The ADENTRA Advantage

Global Supply Chain Management

Sourcing from 30+ countries, connecting **2,500+ suppliers with 60,000+ customers,** reducing complexity.

Access to exclusive products, in-house brands, and break-bulk logistics.

Streamlined logistics reduce lead times, lower costs, and mitigate risk for our suppliers and customers.

Platform Business Model

Centralized technology, finance, and human resources supports our customer-channel focused platform business units.

Operational efficiency and economies of scale result from standardization and streamlined workflows.

Robust financial controls and talent management ensures better integration of acquisitions, cash flow, and stronger employee development.

Competitive Market Position

Professional sales and marketing teams drive customer engagement, communicate value proposition and enhance brand awareness.

Broad product offering, value-added services, sales and technical support, and deep market insight create cross-selling opportunities.

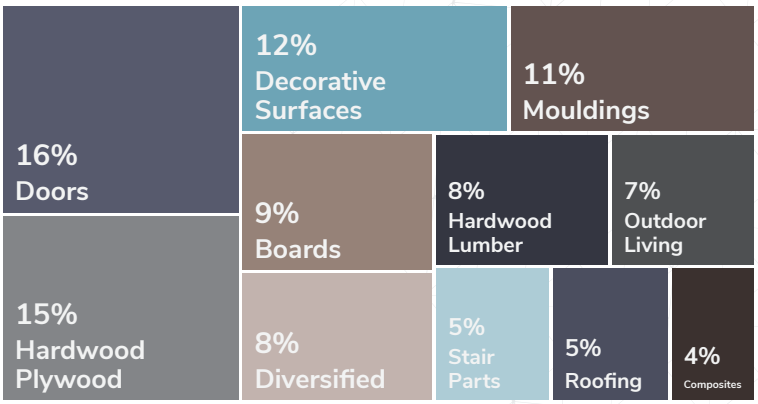

Digital sales platform offering 24/7 product access, improving convenience and expanding market reach.

Comprehensive Product Portfolio with Growth Opportunity

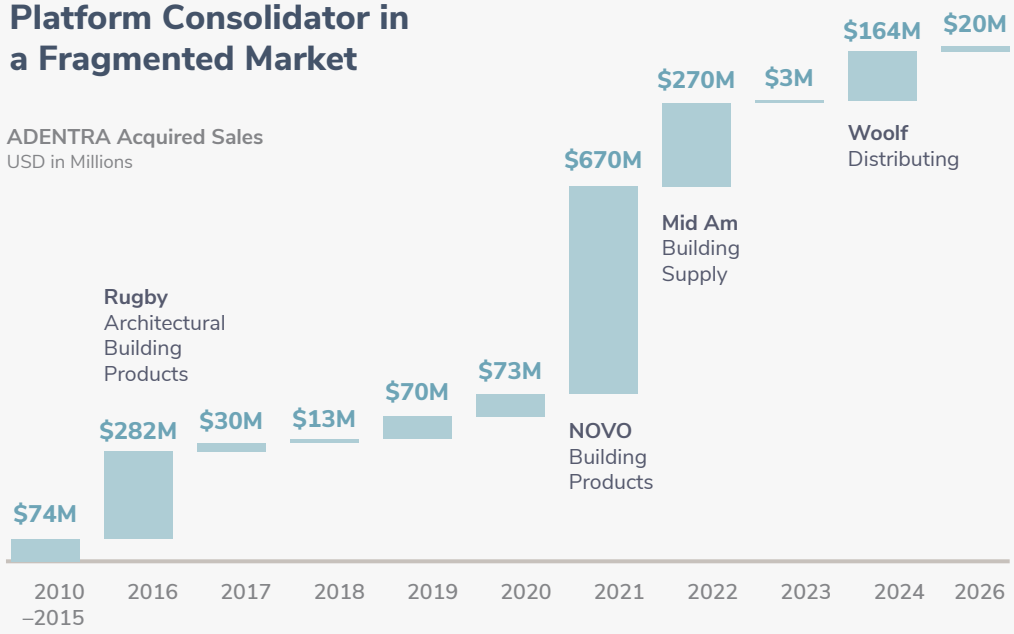

$48 Billion
