S. federal and state income tax, resulting from the enactment of the Tax Act.

#### 15. INCOME TAXES

The composition of pre-tax income (loss) is as follows:

(In millions)	Year Ended December 31,		
	2025	2024	2023
International	\$ 9,493	\$ 8,029	\$ 6,119
U.S.	(2,661)	(737)	(638)
<b>Total</b>	<u>\$ 6,832</u>	<u>\$ 7,292</u>	<u>\$ 5,481</u>

#### Provision for Income Taxes

The composition of income tax expense is as follows:

(In millions)	Year Ended December 31,		
	2025	2024	2023
Current income tax expense (benefit):			
International	\$ 1,856	\$ 1,545	\$ 1,371
U.S. Federal	42	(235)	291
U.S. State	46	2	8
Current income tax expense	<u>1,944</u>	<u>1,312</u>	<u>1,670</u>
Deferred income tax (benefit) expense:			
International	(48)	25	(47)
U.S. Federal	(413)	51	(411)
U.S. State	(55)	22	(20)
Deferred income tax (benefit) expense	<u>(516)</u>	<u>98</u>	<u>(478)</u>
Income tax expense (benefit):			
International	1,808	1,570	1,324
U.S. Federal	(371)	(184)	(120)
U.S. State	(9)	24	(12)
Income tax expense	<u>\$ 1,428</u>	<u>\$ 1,410</u>	<u>\$ 1,192</u>

Income tax liabilities of \$928 million and \$905 million are included in "Accrued expenses and other current liabilities" in the Consolidated Balance Sheets at December 31, 2025 and 2024, respectively.

The following table summarizes cash paid for income taxes, net of refunds received, by jurisdiction:

(In millions)	Year Ended December 31,		
	2025	2024	2023
<b>Foreign jurisdictions:</b>			
Netherlands	\$ 1,700	\$ 1,499	\$ 1,122
France <sup>(1)</sup>			172
Other foreign jurisdictions	223	177	112
<b>Total Foreign jurisdictions</b>	<b>1,923</b>	<b>1,676</b>	<b>1,406</b>
U.S. Federal	322	236	360
U.S. State	34	20	23
<b>Cash paid for taxes, net of refunds received</b>	<b>\$ 2,279</b>	<b>\$ 1,932</b>	<b>\$ 1,789</b>

(1) The cash paid for income taxes, net of refunds received, for the years ended December 31, 2025 and 2024 do not meet the 5% disaggregation threshold.

#### U.S. Tax Reform

In December 2017, the Tax Act was enacted into law in the U.S. The Tax Act made significant changes to U.S. federal tax law, including a one-time deemed repatriation tax on accumulated unremitted international earnings, to be paid over eight years. In 2024, the Company reduced its income tax expense that was recorded during the year ended December 31, 2018 by \$416 million relating to its federal one-time deemed repatriation liability. The reduction in expense resulted from a 2024 U.S. Tax Court decision in Varian Medical Systems, Inc. vs. Commissioner. Under the Tax Act, the Company's future cash generated by the Company's international operations can generally be repatriated without further U.S. federal income tax, but will be subject to U.S. state income taxes and international withholding taxes, which have been accrued by the Company. The Tax Act also introduced in 2018 a tax on 50% of GILTI and a base erosion and anti-abuse tax. The Company has adopted an accounting policy to treat taxes on GILTI as period costs.

In July 2025, the One Big Beautiful Bill Act (the "BBB Act") was enacted into law in the United States. The BBB Act made changes to certain international, foreign tax credit, and domestic tax provisions in the United States effective in 2025 and 2026. There was not a significant impact to the Company's income tax expense or effective tax rate for the year ended December 31, 2025 as a result of the BBB Act.

Several countries outside the U.S. have adopted rules, effective January 1, 2024, that impose a 15% minimum global tax. This is in response to the framework set forth by the Organisation for Economic Co-operation and Development with respect to its base erosion and profit shifting project. The impact of these rules has been reflected in the Company's 2025 and 2024 income tax expense.

#### Deferred Income Taxes

The Company utilized \$309 million of its U.S. NOLs to reduce its U.S. federal tax liability for the deemed repatriation tax. After utilization of available NOLs, at December 31, 2025, the Company had U.S. federal NOLs of \$464 million, the majority of which do not have an expiration date, and U.S. state NOLs of \$382 million, which mainly begin to expire in years ending December 31, 2032 and forward. In addition, at December 31, 2025, the Company had \$894 million of non-U.S. NOLs, the majority of which do not have an expiration date, and \$54 million of U.S. research tax credit and foreign tax credit carryforwards available to reduce future tax liabilities.

The utilization of these NOLs and credits is dependent upon the Company's ability to generate sufficient future taxable income and the tax laws in the jurisdictions where the losses were generated. The Company periodically evaluates the likelihood of the realization of deferred tax assets, and reduces the carrying amount of these deferred tax assets by a valuation allowance to the extent it believes a portion will not be realized. The Company considers many factors when assessing the likelihood of future realization of the deferred tax assets, including its recent cumulative earnings experience by taxing jurisdiction, expectations of future income, tax planning strategies, the carryforward periods available for tax reporting purposes and other relevant factors.

The tax effects of temporary differences that give rise to significant portions of deferred tax assets and liabilities are as follows:

(In millions)	December 31,	
	2025	2024
<b>Deferred tax assets:</b>		
Net operating loss carryforward — U.S.	\$ 116	\$ 117
Net operating loss carryforward — International	169	156
Accrued expenses	97	83
Stock-based compensation	62	55
Unrealized losses on investments	56	67
Foreign currency translation adjustments	14	103
Tax credits	50	45
Euro-denominated debt	299	—
Operating lease liabilities	15	22
Property and equipment	295	234
Embedded derivative liability	—	123
<b>Total deferred tax assets</b>	<b>1,173</b>	<b>1,005</b>
Valuation allowance on deferred tax assets	(126)	(111)
<b>Deferred tax assets, net</b>	<b>1,047</b>	<b>894</b>
<b>Deferred tax liabilities:</b>		
Debt discount on convertible notes	—	(123)
Intangible assets and other	(19)	(110)
Euro-denominated debt	—	(144)
Operating lease assets	(14)	(22)
Installment sale liability	(82)	(118)
Other	(9)	(4)
<b>Deferred tax liabilities</b>	<b>(124)</b>	<b>(521)</b>
<b>Net deferred tax assets <sup>(1)</sup></b>	<b>\$ 923</b>	<b>\$ 373</b>

(1) Includes deferred tax assets of \$940 million and \$662 million at December 31, 2025 and 2024, respectively, included in "Other assets, net" in the Consolidated Balance Sheets.

The valuation allowance on deferred tax assets at December 31, 2025 includes \$39 million related to international operations and \$87 million primarily related to certain unrealized losses on equity securities. The valuation allowance on deferred tax assets at December 31, 2024 includes \$31 million related to international operations and \$80 million primarily related to certain unrealized losses on equity securities. The increase in the valuation allowance is primarily related to certain state deferred tax assets.

The Company does not intend to indefinitely reinvest its international earnings that were subject to U.S. taxation pursuant to the mandatory deemed repatriation or subject to U.S. taxation as GILTI.

#### Reconciliation of U.S. Federal Statutory Income Tax Rate to Effective Income Tax Rate

A significant portion of the Company's taxable earnings is generated in the Netherlands. According to Dutch corporate income tax law, income generated from qualifying innovative activities is taxed at a rate of 9% ("Innovation Box Tax") rather than the Dutch statutory rate of 25.8%. A portion of Booking.com's earnings during the years ended December 31, 2025, 2024, and 2023 qualified for Innovation Box Tax treatment, which had a significant beneficial impact on the Company's effective tax rate for those years.

The effective income tax rate ("ETR") of the Company is different from the amount computed using the expected U.S. statutory federal rate of 21% as a result of the following items:

(In millions, except for percentages)	Year Ended December 31,					
	2025		2024		2023	
	Amount	ETR Impact	Amount	ETR Impact	Amount	ETR Impact
<b>Income tax expense at federal statutory rate</b>	\$ 1,435	21.0 %	\$ 1,531	21.0 %	\$ 1,151	21.0 %
Adjustment due to:						
State tax <sup>(1)</sup>	(18)	(0.3)%	—	— %	(7)	(0.1)%
Foreign Tax Effects:						
Netherlands:						
Tax rate differential	432	6.3 %	354	4.9 %	291	5.3 %
Innovation box	(747)	(10.9)%	(607)	(8.3)%	(544)	(9.9)%
Fines and penalties	—	— %	—	— %	144	2.6 %
Stock-based compensation	78	1.1 %	71	1.0 %	57	1.0 %
Other	4	0.1 %	6	0.1 %	9	0.2 %
Other foreign jurisdictions	49	0.7 %	59	0.8 %	73	1.3 %
Effect of changes in tax laws or rates enacted in the current period	—	— %	—	— %	—	— %
Effect of cross-border tax laws:						
Tax Act - U.S. transition tax	—	— %	(416)	(5.7)%	1	— %
GILTI - Federal	90	1.3 %	82	1.1 %	24	0.4 %
Other	(1)	— %	(3)	— %	4	0.1 %
Tax Credits	(13)	(0.2)%	(10)	(0.1)%	(18)	(0.3)%
Valuation allowance	(3)	— %	(6)	(0.1)%	(3)	— %
Nondeductible items:						
Loss related to the conversion option on convertible senior notes	76	1.1 %	167	2.3 %	—	— %
Other	28	0.4 %	(8)	(0.1)%	(4)	(0.1)%
Uncertain tax position	18	0.3 %	190	2.6 %	14	0.3 %
<b>Income tax expense</b>	<b>\$ 1,428</b>	<b>20.9 %</b>	<b>\$ 1,410</b>	<b>19.3 %</b>	<b>\$ 1,192</b>	<b>21.8 %</b>

(1) For the tax year ended December 31, 2025, state taxes in Connecticut and New York made up the majority (greater than 50 percent) of the tax effect in this category. For the tax year ended December 31, 2023, state taxes in Connecticut made up the majority (greater than 50 percent) of the tax effect in this category.

#### Uncertain Tax Positions

The following is a reconciliation of the total beginning and ending amount of unrecognized tax benefits:

(In millions)	Year Ended December 31,		
	2025	2024	2023
Unrecognized tax benefit — January 1	\$ 260	\$ 67	\$ 184
Gross increases — tax positions in current period	10	5	16
Gross increases — tax positions in prior periods	15	193	22
Gross decreases — tax positions in prior periods	(9)	(4)	(5)
Reduction due to lapse in statute of limitations	(3)	—	(3)
Reduction due to settlements during the current period	(23)	(1)	(147)
<b>Unrecognized tax benefit — December 31</b>	<b>\$ 250</b>	<b>\$ 260</b>	<b>\$ 67</b>

The decrease in unrecognized tax benefits during the year ended December 31, 2025 primarily relates to the settlement by Booking.com of certain Italian tax matters (see Note 16). The majority of unrecognized tax benefits are included in "Other assets, net" in the Consolidated Balance Sheet as of December 31, 2025. The amount of unrecognized tax benefits, if recognized, that would affect the effective tax rate are \$243 million as of December 31, 2025. As of December 31, 2025 and 2024, total gross interest and penalties accrued was \$7 million and \$6 million, respectively. See Note 16 for more information regarding tax contingencies.

The Company's major taxing jurisdictions include: the Netherlands, U.S., Singapore, and the United Kingdom (the "UK"). The statutes of limitations that remain open related to these major tax jurisdictions are: the Company's Netherlands returns for 2020 and forward, U.S. federal returns for 2018, as well as 2022 and forward, Singapore returns from 2021 and forward, and UK returns for 2022 and forward.

## 16. COMMITMENTS AND CONTINGENCIES

### Competition and Consumer Protection Reviews

The Company is and has been the subject of investigations or inquiries by national competition authorities and other authorities regarding competition law matters, consumer protection issues, and other areas, such as with respect to the scope of its contractual parity provisions with accommodation providers, pricing tools or programs offered to partners, or the ranking criteria used in displaying results to consumers, and from time to time has made commitments regarding future business practices or activities. For example, the Company has previously made voluntary commitments related to showing prices inclusive of all mandatory taxes and charges, providing information about the effect of money earned on search result rankings, and adjusting how discounts and statements concerning popularity or availability are shown. Some investigations have resulted in fines and the Company could incur additional fines and/or be restricted in certain of its business practices in the future. To the extent that investigations or inquiries result in additional commitments, fines, damages, or other remedies or changes to its business, the Company's business, financial condition, and results of operations could be harmed.

In 2024, the Comisión Nacional de los Mercados y la Competencia in Spain (the "CNMC") imposed a fine and restricted certain of Booking.com's business practices such as those relating to contractual parity provisions and the ranking criteria that Booking.com can use to determine how to rank hotels in its display to customers. Booking.com does not agree with the rationale stated in the decision and the restrictions imposed, and has filed an appeal. In February 2025, the Spanish National Court ruled that the CNMC decision, including payment of the fine, is suspended pending the outcome of the appeal. The CNMC and certain third parties have sought to clarify the scope of the court's ruling, including its suspensory effect. Although the Company disagrees with the rationale stated in the CNMC decision, it recorded a liability for this matter with \$485 million included in "Other long-term liabilities" in the Consolidated Balance Sheet as of December 31, 2025 and \$428 million included in "Accrued expenses and other current liabilities" in the Consolidated Balance Sheet as of December 31, 2024. The Company accrued a loss of \$530 million during the year ended December 31, 2023 (reflecting the initial fine amount in the CNMC's draft decision). During the year ended December 31, 2024, to align with the CNMC's reduced final fine, the Company recorded a decrease of \$78 million in its accrual. The initial accrual and subsequent decrease are reflected in "General and administrative" expenses in the Consolidated Statements of Operations.

In 2017, the Swiss Price Surveillance Office (the "Swiss PSO") opened an investigation into the level of commissions of Booking.com in Switzerland. In 2025, Booking.com received a negative decision ordering a reduction of its average commission level for hotels located in Switzerland, which Booking.com disagrees with and has appealed. The Swiss PSO order is suspended pending the outcome of the appeal, and the ordered reduction in commissions would only be effective for a three-year period after a negative final judgment. The French Directorate General for Competition Policy, Consumer Affairs, and Fraud Control ("DGCCRF") opened separate investigations into Booking.com and Agoda relating to certain business practices. Booking.com has taken the steps to comply with the DGCCRF's final order to change certain of its business practices. Agoda received a draft decision, which it has responded to, and its discussions with the DGCCRF are ongoing. In June 2025, the Hellenic Competition Commission (in Greece) opened a formal investigation into whether certain practices by Booking.com may produce adverse effects for hotels and other online travel agencies and discussions with that Commission are ongoing. In August 2025, the Hungarian Competition Authority opened an investigation into whether certain practices by Booking.com may mislead consumers and Booking.com continues to respond to the Authority's requests. If any of the investigations were to find that the Company's practices violated the respective laws, or as part of a negotiated resolution, the Company may face significant fines, restrictions on its business practices, follow-on investigations or litigation, and/or be required to make other commitments.

The Company is unable to predict how any current or future investigations or litigation may be resolved or the long-term impact of any such resolution on its business. For example, competition and consumer-law-related investigations, legislation, judgments, or issues have in the past resulted in and could in the future result in private litigation. The Company is currently involved in such litigation and/or aware of such potential litigation. For example, German hotels have also filed parity-related claims against Booking.com and that litigation is ongoing. Additionally, various hotel associations have promoted potential class actions on behalf of European hotels against Booking.com relating to the historical use of contractual parity provisions and law firms, including in Spain, France, and the UK, are promoting similar potential claims in those jurisdictions. In the Netherlands, two Dutch foundations recently filed such claims on behalf of European hotels and consumers, respectively, with the consumer claim further alleging that Booking.com and Agoda employed misleading practices. The Company has defended against and intends to continue to defend itself against such claims. However, class action litigation can be time-consuming, costly, and unpredictable, regardless of merit, and there may be evolving jurisprudence and less experience with such matters in certain of the markets where the Company is or may be involved in such litigation, making outcomes less certain and harder to forecast. If the Company were to be found liable, it could result in, among other things, payment of damages, commitments to change certain business practices, or reputational damage, any of which could harm the Company's business, results of operations, brands, or competitive position.

## Tax Matters

Between December 2018 and August 2021, the Italian tax authorities issued assessments on Booking.com's Italian subsidiary totaling approximately \$295 million for the tax years 2013 through 2018, asserting that its transfer pricing policies were inadequate. The Company believes Booking.com has been and continues to be in compliance with Italian tax law. In September 2020, the Italian tax authorities approved the opening of a mutual agreement procedure ("MAP") between Italy and the Netherlands for the 2013 tax year and the Italian tax authorities subsequently approved the inclusion of the tax years 2014 through 2018 in the MAP. As of December 31, 2025, the Company made prepayments of \$87 million to the Italian tax authorities to forestall collection enforcement pending the appeal phase of the case. In April 2025, the Company was notified of a MAP resolution for the 2013 through 2018 tax years that resulted in additional Italian income taxes of \$23 million and the Company formally accepted the results of the MAP in May 2025. This amount was reflected in unrecognized tax benefits as of December 31, 2024. The Company is entitled to a refund of the remaining portion of its tax prepayment. The tax resulting from the MAP is partially offset by a tax benefit of \$10 million relating to Netherlands income tax.

In June 2024, the Guardia di Finanza ("GdF") of Rome issued a tax audit report to Booking.com, proposing a tax assessment to the Italian Tax Authorities ("ITA"). The GdF alleged that a 2017 law (the "STR Law") obliged Booking.com to withhold and remit 21% of the total transaction value for the income tax liabilities of certain short-term rental partners in Italy for the period under audit. While the Company believes that Booking.com has been and continues to be in compliance with Italian tax laws, in November 2024, the Company entered into a settlement agreement with the ITA without admitting liability and paid \$332 million to resolve the matter. The settlement is reflected in "General and administrative" expenses in the Consolidated Statement of Operations for the year ended December 31, 2024.

The Company is also involved in other tax-related audits, investigations, and litigation relating to income taxes, value-added taxes, travel transaction taxes (e.g., hotel occupancy taxes), withholding taxes, and other taxes.

Any taxes or assessments in excess of the Company's tax provisions, including the resolution of any tax proceedings or litigation, could have a material adverse impact on the Company's results of operations, cash flows, and financial condition. In some cases, assessments may be significantly in excess of the Company's tax provisions, particularly in instances where the Company does not agree with the tax authority's assessment of how the tax laws may apply to the Company's business.

## Other Matters

Beginning in 2014, Booking.com B.V. received several letters from the Netherlands Pension Fund for the Travel Industry (Reiswerk) ("BPF") claiming that it was required to participate in the mandatory pension scheme of the BPF with retroactive effect to 1999, which has a higher contribution rate than the pension scheme it historically participated in. BPF instituted legal proceedings against Booking.com B.V. (which were continued by BPF's legal successor, Pension Fund PGB ("PGB")) and, in January 2024, a Dutch Court of Appeal ruled that Booking.com B.V. is required to participate in the mandatory pension scheme of the PGB with retroactive effect to 1999. Although the Company disagreed with and appealed the decision, it accrued losses of \$276 million and \$77 million for the years ended December 31, 2023 and 2024, respectively, included in "Personnel" expenses in the Consolidated Statements of Operations. The corresponding liability is included in "Accrued expenses and other current liabilities" in the Consolidated Balance Sheet as of December 31, 2024. After a final ruling by the Dutch Supreme Court in March 2025, Booking.com B.V. changed its pension scheme going forward and with retroactive effect to 1999, in line with the outcome of the litigation and arrangement with PGB. During the year ended December 31, 2025, the Company paid \$136 million to settle the pension liability as of December 31, 2024, reflecting the arrangement with PGB that became effective during the period. The impact of the reduction in the pension liability from December 31, 2024 of \$176 million is recorded in "Personnel" expenses in the Consolidated Statement of Operations for the year ended December 31, 2025. There may be additional claims with respect to the eligibility of certain employees in scope of the scheme, which may result in additional costs.

From time to time, the Company notifies the competent data protection authority, such as the Dutch data protection authority in accordance with its obligations under the General Data Protection Regulation, of certain data security incidents. Should, for example, the Dutch data protection authority decide these incidents were the result of inadequate technical and organizational security measures or practices, it may impose a fine or require other commitments.

The Company has been, is currently, and expects to continue to be, subject to legal proceedings and claims in the ordinary course of business, including claims of alleged infringement of third-party intellectual property rights. Such claims could result in the expenditure of significant financial and managerial resources, divert management's attention, and adversely affect the Company's business, reputation, results of operations, and cash flows.

In February 2026, the Company entered into favorable settlement agreements to resolve litigation matters in which it was a plaintiff, for which it expects to receive a benefit of approximately \$90 million in the first quarter of 2026, upon completion of various conditions.

The Company accrues for certain other legal contingencies where it is probable that a loss has been incurred and the amount can be reasonably estimated. Such accrued amounts are not material to the Company's balance sheets and provisions recorded have not been material to the Company's results of operations or cash flows.

## Other Contractual Obligations and Contingencies

The Company had \$874 million and \$650 million of standby letters of credit and bank guarantees issued on its behalf as of December 31, 2025 and 2024, respectively, including those issued under the revolving credit facility (see Note 12). These were obtained primarily in connection with certain of the litigation matters disclosed above and for regulatory purposes.

Booking.com facilitates the provision of partner liability insurance underwritten by third-party insurance providers, to protect certain alternative accommodation partners against liability claims and lawsuits for bodily injury or property damage that occur during a stay. While this partner liability insurance program, if applicable to the claim, provides coverage up to \$1 million per occurrence (subject to limitations and exclusions), the Company retains certain potential financial risks and could be required to pay amounts in excess of policy limit.

## 17. SEGMENT REPORTING AND GEOGRAPHIC INFORMATION

See Note 1 for a description of the Company's business. The Company's portfolio of brands is organized into five operating segments. The Company determined its operating segments based on how its chief operating decision maker ("CODM"), who is the Chief Executive Officer and President, manages the business, makes operating decisions, and evaluates operating performance. The operating segments are aggregated into one reportable segment based on the similarity in economic characteristics, other qualitative factors, and the objectives and principles of ASC 280, *Segment Reporting*.

The CODM reviews revenues and an adjusted measure of earnings before interest, taxes, depreciation, and amortization less additions to property and equipment ("Adjusted EBITDA less Capex") for each operating segment. The following table presents information for the Company's reportable segment. Other segment items include operating expenses such as general and administrative and information technology. See Note 2 for additional information on these expenses.

(In millions)	Year Ended December 31,		
	2025	2024	2023
Total revenues	\$ 26,917	\$ 23,739	\$ 21,365
Marketing expenses	8,186	7,278	6,773
Sales and other expenses	3,453	3,104	2,744
Personnel expenses	3,321	3,133	2,818
Other segment items	2,105	2,045	2,010
Segment Adjusted EBITDA less Capex	\$ 9,852	\$ 8,179	\$ 7,020

Decisions to allocate resources to each operating segment are made predominantly through the budgeting and forecasting process. The CODM reviews budget-to-actual variances for revenues and Adjusted EBITDA less Capex to assess performance of the operating segments. The information is also used as a basis for determining compensation for certain employees. Estimates and judgments are made in allocating certain revenues and Adjusted EBITDA less Capex to operating segments due to the integrated nature of the operating segments in the underlying transactions. The allocation process is consistent with the manner in which the CODM assesses the performance of the operating segments. Information on segment assets is not presented as depreciation and amortization is not included in measuring Adjusted EBITDA less Capex.

The following table presents the reconciliation of the Company's segment Adjusted EBITDA less Capex to Income before income taxes:

(In millions)	Year Ended December 31,		
	2025	2024	2023
Segment Adjusted EBITDA less Capex	\$ 9,852	\$ 8,179	\$ 7,020
Additions to property and equipment	350	445	395
Adjustments related to the Netherlands pension fund matter <sup>(1)</sup>	123	—	(276)
Adjustments related to fine imposed by the Spanish Competition authority <sup>(1)</sup>	—	78	(530)
Impact of certain indirect tax matters <sup>(1)</sup>	(45)	(337)	(62)
Termination fee related to an acquisition agreement <sup>(2)</sup>	—	—	(90)
Depreciation and amortization <sup>(3)</sup>	(623)	(591)	(504)
Impairment <sup>(3)(4)</sup>	(457)	—	—

Foreign currency transaction (losses) gains on the remeasurement of certain Euro-denominated debt and accrued interest and gains on debt-related foreign currency derivative instruments <sup>(6)</sup>	(1,380)	539	(163)
Loss on early extinguishment of debt <sup>(7)</sup>	(25)	—	—
Change in fair value of the conversion option related to the convertible senior notes <sup>(7)</sup>	163	(535)	—
Other <sup>(8)</sup>	(264)	(334)	(301)
Income before income taxes	\$ 6,832	\$ 7,292	\$ 5,481

(1) See Note 16 for additional information.

(2) See Note 21 for additional information.

(3) See Consolidated Statements of Operations.

(4) See Note 11 for additional information.

(5) See Note 20 for additional information.

(6) See Note 18 for additional information.

(7) See Note 12 for additional information.

(8) Primarily consists of the expenses of corporate headquarters and certain other functional departments.

Stock-based compensation included in the determination of segment Adjusted EBITDA less Capex was \$553 million, \$522 million, and \$447 million for the years ended December 31, 2025, 2024, and 2023, respectively.

#### Geographic Information

The Company's revenues from its businesses outside of the U.S. consist of the results of Booking.com and Agoda in their entirety and the results of the KAYAK and OpenTable businesses located outside of the U.S. This classification is independent of where the consumer resides, where the consumer is physically located while using the Company's services, or the location of the travel service provider or restaurant. For example, a reservation made through Booking.com at a hotel in New York by a consumer in the U.S. is part of the results of the Company's businesses outside of the U.S. The Company's geographic information on revenues for the years ended December 31, 2025, 2024, and 2023 is as follows:

(In millions)	U.S.	Outside of the U.S. <sup>(1)</sup>	Total Company
December 31, 2025	\$ 2,579	\$ 24,338	\$ 26,917
December 31, 2024	2,485	21,254	23,739
December 31, 2023	2,327	19,038	21,365

(1) Includes \$21.7 billion, \$18.6 billion, and \$17.0 billion for the years ended December 31, 2025, 2024, and 2023, respectively, attributed to an entity domiciled in the Netherlands.

The following table presents information on the Company's property and equipment (excluding capitalized software) and operating lease assets based on location of the assets at December 31, 2025 and 2024:

(In millions)	U.S.	Outside of the U.S.			Total Company
		The Netherlands	United Kingdom	Other	
December 31, 2025	\$ 110	\$ 447	\$ 131	\$ 332	\$ 1,020
December 31, 2024	129	405	168	243	945

## 18. OTHER INCOME (EXPENSE), NET

The components of other income (expense), net included the following:

(In millions)	Year Ended December 31,		
	2025	2024	2023
Foreign currency transaction (losses) gains <sup>(1)</sup>	\$ (1,491)	\$ 383	\$ (348)
Change in fair value of the conversion option related to the convertible senior notes <sup>(2)</sup>	163	(535)	—
Net gains (losses) on equity securities <sup>(3)</sup>	46	63	(131)
Other	(15)	7	2
<b>Other income (expense), net</b>	<b>\$ (1,297)</b>	<b>\$ (82)</b>	<b>\$ (477)</b>

(1) Foreign currency transaction (losses) gains include losses of \$1.4 billion, gains of \$526 million, and losses of \$163 million for the years ended December 31, 2025, 2024, and 2023, respectively, related to Euro-denominated debt and accrued interest that were not designated as net investment hedges (see Note 12). Foreign currency transaction (losses) gains also include losses related to derivative contracts (see Note 6).

(2) See Note 12 for additional information.

(3) See Note 5 for additional information.

## 19. SUPPLEMENTAL CASH FLOW INFORMATION

As of December 31, 2025 and 2024, cash and cash equivalents reported in the Consolidated Balance Sheets differ from the amounts of total cash and cash equivalents and restricted cash and cash equivalents as shown in the Consolidated Statements of Cash Flows due to restricted cash and cash equivalents of \$66 million and \$29 million, respectively, which are included in "Other current assets" in the Consolidated Balance Sheets. As of December 31, 2025, the restricted cash balances are primarily related to certain cash payments received from travelers on behalf of travel service providers.

Noncash investing activity related to additions to property and equipment, including stock-based compensation and accrued liabilities, was \$60 million, \$55 million, and \$50 million for the years ended December 31, 2025, 2024, and 2023, respectively. See Note 13 for additional information on noncash financing activity related to the excise tax on share repurchases.

During the years ended December 31, 2025, 2024, and 2023, the Company made interest payments of \$1.1 billion, \$953 million, and \$842 million, respectively. See Note 15 for information on cash paid for income taxes.

## 20. TRANSFORMATION COSTS

In the fourth quarter of 2024, the Company began the implementation of the organizational changes to improve operating expense efficiency, increase organizational agility, free up resources that can be reinvested into further improving its offering to travelers and partners, and better position the Company for the long term (the "Transformation Program"). The Company currently expects that the restructuring costs and accelerated investments related to the Transformation Program will largely be incurred by the end of 2026 and anticipates these costs to primarily relate to expected and ongoing workforce reductions, technology investments, and professional fees.

Transformation Program related costs are recorded in "Transformation costs" in the Consolidated Statements of Operations. For the year ended December 31, 2025, Transformation costs include employee termination benefits of \$117 million and professional fees of \$82 million. For the year ended December 31, 2024, Transformation costs primarily consisted of professional fees.

## 21. OTHER

### Terminated Acquisition

In November 2021, the Company entered into an agreement to acquire global flight booking provider Etraveli Group. The completion of the acquisition was subject to certain closing conditions, including regulatory approvals. In September 2023, the European Commission announced its decision to prohibit the acquisition and consequently a termination fee of \$90 million was paid by the Company in October 2023 and is recorded in "General and administrative" expenses in the Consolidated Statement of Operations for the year ended December 31, 2023.

### Benefit Plans

The Company maintains a defined contribution 401(k) savings plan covering certain U.S. employees and participates in certain defined contribution plans outside of the U.S. for which it provides contributions for eligible employees. The Company's expenses related to the defined contribution plans during the years ended December 31, 2025, 2024, and 2023 were \$80 million, \$59 million, and \$55 million, respectively. In addition, see Note 16 for information related to the Netherlands pension fund matter, including changes in accruals.

### Accrued expenses and other current liabilities

Included in "Accrued expenses and other current liabilities" in the Consolidated Balance Sheets at December 31, 2025 and 2024 are accrued liabilities of \$753 million and \$597 million, respectively, related to marketing expenses and \$775 million and \$611 million, respectively, related to personnel expenses. In addition, "Accrued expenses and other current liabilities" in the Consolidated Balance Sheet at December 31, 2024 include accruals related to the Netherlands pension fund matter (see Note 16).

**Booking Holdings Inc.**  
**Schedule I - Condensed Financial Information of Parent (Booking Holdings Inc.)**  
**NOTES TO CONDENSED FINANCIAL STATEMENTS**

**1. BASIS OF PRESENTATION**

These condensed parent company-only financial statements of Booking Holdings Inc. (the "Parent") are prepared on a "parent company-only" basis and have been derived from and should be read in conjunction with the consolidated financial statements and related notes of Booking Holdings Inc. and subsidiaries included in Part IV, Item 15 of this Annual Report on Form 10-K (the "Consolidated Financial Statements"). Under a parent company-only presentation, investments in the parent's subsidiaries are accounted for under the equity method of accounting. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted.

**2. DEBT**

See Note 12 to the Consolidated Financial Statements for additional information on the Parent's revolving credit facility and outstanding debt.

**3. DIVIDENDS FROM SUBSIDIARIES**

Cash dividends paid to the Parent by the subsidiaries were \$7.9 billion, \$7.2 billion, and \$7.3 billion for the years ended December 31, 2025, 2024, and 2023, respectively, and are classified within "Net cash provided by operating activities" or "Net cash provided by (used in) investing activities," as appropriate, in the Condensed Statements of Cash Flows.

Noncash dividends to the Parent from subsidiaries were \$1.6 billion for the year ended December 31, 2025.

**4. GUARANTEES**

The Parent had \$809 million and \$721 million of guarantees issued on behalf of the Parent's subsidiaries as of December 31, 2025 and 2024, respectively, which are primarily related to arrangements with payment processors and networks.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934  
Description of the 3.125% Senior Notes due 2031**

The following description of our 3.125% Senior Notes due 2031 (the "notes") is a summary and does not purport to be complete. It is subject to and qualified in its entirety by reference to the indenture, dated as of August 8, 2017, between us and U.S. Bank Trust Company, National Association (as successor in interest to U.S. Bank National Association), as trustee (the "indenture"), which is incorporated by reference as an exhibit to the Annual Report on Form 10-K of which this Exhibit is a part. The notes are traded on The Nasdaq Stock Market LLC under the bond trading symbol of "BKNG 31A." The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

We encourage you to read the above-referenced indenture for additional information. See "Certain Definitions" below for the definitions of capitalized terms used herein.

**General**

The following is a description of certain of the specific terms and conditions of the notes.

The notes are our senior unsecured obligations, ranking:

- equal in right of payment with any other senior unsecured indebtedness of ours, including our currently outstanding senior notes and any borrowings under our revolving credit facility;
- senior in right of payment to any future indebtedness of ours that is contractually subordinated to the notes;
- structurally subordinated to the existing and future indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries'; and
- effectively subordinated to any secured indebtedness of ours to the extent of the value of the collateral securing such indebtedness.

The notes were issued in registered form without interest coupons, in denominations of €100,000 and integral multiples of €1,000 in excess thereof. The notes are represented by one or more registered notes in global form, but in certain limited circumstances may be represented by notes in definitive form.

The maturity date of the notes is May 9, 2031.

The indenture does not limit the amount of debt that may be issued by us or our subsidiaries under the indenture or otherwise. Our subsidiaries do not guarantee any of our obligations under the notes. Our operations are conducted through our subsidiaries and, therefore, we depend on the cash flow of our subsidiaries to meet our obligations, including our obligations under the notes. The notes are structurally subordinated in right of payment to all indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries. Any right we have to receive assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) are structurally subordinated to the claims of that subsidiary's creditors, except to the extent that we are recognized as a creditor of the subsidiary.

The initial aggregate principal amount of the notes was €500,000,000. We may, without the consent of the holders, issue additional notes of any series under the indenture in the future with the same terms (except for the issue date, price to public and, if applicable, the initial interest payment date) and with the same

CUSIP number as the other notes of such series in an unlimited aggregate principal amount; provided that if any such additional notes are not fungible with such series of notes for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. We may also from time to time repurchase the notes of any series in tender offers, open market purchases or negotiated transactions without prior notice to holders.

#### **Payments on the Notes**

All payments of interest and principal, including payments made upon any redemption of the notes, are made in euro; *provided* that if euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if euro is no longer being used by the then member states of the European Monetary Union that have adopted euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes are to be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro is to be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, if the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the most recently available market exchange rate for euro, as determined in our sole discretion. Any payment in respect of the notes so made in U.S. dollars does not constitute an Event of Default under the notes or the indenture governing the notes.

We pay the principal of and interest on notes in global form registered in the name of or held by Euroclear or Clearstream (each as defined below) or their respective nominees in immediately available funds to Euroclear or Clearstream or their respective nominees, as the case may be, as the registered holder of such global notes.

#### **Interest**

The notes bear interest from May 9, 2025 at an annual rate of 3.125% payable on May 9 of each year, beginning on May 9, 2026. Interest is paid to the person in whose name a note is registered at the close of business on the April 25 immediately preceding the relevant interest payment date. Interest on the notes is computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the notes (or May 9, 2025 if no interest has been paid on the notes), to but excluding the next scheduled interest payment date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If any interest payment date, the maturity date or any earlier required repurchase date upon a designated event falls on a day that is not a business day, the required payment is to be made on the next succeeding business day and no interest on such payment accrues in respect of the delay. The term "business day" means any day, other than a Saturday or Sunday, (1) that is not a day on which banking institutions in the City of New York or London are authorized or required by law or executive order to close and (2) on which the Trans-European Automated Real-time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, is open.

All references to interest in this exhibit include additional interest, if any, payable as described under "Events of Default" and at our election as the sole remedy relating to the failure to comply with our reporting obligations as described under "Events of Default".

---

## **Optional Redemption**

On and after March 9, 2031, the date that is two months prior to the scheduled maturity date (the "Par Call Date"), we may redeem the notes in whole or in part, at our option at any time or from time to time, at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest thereon, if any, to, but excluding, the date of redemption.

Prior to the Par Call Date, we may redeem the notes in whole or in part at our option at any time or from time to time (a "Redemption Date"), at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the notes to be redeemed; and
- (2) an amount equal to the sum of the present values of the remaining scheduled payments of principal and interest thereon that would have been payable in respect of such notes calculated as if the maturity date of such notes was the Par Call Date, not including any portion of the payments of interest accrued to the Redemption Date, discounted to such Redemption Date on an annual basis at the Comparable Government Bond Rate, plus 20 basis points plus, in the case of each of (1) and (2), accrued and unpaid interest on the notes, if any, to, but excluding, such Redemption Date.

If less than all of the notes are to be redeemed, in the case of certificated notes and global notes, the trustee will select notes for redemption in accordance with the procedures of the depositary. The trustee, in the case of certificated notes and global notes, shall select notes and portions of notes in amounts of €100,000 and integral multiples of €1,000 in excess thereof.

Notice of any redemption is to be mailed at least 10 days but not more than 60 days before the Redemption Date except that a redemption notice may be delivered more than 60 days prior to the Redemption Date if such notice is issued in connection with legal or covenant defeasance of our obligations or a satisfaction and discharge of the indenture, or if the Redemption Date is delayed as provided for in the following paragraph. We are not responsible for giving notice to anyone other than the depositary. Unless we default in payment of the redemption price, on or after the Redemption Date, interest ceases to accrue on the notes called for redemption.

Any redemption of notes or notice thereof may, at our discretion, be subject to the satisfaction (or waiver by us, in our sole discretion) of one or more conditions precedent. If such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice may state that, in our discretion, the Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by us in our sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been (or, in our sole determination, may not be) satisfied (or waived by us in our sole discretion) by the Redemption Date, or by the Redemption Date so delayed.

The notes are also subject to redemption prior to maturity if certain events occur involving U.S. taxation. If any of these special tax events occurs, the notes will be redeemed at a redemption price of 100% of their principal amount plus accrued and unpaid interest to, but not including, the date fixed for redemption, and additional amounts, if any. See "Redemption for Tax Reasons." Before the redemption date, we will deposit with the paying agent money sufficient to pay the redemption price of and accrued and unpaid interest to, but not including, the redemption date on the notes to be redeemed on such date, and additional amounts, if any.

---

### **Payment of Additional Amounts**

All payments of principal and interest on the notes by us are made free and clear of and without withholding or deduction for or on account of any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), unless the withholding or deduction of such taxes, assessment or other government charge is required by law or the official interpretation or administration thereof. Subject to the exceptions and limitations set forth below, we pay as additional interest on the notes such additional amounts as are necessary in order that the net payment by us of the principal of and interest on the notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), is not less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

---

(1) to the extent any tax, assessment or other governmental charge is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

- a. being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
- b. having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
- c. being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States income tax purposes or a corporation that has accumulated earnings to avoid U.S. federal income tax;
- d. being or having been a "10-percent shareholder" of ours as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the "Code") or any successor provision; or
- e. being or having been a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the Code or any successor provision;

(2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

(3) to the extent any tax, assessment or other governmental charge would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;

(4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding or deduction by us or a paying agent from the payment;

(5) to any estate, inheritance, gift, sales, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge, or excise tax imposed on the transfer of notes;

(6) to the extent any tax, assessment or other governmental charge would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;

(7) to any tax, assessment or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or

(8) in the case of any combination of items (1), (2), (3), (4), (5), (6), and (7).

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading "Payment of Additional Amounts," we are not required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading "Payment of Additional Amounts" and under the heading "Redemption for Tax Reasons," the term "United States" means the United States of America, the states of the United States, and the District of Columbia, and the term "United States person" means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

#### **Redemption for Tax Reasons**

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority in the United States), or any change in, or amendment to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the Issue Date (as defined herein), we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading "Payment of Additional Amounts" with respect to the notes, then we may at any time at our option redeem, in whole, but not in part, the notes on not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on those notes to, but not including, the date fixed for redemption.

#### **No Sinking Fund**

The notes are not entitled to the benefit of any sinking fund.

#### **Certain Covenants**

The indenture contains covenants including, among others, the following:

##### ***Limitation on Liens***

We may not, and may not permit any Restricted Subsidiary to, directly or indirectly, incur or permit to exist any Lien securing Indebtedness (the "Initial Lien") on any of our properties or assets whether owned at the Issue Date or thereafter acquired, other than Permitted Liens, without effectively providing that the notes (together with, at our option, any other Indebtedness of ours or any of our Subsidiaries ranking equally in right of payment with the notes) are secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Notwithstanding the foregoing, we and our Restricted Subsidiaries may create, assume, incur or guarantee Indebtedness secured by a Lien without equally and ratably securing the notes; provided that at the time of such creation, assumption, incurrence or guarantee, after giving effect thereto and to the retirement of any Indebtedness that is being retired substantially concurrently with any such creation, assumption, incurrence or guarantee, the sum of (a) the aggregate amount of all of our and our Restricted Subsidiaries' outstanding Indebtedness secured by Liens other than Permitted Liens and (b) the Attributable Debt associated with all of our and our Restricted Subsidiaries' Sale/Leaseback Transactions permitted by the last paragraph under "Limitation on Sale/Leaseback Transactions" below, does not at such time exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of incurrence of the Lien and (ii) \$3.0 billion.

---

Any such Lien thereby created in favor of the notes will be automatically and unconditionally released and discharged upon (i) the release and discharge of each Initial Lien to which it relates, or (ii) any sale, exchange or transfer to any Person who is not our affiliate of the property or assets secured by such Initial Lien.

#### ***Limitation on Sale/Leaseback Transactions***

We may not, and may not permit any Restricted Subsidiary to, enter into any Sale/Leaseback Transaction with respect to any property unless:

- (1) we or such Restricted Subsidiary would be entitled to create a Lien on such property securing the Attributable Debt associated with such Sale/Leaseback Transaction without equally and ratably securing the notes pursuant to the covenant described under "Limitation on Liens";
- (2) the net proceeds of the sale of the property to be leased are at least equal to such property's fair market value, as determined by our board of directors, and the proceeds are applied within 365 days of the effective date of the Sale/Leaseback Transaction to the purchase, construction, development or acquisition of assets or to the repayment of any of our Indebtedness that ranks equally with the notes or any Indebtedness of one or more Restricted Subsidiaries; provided that the amount required to be applied to the repayment of any such Indebtedness pursuant to this clause (2) shall be reduced by the principal amount of any notes delivered within 365 days after such sale to the trustee for retirement and cancellation;
- (3) such transaction was entered into prior to the Issue Date;
- (4) such transaction involves a lease for not more than three years (or which may be terminated by us or a Restricted Subsidiary within a period of not more than three years);
- (5) such transaction was for the sale and lease between only us and a Subsidiary of ours or only between our Subsidiaries; or
- (6) such transaction involves a sale and lease of property executed by the time of, or within 18 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation of the property.

Notwithstanding the restrictions outlined in the preceding paragraph, we and our Restricted Subsidiaries are permitted to enter into Sale/Leaseback Transactions, without complying with the requirements of the preceding paragraph, if, after giving effect thereto, the aggregate amount of all Attributable Debt associated with Sale/Leaseback Transactions not otherwise permitted by the preceding paragraph that is outstanding at such time, together with the aggregate amount of all outstanding Indebtedness secured by Liens permitted under the second paragraph under "Limitation on Liens" above, does not exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of the Sale/Leaseback Transaction and (ii) \$3.0 billion.

#### ***Merger and Consolidation***

The indenture provides that we will not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of our properties and assets to, another person, unless (i) the resulting, surviving or transferee person, if not us, is a person organized and existing under the laws of the United States of America, any state thereof or the District of Columbia; (ii) immediately after giving effect to such transaction, no default has occurred and is continuing under the indenture; and (iii) the resulting, surviving or transferee person, if not us, expressly assumes by supplemental indenture all of our obligations under the notes and the indenture. Upon any such consolidation, merger or transfer, the resulting, surviving or transferee person shall succeed to, and may exercise every right and power of, us under the indenture.

---

## **Events of Default**

An "Event of Default" is defined in the indenture as:

- (1) default in any payment of interest on any note when due and payable and the default continues for a period of 30 days;
- (2) default in the payment of principal of any note when due and payable at its stated maturity, upon acceleration or otherwise;
- (3) failure by us to comply with our obligations under " Certain Covenants - Merger and Consolidation";
- (4) failure by us for 60 days after written notice from the trustee or the holders of at least 25% in principal amount of the notes then outstanding has been received to comply with any of our other covenants or agreements contained in the notes or indenture;
- (5) default by us or any majority owned subsidiary in the payment of the principal or interest on any mortgage, agreement or other instrument under which there may be outstanding, or by which there may be secured or evidenced any debt for money borrowed in excess of \$100 million in the aggregate of ours and/or any subsidiary, whether such debt now exists or shall hereafter be created, which default results in such debt becoming or being declared due and payable, and such acceleration shall not have been rescinded or annulled within 30 days after written notice of such acceleration has been received by us or such subsidiary; or
- (6) certain events of bankruptcy, insolvency or reorganization (the "bankruptcy provisions") of us or any of our significant subsidiaries as defined in Rule 1-02 of Regulation S-X promulgated by the SEC as in effect on the date of the indenture.

If an Event of Default occurs and is continuing, the trustee by notice to us, or the holders of at least 25% in principal amount of the outstanding notes by written notice to us and the trustee, may, and the trustee at the written request of such holders shall, declare 100% of the principal of and accrued and unpaid interest on all the notes to be due and payable. Upon such a declaration, such principal and accrued and unpaid interest is due and payable immediately. Upon an Event of Default arising out of the bankruptcy provisions, however, the aggregate principal amount and accrued and unpaid interest is due and payable immediately.

The holders of a majority in principal amount of the outstanding notes may waive an existing default (except with respect to nonpayment of principal or interest or certain other matters), and may rescind any acceleration with respect to the notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, other than the nonpayment of the principal of and interest on the notes that have become due solely by such declaration of acceleration, have been cured or waived.

Subject to the provisions of the indenture relating to the duties of the trustee, if an Event of Default occurs and is continuing, the trustee is under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any of the holders unless such holders have offered to the trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal or interest when due, no holder may pursue any remedy with respect to the indenture or the notes unless:

---

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding notes have requested the trustee in writing to pursue the remedy;
- (3) such holders have offered the trustee security and/or indemnity satisfactory to it against any loss, liability or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security and/or indemnity; and
- (5) the holders of a majority in principal amount of the outstanding notes have not given the trustee a direction that is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the rights of any other holder (it being understood that the trustee does not have an affirmative duty to ascertain whether or not any such directions are unduly prejudicial to such holder) or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee is entitled to indemnification and/or security satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. The indenture provides that in the event an Event of Default has occurred and is continuing, the trustee is required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs.

The indenture provides that if a default occurs and is continuing and is actually known to a responsible officer of the trustee, the trustee must send to each holder notice of the default within 90 days after it occurs. Except in the case of a default in the payment of principal of or interest on any note, the trustee may withhold notice if and so long as it in good faith determines that withholding notice is in the interests of the holders. In addition, we are required to deliver to the trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any default that occurred during the previous year.

#### **Modification and Amendment**

Subject to certain exceptions, the indenture or the notes may be amended with the consent of the holders of at least a majority in principal amount of the notes of all series under the indenture then outstanding and affected by such amendment, voting as a single class (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of an outstanding note affected, however, no amendment may, among other things:

- (1) make any change to the percentage of principal amount of the notes the holders of which must consent to an amendment;
- (2) reduce the principal amount of, premium, or interest on, or extend the stated maturity or interest payment periods, of the notes;
- (3) make any note payable in money or securities other than as stated in the note;
- (4) impair the right to institute suit for the enforcement of any payment with respect to the notes; or
- (5) waive a default in payment of principal of, premium, if any, or interest on the notes or modify any provisions of the indenture relating to modification or amendment thereof.

Without the consent of any holder, we and the trustee may amend the indenture to, among other things:

---

- (1) evidence the succession of another person pursuant to the provisions of the indenture relating to consolidations, mergers and sales of assets and the assumption by such successor of the covenants, agreements and obligations in the indenture and in the notes;
- (2) surrender any right or power conferred upon us by the indenture, to add to our covenants such further covenants, restrictions, conditions or provisions for the protection of the holders of the notes as our board of directors considers to be for the protection of the holders of the notes, and to make the occurrence, or the occurrence and continuance, of a default in respect of any of such additional covenants, restrictions, conditions or provisions a default or an Event of Default under the indenture (provided, however, that with respect to any such additional covenant, restriction, condition or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of the notes to waive such default);
- (3) cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture or in any note that may be defective or inconsistent with any other provision contained therein;
- (4) convey, transfer, assign, mortgage or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as will not adversely affect in any material respect the interests of any holders of the notes;
- (5) modify or amend the indenture in such a manner as to permit or maintain the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- (6) add guarantees with respect to the notes or to secure the notes;
- (7) make any change that does not adversely affect the rights of any holder in any material respect;
- (8) add to, change, or eliminate any of the provisions of the indenture with respect to the notes, so long as any such addition, change or elimination not otherwise permitted under the indenture will (a) neither apply to any note created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such note with respect to such provision or (b) become effective only when there is no such note outstanding; or
- (9) evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the notes and to add to or change any of the provisions of the indenture as is necessary to provide for or facilitate the administration of the indenture by more than one trustee.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under the indenture becomes effective, we are required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect in the notice, does not impair or affect the validity of the amendment. The principal amount of notes of any series issued under the indenture denominated in a currency other than U.S. dollars shall be the U.S. dollar equivalent, as determined by us by reference to the noon buying rate in The City of New York for cable transfers for such currency, as such rate is certified for customs purposes by the Federal Reserve Bank of New York on the date of original issuance of such notes, of the principal amount of such notes.

#### **Satisfaction and Discharge of the Indenture**

The indenture will generally cease to be of any further effect with respect to the notes if (a) we have delivered to the trustee for cancellation all notes (with certain limited exceptions) or (b) all notes not theretofore delivered to the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and we have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all such notes (and if, in either case, we will also pay or cause to be paid all other sums payable under the indenture by us).

## Defeasance

We may terminate at any time all our obligations with respect to the notes and the indenture, which we refer to as "legal defeasance," except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost or stolen notes and to maintain a registrar and paying agent in respect of the notes. We may also terminate at any time our obligations with respect to the notes under the covenants described under "Certain Covenants," and the operation of certain Events of Default, which we refer to as "covenant defeasance." We may exercise the legal defeasance option notwithstanding our prior exercise of the covenant defeasance option.

If we exercise our legal defeasance option with respect to the notes, payment of the notes may not be accelerated because of an Event of Default with respect thereto. If we exercise the covenant defeasance option with respect to the notes, payment of the notes may not be accelerated pursuant to clause (3), clause (4), or clause (5) under the definition of Event of Default.

The legal defeasance option or the covenant defeasance option with respect to the notes may be exercised only if:

- (1) we irrevocably deposit in trust with the trustee cash or U.S. Government obligations or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized independent registered public accounting firm, to pay the principal of and interest on the outstanding notes to maturity or the applicable redemption date;
- (2) such legal defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) binding on us;
- (3) no default or Event of Default has occurred and is continuing either (a) on the date of such deposit (other than a default or Event of Default resulting from the borrowing of funds to be applied to such deposit) or (b) insofar as defaults arising out of the bankruptcy provisions are concerned, at any time during the period ending on the 91st day after the date of deposit;
- (4) in the case of the legal defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee stating that: a) we have received from the U.S. Internal Revenue Service ("IRS") a letter ruling, or there has been published by the IRS a Revenue Ruling, or b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the beneficial owners of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred;
- (5) in the case of the covenant defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee to the effect that the beneficial owners of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- (6) we deliver to the trustee an opinion of counsel to the effect that on the 91st day after the date of deposit, the trust funds deposited will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;
- (7) we deliver to the trustee an officers' certificate stating that the deposit was not made with the intent of preferring the holders of the notes over any other of our creditors or with the intent of defeating, hindering, delaying or defrauding any other of our creditors; and
- (8) we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the legal defeasance or covenant defeasance have been complied with as required by the indenture.

If we defease our obligations under the indenture, we will be released from our obligations in the provisions described under "Certain Covenants."

#### **Global Notes, Book-Entry Form**

The notes are represented by one or more fully registered global notes. Each such global note is deposited with, or on behalf of, a common depositary, and registered in the name of the nominee of the common depositary for the accounts of Clearstream Banking, S.A. ("Clearstream"), and Euroclear Bank, SA/NV ("Euroclear"). The global notes may generally be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees. An investor may hold its interests in the global notes in Europe through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream's or Euroclear's names on the books of their respective depositaries. Book-entry interests in the notes and all transfers relating to the notes are reflected in the book-entry records of Clearstream and Euroclear.

The distribution of the notes are cleared through Clearstream and Euroclear. Any secondary market trading of book-entry interests in the notes takes place through Clearstream and Euroclear participants and settles in same-day funds. Owners of book-entry interests in the notes receive payments relating to their notes in euro, except as described in this exhibit under "Payments on the Notes."

#### **Information Concerning the Trustee and the Paying Agent**

We have appointed U.S. Bank Trust Company, National Association as the trustee under the indenture and as registrar and transfer agent, and we have appointed U.S. Bank Europe DAC, UK Branch as paying agent. The trustee, the paying agent and/or their respective affiliates may provide banking and other services to us in the ordinary course of their business.

#### **Governing Law**

The notes and the indenture are governed by, and construed in accordance with, the laws of the state of New York, without giving effect to applicable principles of conflicts of law to the extent that the application of the laws of another jurisdiction would be required thereby.

#### **Certain Definitions**

"*Attributable Debt*" in respect of a Sale/Leaseback Transaction means, as of the time of determination, the present value (discounted at the implicit interest factor determined in accordance with GAAP) of the total obligations of the lessee for rental payments during the remaining term of the lease included in such Sale/Leaseback Transaction (including any period for which such lease has been extended), other than amounts required to be paid on account of property taxes, maintenance, repairs, insurance, water rates and other items that do not constitute payments for property rights. In the case of any lease which is terminable by the lessee upon payment of a penalty, the Attributable Debt is the lesser of:

- (1) the Attributable Debt determined assuming termination upon the first date such lease may be terminated (in which case the Attributable Debt shall also include the amount of the penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated); and
- (2) the Attributable Debt determined assuming no such termination.

*“Capital Stock”* of any Person means any and all shares, interests (including partnership interests), rights to purchase, warrants, options, participations or other equivalents of or interests in (however designated) equity of such Person, including any preferred stock, but excluding any debt securities convertible into such equity.

*“Comparable Government Bond Rate”* means the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank.

*“Comparable Government Bond”* means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a German government bond whose maturity is closest to the Par Call Date, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

*“Consolidated Net Tangible Assets”* means, as of the time of determination, the aggregate amount of our assets and the assets of our Subsidiaries, determined on a consolidated basis, after deducting (1) all goodwill, trade names, trademarks, service marks, patents, unamortized debt discount and expense and other intangible assets and (2) all current liabilities, in each case as reflected on the most recent consolidated balance sheet prepared by us in accordance with GAAP contained in an annual report on Form 10-K or a quarterly report on Form 10-Q filed or any amendment thereto pursuant to the Exchange Act by us prior to the time as of which *“Consolidated Net Tangible Assets”* is being determined or, if we are not required to so file, as reflected on our most recent consolidated balance sheet prepared by us in accordance with GAAP.

*“GAAP”* means generally accepted accounting principles in the United States of America as in effect from time to time, including those set forth in:

- (1) statements and pronouncements of the Financial Accounting Standards Board;
- (2) such other statements by such other entity as approved by a significant segment of the accounting profession; and
- (3) the rules and regulations of the SEC governing the inclusion of financial statements (including pro forma financial statements) in periodic reports required to be filed pursuant to Section 13 of the Exchange Act, including opinions and pronouncements in staff accounting bulletins and similar written statements from the accounting staff of the SEC.

*“Hedging Obligations”* means:

- (1) interest rate swap agreements and other agreements designed to hedge or reduce the risk of interest rate fluctuations; and
- (2) agreements or arrangements designed to hedge or reduce the risk of fluctuations in currency exchange rates or commodity prices.

*“Indebtedness”* means, with respect to any Person on any date of determination: the principal in respect of (A) indebtedness of such Person for money borrowed, including, without limitation, indebtedness for

---

money borrowed evidenced by notes, debentures, bonds or other similar instruments and (B) all guarantees in respect of such indebtedness of another Person (it being understood, however, that indebtedness for money borrowed shall in no event include any amounts payable or other liabilities to trade creditors (including undrawn letters of credit) arising in the ordinary course of business). For the avoidance of doubt, Hedging Obligations are not Indebtedness.

*“Issue Date”* means May 9, 2025, the date on which the notes were originally issued.

*“Lien”* means any mortgage or deed of trust, charge, pledge, lien, privilege, security interest, assignment, easement, hypothecation, claim, preference, priority or other similar encumbrance upon or with respect to any property of any kind (including any conditional sale, capital lease or other title retention agreement); provided, however, that in no event shall an operating lease be deemed to constitute a Lien.

*“Permitted Liens”* means, with respect to any Person:

---

- (1) Liens securing Indebtedness incurred to finance the construction, purchase or lease of, or repairs, improvements or additions to, property, plant or equipment of such Person; provided, however, that the Lien may not extend to any other property owned by such Person or any of its Subsidiaries at the time the Lien is incurred (other than assets and property affixed or appurtenant thereto), and the Indebtedness (other than any interest thereon) secured by the Lien may not be incurred more than 18 months after the later of the acquisition, completion of construction, repair, improvement, addition or commencement of full operation of the property subject to the Lien;
- (2) Liens existing on the Issue Date;
- (3) Liens on assets (including shares of Capital Stock) of another Person at the time such other Person becomes a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person becomes such a Subsidiary); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (4) Liens on assets at the time such Person or any of its Subsidiaries acquires the assets, including any acquisition by means of a merger or consolidation with or into such Person or a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person or any of its Subsidiaries acquired such assets); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (5) Liens securing Indebtedness or other obligations of a Restricted Subsidiary of such Person owing to such Person or to another Restricted Subsidiary of such Person;
- (6) Liens on securities deemed to exist under repurchase agreements and reverse repurchase agreements entered into by us or any Restricted Subsidiary in the ordinary course of business;
- (7) Liens incurred to secure cash management services in the ordinary course of business or on insurance policies and the proceeds thereof securing the financing of the premiums with respect thereto;
- (8) Liens created to secure the notes and Liens in favor of the trustee granted in accordance with the indenture;
- (9) Liens to secure the performance of bids, trade contracts, leases, statutory obligations, surety and appeal bonds, performance bonds and other obligations of a like nature, including Liens or trade letters of credit in favor of any governmental entity, including the United States or any state, territory or possession thereof (or the District of Columbia), or any department, agency, instrumentality or political subdivision of any such entity, to secure partial, progress, advance or other payments pursuant to any contract or statute;
- (10) Liens on the Capital Stock of a Subsidiary that is not a Restricted Subsidiary;
- (11) purported Liens evidenced by the filing of precautionary UCC financing statements; and
- (12) any extensions, renewals or replacements of any Lien referred to in clauses (1) through (11) without increase of the principal of the Indebtedness secured by such Lien (except to the extent of any fees, premiums or other costs associated with any such extension, renewal or replacement); provided, however, that any Liens permitted by any of clauses (1) through (11) do not extend to or cover any of our properties or any of our Restricted Subsidiaries, as the case may be, other than the property specified in such clauses and improvements to such property.

*“Person”* means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization, government or any agency or political subdivision thereof or any other entity.

*“Restricted Subsidiary”* means any Subsidiary other than:

- (1) any Subsidiary primarily engaged in financing receivables or in the finance business; or
- (2) any Subsidiary that is not a “significant subsidiary” within the meaning of Rule 1-02 of Regulation S-X.

*“Sale/Leaseback Transaction”* means an arrangement relating to property owned by us or a Restricted Subsidiary on the Issue Date or thereafter acquired by us or a Restricted Subsidiary whereby we or a

Restricted Subsidiary transfers such property to a Person and we or a Subsidiary leases it from such Person.

*“Subsidiary”* means, with respect to any Person, any corporation, association, partnership or other business entity of which more than 50% of the total voting power of shares of Voting Stock is at the time owned or controlled, directly or indirectly, by:

- (1) such Person;
- (2) such Person and one or more Subsidiaries of such Person; or
- (3) one or more Subsidiaries of such Person.

*“Voting Stock”* of a Person means all classes of Capital Stock of such Person then outstanding and normally entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934  
Description of the 4.125% Senior Notes due 2038**

The following description of our 4.125% Senior Notes due 2038 (the "notes") is a summary and does not purport to be complete. It is subject to and qualified in its entirety by reference to the indenture, dated as of August 8, 2017, between us and U.S. Bank Trust Company, National Association (as successor in interest to U.S. Bank National Association), as trustee (the "indenture"), which is incorporated by reference as an exhibit to the Annual Report on Form 10-K of which this Exhibit is a part. The notes are traded on The Nasdaq Stock Market LLC under the bond trading symbol of "BKNG 38." The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

We encourage you to read the above-referenced indenture for additional information. See "Certain Definitions" below for the definitions of capitalized terms used herein.

**General**

The following is a description of certain of the specific terms and conditions of the notes.

The notes are our senior unsecured obligations, ranking:

- equal in right of payment with any other senior unsecured indebtedness of ours, including our currently outstanding senior notes and any borrowings under our revolving credit facility;
- senior in right of payment to any future indebtedness of ours that is contractually subordinated to the notes;
- structurally subordinated to the existing and future indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries'; and
- effectively subordinated to any secured indebtedness of ours to the extent of the value of the collateral securing such indebtedness.

The notes were issued in registered form without interest coupons, in denominations of €100,000 and integral multiples of €1,000 in excess thereof. The notes are represented by one or more registered notes in global form, but in certain limited circumstances may be represented by notes in definitive form.

The maturity date of the notes is May 9, 2038.

The indenture does not limit the amount of debt that may be issued by us or our subsidiaries under the indenture or otherwise. Our subsidiaries do not guarantee any of our obligations under the notes. Our operations are conducted through our subsidiaries and, therefore, we depend on the cash flow of our subsidiaries to meet our obligations, including our obligations under the notes. The notes are structurally subordinated in right of payment to all indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries. Any right we have to receive assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) are structurally subordinated to the claims of that subsidiary's creditors, except to the extent that we are recognized as a creditor of the subsidiary.

The initial aggregate principal amount of the notes was €750,000,000. We may, without the consent of the holders, issue additional notes of any series under the indenture in the future with the same terms (except for the issue date, price to public and, if applicable, the initial interest payment date) and with the same

CUSIP number as the other notes of such series in an unlimited aggregate principal amount; provided that if any such additional notes are not fungible with such series of notes for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. We may also from time to time repurchase the notes of any series in tender offers, open market purchases or negotiated transactions without prior notice to holders.

#### **Payments on the Notes**

All payments of interest and principal, including payments made upon any redemption of the notes, are made in euro; *provided* that if euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if euro is no longer being used by the then member states of the European Monetary Union that have adopted euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes are to be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro is to be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, if the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the most recently available market exchange rate for euro, as determined in our sole discretion. Any payment in respect of the notes so made in U.S. dollars does not constitute an Event of Default under the notes or the indenture governing the notes.

We pay the principal of and interest on notes in global form registered in the name of or held by Euroclear or Clearstream (each as defined below) or their respective nominees in immediately available funds to Euroclear or Clearstream or their respective nominees, as the case may be, as the registered holder of such global notes.

#### **Interest**

The notes bear interest from May 9, 2025 at an annual rate of 4.125% payable on May 9 of each year, beginning on May 9, 2026. Interest is paid to the person in whose name a note is registered at the close of business on the April 25 immediately preceding the relevant interest payment date. Interest on the notes is computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the notes (or May 9, 2025 if no interest has been paid on the notes), to but excluding the next scheduled interest payment date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If any interest payment date, the maturity date or any earlier required repurchase date upon a designated event falls on a day that is not a business day, the required payment is to be made on the next succeeding business day and no interest on such payment accrues in respect of the delay. The term "business day" means any day, other than a Saturday or Sunday, (1) that is not a day on which banking institutions in the City of New York or London are authorized or required by law or executive order to close and (2) on which the Trans-European Automated Real-time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, is open.

All references to interest in this exhibit include additional interest, if any, payable as described under "Events of Default" and at our election as the sole remedy relating to the failure to comply with our reporting obligations as described under "Events of Default".

---

## **Optional Redemption**

On and after February 9, 2038, the date that is three months prior to the scheduled maturity date (the "Par Call Date"), we may redeem the notes in whole or in part, at our option at any time or from time to time, at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest thereon, if any, to, but excluding, the date of redemption.

Prior to the Par Call Date, we may redeem the notes in whole or in part at our option at any time or from time to time (a "Redemption Date"), at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the notes to be redeemed; and
- (2) an amount equal to the sum of the present values of the remaining scheduled payments of principal and interest thereon that would have been payable in respect of such notes calculated as if the maturity date of such notes was the Par Call Date, not including any portion of the payments of interest accrued to the Redemption Date, discounted to such Redemption Date on an annual basis at the Comparable Government Bond Rate, plus 25 basis points plus, in the case of each of (1) and (2), accrued and unpaid interest on the notes, if any, to, but excluding, such Redemption Date.

If less than all of the notes are to be redeemed, in the case of certificated notes and global notes, the trustee will select notes for redemption in accordance with the procedures of the depositary. The trustee, in the case of certificated notes and global notes, shall select notes and portions of notes in amounts of €100,000 and integral multiples of €1,000 in excess thereof.

Notice of any redemption is to be mailed at least 10 days but not more than 60 days before the Redemption Date except that a redemption notice may be delivered more than 60 days prior to the Redemption Date if such notice is issued in connection with legal or covenant defeasance of our obligations or a satisfaction and discharge of the indenture, or if the Redemption Date is delayed as provided for in the following paragraph. We are not responsible for giving notice to anyone other than the depositary. Unless we default in payment of the redemption price, on or after the Redemption Date, interest ceases to accrue on the notes called for redemption.

Any redemption of notes or notice thereof may, at our discretion, be subject to the satisfaction (or waiver by us, in our sole discretion) of one or more conditions precedent. If such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice may state that, in our discretion, the Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by us in our sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been (or, in our sole determination, may not be) satisfied (or waived by us in our sole discretion) by the Redemption Date, or by the Redemption Date so delayed.

The notes are also subject to redemption prior to maturity if certain events occur involving U.S. taxation. If any of these special tax events occurs, the notes will be redeemed at a redemption price of 100% of their principal amount plus accrued and unpaid interest to, but not including, the date fixed for redemption, and additional amounts, if any. See "Redemption for Tax Reasons." Before the redemption date, we will deposit with the paying agent money sufficient to pay the redemption price of and accrued and unpaid interest to, but not including, the redemption date on the notes to be redeemed on such date, and additional amounts, if any.

---

### **Payment of Additional Amounts**

All payments of principal and interest on the notes by us are made free and clear of and without withholding or deduction for or on account of any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), unless the withholding or deduction of such taxes, assessment or other government charge is required by law or the official interpretation or administration thereof. Subject to the exceptions and limitations set forth below, we pay as additional interest on the notes such additional amounts as are necessary in order that the net payment by us of the principal of and interest on the notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), is not less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

---

- (1) to the extent any tax, assessment or other governmental charge is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
  - a. being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
  - b. having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
  - c. being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States income tax purposes or a corporation that has accumulated earnings to avoid U.S. federal income tax;
  - d. being or having been a "10-percent shareholder" of ours as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the "Code") or any successor provision; or
  - e. being or having been a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the Code or any successor provision;
- (2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;
- (3) to the extent any tax, assessment or other governmental charge would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;
- (4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding or deduction by us or a paying agent from the payment;
- (5) to any estate, inheritance, gift, sales, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge, or excise tax imposed on the transfer of notes;
- (6) to the extent any tax, assessment or other governmental charge would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
- (7) to any tax, assessment or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or
- (8) in the case of any combination of items (1), (2), (3), (4), (5), (6), and (7).

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading "Payment of Additional Amounts," we are not required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

---

As used under this heading "Payment of Additional Amounts" and under the heading "Redemption for Tax Reasons," the term "United States" means the United States of America, the states of the United States, and the District of Columbia, and the term "United States person" means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

#### **Redemption for Tax Reasons**

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority in the United States), or any change in, or amendment to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the Issue Date (as defined herein), we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading "Payment of Additional Amounts" with respect to the notes, then we may at any time at our option redeem, in whole, but not in part, the notes on not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on those notes to, but not including, the date fixed for redemption.

#### **No Sinking Fund**

The notes are not entitled to the benefit of any sinking fund.

#### **Certain Covenants**

The indenture contains covenants including, among others, the following:

##### ***Limitation on Liens***

We may not, and may not permit any Restricted Subsidiary to, directly or indirectly, incur or permit to exist any Lien securing Indebtedness (the "Initial Lien") on any of our properties or assets whether owned at the Issue Date or thereafter acquired, other than Permitted Liens, without effectively providing that the notes (together with, at our option, any other Indebtedness of ours or any of our Subsidiaries ranking equally in right of payment with the notes) are secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Notwithstanding the foregoing, we and our Restricted Subsidiaries may create, assume, incur or guarantee Indebtedness secured by a Lien without equally and ratably securing the notes; provided that at the time of such creation, assumption, incurrence or guarantee, after giving effect thereto and to the retirement of any Indebtedness that is being retired substantially concurrently with any such creation, assumption, incurrence or guarantee, the sum of (a) the aggregate amount of all of our and our Restricted Subsidiaries' outstanding Indebtedness secured by Liens other than Permitted Liens and (b) the Attributable Debt associated with all of our and our Restricted Subsidiaries' Sale/Leaseback Transactions permitted by the last paragraph under "Limitation on Sale/Leaseback Transactions" below, does not at such time exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of incurrence of the Lien and (ii) \$3.0 billion.

---

Any such Lien thereby created in favor of the notes will be automatically and unconditionally released and discharged upon (i) the release and discharge of each Initial Lien to which it relates, or (ii) any sale, exchange or transfer to any Person who is not our affiliate of the property or assets secured by such Initial Lien.

#### ***Limitation on Sale/Leaseback Transactions***

We may not, and may not permit any Restricted Subsidiary to, enter into any Sale/Leaseback Transaction with respect to any property unless:

- (1) we or such Restricted Subsidiary would be entitled to create a Lien on such property securing the Attributable Debt associated with such Sale/Leaseback Transaction without equally and ratably securing the notes pursuant to the covenant described under "Limitation on Liens";
- (2) the net proceeds of the sale of the property to be leased are at least equal to such property's fair market value, as determined by our board of directors, and the proceeds are applied within 365 days of the effective date of the Sale/Leaseback Transaction to the purchase, construction, development or acquisition of assets or to the repayment of any of our Indebtedness that ranks equally with the notes or any Indebtedness of one or more Restricted Subsidiaries; provided that the amount required to be applied to the repayment of any such Indebtedness pursuant to this clause (2) shall be reduced by the principal amount of any notes delivered within 365 days after such sale to the trustee for retirement and cancellation;
- (3) such transaction was entered into prior to the Issue Date;
- (4) such transaction involves a lease for not more than three years (or which may be terminated by us or a Restricted Subsidiary within a period of not more than three years);
- (5) such transaction was for the sale and lease between only us and a Subsidiary of ours or only between our Subsidiaries; or
- (6) such transaction involves a sale and lease of property executed by the time of, or within 18 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation of the property.

Notwithstanding the restrictions outlined in the preceding paragraph, we and our Restricted Subsidiaries are permitted to enter into Sale/Leaseback Transactions, without complying with the requirements of the preceding paragraph, if, after giving effect thereto, the aggregate amount of all Attributable Debt associated with Sale/Leaseback Transactions not otherwise permitted by the preceding paragraph that is outstanding at such time, together with the aggregate amount of all outstanding Indebtedness secured by Liens permitted under the second paragraph under "Limitation on Liens" above, does not exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of the Sale/Leaseback Transaction and (ii) \$3.0 billion.

#### ***Merger and Consolidation***

The indenture provides that we will not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of our properties and assets to, another person, unless (i) the resulting, surviving or transferee person, if not us, is a person organized and existing under the laws of the United States of America, any state thereof or the District of Columbia; (ii) immediately after giving effect to such transaction, no default has occurred and is continuing under the indenture; and (iii) the resulting, surviving or transferee person, if not us, expressly assumes by supplemental indenture all of our obligations under the notes and the indenture. Upon any such consolidation, merger or transfer, the resulting, surviving or transferee person shall succeed to, and may exercise every right and power of, us under the indenture.

---

## **Events of Default**

An "Event of Default" is defined in the indenture as:

- (1) default in any payment of interest on any note when due and payable and the default continues for a period of 30 days;
- (2) default in the payment of principal of any note when due and payable at its stated maturity, upon acceleration or otherwise;
- (3) failure by us to comply with our obligations under " Certain Covenants - Merger and Consolidation";
- (4) failure by us for 60 days after written notice from the trustee or the holders of at least 25% in principal amount of the notes then outstanding has been received to comply with any of our other covenants or agreements contained in the notes or indenture;
- (5) default by us or any majority owned subsidiary in the payment of the principal or interest on any mortgage, agreement or other instrument under which there may be outstanding, or by which there may be secured or evidenced any debt for money borrowed in excess of \$100 million in the aggregate of ours and/or any subsidiary, whether such debt now exists or shall hereafter be created, which default results in such debt becoming or being declared due and payable, and such acceleration shall not have been rescinded or annulled within 30 days after written notice of such acceleration has been received by us or such subsidiary; or
- (6) certain events of bankruptcy, insolvency or reorganization (the "bankruptcy provisions") of us or any of our significant subsidiaries as defined in Rule 1-02 of Regulation S-X promulgated by the SEC as in effect on the date of the indenture.

If an Event of Default occurs and is continuing, the trustee by notice to us, or the holders of at least 25% in principal amount of the outstanding notes by written notice to us and the trustee, may, and the trustee at the written request of such holders shall, declare 100% of the principal of and accrued and unpaid interest on all the notes to be due and payable. Upon such a declaration, such principal and accrued and unpaid interest is due and payable immediately. Upon an Event of Default arising out of the bankruptcy provisions, however, the aggregate principal amount and accrued and unpaid interest is due and payable immediately.

The holders of a majority in principal amount of the outstanding notes may waive an existing default (except with respect to nonpayment of principal or interest or certain other matters), and may rescind any acceleration with respect to the notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, other than the nonpayment of the principal of and interest on the notes that have become due solely by such declaration of acceleration, have been cured or waived.

Subject to the provisions of the indenture relating to the duties of the trustee, if an Event of Default occurs and is continuing, the trustee is under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any of the holders unless such holders have offered to the trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal or interest when due, no holder may pursue any remedy with respect to the indenture or the notes unless:

---

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding notes have requested the trustee in writing to pursue the remedy;
- (3) such holders have offered the trustee security and/or indemnity satisfactory to it against any loss, liability or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security and/or indemnity; and
- (5) the holders of a majority in principal amount of the outstanding notes have not given the trustee a direction that is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the rights of any other holder (it being understood that the trustee does not have an affirmative duty to ascertain whether or not any such directions are unduly prejudicial to such holder) or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee is entitled to indemnification and/or security satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. The indenture provides that in the event an Event of Default has occurred and is continuing, the trustee is required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs.

The indenture provides that if a default occurs and is continuing and is actually known to a responsible officer of the trustee, the trustee must send to each holder notice of the default within 90 days after it occurs. Except in the case of a default in the payment of principal of or interest on any note, the trustee may withhold notice if and so long as it in good faith determines that withholding notice is in the interests of the holders. In addition, we are required to deliver to the trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any default that occurred during the previous year.

#### **Modification and Amendment**

Subject to certain exceptions, the indenture or the notes may be amended with the consent of the holders of at least a majority in principal amount of the notes of all series under the indenture then outstanding and affected by such amendment, voting as a single class (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of an outstanding note affected, however, no amendment may, among other things:

- (1) make any change to the percentage of principal amount of the notes the holders of which must consent to an amendment;
- (2) reduce the principal amount of, premium, or interest on, or extend the stated maturity or interest payment periods, of the notes;
- (3) make any note payable in money or securities other than as stated in the note;
- (4) impair the right to institute suit for the enforcement of any payment with respect to the notes; or
- (5) waive a default in payment of principal of, premium, if any, or interest on the notes or modify any provisions of the indenture relating to modification or amendment thereof.

Without the consent of any holder, we and the trustee may amend the indenture to, among other things:

---

- (1) evidence the succession of another person pursuant to the provisions of the indenture relating to consolidations, mergers and sales of assets and the assumption by such successor of the covenants, agreements and obligations in the indenture and in the notes;
- (2) surrender any right or power conferred upon us by the indenture, to add to our covenants such further covenants, restrictions, conditions or provisions for the protection of the holders of the notes as our board of directors considers to be for the protection of the holders of the notes, and to make the occurrence, or the occurrence and continuance, of a default in respect of any of such additional covenants, restrictions, conditions or provisions a default or an Event of Default under the indenture (provided, however, that with respect to any such additional covenant, restriction, condition or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of the notes to waive such default);
- (3) cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture or in any note that may be defective or inconsistent with any other provision contained therein;
- (4) convey, transfer, assign, mortgage or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as will not adversely affect in any material respect the interests of any holders of the notes;
- (5) modify or amend the indenture in such a manner as to permit or maintain the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- (6) add guarantees with respect to the notes or to secure the notes;
- (7) make any change that does not adversely affect the rights of any holder in any material respect;
- (8) add to, change, or eliminate any of the provisions of the indenture with respect to the notes, so long as any such addition, change or elimination not otherwise permitted under the indenture will (a) neither apply to any note created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such note with respect to such provision or (b) become effective only when there is no such note outstanding; or
- (9) evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the notes and to add to or change any of the provisions of the indenture as is necessary to provide for or facilitate the administration of the indenture by more than one trustee.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under the indenture becomes effective, we are required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect in the notice, does not impair or affect the validity of the amendment. The principal amount of notes of any series issued under the indenture denominated in a currency other than U.S. dollars shall be the U.S. dollar equivalent, as determined by us by reference to the noon buying rate in The City of New York for cable transfers for such currency, as such rate is certified for customs purposes by the Federal Reserve Bank of New York on the date of original issuance of such notes, of the principal amount of such notes.

#### **Satisfaction and Discharge of the Indenture**

The indenture will generally cease to be of any further effect with respect to the notes if (a) we have delivered to the trustee for cancellation all notes (with certain limited exceptions) or (b) all notes not theretofore delivered to the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and we have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all such notes (and if, in either case, we will also pay or cause to be paid all other sums payable under the indenture by us).

---

## Defeasance

We may terminate at any time all our obligations with respect to the notes and the indenture, which we refer to as "legal defeasance," except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost or stolen notes and to maintain a registrar and paying agent in respect of the notes. We may also terminate at any time our obligations with respect to the notes under the covenants described under "Certain Covenants," and the operation of certain Events of Default, which we refer to as "covenant defeasance." We may exercise the legal defeasance option notwithstanding our prior exercise of the covenant defeasance option.

If we exercise our legal defeasance option with respect to the notes, payment of the notes may not be accelerated because of an Event of Default with respect thereto. If we exercise the covenant defeasance option with respect to the notes, payment of the notes may not be accelerated pursuant to clause (3), clause (4), or clause (5) under the definition of Event of Default.

The legal defeasance option or the covenant defeasance option with respect to the notes may be exercised only if:

- (1) we irrevocably deposit in trust with the trustee cash or U.S. Government obligations or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized independent registered public accounting firm, to pay the principal of and interest on the outstanding notes to maturity or the applicable redemption date;
- (2) such legal defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) binding on us;
- (3) no default or Event of Default has occurred and is continuing either (a) on the date of such deposit (other than a default or Event of Default resulting from the borrowing of funds to be applied to such deposit) or (b) insofar as defaults arising out of the bankruptcy provisions are concerned, at any time during the period ending on the 91st day after the date of deposit;
- (4) in the case of the legal defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee stating that: a) we have received from the U.S. Internal Revenue Service ("IRS") a letter ruling, or there has been published by the IRS a Revenue Ruling, or b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the beneficial owners of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred;
- (5) in the case of the covenant defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee to the effect that the beneficial owners of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- (6) we deliver to the trustee an opinion of counsel to the effect that on the 91st day after the date of deposit, the trust funds deposited will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;
- (7) we deliver to the trustee an officers' certificate stating that the deposit was not made with the intent of preferring the holders of the notes over any other of our creditors or with the intent of defeating, hindering, delaying or defrauding any other of our creditors; and
- (8) we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the legal defeasance or covenant defeasance have been complied with as required by the indenture.

If we defease our obligations under the indenture, we will be released from our obligations in the provisions described under "Certain Covenants."

#### **Global Notes, Book-Entry Form**

The notes are represented by one or more fully registered global notes. Each such global note is deposited with, or on behalf of, a common depositary, and registered in the name of the nominee of the common depositary for the accounts of Clearstream Banking, S.A. ("Clearstream"), and Euroclear Bank, SA/NV ("Euroclear"). The global notes may generally be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees. An investor may hold its interests in the global notes in Europe through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream's or Euroclear's names on the books of their respective depositaries. Book-entry interests in the notes and all transfers relating to the notes are reflected in the book-entry records of Clearstream and Euroclear.

The distribution of the notes are cleared through Clearstream and Euroclear. Any secondary market trading of book-entry interests in the notes takes place through Clearstream and Euroclear participants and settles in same-day funds. Owners of book-entry interests in the notes receive payments relating to their notes in euro, except as described in this exhibit under "Payments on the Notes."

#### **Information Concerning the Trustee and the Paying Agent**

We have appointed U.S. Bank Trust Company, National Association as the trustee under the indenture and as registrar and transfer agent, and we have appointed U.S. Bank Europe DAC, UK Branch as paying agent. The trustee, the paying agent and/or their respective affiliates may provide banking and other services to us in the ordinary course of their business.

#### **Governing Law**

The notes and the indenture are governed by, and construed in accordance with, the laws of the state of New York, without giving effect to applicable principles of conflicts of law to the extent that the application of the laws of another jurisdiction would be required thereby.

#### **Certain Definitions**

"*Attributable Debt*" in respect of a Sale/Leaseback Transaction means, as of the time of determination, the present value (discounted at the implicit interest factor determined in accordance with GAAP) of the total obligations of the lessee for rental payments during the remaining term of the lease included in such Sale/Leaseback Transaction (including any period for which such lease has been extended), other than amounts required to be paid on account of property taxes, maintenance, repairs, insurance, water rates and other items that do not constitute payments for property rights. In the case of any lease which is terminable by the lessee upon payment of a penalty, the Attributable Debt is the lesser of:

- (1) the Attributable Debt determined assuming termination upon the first date such lease may be terminated (in which case the Attributable Debt shall also include the amount of the penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated); and
- (2) the Attributable Debt determined assuming no such termination.

*“Capital Stock”* of any Person means any and all shares, interests (including partnership interests), rights to purchase, warrants, options, participations or other equivalents of or interests in (however designated) equity of such Person, including any preferred stock, but excluding any debt securities convertible into such equity.

*“Comparable Government Bond Rate”* means the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank.

*“Comparable Government Bond”* means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a German government bond whose maturity is closest to the Par Call Date, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

*“Consolidated Net Tangible Assets”* means, as of the time of determination, the aggregate amount of our assets and the assets of our Subsidiaries, determined on a consolidated basis, after deducting (1) all goodwill, trade names, trademarks, service marks, patents, unamortized debt discount and expense and other intangible assets and (2) all current liabilities, in each case as reflected on the most recent consolidated balance sheet prepared by us in accordance with GAAP contained in an annual report on Form 10-K or a quarterly report on Form 10-Q filed or any amendment thereto pursuant to the Exchange Act by us prior to the time as of which “Consolidated Net Tangible Assets” is being determined or, if we are not required to so file, as reflected on our most recent consolidated balance sheet prepared by us in accordance with GAAP.

*“GAAP”* means generally accepted accounting principles in the United States of America as in effect from time to time, including those set forth in:

- (1) statements and pronouncements of the Financial Accounting Standards Board;
- (2) such other statements by such other entity as approved by a significant segment of the accounting profession; and
- (3) the rules and regulations of the SEC governing the inclusion of financial statements (including pro forma financial statements) in periodic reports required to be filed pursuant to Section 13 of the Exchange Act, including opinions and pronouncements in staff accounting bulletins and similar written statements from the accounting staff of the SEC.

*“Hedging Obligations”* means:

- (1) interest rate swap agreements and other agreements designed to hedge or reduce the risk of interest rate fluctuations; and
- (2) agreements or arrangements designed to hedge or reduce the risk of fluctuations in currency exchange rates or commodity prices.

*“Indebtedness”* means, with respect to any Person on any date of determination: the principal in respect of (A) indebtedness of such Person for money borrowed, including, without limitation, indebtedness for

---

money borrowed evidenced by notes, debentures, bonds or other similar instruments and (B) all guarantees in respect of such indebtedness of another Person (it being understood, however, that indebtedness for money borrowed shall in no event include any amounts payable or other liabilities to trade creditors (including undrawn letters of credit) arising in the ordinary course of business). For the avoidance of doubt, Hedging Obligations are not Indebtedness.

*"Issue Date"* means May 9, 2025, the date on which the notes were originally issued.

*"Lien"* means any mortgage or deed of trust, charge, pledge, lien, privilege, security interest, assignment, easement, hypothecation, claim, preference, priority or other similar encumbrance upon or with respect to any property of any kind (including any conditional sale, capital lease or other title retention agreement); provided, however, that in no event shall an operating lease be deemed to constitute a Lien.

*"Permitted Liens"* means, with respect to any Person:

---

- (1) Liens securing Indebtedness incurred to finance the construction, purchase or lease of, or repairs, improvements or additions to, property, plant or equipment of such Person; provided, however, that the Lien may not extend to any other property owned by such Person or any of its Subsidiaries at the time the Lien is incurred (other than assets and property affixed or appurtenant thereto), and the Indebtedness (other than any interest thereon) secured by the Lien may not be incurred more than 18 months after the later of the acquisition, completion of construction, repair, improvement, addition or commencement of full operation of the property subject to the Lien;
- (2) Liens existing on the Issue Date;
- (3) Liens on assets (including shares of Capital Stock) of another Person at the time such other Person becomes a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person becomes such a Subsidiary); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (4) Liens on assets at the time such Person or any of its Subsidiaries acquires the assets, including any acquisition by means of a merger or consolidation with or into such Person or a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person or any of its Subsidiaries acquired such assets); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (5) Liens securing Indebtedness or other obligations of a Restricted Subsidiary of such Person owing to such Person or to another Restricted Subsidiary of such Person;
- (6) Liens on securities deemed to exist under repurchase agreements and reverse repurchase agreements entered into by us or any Restricted Subsidiary in the ordinary course of business;
- (7) Liens incurred to secure cash management services in the ordinary course of business or on insurance policies and the proceeds thereof securing the financing of the premiums with respect thereto;
- (8) Liens created to secure the notes and Liens in favor of the trustee granted in accordance with the indenture;
- (9) Liens to secure the performance of bids, trade contracts, leases, statutory obligations, surety and appeal bonds, performance bonds and other obligations of a like nature, including Liens or trade letters of credit in favor of any governmental entity, including the United States or any state, territory or possession thereof (or the District of Columbia), or any department, agency, instrumentality or political subdivision of any such entity, to secure partial, progress, advance or other payments pursuant to any contract or statute;
- (10) Liens on the Capital Stock of a Subsidiary that is not a Restricted Subsidiary;
- (11) purported Liens evidenced by the filing of precautionary UCC financing statements; and
- (12) any extensions, renewals or replacements of any Lien referred to in clauses (1) through (11) without increase of the principal of the Indebtedness secured by such Lien (except to the extent of any fees, premiums or other costs associated with any such extension, renewal or replacement); provided, however, that any Liens permitted by any of clauses (1) through (11) do not extend to or cover any of our properties or any of our Restricted Subsidiaries, as the case may be, other than the property specified in such clauses and improvements to such property.

*“Person”* means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization, government or any agency or political subdivision thereof or any other entity.

*“Restricted Subsidiary”* means any Subsidiary other than:

- (1) any Subsidiary primarily engaged in financing receivables or in the finance business; or
- (2) any Subsidiary that is not a “significant subsidiary” within the meaning of Rule 1-02 of Regulation S-X.

*“Sale/Leaseback Transaction”* means an arrangement relating to property owned by us or a Restricted Subsidiary on the Issue Date or thereafter acquired by us or a Restricted Subsidiary whereby we or a

Restricted Subsidiary transfers such property to a Person and we or a Subsidiary leases it from such Person.

*“Subsidiary”* means, with respect to any Person, any corporation, association, partnership or other business entity of which more than 50% of the total voting power of shares of Voting Stock is at the time owned or controlled, directly or indirectly, by:

- (1) such Person;
- (2) such Person and one or more Subsidiaries of such Person; or
- (3) one or more Subsidiaries of such Person.

*“Voting Stock”* of a Person means all classes of Capital Stock of such Person then outstanding and normally entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934  
Description of the 4.500% Senior Notes due 2046**

The following description of our 4.500% Senior Notes due 2046 (the "notes") is a summary and does not purport to be complete. It is subject to and qualified in its entirety by reference to the indenture, dated as of August 8, 2017, between us and U.S. Bank Trust Company, National Association (as successor in interest to U.S. Bank National Association), as trustee (the "indenture"), which is incorporated by reference as an exhibit to the Annual Report on Form 10-K of which this Exhibit is a part. The notes are traded on The Nasdaq Stock Market LLC under the bond trading symbol of "BKNG 46." The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

We encourage you to read the above-referenced indenture for additional information. See "Certain Definitions" below for the definitions of capitalized terms used herein.

**General**

The following is a description of certain of the specific terms and conditions of the notes.

The notes are our senior unsecured obligations, ranking:

- equal in right of payment with any other senior unsecured indebtedness of ours, including our currently outstanding senior notes and any borrowings under our revolving credit facility;
- senior in right of payment to any future indebtedness of ours that is contractually subordinated to the notes;
- structurally subordinated to the existing and future indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries'; and
- effectively subordinated to any secured indebtedness of ours to the extent of the value of the collateral securing such indebtedness.

The notes were issued in registered form without interest coupons, in denominations of €100,000 and integral multiples of €1,000 in excess thereof. The notes are represented by one or more registered notes in global form, but in certain limited circumstances may be represented by notes in definitive form.

The maturity date of the notes is May 9, 2046.

The indenture does not limit the amount of debt that may be issued by us or our subsidiaries under the indenture or otherwise. Our subsidiaries do not guarantee any of our obligations under the notes. Our operations are conducted through our subsidiaries and, therefore, we depend on the cash flow of our subsidiaries to meet our obligations, including our obligations under the notes. The notes are structurally subordinated in right of payment to all indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries. Any right we have to receive assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) are structurally subordinated to the claims of that subsidiary's creditors, except to the extent that we are recognized as a creditor of the subsidiary.

The initial aggregate principal amount of the notes was €500,000,000. We may, without the consent of the holders, issue additional notes of any series under the indenture in the future with the same terms (except for the issue date, price to public and, if applicable, the initial interest payment date) and with the same

CUSIP number as the other notes of such series in an unlimited aggregate principal amount; provided that if any such additional notes are not fungible with such series of notes for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. We may also from time to time repurchase the notes of any series in tender offers, open market purchases or negotiated transactions without prior notice to holders.

#### **Payments on the Notes**

All payments of interest and principal, including payments made upon any redemption of the notes, are made in euro; *provided* that if euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if euro is no longer being used by the then member states of the European Monetary Union that have adopted euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes are to be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro is to be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, if the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the most recently available market exchange rate for euro, as determined in our sole discretion. Any payment in respect of the notes so made in U.S. dollars does not constitute an Event of Default under the notes or the indenture governing the notes.

We pay the principal of and interest on notes in global form registered in the name of or held by Euroclear or Clearstream (each as defined below) or their respective nominees in immediately available funds to Euroclear or Clearstream or their respective nominees, as the case may be, as the registered holder of such global notes.

#### **Interest**

The notes bear interest from May 9, 2025 at an annual rate of 4.500% payable on May 9 of each year, beginning on May 9, 2026. Interest is paid to the person in whose name a note is registered at the close of business on the April 25 immediately preceding the relevant interest payment date. Interest on the notes is computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the notes (or May 9, 2025 if no interest has been paid on the notes), to but excluding the next scheduled interest payment date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If any interest payment date, the maturity date or any earlier required repurchase date upon a designated event falls on a day that is not a business day, the required payment is to be made on the next succeeding business day and no interest on such payment accrues in respect of the delay. The term "business day" means any day, other than a Saturday or Sunday, (1) that is not a day on which banking institutions in the City of New York or London are authorized or required by law or executive order to close and (2) on which the Trans-European Automated Real-time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, is open.

All references to interest in this exhibit include additional interest, if any, payable as described under "Events of Default" and at our election as the sole remedy relating to the failure to comply with our reporting obligations as described under "Events of Default".

---

## **Optional Redemption**

On and after November 9, 2045, the date that is six months prior to the scheduled maturity date (the "Par Call Date"), we may redeem the notes in whole or in part, at our option at any time or from time to time, at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest thereon, if any, to, but excluding, the date of redemption.

Prior to the Par Call Date, we may redeem the notes in whole or in part at our option at any time or from time to time (a "Redemption Date"), at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the notes to be redeemed; and
- (2) an amount equal to the sum of the present values of the remaining scheduled payments of principal and interest thereon that would have been payable in respect of such notes calculated as if the maturity date of such notes was the Par Call Date, not including any portion of the payments of interest accrued to the Redemption Date, discounted to such Redemption Date on an annual basis at the Comparable Government Bond Rate, plus 25 basis points plus, in the case of each of (1) and (2), accrued and unpaid interest on the notes, if any, to, but excluding, such Redemption Date.

If less than all of the notes are to be redeemed, in the case of certificated notes and global notes, the trustee will select notes for redemption in accordance with the procedures of the depositary. The trustee, in the case of certificated notes and global notes, shall select notes and portions of notes in amounts of €100,000 and integral multiples of €1,000 in excess thereof.

Notice of any redemption is to be mailed at least 10 days but not more than 60 days before the Redemption Date except that a redemption notice may be delivered more than 60 days prior to the Redemption Date if such notice is issued in connection with legal or covenant defeasance of our obligations or a satisfaction and discharge of the indenture, or if the Redemption Date is delayed as provided for in the following paragraph. We are not responsible for giving notice to anyone other than the depositary. Unless we default in payment of the redemption price, on or after the Redemption Date, interest ceases to accrue on the notes called for redemption.

Any redemption of notes or notice thereof may, at our discretion, be subject to the satisfaction (or waiver by us, in our sole discretion) of one or more conditions precedent. If such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice may state that, in our discretion, the Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by us in our sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been (or, in our sole determination, may not be) satisfied (or waived by us in our sole discretion) by the Redemption Date, or by the Redemption Date so delayed.

The notes are also subject to redemption prior to maturity if certain events occur involving U.S. taxation. If any of these special tax events occurs, the notes will be redeemed at a redemption price of 100% of their principal amount plus accrued and unpaid interest to, but not including, the date fixed for redemption, and additional amounts, if any. See "Redemption for Tax Reasons." Before the redemption date, we will deposit with the paying agent money sufficient to pay the redemption price of and accrued and unpaid interest to, but not including, the redemption date on the notes to be redeemed on such date, and additional amounts, if any.

---

### **Payment of Additional Amounts**

All payments of principal and interest on the notes by us are made free and clear of and without withholding or deduction for or on account of any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), unless the withholding or deduction of such taxes, assessment or other government charge is required by law or the official interpretation or administration thereof. Subject to the exceptions and limitations set forth below, we pay as additional interest on the notes such additional amounts as are necessary in order that the net payment by us of the principal of and interest on the notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), is not less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

---

(1) to the extent any tax, assessment or other governmental charge is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

- a. being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
- b. having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
- c. being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States income tax purposes or a corporation that has accumulated earnings to avoid U.S. federal income tax;
- d. being or having been a "10-percent shareholder" of ours as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the "Code") or any successor provision; or
- e. being or having been a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the Code or any successor provision;

(2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

(3) to the extent any tax, assessment or other governmental charge would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;

(4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding or deduction by us or a paying agent from the payment;

(5) to any estate, inheritance, gift, sales, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge, or excise tax imposed on the transfer of notes;

(6) to the extent any tax, assessment or other governmental charge would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;

(7) to any tax, assessment or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or

(8) in the case of any combination of items (1), (2), (3), (4), (5), (6), and (7).

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading "Payment of Additional Amounts," we are not required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

---

As used under this heading "Payment of Additional Amounts" and under the heading "Redemption for Tax Reasons," the term "United States" means the United States of America, the states of the United States, and the District of Columbia, and the term "United States person" means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

#### **Redemption for Tax Reasons**

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority in the United States), or any change in, or amendment to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the Issue Date (as defined herein), we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading "Payment of Additional Amounts" with respect to the notes, then we may at any time at our option redeem, in whole, but not in part, the notes on not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on those notes to, but not including, the date fixed for redemption.

#### **No Sinking Fund**

The notes are not entitled to the benefit of any sinking fund.

#### **Certain Covenants**

The indenture contains covenants including, among others, the following:

##### ***Limitation on Liens***

We may not, and may not permit any Restricted Subsidiary to, directly or indirectly, incur or permit to exist any Lien securing Indebtedness (the "Initial Lien") on any of our properties or assets whether owned at the Issue Date or thereafter acquired, other than Permitted Liens, without effectively providing that the notes (together with, at our option, any other Indebtedness of ours or any of our Subsidiaries ranking equally in right of payment with the notes) are secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Notwithstanding the foregoing, we and our Restricted Subsidiaries may create, assume, incur or guarantee Indebtedness secured by a Lien without equally and ratably securing the notes; provided that at the time of such creation, assumption, incurrence or guarantee, after giving effect thereto and to the retirement of any Indebtedness that is being retired substantially concurrently with any such creation, assumption, incurrence or guarantee, the sum of (a) the aggregate amount of all of our and our Restricted Subsidiaries' outstanding Indebtedness secured by Liens other than Permitted Liens and (b) the Attributable Debt associated with all of our and our Restricted Subsidiaries' Sale/Leaseback Transactions permitted by the last paragraph under "Limitation on Sale/Leaseback Transactions" below, does not at such time exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of incurrence of the Lien and (ii) \$3.0 billion.

Any such Lien thereby created in favor of the notes will be automatically and unconditionally released and discharged upon (i) the release and discharge of each Initial Lien to which it relates, or (ii) any sale, exchange or transfer to any Person who is not our affiliate of the property or assets secured by such Initial Lien.

#### ***Limitation on Sale/Leaseback Transactions***

We may not, and may not permit any Restricted Subsidiary to, enter into any Sale/Leaseback Transaction with respect to any property unless:

- (1) we or such Restricted Subsidiary would be entitled to create a Lien on such property securing the Attributable Debt associated with such Sale/Leaseback Transaction without equally and ratably securing the notes pursuant to the covenant described under "Limitation on Liens";
- (2) the net proceeds of the sale of the property to be leased are at least equal to such property's fair market value, as determined by our board of directors, and the proceeds are applied within 365 days of the effective date of the Sale/Leaseback Transaction to the purchase, construction, development or acquisition of assets or to the repayment of any of our Indebtedness that ranks equally with the notes or any Indebtedness of one or more Restricted Subsidiaries; provided that the amount required to be applied to the repayment of any such Indebtedness pursuant to this clause (2) shall be reduced by the principal amount of any notes delivered within 365 days after such sale to the trustee for retirement and cancellation;
- (3) such transaction was entered into prior to the Issue Date;
- (4) such transaction involves a lease for not more than three years (or which may be terminated by us or a Restricted Subsidiary within a period of not more than three years);
- (5) such transaction was for the sale and lease between only us and a Subsidiary of ours or only between our Subsidiaries; or
- (6) such transaction involves a sale and lease of property executed by the time of, or within 18 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation of the property.

Notwithstanding the restrictions outlined in the preceding paragraph, we and our Restricted Subsidiaries are permitted to enter into Sale/Leaseback Transactions, without complying with the requirements of the preceding paragraph, if, after giving effect thereto, the aggregate amount of all Attributable Debt associated with Sale/Leaseback Transactions not otherwise permitted by the preceding paragraph that is outstanding at such time, together with the aggregate amount of all outstanding Indebtedness secured by Liens permitted under the second paragraph under "Limitation on Liens" above, does not exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of the Sale/Leaseback Transaction and (ii) \$3.0 billion.

#### ***Merger and Consolidation***

The indenture provides that we will not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of our properties and assets to, another person, unless (i) the resulting, surviving or transferee person, if not us, is a person organized and existing under the laws of the United States of America, any state thereof or the District of Columbia; (ii) immediately after giving effect to such transaction, no default has occurred and is continuing under the indenture; and (iii) the resulting, surviving or transferee person, if not us, expressly assumes by supplemental indenture all of our obligations under the notes and the indenture. Upon any such consolidation, merger or transfer, the resulting, surviving or transferee person shall succeed to, and may exercise every right and power of, us under the indenture.

---

## **Events of Default**

An "Event of Default" is defined in the indenture as:

- (1) default in any payment of interest on any note when due and payable and the default continues for a period of 30 days;
- (2) default in the payment of principal of any note when due and payable at its stated maturity, upon acceleration or otherwise;
- (3) failure by us to comply with our obligations under " Certain Covenants - Merger and Consolidation";
- (4) failure by us for 60 days after written notice from the trustee or the holders of at least 25% in principal amount of the notes then outstanding has been received to comply with any of our other covenants or agreements contained in the notes or indenture;
- (5) default by us or any majority owned subsidiary in the payment of the principal or interest on any mortgage, agreement or other instrument under which there may be outstanding, or by which there may be secured or evidenced any debt for money borrowed in excess of \$100 million in the aggregate of ours and/or any subsidiary, whether such debt now exists or shall hereafter be created, which default results in such debt becoming or being declared due and payable, and such acceleration shall not have been rescinded or annulled within 30 days after written notice of such acceleration has been received by us or such subsidiary; or
- (6) certain events of bankruptcy, insolvency or reorganization (the "bankruptcy provisions") of us or any of our significant subsidiaries as defined in Rule 1-02 of Regulation S-X promulgated by the SEC as in effect on the date of the indenture.

If an Event of Default occurs and is continuing, the trustee by notice to us, or the holders of at least 25% in principal amount of the outstanding notes by written notice to us and the trustee, may, and the trustee at the written request of such holders shall, declare 100% of the principal of and accrued and unpaid interest on all the notes to be due and payable. Upon such a declaration, such principal and accrued and unpaid interest is due and payable immediately. Upon an Event of Default arising out of the bankruptcy provisions, however, the aggregate principal amount and accrued and unpaid interest is due and payable immediately.

The holders of a majority in principal amount of the outstanding notes may waive an existing default (except with respect to nonpayment of principal or interest or certain other matters), and may rescind any acceleration with respect to the notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, other than the nonpayment of the principal of and interest on the notes that have become due solely by such declaration of acceleration, have been cured or waived.

Subject to the provisions of the indenture relating to the duties of the trustee, if an Event of Default occurs and is continuing, the trustee is under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any of the holders unless such holders have offered to the trustee indemnity or security satisfactory to it against any loss, liability or expense. Except to enforce the right to receive payment of principal or interest when due, no holder may pursue any remedy with respect to the indenture or the notes unless:

---

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding notes have requested the trustee in writing to pursue the remedy;
- (3) such holders have offered the trustee security and/or indemnity satisfactory to it against any loss, liability or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security and/or indemnity; and
- (5) the holders of a majority in principal amount of the outstanding notes have not given the trustee a direction that is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the rights of any other holder (it being understood that the trustee does not have an affirmative duty to ascertain whether or not any such directions are unduly prejudicial to such holder) or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee is entitled to indemnification and/or security satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. The indenture provides that in the event an Event of Default has occurred and is continuing, the trustee is required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs.

The indenture provides that if a default occurs and is continuing and is actually known to a responsible officer of the trustee, the trustee must send to each holder notice of the default within 90 days after it occurs. Except in the case of a default in the payment of principal of or interest on any note, the trustee may withhold notice if and so long as it in good faith determines that withholding notice is in the interests of the holders. In addition, we are required to deliver to the trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any default that occurred during the previous year.

#### **Modification and Amendment**

Subject to certain exceptions, the indenture or the notes may be amended with the consent of the holders of at least a majority in principal amount of the notes of all series under the indenture then outstanding and affected by such amendment, voting as a single class (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of an outstanding note affected, however, no amendment may, among other things:

- (1) make any change to the percentage of principal amount of the notes the holders of which must consent to an amendment;
- (2) reduce the principal amount of, premium, or interest on, or extend the stated maturity or interest payment periods, of the notes;
- (3) make any note payable in money or securities other than as stated in the note;
- (4) impair the right to institute suit for the enforcement of any payment with respect to the notes; or
- (5) waive a default in payment of principal of, premium, if any, or interest on the notes or modify any provisions of the indenture relating to modification or amendment thereof.

Without the consent of any holder, we and the trustee may amend the indenture to, among other things:

---

- (1) evidence the succession of another person pursuant to the provisions of the indenture relating to consolidations, mergers and sales of assets and the assumption by such successor of the covenants, agreements and obligations in the indenture and in the notes;
- (2) surrender any right or power conferred upon us by the indenture, to add to our covenants such further covenants, restrictions, conditions or provisions for the protection of the holders of the notes as our board of directors considers to be for the protection of the holders of the notes, and to make the occurrence, or the occurrence and continuance, of a default in respect of any of such additional covenants, restrictions, conditions or provisions a default or an Event of Default under the indenture (provided, however, that with respect to any such additional covenant, restriction, condition or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of the notes to waive such default);
- (3) cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture or in any note that may be defective or inconsistent with any other provision contained therein;
- (4) convey, transfer, assign, mortgage or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as will not adversely affect in any material respect the interests of any holders of the notes;
- (5) modify or amend the indenture in such a manner as to permit or maintain the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- (6) add guarantees with respect to the notes or to secure the notes;
- (7) make any change that does not adversely affect the rights of any holder in any material respect;
- (8) add to, change, or eliminate any of the provisions of the indenture with respect to the notes, so long as any such addition, change or elimination not otherwise permitted under the indenture will (a) neither apply to any note created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such note with respect to such provision or (b) become effective only when there is no such note outstanding; or
- (9) evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the notes and to add to or change any of the provisions of the indenture as is necessary to provide for or facilitate the administration of the indenture by more than one trustee.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under the indenture becomes effective, we are required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect in the notice, does not impair or affect the validity of the amendment. The principal amount of notes of any series issued under the indenture denominated in a currency other than U.S. dollars shall be the U.S. dollar equivalent, as determined by us by reference to the noon buying rate in The City of New York for cable transfers for such currency, as such rate is certified for customs purposes by the Federal Reserve Bank of New York on the date of original issuance of such notes, of the principal amount of such notes.

#### **Satisfaction and Discharge of the Indenture**

The indenture will generally cease to be of any further effect with respect to the notes if (a) we have delivered to the trustee for cancellation all notes (with certain limited exceptions) or (b) all notes not theretofore delivered to the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and we have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all such notes (and if, in either case, we will also pay or cause to be paid all other sums payable under the indenture by us).

---

## Defeasance

We may terminate at any time all our obligations with respect to the notes and the indenture, which we refer to as "legal defeasance," except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost or stolen notes and to maintain a registrar and paying agent in respect of the notes. We may also terminate at any time our obligations with respect to the notes under the covenants described under "Certain Covenants," and the operation of certain Events of Default, which we refer to as "covenant defeasance." We may exercise the legal defeasance option notwithstanding our prior exercise of the covenant defeasance option.

If we exercise our legal defeasance option with respect to the notes, payment of the notes may not be accelerated because of an Event of Default with respect thereto. If we exercise the covenant defeasance option with respect to the notes, payment of the notes may not be accelerated pursuant to clause (3), clause (4), or clause (5) under the definition of Event of Default.

The legal defeasance option or the covenant defeasance option with respect to the notes may be exercised only if:

- (1) we irrevocably deposit in trust with the trustee cash or U.S. Government obligations or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized independent registered public accounting firm, to pay the principal of and interest on the outstanding notes to maturity or the applicable redemption date;
- (2) such legal defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) binding on us;
- (3) no default or Event of Default has occurred and is continuing either (a) on the date of such deposit (other than a default or Event of Default resulting from the borrowing of funds to be applied to such deposit) or (b) insofar as defaults arising out of the bankruptcy provisions are concerned, at any time during the period ending on the 91st day after the date of deposit;
- (4) in the case of the legal defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee stating that: a) we have received from the U.S. Internal Revenue Service ("IRS") a letter ruling, or there has been published by the IRS a Revenue Ruling, or b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the beneficial owners of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred;
- (5) in the case of the covenant defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee to the effect that the beneficial owners of the notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- (6) we deliver to the trustee an opinion of counsel to the effect that on the 91st day after the date of deposit, the trust funds deposited will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;
- (7) we deliver to the trustee an officers' certificate stating that the deposit was not made with the intent of preferring the holders of the notes over any other of our creditors or with the intent of defeating, hindering, delaying or defrauding any other of our creditors; and
- (8) we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the legal defeasance or covenant defeasance have been complied with as required by the indenture.

If we defease our obligations under the indenture, we will be released from our obligations in the provisions described under "Certain Covenants."

#### **Global Notes, Book-Entry Form**

The notes are represented by one or more fully registered global notes. Each such global note is deposited with, or on behalf of, a common depositary, and registered in the name of the nominee of the common depositary for the accounts of Clearstream Banking, S.A. ("Clearstream"), and Euroclear Bank, SA/NV ("Euroclear"). The global notes may generally be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees. An investor may hold its interests in the global notes in Europe through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream's or Euroclear's names on the books of their respective depositaries. Book-entry interests in the notes and all transfers relating to the notes are reflected in the book-entry records of Clearstream and Euroclear.

The distribution of the notes are cleared through Clearstream and Euroclear. Any secondary market trading of book-entry interests in the notes takes place through Clearstream and Euroclear participants and settles in same-day funds. Owners of book-entry interests in the notes receive payments relating to their notes in euro, except as described in this exhibit under "Payments on the Notes."

#### **Information Concerning the Trustee and the Paying Agent**

We have appointed U.S. Bank Trust Company, National Association as the trustee under the indenture and as registrar and transfer agent, and we have appointed U.S. Bank Europe DAC, UK Branch as paying agent. The trustee, the paying agent and/or their respective affiliates may provide banking and other services to us in the ordinary course of their business.

#### **Governing Law**

The notes and the indenture are governed by, and construed in accordance with, the laws of the state of New York, without giving effect to applicable principles of conflicts of law to the extent that the application of the laws of another jurisdiction would be required thereby.

#### **Certain Definitions**

"*Attributable Debt*" in respect of a Sale/Leaseback Transaction means, as of the time of determination, the present value (discounted at the implicit interest factor determined in accordance with GAAP) of the total obligations of the lessee for rental payments during the remaining term of the lease included in such Sale/Leaseback Transaction (including any period for which such lease has been extended), other than amounts required to be paid on account of property taxes, maintenance, repairs, insurance, water rates and other items that do not constitute payments for property rights. In the case of any lease which is terminable by the lessee upon payment of a penalty, the Attributable Debt is the lesser of:

- (1) the Attributable Debt determined assuming termination upon the first date such lease may be terminated (in which case the Attributable Debt shall also include the amount of the penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated); and
- (2) the Attributable Debt determined assuming no such termination.

*“Capital Stock”* of any Person means any and all shares, interests (including partnership interests), rights to purchase, warrants, options, participations or other equivalents of or interests in (however designated) equity of such Person, including any preferred stock, but excluding any debt securities convertible into such equity.

*“Comparable Government Bond Rate”* means the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank.

*“Comparable Government Bond”* means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a German government bond whose maturity is closest to the Par Call Date, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

*“Consolidated Net Tangible Assets”* means, as of the time of determination, the aggregate amount of our assets and the assets of our Subsidiaries, determined on a consolidated basis, after deducting (1) all goodwill, trade names, trademarks, service marks, patents, unamortized debt discount and expense and other intangible assets and (2) all current liabilities, in each case as reflected on the most recent consolidated balance sheet prepared by us in accordance with GAAP contained in an annual report on Form 10-K or a quarterly report on Form 10-Q filed or any amendment thereto pursuant to the Exchange Act by us prior to the time as of which *“Consolidated Net Tangible Assets”* is being determined or, if we are not required to so file, as reflected on our most recent consolidated balance sheet prepared by us in accordance with GAAP.

*“GAAP”* means generally accepted accounting principles in the United States of America as in effect from time to time, including those set forth in:

- (1) statements and pronouncements of the Financial Accounting Standards Board;
- (2) such other statements by such other entity as approved by a significant segment of the accounting profession; and
- (3) the rules and regulations of the SEC governing the inclusion of financial statements (including pro forma financial statements) in periodic reports required to be filed pursuant to Section 13 of the Exchange Act, including opinions and pronouncements in staff accounting bulletins and similar written statements from the accounting staff of the SEC.

*“Hedging Obligations”* means:

- (1) interest rate swap agreements and other agreements designed to hedge or reduce the risk of interest rate fluctuations; and
- (2) agreements or arrangements designed to hedge or reduce the risk of fluctuations in currency exchange rates or commodity prices.

*“Indebtedness”* means, with respect to any Person on any date of determination: the principal in respect of (A) indebtedness of such Person for money borrowed, including, without limitation, indebtedness for

---

money borrowed evidenced by notes, debentures, bonds or other similar instruments and (B) all guarantees in respect of such indebtedness of another Person (it being understood, however, that indebtedness for money borrowed shall in no event include any amounts payable or other liabilities to trade creditors (including undrawn letters of credit) arising in the ordinary course of business). For the avoidance of doubt, Hedging Obligations are not Indebtedness.

*"Issue Date"* means May 9, 2025, the date on which the notes were originally issued.

*"Lien"* means any mortgage or deed of trust, charge, pledge, lien, privilege, security interest, assignment, easement, hypothecation, claim, preference, priority or other similar encumbrance upon or with respect to any property of any kind (including any conditional sale, capital lease or other title retention agreement); provided, however, that in no event shall an operating lease be deemed to constitute a Lien.

*"Permitted Liens"* means, with respect to any Person:

---

- (1) Liens securing Indebtedness incurred to finance the construction, purchase or lease of, or repairs, improvements or additions to, property, plant or equipment of such Person; provided, however, that the Lien may not extend to any other property owned by such Person or any of its Subsidiaries at the time the Lien is incurred (other than assets and property affixed or appurtenant thereto), and the Indebtedness (other than any interest thereon) secured by the Lien may not be incurred more than 18 months after the later of the acquisition, completion of construction, repair, improvement, addition or commencement of full operation of the property subject to the Lien;
- (2) Liens existing on the Issue Date;
- (3) Liens on assets (including shares of Capital Stock) of another Person at the time such other Person becomes a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person becomes such a Subsidiary); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (4) Liens on assets at the time such Person or any of its Subsidiaries acquires the assets, including any acquisition by means of a merger or consolidation with or into such Person or a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person or any of its Subsidiaries acquired such assets); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (5) Liens securing Indebtedness or other obligations of a Restricted Subsidiary of such Person owing to such Person or to another Restricted Subsidiary of such Person;
- (6) Liens on securities deemed to exist under repurchase agreements and reverse repurchase agreements entered into by us or any Restricted Subsidiary in the ordinary course of business;
- (7) Liens incurred to secure cash management services in the ordinary course of business or on insurance policies and the proceeds thereof securing the financing of the premiums with respect thereto;
- (8) Liens created to secure the notes and Liens in favor of the trustee granted in accordance with the indenture;
- (9) Liens to secure the performance of bids, trade contracts, leases, statutory obligations, surety and appeal bonds, performance bonds and other obligations of a like nature, including Liens or trade letters of credit in favor of any governmental entity, including the United States or any state, territory or possession thereof (or the District of Columbia), or any department, agency, instrumentality or political subdivision of any such entity, to secure partial, progress, advance or other payments pursuant to any contract or statute;
- (10) Liens on the Capital Stock of a Subsidiary that is not a Restricted Subsidiary;
- (11) purported Liens evidenced by the filing of precautionary UCC financing statements; and
- (12) any extensions, renewals or replacements of any Lien referred to in clauses (1) through (11) without increase of the principal of the Indebtedness secured by such Lien (except to the extent of any fees, premiums or other costs associated with any such extension, renewal or replacement); provided, however, that any Liens permitted by any of clauses (1) through (11) do not extend to or cover any of our properties or any of our Restricted Subsidiaries, as the case may be, other than the property specified in such clauses and improvements to such property.

*“Person”* means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization, government or any agency or political subdivision thereof or any other entity.

*“Restricted Subsidiary”* means any Subsidiary other than:

- (1) any Subsidiary primarily engaged in financing receivables or in the finance business; or
- (2) any Subsidiary that is not a “significant subsidiary” within the meaning of Rule 1-02 of Regulation S-X.

*“Sale/Leaseback Transaction”* means an arrangement relating to property owned by us or a Restricted Subsidiary on the Issue Date or thereafter acquired by us or a Restricted Subsidiary whereby we or a

Restricted Subsidiary transfers such property to a Person and we or a Subsidiary leases it from such Person.

“*Subsidiary*” means, with respect to any Person, any corporation, association, partnership or other business entity of which more than 50% of the total voting power of shares of Voting Stock is at the time owned or controlled, directly or indirectly, by:

- (1) such Person;
- (2) such Person and one or more Subsidiaries of such Person; or
- (3) one or more Subsidiaries of such Person.

“*Voting Stock*” of a Person means all classes of Capital Stock of such Person then outstanding and normally entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934  
Description of the 3.000% Senior Notes due 2030**

The following description of our 3.000% Senior Notes due 2030 (the "notes") is a summary and does not purport to be complete. It is subject to and qualified in its entirety by reference to the indenture, dated as of August 8, 2017, between us and U.S. Bank Trust Company, National Association (as successor in interest to U.S. Bank National Association), as trustee (the "indenture"), which is incorporated by reference as an exhibit to the Annual Report on Form 10-K of which this Exhibit is a part. The notes are traded on The Nasdaq Stock Market LLC under the bond trading symbol of "BKNG 30." The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

We encourage you to read the above-referenced indenture for additional information. See "Certain Definitions" below for the definitions of capitalized terms used herein.

**General**

The following is a description of certain of the specific terms and conditions of the notes.

The notes are our senior unsecured obligations, ranking:

- equal in right of payment with any other senior unsecured indebtedness of ours, including our currently outstanding senior notes and any borrowings under our revolving credit facility;
- senior in right of payment to any future indebtedness of ours that is contractually subordinated to the notes;
- structurally subordinated to the existing and future indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries'; and
- effectively subordinated to any secured indebtedness of ours to the extent of the value of the collateral securing such indebtedness.

The notes were issued in registered form without interest coupons, in denominations of €100,000 and integral multiples of €1,000 in excess thereof. The notes are represented by one or more registered notes in global form, but in certain limited circumstances may be represented by notes in definitive form.

The maturity date of the notes is November 7, 2030.

The indenture does not limit the amount of debt that may be issued by us or our subsidiaries under the indenture or otherwise. Our subsidiaries do not guarantee any of our obligations under the notes. Our operations are conducted through our subsidiaries and, therefore, we depend on the cash flow of our subsidiaries to meet our obligations, including our obligations under the notes. The notes are structurally subordinated in right of payment to all indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries. Any right we have to receive assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) are structurally subordinated to the claims of that subsidiary's creditors, except to the extent that we are recognized as a creditor of the subsidiary.

The initial aggregate principal amount of the notes was €750,000,000. We may, without the consent of the holders, issue additional notes of any series under the indenture in the future with the same terms (except for the issue date, price to public, and, if applicable, the initial interest payment date) and with the same

CUSIP number as the other notes of such series in an unlimited aggregate principal amount; provided that if any such additional notes are not fungible with such series of notes for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. We may also from time to time repurchase the notes of any series in tender offers, open market purchases or negotiated transactions without prior notice to holders.

#### **Payments on the Notes**

All payments of interest and principal, including payments made upon any redemption of the notes, are made in euro; *provided* that if euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if euro is no longer being used by the then member states of the European Monetary Union that have adopted euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes are to be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro is to be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, if the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the most recently available market exchange rate for euro, as determined in our sole discretion. Any payment in respect of the notes so made in U.S. dollars does not constitute an Event of Default under the notes or the indenture governing the notes.

We pay the principal of and interest on notes in global form registered in the name of or held by Euroclear or Clearstream (each as defined below) or their respective nominees in immediately available funds to Euroclear or Clearstream or their respective nominees, as the case may be, as the registered holder of such global notes.

#### **Interest**

The notes bear interest from November 7, 2025 at an annual rate of 3.00% payable on November 7 of each year, beginning on November 7, 2026. Interest is paid to the person in whose name a note is registered at the close of business on the October 24 immediately preceding the relevant interest payment date. Interest on the notes is computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the notes (or November 7, 2025 if no interest has been paid on the notes), to but excluding the next scheduled interest payment date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If any interest payment date, the maturity date or any earlier required repurchase date upon a designated event falls on a day that is not a business day, the required payment is to be made on the next succeeding business day and no interest on such payment accrues in respect of the delay. The term "business day" means any day, other than a Saturday or Sunday, (1) that is not a day on which banking institutions in the City of New York or London are authorized or required by law or executive order to close, and (2) on which the real time gross settlement system operated by Eurosystem (the T2 system), or any successor thereto, is open.

All references to interest in this exhibit include additional interest, if any, payable as described under "Events of Default" and at our election as the sole remedy relating to the failure to comply with our reporting obligations as described under "Events of Default".

---

## **Optional Redemption**

On and after September 7, 2030, the date that is two months prior to the scheduled maturity date (the "Par Call Date"), we may redeem the notes in whole or in part, at our option at any time or from time to time, at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest thereon, if any, to, but excluding, the date of redemption.

Prior to the Par Call Date, we may redeem the notes in whole or in part at our option at any time or from time to time (a "Redemption Date"), at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the notes to be redeemed; and
- (2) an amount equal to the sum of the present values of the remaining scheduled payments of principal and interest thereon that would have been payable in respect of such notes calculated as if the maturity date of such notes was the Par Call Date, not including any portion of the payments of interest accrued to the Redemption Date, discounted to such Redemption Date on an annual basis at the Comparable Government Bond Rate, plus 15 basis points plus, in the case of each of (1) and (2), accrued and unpaid interest on the notes, if any, to, but excluding, such Redemption Date.

If less than all of the notes are to be redeemed, in the case of certificated notes and global notes, the trustee will select notes for redemption in accordance with the procedures of the depositary. The trustee, in the case of certificated notes and global notes, shall select notes and portions of notes in amounts of €100,000 and integral multiples of €1,000 in excess thereof.

Notice of any redemption is to be mailed at least 10 days but not more than 60 days before the Redemption Date except that a redemption notice may be delivered more than 60 days prior to the Redemption Date if such notice is issued in connection with legal or covenant defeasance of our obligations or a satisfaction and discharge of the indenture, or if the Redemption Date is delayed as provided for in the following paragraph. We are not responsible for giving notice to anyone other than the depositary. Unless we default in payment of the redemption price, on or after the Redemption Date, interest ceases to accrue on the notes called for redemption.

Any redemption of notes or notice thereof may, at our discretion, be subject to the satisfaction (or waiver by us, in our sole discretion) of one or more conditions precedent. If such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice may state that, in our discretion, the Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by us in our sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been (or, in our sole determination, may not be) satisfied (or waived by us in our sole discretion) by the Redemption Date, or by the Redemption Date so delayed.

The notes are also subject to redemption prior to maturity if certain events occur involving U.S. taxation. If any of these special tax events occurs, the notes will be redeemed at a redemption price of 100% of their principal amount plus accrued and unpaid interest to, but not including, the date fixed for redemption, and additional amounts, if any. See "Redemption for Tax Reasons." Before the redemption date, we will deposit with the paying agent money sufficient to pay the redemption price of and accrued and unpaid interest to, but not including, the redemption date on the notes to be redeemed on such date, and additional amounts, if any.

---

### **Payment of Additional Amounts**

All payments of principal and interest on the notes by us are made free and clear of and without withholding or deduction for or on account of any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), unless the withholding or deduction of such taxes, assessment or other government charge is required by law or the official interpretation or administration thereof. Subject to the exceptions and limitations set forth below, we pay as additional interest on the notes such additional amounts as are necessary in order that the net payment by us of the principal of and interest on the notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), is not less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

---

- (1) to the extent any tax, assessment, or other governmental charge is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member, or shareholder of the holder if the holder is an estate, trust, partnership, or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
  - a. being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
  - b. having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment, or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
  - c. being or having been a personal holding company, a passive foreign investment company, or a controlled foreign corporation for United States income tax purposes or a corporation that has accumulated earnings to avoid U.S. federal income tax;
  - d. being or having been a "10-percent shareholder" of ours as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the "Code"), or any successor provision; or
  - e. being or having been a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the Code or any successor provision;
- (2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership, or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary, or settlor with respect to the fiduciary, or a beneficial owner, or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner, or member received directly its beneficial or distributive share of the payment;
- (3) to the extent any tax, assessment, or other governmental charge would not have been imposed but for the failure of the holder or any other person to comply with certification, identification, or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein, or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;
- (4) to any tax, assessment, or other governmental charge that is imposed otherwise than by withholding or deduction by us or a paying agent from the payment;
- (5) to any estate, inheritance, gift, sales, transfer, wealth, capital gains, or personal property tax or similar tax, assessment, or other governmental charge, or excise tax imposed on the transfer of notes;
- (6) to the extent any tax, assessment or other governmental charge would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
- (7) to any tax, assessment, or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or
- (8) in the case of any combination of items (1), (2), (3), (4), (5), (6), and (7).

The notes are subject in all cases to any tax, fiscal, or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading "Payment of Additional Amounts," we are not required to make any payment for any tax, assessment, or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading "Payment of Additional Amounts" and under the heading "Redemption for Tax Reasons," the term "United States" means the United States of America, the states of the United States, and the District of Columbia, and the term "United States person" means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership, or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

#### **Redemption for Tax Reasons**

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority in the United States), or any change in, or amendment to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the Issue Date (as defined herein), we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading "Payment of Additional Amounts" with respect to the notes, then we may at any time at our option redeem, in whole, but not in part, the notes on not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on those notes to, but not including, the date fixed for redemption.

#### **No Sinking Fund**

The notes are not entitled to the benefit of any sinking fund.

#### **Certain Covenants**

The indenture contains covenants including, among others, the following:

##### ***Limitation on Liens***

We may not, and may not permit any Restricted Subsidiary to, directly or indirectly, incur or permit to exist any Lien securing Indebtedness (the "Initial Lien") on any of our properties or assets whether owned at the Issue Date or thereafter acquired, other than Permitted Liens, without effectively providing that the notes (together with, at our option, any other Indebtedness of ours or any of our Subsidiaries ranking equally in right of payment with the notes) are secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Notwithstanding the foregoing, we and our Restricted Subsidiaries may create, assume, incur, or guarantee Indebtedness secured by a Lien without equally and ratably securing the notes; provided that at the time of such creation, assumption, incurrence, or guarantee, after giving effect thereto and to the retirement of any Indebtedness that is being retired substantially concurrently with any such creation, assumption, incurrence, or guarantee, the sum of (a) the aggregate amount of all of our and our Restricted Subsidiaries' outstanding Indebtedness secured by Liens other than Permitted Liens and (b) the Attributable Debt associated with all of our and our Restricted Subsidiaries' Sale/Leaseback Transactions permitted by the last paragraph under "Limitation on Sale/Leaseback Transactions" below, does not at such time exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of incurrence of the Lien, and (ii) \$3.0 billion.

---

Any such Lien thereby created in favor of the notes will be automatically and unconditionally released and discharged upon (i) the release and discharge of each Initial Lien to which it relates, or (ii) any sale, exchange, or transfer to any Person who is not our affiliate of the property or assets secured by such Initial Lien.

#### ***Limitation on Sale/Leaseback Transactions***

We may not, and may not permit any Restricted Subsidiary to, enter into any Sale/Leaseback Transaction with respect to any property unless:

- (1) we or such Restricted Subsidiary would be entitled to create a Lien on such property securing the Attributable Debt associated with such Sale/Leaseback Transaction without equally and ratably securing the notes pursuant to the covenant described under "Limitation on Liens";
- (2) the net proceeds of the sale of the property to be leased are at least equal to such property's fair market value, as determined by our board of directors, and the proceeds are applied within 365 days of the effective date of the Sale/Leaseback Transaction to the purchase, construction, development, or acquisition of assets or to the repayment of any of our Indebtedness that ranks equally with the notes or any Indebtedness of one or more Restricted Subsidiaries; provided that the amount required to be applied to the repayment of any such Indebtedness pursuant to this clause (2) shall be reduced by the principal amount of any notes delivered within 365 days after such sale to the trustee for retirement and cancellation;
- (3) such transaction was entered into prior to the Issue Date;
- (4) such transaction involves a lease for not more than three years (or which may be terminated by us or a Restricted Subsidiary within a period of not more than three years);
- (5) such transaction was for the sale and lease between only us and a Subsidiary of ours or only between our Subsidiaries; or
- (6) such transaction involves a sale and lease of property executed by the time of, or within 18 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation of the property.

Notwithstanding the restrictions outlined in the preceding paragraph, we and our Restricted Subsidiaries are permitted to enter into Sale/Leaseback Transactions, without complying with the requirements of the preceding paragraph, if, after giving effect thereto, the aggregate amount of all Attributable Debt associated with Sale/Leaseback Transactions not otherwise permitted by the preceding paragraph that is outstanding at such time, together with the aggregate amount of all outstanding Indebtedness secured by Liens permitted under the second paragraph under "Limitation on Liens" above, does not exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of the Sale/Leaseback Transactions and (ii) \$3.0 billion.

#### ***Merger and Consolidation***

The indenture provides that we will not consolidate with or merge with or into, or convey, transfer, or lease all or substantially all of our properties and assets to, another person, unless (i) the resulting, surviving, or transferee person, if not us, is a person organized and existing under the laws of the United States of America, any state thereof, or the District of Columbia; (ii) immediately after giving effect to such transaction, no default has occurred and is continuing under the indenture; and (iii) the resulting, surviving, or transferee person, if not us, expressly assumes by supplemental indenture all of our obligations under the notes and the indenture. Upon any such consolidation, merger, or transfer, the resulting, surviving or transferee person shall succeed to, and may exercise every right and power of, us under the indenture.

---

## **Events of Default**

An "Event of Default" is defined in the indenture as:

- (1) default in any payment of interest on any note when due and payable and the default continues for a period of 30 days;
- (2) default in the payment of principal of any note when due and payable at its stated maturity, upon acceleration, or otherwise;
- (3) failure by us to comply with our obligations under " Certain Covenants - Merger and Consolidation";
- (4) failure by us for 60 days after written notice from the trustee or the holders of at least 25% in principal amount of the notes then outstanding has been received to comply with any of our other covenants or agreements contained in the notes or indenture;
- (5) default by us or any majority owned subsidiary in the payment of the principal or interest on any mortgage, agreement, or other instrument under which there may be outstanding, or by which there may be secured or evidenced any debt for money borrowed in excess of \$100 million in the aggregate of ours and/or any subsidiary, whether such debt now exists or shall hereafter be created, which default results in such debt becoming or being declared due and payable, and such acceleration shall not have been rescinded or annulled within 30 days after written notice of such acceleration has been received by us or such subsidiary; or
- (6) certain events of bankruptcy, insolvency, or reorganization (the "bankruptcy provisions") of us or any of our significant subsidiaries as defined in Rule 1-02 of Regulation S-X promulgated by the SEC as in effect on the date of the indenture.

If an Event of Default occurs and is continuing, the trustee by notice to us, or the holders of at least 25% in principal amount of the outstanding notes by written notice to us and the trustee, may, and the trustee at the written request of such holders shall, declare 100% of the principal of and accrued and unpaid interest on all the notes to be due and payable. Upon such a declaration, such principal and accrued and unpaid interest is due and payable immediately. Upon an Event of Default arising out of the bankruptcy provisions, however, the aggregate principal amount and accrued and unpaid interest is due and payable immediately.

The holders of a majority in principal amount of the outstanding notes may waive an existing default (except with respect to nonpayment of principal or interest or certain other matters), and may rescind any acceleration with respect to the notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction, and (2) all existing Events of Default, other than the nonpayment of the principal of and interest on the notes that have become due solely by such declaration of acceleration, have been cured or waived.

Subject to the provisions of the indenture relating to the duties of the trustee, if an Event of Default occurs and is continuing, the trustee is under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any of the holders unless such holders have offered to the trustee indemnity or security satisfactory to it against any loss, liability, or expense. Except to enforce the right to receive payment of principal or interest when due, no holder may pursue any remedy with respect to the indenture or the notes unless:

---

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding notes have requested the trustee in writing to pursue the remedy;
- (3) such holders have offered the trustee security and/or indemnity satisfactory to it against any loss, liability, or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security and/or indemnity; and
- (5) the holders of a majority in principal amount of the outstanding notes have not given the trustee a direction that is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding notes are given the right to direct the time, method, and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the rights of any other holder (it being understood that the trustee does not have an affirmative duty to ascertain whether or not any such directions are unduly prejudicial to such holder) or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee is entitled to indemnification and/or security satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. The indenture provides that in the event an Event of Default has occurred and is continuing, the trustee is required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs.

The indenture provides that if a default occurs and is continuing and is actually known to a responsible officer of the trustee, the trustee must send to each holder notice of the default within 90 days after it occurs. Except in the case of a default in the payment of principal of or interest on any note, the trustee may withhold notice if and so long as it in good faith determines that withholding notice is in the interests of the holders. In addition, we are required to deliver to the trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any default that occurred during the previous year.

#### **Modification and Amendment**

Subject to certain exceptions, the indenture or the notes may be amended with the consent of the holders of at least a majority in principal amount of the notes of all series under the indenture then outstanding and affected by such amendment, voting as a single class (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of an outstanding note affected, however, no amendment may, among other things:

- (1) make any change to the percentage of principal amount of the notes the holders of which must consent to an amendment;
- (2) reduce the principal amount of, premium, or interest on, or extend the stated maturity or interest payment periods, of the notes;
- (3) make any note payable in money or securities other than as stated in the note;
- (4) impair the right to institute suit for the enforcement of any payment with respect to the notes; or
- (5) waive a default in payment of principal of, premium, if any, or interest on the notes or modify any provisions of the indenture relating to modification or amendment thereof.

Without the consent of any holder, we and the trustee may amend the indenture to, among other things:

---

- (1) evidence the succession of another person pursuant to the provisions of the indenture relating to consolidations, mergers, and sales of assets and the assumption by such successor of the covenants, agreements, and obligations in the indenture and in the notes;
- (2) surrender any right or power conferred upon us by the indenture, to add to our covenants such further covenants, restrictions, conditions, or provisions for the protection of the holders of the notes as our board of directors considers to be for the protection of the holders of the notes, and to make the occurrence, or the occurrence and continuance, of a default in respect of any of such additional covenants, restrictions, conditions, or provisions a default or an Event of Default under the indenture (provided, however, that with respect to any such additional covenant, restriction, condition, or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of the notes to waive such default);
- (3) cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture or in any note that may be defective or inconsistent with any other provision contained therein;
- (4) convey, transfer, assign, mortgage, or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as will not adversely affect in any material respect the interests of any holders of the notes;
- (5) modify or amend the indenture in such a manner as to permit or maintain the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- (6) add guarantees with respect to the notes or to secure the notes;
- (7) make any change that does not adversely affect the rights of any holder in any material respect;
- (8) add to, change, or eliminate any of the provisions of the indenture with respect to the notes, so long as any such addition, change or elimination not otherwise permitted under the indenture will (a) neither apply to any note created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such note with respect to such provision or (b) become effective only when there is no such note outstanding; or
- (9) evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the notes and to add to or change any of the provisions of the indenture as is necessary to provide for or facilitate the administration of the indenture by more than one trustee.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under the indenture becomes effective, we are required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect in the notice, does not impair or affect the validity of the amendment. The principal amount of notes of any series issued under the indenture denominated in a currency other than U.S. dollars shall be the U.S. dollar equivalent, as determined by us by reference to the noon buying rate in The City of New York for cable transfers for such currency, as such rate is certified for customs purposes by the Federal Reserve Bank of New York on the date of original issuance of such notes, of the principal amount of such notes.

#### **Satisfaction and Discharge of the Indenture**

The indenture will generally cease to be of any further effect with respect to the notes if (a) we have delivered to the trustee for cancellation all notes (with certain limited exceptions) or (b) all notes not theretofore delivered to the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and we have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all such notes (and if, in either case, we will also pay or cause to be paid all other sums payable under the indenture by us).

## Defeasance

We may terminate at any time all our obligations with respect to the notes and the indenture, which we refer to as "legal defeasance," except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost, or stolen notes and to maintain a registrar and paying agent in respect of the notes. We may also terminate at any time our obligations with respect to the notes under the covenants described under "Certain Covenants," and the operation of certain Events of Default, which we refer to as "covenant defeasance." We may exercise the legal defeasance option notwithstanding our prior exercise of the covenant defeasance option.

If we exercise our legal defeasance option with respect to the notes, payment of the notes may not be accelerated because of an Event of Default with respect thereto. If we exercise the covenant defeasance option with respect to the notes, payment of the notes may not be accelerated pursuant to clause (3), clause (4), or clause (5) under the definition of Event of Default.

The legal defeasance option or the covenant defeasance option with respect to the notes may be exercised only if:

- (1) we irrevocably deposit in trust with the trustee cash or U.S. Government obligations or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized independent registered public accounting firm, to pay the principal of and interest on the outstanding notes to maturity or the applicable redemption date;
- (2) such legal defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) binding on us;
- (3) no default or Event of Default has occurred and is continuing either (a) on the date of such deposit (other than a default or Event of Default resulting from the borrowing of funds to be applied to such deposit) or (b) insofar as defaults arising out of the bankruptcy provisions are concerned, at any time during the period ending on the 91st day after the date of deposit;
- (4) in the case of the legal defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee stating that: a) we have received from the U.S. Internal Revenue Service ("IRS") a letter ruling, or there has been published by the IRS a Revenue Ruling, or b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the beneficial owners of the notes will not recognize income, gain, or loss for U.S. federal income tax purposes as a result of such legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred;
- (5) in the case of the covenant defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee to the effect that the beneficial owners of the notes will not recognize income, gain, or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- (6) we deliver to the trustee an opinion of counsel to the effect that on the 91st day after the date of deposit, the trust funds deposited will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization, or similar laws affecting creditors' rights generally;
- (7) we deliver to the trustee an officers' certificate stating that the deposit was not made with the intent of preferring the holders of the notes over any other of our creditors or with the intent of defeating, hindering, delaying, or defrauding any other of our creditors; and
- (8) we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the legal defeasance or covenant defeasance have been complied with as required by the indenture.

If we defease our obligations under the indenture, we will be released from our obligations in the provisions described under "Certain Covenants."

#### **Global Notes, Book-Entry Form**

The notes are represented by one or more fully registered global notes. Each such global note is deposited with, or on behalf of, a common depositary, and registered in the name of the nominee of the common depositary for the accounts of Clearstream Banking, S.A. ("Clearstream"), and Euroclear Bank, SA/NV ("Euroclear"). The global notes may generally be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees. An investor may hold its interests in the global notes in Europe through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream's or Euroclear's names on the books of their respective depositaries. Book-entry interests in the notes and all transfers relating to the notes are reflected in the book-entry records of Clearstream and Euroclear.

The distribution of the notes are cleared through Clearstream and Euroclear. Any secondary market trading of book-entry interests in the notes takes place through Clearstream and Euroclear participants and settles in same-day funds. Owners of book-entry interests in the notes receive payments relating to their notes in euro, except as described in this exhibit under "Payments on the Notes."

#### **Information Concerning the Trustee and the Paying Agent**

We have appointed U.S. Bank Trust Company, National Association as the trustee under the indenture and as registrar and transfer agent, and we have appointed U.S. Bank Europe DAC, UK Branch as paying agent. The trustee, the paying agent and/or their respective affiliates may provide banking and other services to us in the ordinary course of their business.

#### **Governing Law**

The notes and the indenture are governed by, and construed in accordance with, the laws of the state of New York, without giving effect to applicable principles of conflicts of law to the extent that the application of the laws of another jurisdiction would be required thereby.

#### **Certain Definitions**

"*Attributable Debt*" in respect of a Sale/Leaseback Transaction means, as of the time of determination, the present value (discounted at the implicit interest factor determined in accordance with GAAP) of the total obligations of the lessee for rental payments during the remaining term of the lease included in such Sale/Leaseback Transaction (including any period for which such lease has been extended), other than amounts required to be paid on account of property taxes, maintenance, repairs, insurance, water rates and other items that do not constitute payments for property rights. In the case of any lease which is terminable by the lessee upon payment of a penalty, the Attributable Debt is the lesser of:

- (1) the Attributable Debt determined assuming termination upon the first date such lease may be terminated (in which case the Attributable Debt shall also include the amount of the penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated); and
- (2) the Attributable Debt determined assuming no such termination.

*“Capital Stock”* of any Person means any and all shares, interests (including partnership interests), rights to purchase, warrants, options, participations, or other equivalents of or interests in (however designated) equity of such Person, including any preferred stock, but excluding any debt securities convertible into such equity.

*“Comparable Government Bond Rate”* means the yield to maturity, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards) on the third business day prior to the date fixed for redemption of the Comparable Government Bond (as defined below) on the basis of the middle market price of such Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank.

*“Comparable Government Bond”* means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a German government bond whose maturity is closest to the Par Call Date, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

*“Consolidated Net Tangible Assets”* means, as of the time of determination, the aggregate amount of our assets and the assets of our Subsidiaries, determined on a consolidated basis, after deducting (1) all goodwill, trade names, trademarks, service marks, patents, unamortized debt discount, and expense and other intangible assets, and (2) all current liabilities, in each case as reflected on the most recent consolidated balance sheet prepared by us in accordance with GAAP contained in an annual report on Form 10-K or a quarterly report on Form 10-Q filed or any amendment thereto pursuant to the Exchange Act by us prior to the time as of which *“Consolidated Net Tangible Assets”* is being determined or, if we are not required to so file, as reflected on our most recent consolidated balance sheet prepared by us in accordance with GAAP.

*“GAAP”* means generally accepted accounting principles in the United States of America as in effect from time to time, including those set forth in:

- (1) statements and pronouncements of the Financial Accounting Standards Board;
- (2) such other statements by such other entity as approved by a significant segment of the accounting profession; and
- (3) the rules and regulations of the SEC governing the inclusion of financial statements (including pro forma financial statements) in periodic reports required to be filed pursuant to Section 13 of the Exchange Act, including opinions and pronouncements in staff accounting bulletins and similar written statements from the accounting staff of the SEC.

*“Hedging Obligations”* means:

- (1) interest rate swap agreements and other agreements designed to hedge or reduce the risk of interest rate fluctuations; and
- (2) agreements or arrangements designed to hedge or reduce the risk of fluctuations in currency exchange rates or commodity prices.

*“Indebtedness”* means, with respect to any Person on any date of determination: the principal in respect of (A) indebtedness of such Person for money borrowed, including, without limitation, indebtedness for money borrowed evidenced by notes, debentures, bonds, or other similar instruments and (B) all guarantees in respect of such indebtedness of another Person (it being understood, however, that

---

indebtedness for money borrowed shall in no event include any amounts payable or other liabilities to trade creditors (including undrawn letters of credit) arising in the ordinary course of business). For the avoidance of doubt, Hedging Obligations are not Indebtedness.

*“Issue Date”* means November 7, 2025, the date on which the notes were originally issued.

*“Lien”* means any mortgage or deed of trust, charge, pledge, lien, privilege, security interest, assignment, easement, hypothecation, claim, preference, priority or other similar encumbrance upon or with respect to any property of any kind (including any conditional sale, capital lease, or other title retention agreement); provided, however, that in no event shall an operating lease be deemed to constitute a Lien.

*“Permitted Liens”* means, with respect to any Person:

---

- (1) Liens securing Indebtedness incurred to finance the construction, purchase or lease of, or repairs, improvements, or additions to, property, plant, or equipment of such Person; provided, however, that the Lien may not extend to any other property owned by such Person or any of its Subsidiaries at the time the Lien is incurred (other than assets and property affixed or appurtenant thereto), and the Indebtedness (other than any interest thereon) secured by the Lien may not be incurred more than 18 months after the later of the acquisition, completion of construction, repair, improvement, addition, or commencement of full operation of the property subject to the Lien;
- (2) Liens existing on the Issue Date;
- (3) Liens on assets (including shares of Capital Stock) of another Person at the time such other Person becomes a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person becomes such a Subsidiary); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (4) Liens on assets at the time such Person or any of its Subsidiaries acquires the assets, including any acquisition by means of a merger or consolidation with or into such Person or a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person or any of its Subsidiaries acquired such assets); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (5) Liens securing Indebtedness or other obligations of a Restricted Subsidiary of such Person owing to such Person or to another Restricted Subsidiary of such Person;
- (6) Liens on securities deemed to exist under repurchase agreements and reverse repurchase agreements entered into by us or any Restricted Subsidiary in the ordinary course of business;
- (7) Liens incurred to secure cash management services in the ordinary course of business or on insurance policies and the proceeds thereof securing the financing of the premiums with respect thereto;
- (8) Liens created to secure the notes and Liens in favor of the trustee granted in accordance with the indenture;
- (9) Liens to secure the performance of bids, trade contracts, leases, statutory obligations, surety and appeal bonds, performance bonds and other obligations of a like nature, including Liens or trade letters of credit in favor of any governmental entity, including the United States or any state, territory, or possession thereof (or the District of Columbia), or any department, agency, instrumentality, or political subdivision of any such entity, to secure partial, progress, advance, or other payments pursuant to any contract or statute;
- (10) Liens on the Capital Stock of a Subsidiary that is not a Restricted Subsidiary;
- (11) purported Liens evidenced by the filing of precautionary UCC financing statements; and
- (12) any extensions, renewals, or replacements of any Lien referred to in clauses (1) through (11) without increase of the principal of the Indebtedness secured by such Lien (except to the extent of any fees, premiums or other costs associated with any such extension, renewal, or replacement); provided, however, that any Liens permitted by any of clauses (1) through (11) do not extend to or cover any of our properties or any of our Restricted Subsidiaries, as the case may be, other than the property specified in such clauses and improvements to such property.

*“Person”* means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization, government or any agency or political subdivision thereof or any other entity.

*“Restricted Subsidiary”* means any Subsidiary other than:

- (1) any Subsidiary primarily engaged in financing receivables or in the finance business; or
- (2) any Subsidiary that is not a “significant subsidiary” within the meaning of Rule 1-02 of Regulation S-X.

*“Sale/Leaseback Transaction”* means an arrangement relating to property owned by us or a Restricted Subsidiary on the Issue Date or thereafter acquired by us or a Restricted Subsidiary whereby we or a

Restricted Subsidiary transfers such property to a Person and we or a Subsidiary leases it from such Person.

*"Subsidiary"* means, with respect to any Person, any corporation, association, partnership, or other business entity of which more than 50% of the total voting power of shares of Voting Stock is at the time owned or controlled, directly or indirectly, by:

- (1) such Person;
- (2) such Person and one or more Subsidiaries of such Person; or
- (3) one or more Subsidiaries of such Person.

*"Voting Stock"* of a Person means all classes of Capital Stock of such Person then outstanding and normally entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers, or trustees thereof.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934  
Description of the 3.625% Senior Notes due 2035**

The following description of our 3.625% Senior Notes due 2035 (the "notes") is a summary and does not purport to be complete. It is subject to and qualified in its entirety by reference to the indenture, dated as of August 8, 2017, between us and U.S. Bank Trust Company, National Association (as successor in interest to U.S. Bank National Association), as trustee (the "indenture"), which is incorporated by reference as an exhibit to the Annual Report on Form 10-K of which this Exhibit is a part. The notes are traded on The Nasdaq Stock Market LLC under the bond trading symbol of "BKNG 35." The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended.

We encourage you to read the above-referenced indenture for additional information. See "Certain Definitions" below for the definitions of capitalized terms used herein.

**General**

The following is a description of certain of the specific terms and conditions of the notes.

The notes are our senior unsecured obligations, ranking:

- equal in right of payment with any other senior unsecured indebtedness of ours, including our currently outstanding senior notes and any borrowings under our revolving credit facility;
- senior in right of payment to any future indebtedness of ours that is contractually subordinated to the notes;
- structurally subordinated to the existing and future indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries'; and
- effectively subordinated to any secured indebtedness of ours to the extent of the value of the collateral securing such indebtedness.

The notes were issued in registered form without interest coupons, in denominations of €100,000 and integral multiples of €1,000 in excess thereof. The notes are represented by one or more registered notes in global form, but in certain limited circumstances may be represented by notes in definitive form.

The maturity date of the notes is November 7, 2035.

The indenture does not limit the amount of debt that may be issued by us or our subsidiaries under the indenture or otherwise. Our subsidiaries do not guarantee any of our obligations under the notes. Our operations are conducted through our subsidiaries and, therefore, we depend on the cash flow of our subsidiaries to meet our obligations, including our obligations under the notes. The notes are structurally subordinated in right of payment to all indebtedness and other liabilities and commitments (including trade payables) of our subsidiaries. Any right we have to receive assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) are structurally subordinated to the claims of that subsidiary's creditors, except to the extent that we are recognized as a creditor of the subsidiary.

The initial aggregate principal amount of the notes was €750,000,000. We may, without the consent of the holders, issue additional notes of any series under the indenture in the future with the same terms (except for the issue date, price to public, and, if applicable, the initial interest payment date) and with the same

CUSIP number as the other notes of such series in an unlimited aggregate principal amount; provided that if any such additional notes are not fungible with such series of notes for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. We may also from time to time repurchase the notes of any series in tender offers, open market purchases, or negotiated transactions without prior notice to holders.

#### **Payments on the Notes**

All payments of interest and principal, including payments made upon any redemption of the notes, are made in euro; *provided* that if euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if euro is no longer being used by the then member states of the European Monetary Union that have adopted euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes are to be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro is to be converted into U.S. dollars at the rate mandated by the U.S. Federal Reserve Board as of the close of business on the second business day prior to the relevant payment date or, if the U.S. Federal Reserve Board has not mandated a rate of conversion, on the basis of the most recently available market exchange rate for euro, as determined in our sole discretion. Any payment in respect of the notes so made in U.S. dollars does not constitute an Event of Default under the notes or the indenture governing the notes.

We pay the principal of and interest on notes in global form registered in the name of or held by Euroclear or Clearstream (each as defined below) or their respective nominees in immediately available funds to Euroclear or Clearstream or their respective nominees, as the case may be, as the registered holder of such global notes.

#### **Interest**

The notes bear interest from November 7, 2025 at an annual rate of 3.625% payable on November 7 of each year, beginning on November 7, 2026. Interest is paid to the person in whose name a note is registered at the close of business on the October 24 immediately preceding the relevant interest payment date. Interest on the notes is computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on the notes (or November 7, 2025 if no interest has been paid on the notes), to but excluding the next scheduled interest payment date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If any interest payment date, the maturity date or any earlier required repurchase date upon a designated event falls on a day that is not a business day, the required payment is to be made on the next succeeding business day and no interest on such payment accrues in respect of the delay. The term "business day" means any day, other than a Saturday or Sunday, (1) that is not a day on which banking institutions in the City of New York or London are authorized or required by law or executive order to close, and (2) on which the real time gross settlement system operated by Eurosystem (the T2 system), or any successor thereto, is open.

All references to interest in this exhibit include additional interest, if any, payable as described under "Events of Default" and at our election as the sole remedy relating to the failure to comply with our reporting obligations as described under "Events of Default".

---

## **Optional Redemption**

On and after August 7, 2035, the date that is three months prior to the scheduled maturity date (the "Par Call Date"), we may redeem the notes in whole or in part, at our option at any time or from time to time, at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest thereon, if any, to, but excluding, the date of redemption.

Prior to the Par Call Date, we may redeem the notes in whole or in part at our option at any time or from time to time (a "Redemption Date"), at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the notes to be redeemed; and
- (2) an amount equal to the sum of the present values of the remaining scheduled payments of principal and interest thereon that would have been payable in respect of such notes calculated as if the maturity date of such notes was the Par Call Date, not including any portion of the payments of interest accrued to the Redemption Date, discounted to such Redemption Date on an annual basis at the Comparable Government Bond Rate, plus 20 basis points plus, in the case of each of (1) and (2), accrued and unpaid interest on the notes, if any, to, but excluding, such Redemption Date.

If less than all of the notes are to be redeemed, in the case of certificated notes and global notes, the trustee will select notes for redemption in accordance with the procedures of the depositary. The trustee, in the case of certificated notes and global notes, shall select notes and portions of notes in amounts of €100,000 and integral multiples of €1,000 in excess thereof.

Notice of any redemption is to be mailed at least 10 days but not more than 60 days before the Redemption Date except that a redemption notice may be delivered more than 60 days prior to the Redemption Date if such notice is issued in connection with legal or covenant defeasance of our obligations or a satisfaction and discharge of the indenture, or if the Redemption Date is delayed as provided for in the following paragraph. We are not responsible for giving notice to anyone other than the depositary. Unless we default in payment of the redemption price, on or after the Redemption Date, interest ceases to accrue on the notes called for redemption.

Any redemption of notes or notice thereof may, at our discretion, be subject to the satisfaction (or waiver by us, in our sole discretion) of one or more conditions precedent. If such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice may state that, in our discretion, the Redemption Date may be delayed until such time as any or all such conditions shall be satisfied (or waived by us in our sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been (or, in our sole determination, may not be) satisfied (or waived by us in our sole discretion) by the Redemption Date, or by the Redemption Date so delayed.

The notes are also subject to redemption prior to maturity if certain events occur involving U.S. taxation. If any of these special tax events occurs, the notes will be redeemed at a redemption price of 100% of their principal amount plus accrued and unpaid interest to, but not including, the date fixed for redemption, and additional amounts, if any. See "Redemption for Tax Reasons." Before the redemption date, we will deposit with the paying agent money sufficient to pay the redemption price of and accrued and unpaid interest to, but not including, the redemption date on the notes to be redeemed on such date, and additional amounts, if any.

---

### **Payment of Additional Amounts**

All payments of principal and interest on the notes by us are made free and clear of and without withholding or deduction for or on account of any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), unless the withholding or deduction of such taxes, assessment or other government charge is required by law or the official interpretation or administration thereof. Subject to the exceptions and limitations set forth below, we pay as additional interest on the notes such additional amounts as are necessary in order that the net payment by us of the principal of and interest on the notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax), is not less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

---

- (1) to the extent any tax, assessment, or other governmental charge is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member, or shareholder of the holder if the holder is an estate, trust, partnership, or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
  - a. being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
  - b. having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment, or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
  - c. being or having been a personal holding company, a passive foreign investment company, or a controlled foreign corporation for United States income tax purposes or a corporation that has accumulated earnings to avoid U.S. federal income tax;
  - d. being or having been a "10-percent shareholder" of ours as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the "Code"), or any successor provision; or
  - e. being or having been a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the Code or any successor provision;
- (2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership, or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary, or settlor with respect to the fiduciary, or a beneficial owner, or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner, or member received directly its beneficial or distributive share of the payment;
- (3) to the extent any tax, assessment, or other governmental charge would not have been imposed but for the failure of the holder or any other person to comply with certification, identification, or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein, or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;
- (4) to any tax, assessment, or other governmental charge that is imposed otherwise than by withholding or deduction by us or a paying agent from the payment;
- (5) to any estate, inheritance, gift, sales, transfer, wealth, capital gains, or personal property tax or similar tax, assessment, or other governmental charge, or excise tax imposed on the transfer of notes;
- (6) to the extent any tax, assessment or other governmental charge would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
- (7) to any tax, assessment, or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or
- (8) in the case of any combination of items (1), (2), (3), (4), (5), (6), and (7).

The notes are subject in all cases to any tax, fiscal, or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading "Payment of Additional Amounts," we are not required to make any payment for any tax, assessment, or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading "Payment of Additional Amounts" and under the heading "Redemption for Tax Reasons," the term "United States" means the United States of America, the states of the United States, and the District of Columbia, and the term "United States person" means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership, or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

#### **Redemption for Tax Reasons**

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority in the United States), or any change in, or amendment to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the Issue Date (as defined herein), we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading "Payment of Additional Amounts" with respect to the notes, then we may at any time at our option redeem, in whole, but not in part, the notes on not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on those notes to, but not including, the date fixed for redemption.

#### **No Sinking Fund**

The notes are not entitled to the benefit of any sinking fund.

#### **Certain Covenants**

The indenture contains covenants including, among others, the following:

##### ***Limitation on Liens***

We may not, and may not permit any Restricted Subsidiary to, directly or indirectly, incur or permit to exist any Lien securing Indebtedness (the "Initial Lien") on any of our properties or assets whether owned at the Issue Date or thereafter acquired, other than Permitted Liens, without effectively providing that the notes (together with, at our option, any other Indebtedness of ours or any of our Subsidiaries ranking equally in right of payment with the notes) are secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Notwithstanding the foregoing, we and our Restricted Subsidiaries may create, assume, incur, or guarantee Indebtedness secured by a Lien without equally and ratably securing the notes; provided that at the time of such creation, assumption, incurrence, or guarantee, after giving effect thereto and to the retirement of any Indebtedness that is being retired substantially concurrently with any such creation, assumption, incurrence, or guarantee, the sum of (a) the aggregate amount of all of our and our Restricted Subsidiaries' outstanding Indebtedness secured by Liens other than Permitted Liens and (b) the Attributable Debt associated with all of our and our Restricted Subsidiaries' Sale/Leaseback Transactions permitted by the last paragraph under "Limitation on Sale/Leaseback Transactions" below, does not at such time exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of incurrence of the Lien, and (ii) \$3.0 billion.

---

Any such Lien thereby created in favor of the notes will be automatically and unconditionally released and discharged upon (i) the release and discharge of each Initial Lien to which it relates, or (ii) any sale, exchange, or transfer to any Person who is not our affiliate of the property or assets secured by such Initial Lien.

#### ***Limitation on Sale/Leaseback Transactions***

We may not, and may not permit any Restricted Subsidiary to, enter into any Sale/Leaseback Transaction with respect to any property unless:

- (1) we or such Restricted Subsidiary would be entitled to create a Lien on such property securing the Attributable Debt associated with such Sale/Leaseback Transaction without equally and ratably securing the notes pursuant to the covenant described under "Limitation on Liens";
- (2) the net proceeds of the sale of the property to be leased are at least equal to such property's fair market value, as determined by our board of directors, and the proceeds are applied within 365 days of the effective date of the Sale/Leaseback Transaction to the purchase, construction, development, or acquisition of assets or to the repayment of any of our Indebtedness that ranks equally with the notes or any Indebtedness of one or more Restricted Subsidiaries; provided that the amount required to be applied to the repayment of any such Indebtedness pursuant to this clause (2) shall be reduced by the principal amount of any notes delivered within 365 days after such sale to the trustee for retirement and cancellation;
- (3) such transaction was entered into prior to the Issue Date;
- (4) such transaction involves a lease for not more than three years (or which may be terminated by us or a Restricted Subsidiary within a period of not more than three years);
- (5) such transaction was for the sale and lease between only us and a Subsidiary of ours or only between our Subsidiaries; or
- (6) such transaction involves a sale and lease of property executed by the time of, or within 18 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation of the property.

Notwithstanding the restrictions outlined in the preceding paragraph, we and our Restricted Subsidiaries are permitted to enter into Sale/Leaseback Transactions, without complying with the requirements of the preceding paragraph, if, after giving effect thereto, the aggregate amount of all Attributable Debt associated with Sale/Leaseback Transactions not otherwise permitted by the preceding paragraph that is outstanding at such time, together with the aggregate amount of all outstanding Indebtedness secured by Liens permitted under the second paragraph under "Limitation on Liens" above, does not exceed the greater of (i) 20% of our Consolidated Net Tangible Assets measured at the date of the Sale/Leaseback Transactions, and (ii) \$3.0 billion.

#### ***Merger and Consolidation***

The indenture provides that we will not consolidate with or merge with or into, or convey, transfer, or lease all or substantially all of our properties and assets to, another person, unless (i) the resulting, surviving, or transferee person, if not us, is a person organized and existing under the laws of the United States of America, any state thereof, or the District of Columbia; (ii) immediately after giving effect to such transaction, no default has occurred and is continuing under the indenture; and (iii) the resulting, surviving, or transferee person, if not us, expressly assumes by supplemental indenture all of our obligations under the notes and the indenture. Upon any such consolidation, merger, or transfer, the resulting, surviving or transferee person shall succeed to, and may exercise every right and power of, us under the indenture.

---

## **Events of Default**

An "Event of Default" is defined in the indenture as:

- (1) default in any payment of interest on any note when due and payable and the default continues for a period of 30 days;
- (2) default in the payment of principal of any note when due and payable at its stated maturity, upon acceleration, or otherwise;
- (3) failure by us to comply with our obligations under " Certain Covenants - Merger and Consolidation";
- (4) failure by us for 60 days after written notice from the trustee or the holders of at least 25% in principal amount of the notes then outstanding has been received to comply with any of our other covenants or agreements contained in the notes or indenture;
- (5) default by us or any majority owned subsidiary in the payment of the principal or interest on any mortgage, agreement, or other instrument under which there may be outstanding, or by which there may be secured or evidenced any debt for money borrowed in excess of \$100 million in the aggregate of ours and/or any subsidiary, whether such debt now exists or shall hereafter be created, which default results in such debt becoming or being declared due and payable, and such acceleration shall not have been rescinded or annulled within 30 days after written notice of such acceleration has been received by us or such subsidiary; or
- (6) certain events of bankruptcy, insolvency, or reorganization (the "bankruptcy provisions") of us or any of our significant subsidiaries as defined in Rule 1-02 of Regulation S-X promulgated by the SEC as in effect on the date of the indenture.

If an Event of Default occurs and is continuing, the trustee by notice to us, or the holders of at least 25% in principal amount of the outstanding notes by written notice to us and the trustee, may, and the trustee at the written request of such holders shall, declare 100% of the principal of and accrued and unpaid interest on all the notes to be due and payable. Upon such a declaration, such principal and accrued and unpaid interest is due and payable immediately. Upon an Event of Default arising out of the bankruptcy provisions, however, the aggregate principal amount and accrued and unpaid interest is due and payable immediately.

The holders of a majority in principal amount of the outstanding notes may waive an existing default (except with respect to nonpayment of principal or interest or certain other matters), and may rescind any acceleration with respect to the notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction, and (2) all existing Events of Default, other than the nonpayment of the principal of and interest on the notes that have become due solely by such declaration of acceleration, have been cured or waived.

Subject to the provisions of the indenture relating to the duties of the trustee, if an Event of Default occurs and is continuing, the trustee is under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any of the holders unless such holders have offered to the trustee indemnity or security satisfactory to it against any loss, liability, or expense. Except to enforce the right to receive payment of principal or interest when due, no holder may pursue any remedy with respect to the indenture or the notes unless:

---

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding notes have requested the trustee in writing to pursue the remedy;
- (3) such holders have offered the trustee security and/or indemnity satisfactory to it against any loss, liability, or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security and/or indemnity; and
- (5) the holders of a majority in principal amount of the outstanding notes have not given the trustee a direction that is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding notes are given the right to direct the time, method, and place of conducting any proceeding for any remedy available to the trustee or of exercising any trust or power conferred on the trustee. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the rights of any other holder (it being understood that the trustee does not have an affirmative duty to ascertain whether or not any such directions are unduly prejudicial to such holder) or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee is entitled to indemnification and/or security satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action. The indenture provides that in the event an Event of Default has occurred and is continuing, the trustee is required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs.

The indenture provides that if a default occurs and is continuing and is actually known to a responsible officer of the trustee, the trustee must send to each holder notice of the default within 90 days after it occurs. Except in the case of a default in the payment of principal of or interest on any note, the trustee may withhold notice if and so long as it in good faith determines that withholding notice is in the interests of the holders. In addition, we are required to deliver to the trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any default that occurred during the previous year.

#### **Modification and Amendment**

Subject to certain exceptions, the indenture or the notes may be amended with the consent of the holders of at least a majority in principal amount of the notes of all series under the indenture then outstanding and affected by such amendment, voting as a single class (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of an outstanding note affected, however, no amendment may, among other things:

- (1) make any change to the percentage of principal amount of the notes the holders of which must consent to an amendment;
- (2) reduce the principal amount of, premium, or interest on, or extend the stated maturity or interest payment periods, of the notes;
- (3) make any note payable in money or securities other than as stated in the note;
- (4) impair the right to institute suit for the enforcement of any payment with respect to the notes; or
- (5) waive a default in payment of principal of, premium, if any, or interest on the notes or modify any provisions of the indenture relating to modification or amendment thereof.

Without the consent of any holder, we and the trustee may amend the indenture to, among other things:

---

- (1) evidence the succession of another person pursuant to the provisions of the indenture relating to consolidations, mergers, and sales of assets and the assumption by such successor of the covenants, agreements, and obligations in the indenture and in the notes;
- (2) surrender any right or power conferred upon us by the indenture, to add to our covenants such further covenants, restrictions, conditions, or provisions for the protection of the holders of the notes as our board of directors considers to be for the protection of the holders of the notes, and to make the occurrence, or the occurrence and continuance, of a default in respect of any of such additional covenants, restrictions, conditions, or provisions a default or an Event of Default under the indenture (provided, however, that with respect to any such additional covenant, restriction, condition, or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of the notes to waive such default);
- (3) cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture or in any note that may be defective or inconsistent with any other provision contained therein;
- (4) convey, transfer, assign, mortgage, or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as will not adversely affect in any material respect the interests of any holders of the notes;
- (5) modify or amend the indenture in such a manner as to permit or maintain the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- (6) add guarantees with respect to the notes or to secure the notes;
- (7) make any change that does not adversely affect the rights of any holder in any material respect;
- (8) add to, change, or eliminate any of the provisions of the indenture with respect to the notes, so long as any such addition, change, or elimination not otherwise permitted under the indenture will (a) neither apply to any note created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such note with respect to such provision or (b) become effective only when there is no such note outstanding; or
- (9) evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the notes and to add to or change any of the provisions of the indenture as is necessary to provide for or facilitate the administration of the indenture by more than one trustee.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment. After an amendment under the indenture becomes effective, we are required to mail to the holders a notice briefly describing such amendment. However, the failure to give such notice to all the holders, or any defect in the notice, does not impair or affect the validity of the amendment. The principal amount of notes of any series issued under the indenture denominated in a currency other than U.S. dollars shall be the U.S. dollar equivalent, as determined by us by reference to the noon buying rate in The City of New York for cable transfers for such currency, as such rate is certified for customs purposes by the Federal Reserve Bank of New York on the date of original issuance of such notes, of the principal amount of such notes.

#### **Satisfaction and Discharge of the Indenture**

The indenture will generally cease to be of any further effect with respect to the notes if (a) we have delivered to the trustee for cancellation all notes (with certain limited exceptions) or (b) all notes not theretofore delivered to the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and we have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all such notes (and if, in either case, we will also pay or cause to be paid all other sums payable under the indenture by us).

---

## Defeasance

We may terminate at any time all our obligations with respect to the notes and the indenture, which we refer to as "legal defeasance," except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost, or stolen notes and to maintain a registrar and paying agent in respect of the notes. We may also terminate at any time our obligations with respect to the notes under the covenants described under "Certain Covenants," and the operation of certain Events of Default, which we refer to as "covenant defeasance." We may exercise the legal defeasance option notwithstanding our prior exercise of the covenant defeasance option.

If we exercise our legal defeasance option with respect to the notes, payment of the notes may not be accelerated because of an Event of Default with respect thereto. If we exercise the covenant defeasance option with respect to the notes, payment of the notes may not be accelerated pursuant to clause (3), clause (4), or clause (5) under the definition of Event of Default.

The legal defeasance option or the covenant defeasance option with respect to the notes may be exercised only if:

- (1) we irrevocably deposit in trust with the trustee cash or U.S. Government obligations or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized independent registered public accounting firm, to pay the principal of and interest on the outstanding notes to maturity or the applicable redemption date;
- (2) such legal defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) binding on us;
- (3) no default or Event of Default has occurred and is continuing either (a) on the date of such deposit (other than a default or Event of Default resulting from the borrowing of funds to be applied to such deposit) or (b) insofar as defaults arising out of the bankruptcy provisions are concerned, at any time during the period ending on the 91st day after the date of deposit;
- (4) in the case of the legal defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee stating that: a) we have received from the U.S. Internal Revenue Service ("IRS") a letter ruling, or there has been published by the IRS a Revenue Ruling, or b) since the date of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the beneficial owners of the notes will not recognize income, gain, or loss for U.S. federal income tax purposes as a result of such legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred;
- (5) in the case of the covenant defeasance option, we deliver to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee to the effect that the beneficial owners of the notes will not recognize income, gain, or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- (6) we deliver to the trustee an opinion of counsel to the effect that on the 91st day after the date of deposit, the trust funds deposited will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization, or similar laws affecting creditors' rights generally;
- (7) we deliver to the trustee an officers' certificate stating that the deposit was not made with the intent of preferring the holders of the notes over any other of our creditors or with the intent of defeating, hindering, delaying, or defrauding any other of our creditors; and
- (8) we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the legal defeasance or covenant defeasance have been complied with as required by the indenture.

If we defease our obligations under the indenture, we will be released from our obligations in the provisions described under "Certain Covenants."

#### **Global Notes, Book-Entry Form**

The notes are represented by one or more fully registered global notes. Each such global note is deposited with, or on behalf of, a common depositary, and registered in the name of the nominee of the common depositary for the accounts of Clearstream Banking, S.A. ("Clearstream"), and Euroclear Bank, SA/NV ("Euroclear"). The global notes may generally be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees. An investor may hold its interests in the global notes in Europe through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream's or Euroclear's names on the books of their respective depositaries. Book-entry interests in the notes and all transfers relating to the notes are reflected in the book-entry records of Clearstream and Euroclear.

The distribution of the notes are cleared through Clearstream and Euroclear. Any secondary market trading of book-entry interests in the notes takes place through Clearstream and Euroclear participants and settles in same-day funds. Owners of book-entry interests in the notes receive payments relating to their notes in euro, except as described in this exhibit under "Payments on the Notes."

#### **Information Concerning the Trustee and the Paying Agent**

We have appointed U.S. Bank Trust Company, National Association as the trustee under the indenture and as registrar and transfer agent, and we have appointed U.S. Bank Europe DAC, UK Branch as paying agent. The trustee, the paying agent and/or their respective affiliates may provide banking and other services to us in the ordinary course of their business.

#### **Governing Law**

The notes and the indenture are governed by, and construed in accordance with, the laws of the state of New York, without giving effect to applicable principles of conflicts of law to the extent that the application of the laws of another jurisdiction would be required thereby.

#### **Certain Definitions**

"*Attributable Debt*" in respect of a Sale/Leaseback Transaction means, as of the time of determination, the present value (discounted at the implicit interest factor determined in accordance with GAAP) of the total obligations of the lessee for rental payments during the remaining term of the lease included in such Sale/Leaseback Transaction (including any period for which such lease has been extended), other than amounts required to be paid on account of property taxes, maintenance, repairs, insurance, water rates and other items that do not constitute payments for property rights. In the case of any lease which is terminable by the lessee upon payment of a penalty, the Attributable Debt is the lesser of:

- (1) the Attributable Debt determined assuming termination upon the first date such lease may be terminated (in which case the Attributable Debt shall also include the amount of the penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated); and
- (2) the Attributable Debt determined assuming no such termination.

*“Capital Stock”* of any Person means any and all shares, interests (including partnership interests), rights to purchase, warrants, options, participations, or other equivalents of or interests in (however designated) equity of such Person, including any preferred stock, but excluding any debt securities convertible into such equity.

*“Comparable Government Bond Rate”* means the yield to maturity, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards) on the third business day prior to the date fixed for redemption of the Comparable Government Bond (as defined below) on the basis of the middle market price of such Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank.

*“Comparable Government Bond”* means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a German government bond whose maturity is closest to the Par Call Date, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

*“Consolidated Net Tangible Assets”* means, as of the time of determination, the aggregate amount of our assets and the assets of our Subsidiaries, determined on a consolidated basis, after deducting (1) all goodwill, trade names, trademarks, service marks, patents, unamortized debt discount, and expense and other intangible assets, and (2) all current liabilities, in each case as reflected on the most recent consolidated balance sheet prepared by us in accordance with GAAP contained in an annual report on Form 10-K or a quarterly report on Form 10-Q filed or any amendment thereto pursuant to the Exchange Act by us prior to the time as of which *“Consolidated Net Tangible Assets”* is being determined or, if we are not required to so file, as reflected on our most recent consolidated balance sheet prepared by us in accordance with GAAP.

*“GAAP”* means generally accepted accounting principles in the United States of America as in effect from time to time, including those set forth in:

- (1) statements and pronouncements of the Financial Accounting Standards Board;
- (2) such other statements by such other entity as approved by a significant segment of the accounting profession; and
- (3) the rules and regulations of the SEC governing the inclusion of financial statements (including pro forma financial statements) in periodic reports required to be filed pursuant to Section 13 of the Exchange Act, including opinions and pronouncements in staff accounting bulletins and similar written statements from the accounting staff of the SEC.

*“Hedging Obligations”* means:

- (1) interest rate swap agreements and other agreements designed to hedge or reduce the risk of interest rate fluctuations; and
- (2) agreements or arrangements designed to hedge or reduce the risk of fluctuations in currency exchange rates or commodity prices.

*“Indebtedness”* means, with respect to any Person on any date of determination: the principal in respect of (A) indebtedness of such Person for money borrowed, including, without limitation, indebtedness for money borrowed evidenced by notes, debentures, bonds, or other similar instruments and (B) all guarantees in respect of such indebtedness of another Person (it being understood, however, that

---

indebtedness for money borrowed shall in no event include any amounts payable or other liabilities to trade creditors (including undrawn letters of credit) arising in the ordinary course of business). For the avoidance of doubt, Hedging Obligations are not Indebtedness.

*“Issue Date”* means November 7, 2025, the date on which the notes were originally issued.

*“Lien”* means any mortgage or deed of trust, charge, pledge, lien, privilege, security interest, assignment, easement, hypothecation, claim, preference, priority or other similar encumbrance upon or with respect to any property of any kind (including any conditional sale, capital lease, or other title retention agreement); provided, however, that in no event shall an operating lease be deemed to constitute a Lien.

*“Permitted Liens”* means, with respect to any Person:

---

- (1) Liens securing Indebtedness incurred to finance the construction, purchase or lease of, or repairs, improvements, or additions to, property, plant, or equipment of such Person; provided, however, that the Lien may not extend to any other property owned by such Person or any of its Subsidiaries at the time the Lien is incurred (other than assets and property affixed or appurtenant thereto), and the Indebtedness (other than any interest thereon) secured by the Lien may not be incurred more than 18 months after the later of the acquisition, completion of construction, repair, improvement, addition, or commencement of full operation of the property subject to the Lien;
- (2) Liens existing on the Issue Date;
- (3) Liens on assets (including shares of Capital Stock) of another Person at the time such other Person becomes a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person becomes such a Subsidiary); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (4) Liens on assets at the time such Person or any of its Subsidiaries acquires the assets, including any acquisition by means of a merger or consolidation with or into such Person or a Subsidiary of such Person (other than a Lien incurred in connection with, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of transactions pursuant to which such Person or any of its Subsidiaries acquired such assets); provided, however, that the Liens may not extend to any other categories of assets owned by such Person or any of its Subsidiaries (other than assets and property affixed or appurtenant thereto);
- (5) Liens securing Indebtedness or other obligations of a Restricted Subsidiary of such Person owing to such Person or to another Restricted Subsidiary of such Person;
- (6) Liens on securities deemed to exist under repurchase agreements and reverse repurchase agreements entered into by us or any Restricted Subsidiary in the ordinary course of business;
- (7) Liens incurred to secure cash management services in the ordinary course of business or on insurance policies and the proceeds thereof securing the financing of the premiums with respect thereto;
- (8) Liens created to secure the notes and Liens in favor of the trustee granted in accordance with the indenture;
- (9) Liens to secure the performance of bids, trade contracts, leases, statutory obligations, surety and appeal bonds, performance bonds and other obligations of a like nature, including Liens or trade letters of credit in favor of any governmental entity, including the United States or any state, territory, or possession thereof (or the District of Columbia), or any department, agency, instrumentality, or political subdivision of any such entity, to secure partial, progress, advance, or other payments pursuant to any contract or statute;
- (10) Liens on the Capital Stock of a Subsidiary that is not a Restricted Subsidiary;
- (11) purported Liens evidenced by the filing of precautionary UCC financing statements; and
- (12) any extensions, renewals, or replacements of any Lien referred to in clauses (1) through (11) without increase of the principal of the Indebtedness secured by such Lien (except to the extent of any fees, premiums or other costs associated with any such extension, renewal, or replacement); provided, however, that any Liens permitted by any of clauses (1) through (11) do not extend to or cover any of our properties or any of our Restricted Subsidiaries, as the case may be, other than the property specified in such clauses and improvements to such property.

*"Person"* means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization, government or any agency or political subdivision thereof or any other entity.

*"Restricted Subsidiary"* means any Subsidiary other than:

- (1) any Subsidiary primarily engaged in financing receivables or in the finance business; or
- (2) any Subsidiary that is not a "significant subsidiary" within the meaning of Rule 1-02 of Regulation S-X.

*"Sale/Leaseback Transaction"* means an arrangement relating to property owned by us or a Restricted Subsidiary on the Issue Date or thereafter acquired by us or a Restricted Subsidiary whereby we or a

Restricted Subsidiary transfers such property to a Person and we or a Subsidiary leases it from such Person.

*“Subsidiary”* means, with respect to any Person, any corporation, association, partnership, or other business entity of which more than 50% of the total voting power of shares of Voting Stock is at the time owned or controlled, directly or indirectly, by:

- (1) such Person;
- (2) such Person and one or more Subsidiaries of such Person; or
- (3) one or more Subsidiaries of such Person.

*“Voting Stock”* of a Person means all classes of Capital Stock of such Person then outstanding and normally entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers, or trustees thereof.

**LIST OF SUBSIDIARIES**  
**AS OF DECEMBER 31, 2025\***

Name	Jurisdiction of Incorporation	Percent Ownership

**CERTIFICATION**

I, Glenn D. Fogel, certify that:

1. I have reviewed this Annual Report on Form 10-K of Booking Holdings Inc. (the "Registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in this report;
4. The Registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Registrant and have:
  - a. designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. evaluated the effectiveness of the Registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. disclosed in this report any change in the Registrant's internal control over financial reporting that occurred during the Registrant's most recent fiscal quarter (the Registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting; and
5. The Registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Registrant's auditors and the audit committee of the Registrant's board of directors (or persons performing the equivalent functions):
  - a. all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Registrant's ability to record, process, summarize and report financial information; and
  - b. any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's internal control over financial reporting.
