FORWARD-LOOKING STATEMENTS

Certain matters contained in this report are "forward-looking statements" within the meaning of the federal securities laws and are subject to uncertainties and risks, as itemized in Item 1A included in the Annual Report on Form 10-K for the year ended December 31, 2022, and the Quarterly Report on Form 10-Q for the quarter ended March 31, 2023. These forward-looking statements include information about possible or assumed future results of the business and our financial condition, liquidity, results of operations, plans, and objectives. They also include, among other things, statements regarding subjects that are forward-looking by their nature, such as: guidance and underlying assumptions; business and financial strategy; future debt financings; future acquisitions and dispositions of operating assets or joint venture interests; future acquisitions and dispositions of land, including ground leases; future development and redevelopment opportunities, including fee development opportunities; future issuances and repurchases of common stock, limited partnership units, or preferred stock; future distributions; projected capital expenditures; market and industry trends; entry into new markets, changes in existing market concentrations, or exits from existing markets; future changes in interest rates and liquidity of capital markets; and all statements that address operating performance, events, investments, or developments that we expect or anticipate will occur in the future — including statements relating to creating value for stockholders.

Any forward-looking statements are based upon management's beliefs, assumptions, and expectations of our future performance, taking into account information that is currently available. These beliefs, assumptions, and expectations may change as a result of possible events or factors, not all of which are known. If a change occurs, our business, financial condition, liquidity, and results of operations may vary materially from those expressed in forward-looking statements. Actual results may vary from forward-looking statements due to, but not limited to, the following: the availability and terms of capital; the ability to refinance or repay indebtedness as it matures; the failure of purchase, sale, or other contracts to ultimately close; the failure to achieve anticipated benefits from acquisitions, investments, or dispositions; the potential dilutive effect of common stock or operating partnership unit issuances; the availability of buyers and pricing with respect to the disposition of assets; changes in national and local economic conditions, the real estate industry, and the commercial real estate markets in which we operate (including supply and demand changes), particularly in Atlanta, Austin, Phoenix, Tampa, Charlotte, Dallas, and Nashville, including the impact of high unemployment, volatility in the public equity and debt markets, and international economic and other conditions; the impact of a public health crisis and the governmental and third-party response to such a crisis, which may affect our key personnel, our tenants, and the costs of operating our assets; sociopolitical unrest such as political instability, civil unrest, armed hostilities, or political activism which may result in a disruption of day-to-day building operations; changes to our strategy in regard to our real estate assets which may require impairment to be recognized; leasing risks, including the ability to obtain new tenants or renew expiring tenants, the ability to lease newly developed and/or recently acquired space, the failure of a tenant to commence or complete tenant improvements on schedule or to occupy leased space, and the risk of declining leasing rates; changes in the needs of our tenants brought about by the desire for co-working arrangements, trends toward utilizing less office space per employee, and the effect of employees working remotely; any adverse change in the financial condition of one or more of our tenants; volatility in interest rates and insurance rates; inflation and continuing increases in the inflation rate; competition from other developers or investors; the risks associated with real estate developments (such as zoning approval, receipt of required permits, construction delays, cost overruns, and leasing risk); cyber security breaches; changes in senior management, changes in the Board of Directors, and the loss of key personnel; the potential liability for uninsured losses, condemnation, or environmental issues; the potential liability for a failure to meet regulatory requirements; the financial condition and liquidity of, or disputes with, joint venture partners; any failure to comply with debt covenants under credit agreements; any failure to continue to qualify for taxation as a real estate investment trust or meet regulatory requirements; potential changes to state, local, or federal regulations applicable to our business; material changes in the rates, or the ability to pay, dividends on common shares or other securities; potential changes to the tax laws impacting REITs and real estate in general; and those additional risks and factors discussed in reports filed with the Securities and Exchange Commission ("SEC") by the Company.

The words "believes," "expects," "anticipates," "estimates," "plans," "may," "intend," "will," or similar expressions are intended to identify forward-looking statements. Although we believe that our plans, intentions, and expectations reflected in any forward-looking statements are reasonable, we can give no assurance that such plans, intentions, or expectations will be achieved. We undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of future events, new information, or otherwise, except as required under U.S. federal securities laws.

EARNINGS RELEASE

COUSINS PROPERTIES REPORTS FIRST QUARTER 2023 RESULTS Raises and Narrows Full Year 2023 FFO Guidance

ATLANTA (April 27, 2023) - Cousins Properties (NYSE:CUZ) today reported its results of operations for the quarter ended March 31, 2023.

"We had a productive start to 2023 with solid increases in same property cash NOI and second generation cash rent growth," said Colin Connolly, president and chief executive officer of Cousins Properties. "While minimal near-term lease expirations translated into modest renewals this quarter, looking forward, the late-stage leasing pipeline has meaningfully accelerated, including opportunities at our Neuhoff development project in Nashville. As the office sector rebalances in favor of quality, Cousins is well-positioned to thrive with our premier Sun Belt trophy portfolio and exceptionally strong balance sheet."

Financial Results

For first quarter 2023:

- Net income available to common stockholders was \$22.2 million, or \$0.15 per share, compared to \$28.0 million, or \$0.19 per share, for first quarter 2022.
- Funds From Operations ("FFO") was \$98.1 million, or \$0.65 per share, compared to \$99.4 million, or \$0.67 per share, for first quarter 2022.
- We continue to record revenue on our lease with SVB Financial at our Hayden Ferry property in Phoenix on a straight-line basis without any reserve. SVB Financial is current on the financial obligations of its lease through May 2023, and there has been no rejection of the lease under SVB Financial's bankruptcy.

Operations and Leasing Activity

For first quarter 2023:

- Same property net operating income ("NOI") on a cash-basis increased 4.9%.
- Second generation net rent per square foot on a cash-basis increased 6.1%.
- Executed 258,000 square feet of office leases, including 159,000 square feet of new and expansion leases, representing 62% of total leasing activity.

Financing Activity

- Subsequent to quarter end, we executed a loan application for our Medical Offices at Emory Hospital property in Atlanta, which is owned in a 50-50 joint venture with Emory University. This \$83 million interest-only mortgage loan will have a nine-year term and a fixed interest rate of 4.80%. It is expected to close in the second quarter, with the proceeds used to pay off the existing \$62 million mortgage maturing June 1, 2023.
- Subsequent to quarter end, we entered into a floating-to-fixed interest rate swap on \$200 million of our recently issued \$400 million Term Loan maturing March 2025, fixing the underlying daily SOFR rate at 4.298% through maturity.

EARNINGS RELEASE

Earnings Guidance

Full year 2023 earnings guidance updated as follows:

- Net income between \$0.56 and \$0.66 per share, updated from previous guidance of \$0.57 and \$0.69 per share.
- FFO between \$2.55 and \$2.65 per share, up from previous guidance between \$2.52 and \$2.64 per share.
- The change to FFO is primarily driven by higher parking income and anticipated termination fees.
- Guidance does not include any operating property acquisitions, operating property dispositions, or development starts.
- Guidance reflects management's current plans and assumptions as of the date of this report and is subject to the risks and
 uncertainties more fully described in our Securities and Exchange Commission filings. Actual results could differ materially from
 this guidance.

Investor Conference Call and Webcast

The Company will conduct a conference call at 11:00 a.m. (Eastern Time) on Friday, April 28, 2023 to discuss the results of the quarter ended March 31, 2023. The number to call for this interactive teleconference is (877) 247-1056. The live webcast of this call can be accessed on the Company's website, www.cousins.com, through the "Cousins Properties First Quarter Conference Call" link on the Investor Relations page. A replay of the conference call will be available for seven days by dialing (877) 344-7529 and entering the passcode 2582611. The playback can also be accessed on the Company's website.

COMPANY INFORMATION

THE COMPANY

Cousins Properties Incorporated ("Cousins") is a fully integrated, self-administered, and self-managed real estate investment trust (REIT). The Company, based in Atlanta and acting through its operating partnership, Cousins Properties LP, primarily invests in Class A office buildings located in high-growth Sun Belt markets. Founded in 1958, Cousins creates shareholder value through its extensive expertise in the development, acquisition, leasing, and management of high-quality real estate assets. The Company has a comprehensive strategy in place based on a simple platform, trophy assets, and opportunistic investments. For more information, please visit www.cousins.com.

Note: Amounts may differ slightly from other schedules contained herein due to rounding.

- (1) See Non-GAAP Financial Measures Calculations and Reconciliations beginning on page 31.
- (2) Contains multiple buildings that are grouped together for reporting purposes.
- (3) Promenade Central is in the final stages of redevelopment and not yet stabilized.
- (4) Primarily represents properties sold prior to March 31, 2023, see page 24. Also includes College Street Garage and properties in the final stages of development and not yet stabilized.
- (5) Unconsolidated amounts include amounts recorded in unconsolidated joint ventures for the respective category multiplied by the Company's ownership interest. The Company does not control the operations of the unconsolidated joint ventures but believes including these amounts in the categories indicated is meaningful to investors and analysts.
- (6) Primarily represents unconsolidated investments sold prior to March 31, 2023, see page 24. Also includes NOI from unconsolidated investments not yet stabilized.
- (7) Reimbursed Expenses include costs incurred by the Company for management services provided to our unconsolidated joint ventures. The reimbursement of these costs by the unconsolidated joint ventures is included in Management Fees.
- (8) Represents interest on consolidated loans repaid and our share of interests on loans of unconsolidated investments sold prior to March 31, 2023.
- (9) Amounts of consolidated interest expense related to consolidated debt that are capitalized to consolidated development and redevelopment projects as well as to equity in unconsolidated development projects.

⁽¹⁾ Represents the Company's operating properties, excluding properties on the development pipeline, and properties sold prior to March 31, 2023.

⁽²⁾ The weighted average economic occupancy of the property over the period for which the property was available for occupancy.

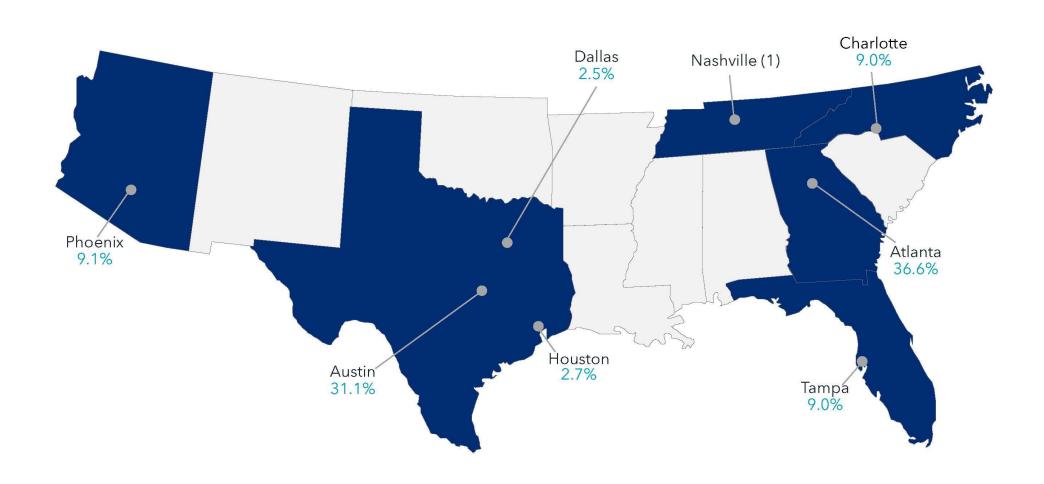

⁽³⁾ The Company's share of property-specific mortgage debt, including net of unamortized loan costs, as of March 31, 2023.

⁽⁴⁾ Contains two or more buildings that are grouped together for reporting purposes.

⁽⁵⁾ Not included in Same Property as of March 31, 2023.

⁽⁶⁾ While under redevelopment and until stabilization, Promenade Central was excluded from the Atlanta, Total Office, and Total Portfolio calculations of end of period leased and weighted average occupancy at and for the quarters ended March 31, 2023 and December 31, 2022. Promenade Central will be added back to the total calculations when weighted average occupancy stabilizes, which is the earlier of when it reaches 90% occupancy or in fourth quarter 2023 (one year after the redevelopment activity was substantially complete).

First Quarter 2023 Portfolio NOI by Market

(1) The Company is developing a mixed-use project in Nashville through a 50% owned joint venture. See pages 25 and 30 for additional details.

SAME PROPERTY PERFORMANCE (1)

(\$ in thousands) Three Months Ended March 31.

| | | = | , |
|---|---------------|---------------|----------|
| | 2023 | 2022 | % Change |

| Cash-Basis Rental Property Revenues (3) | \$ 182,455 | \$ 172,005 | 6.1 % |
| Cash-Basis Rental Property Operating Expenses (4) | 69,057 | 63,931 | 8.0 % |
| Cash-Basis Same Property Net Operating Income | \$ 113,398 | \$ 108,074 | 4.9 % |
| End of Period Leased | 90.6 % | 90.5 % | |
| Weighted Average Occupancy | 87.0 % | 87.4 % | |

- (1) Same Properties include those office properties that were stabilized and owned by the Company for the entirety of all comparable reporting periods presented. See Portfolio Statistics on pages 15 and 16 for footnotes indicating which properties are not included in Same Property. See Non-GAAP Financial Measures Calculations and Reconciliations beginning on page 31.
- (2) Rental Property Revenues and Expenses include results for the Company and its share of unconsolidated joint ventures and exclude termination fee income. Net operating income for unconsolidated joint ventures is calculated as Rental Property Revenues less termination fee income and Rental Property Expenses at the joint ventures, multiplied by the Company's ownership interest. The Company does not control the operations of the unconsolidated joint ventures but believes that including these amounts with consolidated net operating income is meaningful to investors and analysts.
- (3) Cash-Basis Rental Property Revenues include that of the Company and its share of unconsolidated joint ventures. It represents Rental Property Revenues, excluding termination fee income, straight-line rents, and other deferred income amortization, amortization of lease inducements, and amortization of acquired above and below market rents.
- (4) Cash-Basis Rental Property Operating Expenses include that of the Company and its share of unconsolidated joint ventures. It represents Rental Property Operating Expenses, excluding straight-line ground rent expense and amortization of above and below market ground rent expense.

| Second generation leased square footage (5) | | | | | 155,936 | | | | |
| Increase in straight-line basis second generation | on net rer | nt pe | er square fo | ot (6) | 20.1 % | | | | |
| Increase in cash-basis second generation net r | ent per s | quar | e foot (7) | | 6.1 % | | | | |

- (1) Comprised of total square feet leased, unadjusted for ownership share and excluding apartment leasing.
- (2) Adjusted for leases one year or less, leases for retail, amenity, storage, percentage rent, and intercompany space.
- (3) Weighted average of net leased square feet.
- (4) Straight-line net rent per square foot (operating expense reimbursements deducted from gross leases) over the lease term prior to any deductions for leasing costs.
- (5) Excludes leases executed for spaces that were vacant upon acquisition, new leases in development properties, and leases for spaces that have been vacant for one year or more.
- (6) Increase in second generation straight-line basis net annualized rent on a weighted average basis.
- (7) Increase in second generation net cash rent at the end of the term paid by the prior tenant compared to net cash rent at the beginning of the term (after any free rent period) paid by the current tenant on a weighted average basis. For early renewals, the increase in net cash rent at the end of the term of the original lease is compared to net cash rent at the beginning of the extended term of the lease. Net cash rent is net of any recovery of operating expenses but prior to any deductions for leasing costs.

Lease Expirations by Year (1)

| Year of Expiration | Square Feet Expiring | % of Leased Space | Annual Contractual Rent (\$ in thousands) (2) | | % of Annual Contractual Rent | Annual Contractual Rent/Sq. Ft. |
|--------------------|-------------------------|----------------------|---|---------|------------------------------------|---------------------------------------|

| 2031 | 1,130,949 | 6.9 % | | 68,235 | 7.9 % | 60.33 |
| 2032 & Thereafter | 4,001,771 | 24.1 % | | 227,650 | 26.4 % | 56.89 |
| Total | 16,466,631 | 100.0 % | \$ | 862,403 | 100.0 % | \$ 52.37 |

⁽¹⁾ Company's share of leases expiring after March 31, 2023. Expiring square footage for which new leases have been executed is reflected based on the expiration date of the new lease.

⁽²⁾ Annual Contractual Rent is the estimated rent in the year of expiration. It includes the minimum base rent and an estimate of the tenant's share of operating expenses, if applicable, as defined in the respective leases.

- (1) In some cases, the actual tenant may be an affiliate of the entity shown.
- (2) Annualized Rent represents the annualized cash rent including the tenant's share of estimated operating expenses, if applicable, paid by the tenant as of March 31, 2023. If the tenant is in a free rent period as of March 31, 2023, Annualized Rent represents the annualized contractual rent the tenant will pay in the first month it is required to pay full cash rent.
- (3) Information related to SVB Financial Group's ("SVB Financial") lease can be found in an 8-K we filed on March 15, 2023. The Company continues to record revenue on our lease with SVB Financial at the Hayden Ferry property in Phoenix on a straight-line basis without any reserve. SVB Financial is current on the financial obligations of its lease through May 2023, and there has been no rejection of the lease to date under SVB Financial's bankruptcy.

Note: This schedule includes leases that have commenced. Leases that have been signed but have not commenced are excluded.

TENANT INDUSTRY DIVERSIFICATION

Percentage of Company's Share of Annualized Rent (1)

Note: Management uses SIC codes when available, along with judgment, to determine tenant industry classification.

(1) Annualized Rent represents the annualized rent including the tenant's share of estimated operating expenses, if applicable, paid by the tenant as of March 31, 2023. If the tenant is in a free rent period as of March 31, 2023, Annualized Rent represents the annualized contractual rent the tenant will pay in the first month the tenant is required to pay full rent.

INVESTMENT ACTIVITY

- (1) This schedule shows projects currently under active development through the substantial completion of construction as well as properties in an initial lease up period prior to stabilization. Amounts included in the estimated project cost column are the estimated costs of the project through stabilization. Significant estimation is required to derive these costs, and the final costs may differ from these estimates.
- (2) Estimated and incurred project costs are construction costs plus financing costs on project-specific debt. Neuhoff has a project-specific construction loan (see Note 5). The above schedule excludes any financing cost assumptions for projects without project-specific debt and any other incremental capitalized costs required by GAAP.
- (3) Initial revenue recognition represents the quarter within which the Company first recognized or estimates it will begin recognizing revenue under GAAP.
- (4) A project is stabilized when it is substantially complete and held for occupancy, which is the earlier of (1) the date on which the project achieves 90% economic occupancy or (2) one year from cessation of major construction activity on the core building development. Until the project is stabilized, the Company capitalizes interest, real estate taxes, and certain operating expenses on the unoccupied portion of development properties, which have ongoing construction of tenant improvements.

25

(5) The Neuhoff estimated project cost will be funded with a combination of \$250.6 million of equity contributed by the joint venture partners and a \$312.7 million construction loan.

LAND INVENTORY

| | Market | Company's Ownership Interest | Financial Statement Presentation | Total Developable Land (Acres) | Cost Basis of Land (\$ in thousands) |

Debt Maturity Schedule as of March 31, 2023

Floating and Fixed Rate Debt Analysis

| | Total Principal (\$ in thousands) | Total Debt (%) | Weighted Average Interest Rate | Weighted Average Maturity (Years) (9) |
|--------------------|--------------------------------------|-------------------|-----------------------------------|--|
| Floating Rate Debt | \$ 638,651 | 25 % | 6.15 % | 2.6 |
| Fixed Rate Debt | 1,914,406 | 75 % | 4.38 % | 4.0 |
| Total Debt | \$ 2,553,057 | 100 % | 4.83 % | 3.7 |

- (1) All amounts are presented at Company share.
- (2) As of March 31, 2023, the spread over Adjusted SOFR (SOFR + 0.10%) under the Term Loan was 1.05%. The loan matures on March 3, 2025 with four consecutive options to extend the maturity date for an additional six months each. Subsequent to March 31, 2023, the Company entered into a floating-to-fixed interest rate swap with respect to \$200 million of the \$400 million Term Loan with an effective date of April 19, 2023 through the maturity date fixing the underlying SOFR rate at 4.298%.
- (3) As of March 31, 2023, the Company had \$172.3 million drawn under the Credit Facility and had the ability to borrow the remaining \$827.7 million. The spread over Adjusted SOFR (SOFR + 0.10%) under the Credit Facility at March 31, 2023 was 0.90%.
- (4) In the third quarter of 2022, the Company entered into a floating-to-fixed interest rate swap through the maturity date effectively fixing the underlying SOFR rate at 4.234%. The spread over Adjusted SOFR (SOFR + 0.10%) at March 31, 2023 was 1.05%. The Company has four consecutive options to extend the maturity date for an additional six months each.
- (5) Represents \$123.0 million and \$98.0 million non-cross collateralized mortgages secured by the Terminus 100 and Terminus 200 buildings, respectively.
- (6) The Company's share of the total borrowing capacity of the construction loan is \$156.4 million. The joint venture has a one option to extend the maturity date for an additional 12 months. Effective April 10, 2023, the interest rate changed from LIBOR + 3.45% to SOFR + 3.45%.
- (7) Subsequent to quarter end, the Company executed a loan application for our Medical Offices at Emory Hospital property in Atlanta, owned in a 50-50 joint venture. This \$83 million interest-only mortgage loan will have a 9-year term and a fixed interest rate of 4.80%. It is expected to close in the second quarter, with the proceeds used to pay off the existing \$62 million mortgage maturing June 1, 2023.
- (8) Maturities include principal payments due at the maturity date. Maturities do not include scheduled principal payments due prior to the maturity date.
- (9) If the Company exercises all available extension options noted above, the weighted average years to maturity increases to 4.3 years.

JOINT VENTURE INFORMATION (1)

| Joint Venture | Joint Venture Property Cash Flows to Cousins (2) | | Options | | | | | |
|---|--|--|--|--|--|--|--|--|
| Consolidated: | | | | | | | | |
| HICO 100 Mill LLC | 100 Mill | 90% of cash flows until return of contributed capital to Partners; portions of cash amounts received in excess of contributed capital are paid to our partner as a promote. | Cousins can trigger a sale process, subject to a right of first offer that can be exercised by Partner. | | | | | |
| TR Domain Point LLC | Domain Point | Preferred return on preferred equity contribution, then 96.5% of remaining cash flows. | Partner has put option under various circumstances. | | | | | |
| Unconsolidated: AMCO 120 WT Holdings LLC | 120 West Trinity | 20% of cash flows. | Cousins or Partner can trigger a buyout upon which Cousins would receive the office component, and Partner would receive the multifamily component, with a net settlement at a then agreed upon value. | | | | | |
| Crawford Long-CPI, LLC | Medical Offices at Emory Hospital | 50% of cash flows. | Cousins can put its interest to Partner, or Partner can cal Cousins' interest, at a value determined by appraisal. | | | | | |
| Neuhoff Holdings LLC | Neuhoff | 50% of cash flows until return of contributed capital to Partners; portions of cash amounts received in excess of contributed capital to equity partners are paid to development partner as a promote. | Cousins or its equity partner can trigger a sale process, subject to a right of first offer that can be exercised by the non-triggering party. | | | | | |

⁽¹⁾ This schedule only contains information related to joint ventures that hold an ownership interest in operating assets or projects under active development.

⁽²⁾ Each respective joint venture agreement may contain additional terms that affect the distribution of operating cash flows and capital transaction proceeds that are not yet effective, including the distribution of promoted interest.

⁽¹⁾ Includes the Company's share of unconsolidated joint ventures. These amounts are derived from the amounts in the categories indicated that are recorded at the joint venture multiplied by the Company's ownership interest. The Company does not control the operations of the unconsolidated joint ventures but believes that including these amounts in the categories indicated is meaningful to investors and analysts.

Note: Amounts may differ slightly from other schedules contained herein due to rounding.

⁽²⁾ Amounts represent most recent quarter annualized.

The tables above show FFO and the related reconciliation to Net Income Available to Common Stockholders for Cousins Properties Incorporated and Subsidiaries. The Company calculated FFO in accordance with the Nareit definition, which is net income available to common stockholders (computed in accordance with accounting principles generally accepted in the United States ("GAAP")), excluding extraordinary items, cumulative effect of change in accounting principle and gains or losses from sales of depreciable property, plus depreciation and amortization of real estate assets, impairment on depreciable investment property and after adjustments for unconsolidated partnerships and joint ventures to reflect FFO on the same basis.

FFO is used by industry analysts and investors as a supplemental measure of an equity REIT's operating performance. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, many industry investors and analysts have considered presentation of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. Thus, Nareit created FFO as a supplemental measure of REIT operating performance that excludes historical cost depreciation, among other items, from GAAP net income. Management believes that the use of FFO, combined with the required primary GAAP presentations, has been fundamentally beneficial, improving the understanding of operating results of REITs among the investing public and making comparisons of REIT operating results more meaningful. Company management evaluates operating performance in part based on FFO. Additionally, the Company uses FFO and FFO per share, along with other measures, as a performance measure for incentive compensation to its officers and other key employees.

NON-GAAP FINANCIAL MEASURES - DEFINITIONS

The Company uses non-GAAP financial measures in its filings and other public disclosures. The following lists non-GAAP financial measures that the Company commonly uses, a description for each measure, the reasons that management believes the measure is useful to investors and, if material, additional uses of the measure by management of the Company.

"Cash-Basis Net Operating Income" represents Net Operating Income excluding straight-line rents, amortization of lease inducements, amortization of acquired above and below market rents, and non-cash ground lease expense.

"EBITDAre" is a supplemental operating performance measure used in the real estate industry. The Company calculates EBITDAre in accordance with the Nareit definition, which is net income (loss) available to common stockholders (computed in accordance with GAAP) plus interest expense, income tax expense, depreciation and amortization, losses (gains) on the disposition of depreciated property, and impairment. All additions include the Company's share of unconsolidated joint ventures. Management believes that EBITDAre provides analysts and investors with uniform and appropriate information to use in various ratios that evaluate the Company's level of debt.

"Funds Available for Distribution" ("FAD") represents FFO adjusted to exclude the effect of non-cash items and transaction costs and include deductions for second generation Capital Expenditures ("CAPEX"). Management believes that FAD provides analysts and investors with information that assists in the comparability of the Company's dividend policy with other real estate companies.

"Funds From Operations" ("FFO") is a supplemental operating performance measure used in the real estate industry. The Company calculates FFO in accordance with the Nareit definition: net income (loss) available to common stockholders (computed in accordance with GAAP), excluding extraordinary items, cumulative effect of change in accounting principle and gains or losses from sales of depreciable real property, plus depreciation and amortization of real estate assets, impairment on depreciable investment property and after adjustments for unconsolidated partnerships and joint ventures to reflect FFO on the same basis. FFO is used by industry analysts and investors as a supplemental measure of an equity REIT's operating performance. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, many industry investors and analysts have considered presentation of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. Thus, Nareit created FFO as a supplemental measure of REIT operating performance that excludes historical cost depreciation, among other items, from GAAP net income. Management believes that the use of FFO, combined with the required primary GAAP presentations, has been fundamentally beneficial, improving the understanding of operating results of REITs among the investing public and making comparisons of REIT operating results more meaningful. Company management evaluates operating performance in part based on FFO. Additionally, the Company uses FFO and FFO per share, along with other measures, as a performance measure for incentive compensation to its officers and other key employees.

"Net Debt" represents the Company's consolidated debt plus the Company's share of unconsolidated debt, less consolidated cash and cash equivalents and our share of unconsolidated cash and cash equivalents. The Company believes excluding cash and cash equivalents from total debt provides an estimate of the net contractual amount of borrowed capital to be repaid, which it believes is a beneficial disclosure to investors and analysts.

"Net Operating Income" ("NOI") is used by industry analysts, investors and Company management to measure operating performance of the Company's properties. NOI, which is rental property revenues (excluding termination fee income) less rental property operating expenses, excludes certain components from net income in order to provide results that are more closely related to a property's results of operations. Certain items, such as interest expense, while included in FFO and net income, do not affect the operating performance of a real estate asset and are often incurred at the corporate level as opposed to the property level. As a result, management uses only those income and expense items that are incurred at the property level to evaluate a property's performance. Depreciation, amortization, and impairment are also excluded from NOI for the reasons described under FFO above.

"Same Property Net Operating Income" represents Net Operating Income or Cash-Basis Net Operating Income for those office properties that were stabilized and owned by the Company for the entirety of all comparable reporting periods presented. A project is stabilized when it is substantially complete and held for occupancy, which is the earlier of (1) the date on which the project achieves 90% economic occupancy or (2) one year from cessation of major construction activity on the core building development. Same Property Net Operating Income or Cash-Basis Same Property Net Operating Income allows analysts, investors, and management to analyze continuing operations and evaluate the growth trend of the Company's portfolio.

"Second Generation Tenant Improvements and Leasing Costs and Building CAPEX" is used in the valuation and analysis of real estate. Because the Company develops and acquires properties, in addition to operating existing properties, its property acquisition and development expenditures included in the Statements of Cash Flows includes both initial costs associated with developing and acquiring investment assets and those expenditures necessary for operating and maintaining existing properties at historic performance levels. The latter costs are referred to as second generation costs and are useful in evaluating the economic performance of the asset and in valuing the asset. Accordingly, the Company discloses the portion of its property acquisition and development expenditures that pertain to second generation space in its operating properties. The Company excludes from second generation costs amounts incurred to lease vacant space in newly acquired buildings, leasing costs for spaces that have been vacant for one year or more, building improvements on newly acquired buildings that management identifies as necessary to bring the building to the Company's operational standards, and leasing costs and building improvements associated with properties identified as under redevelopment or repositioning. In addition, the Company excludes building improvements intended to attract tenants to increase revenues and/or occupancy rates.
